Demons of Desire Dec 24 2021 Fall in love with this sexy, new adult urban fantasy romance by author Debra Dunbar. *** Amber's succubus desires are driving her, as well as every man within a five mile radius, crazy – and, Irix, the sexy incubus sent to tutor her, isn't helping one bit. Determined to find some balance in her life as well as get away from his tempting presence, she escapes to visit a college friend in New Orleans. But the Big Easy is anything but peaceful. Two powerful witch covens are battling for control of the mighty river and the potent ley lines that run through the city. Amber discovers her half-elven heritage may just resolve their differences, but the covens have other, more lethal, ideas. She knows she can restore the elemental energy to balance, but it's not easy to play peacemaker when her succubus side wants to drown the whole city in a tide of lust. The tensions between the covens aren't her only trouble. There's nowhere Amber can run to escape the siren-call of her demon nature, and nowhere she can run to escape the seductive incubus who won't seem to take "no" for an answer. *** If you like Shannon Mayer, K.F. Breene, Hailey Edwards, or Yasmine Galenorn, you'll love this series. The Half Breed series is set in the Imp world and includes an incubus, a half succubus / half elf, demons, and more.

Half-Breed's Bargain Jun 17 2021 WELCOME TO UNITY CITY... My name is Harlow Walsh. Yes, that Harlow Walsh. You know, the infamous killer enthralled by an evil mage with black magic and used to do all kinds of despicable things before I took him out and freed myself. My past is as violent and inscrutable as the city I now live in, and I keep to myself and avoid any trouble with the preternatural factions who occupy Unity right under all the mortals' noses. I thought I'd found some measure of peace and normalcy living here for the last five years. But all that ends the night a friend asks me for a favor involving the fae, and I meet Van Cabrera, the gorgeous and sexy man my traitorous body inexplicably thinks is mine. My name is Van Cabrera, successful entrepreneur, CEO of my own company, and half-breed bastard of a werewolf and a fae. Despite my success, my life isn't my own thanks to the magically invoked bargain I made with my fae mother when I was young and naïve. When she calls, I have no choice but to do whatever she asks, no matter how reprehensible it might be. It's how I find myself dragged along as her bodyguard to meet with the head of the Unity Coven mage council. I thought it would be one of the easier things she's asked of me. But that changes the instant I catch the intoxicating scent of Harlow Walsh, and my dormant werewolf half is awoken by the last thing I ever expected to find, a mate.

Halfbreed Nov 03 2022 A new, fully restored edition of the essential Canadian classic. An unflinchingly honest memoir of her experience as a Métis woman in Canada, Maria Campbell's *Halfbreed* depicts the realities that she endured and, above all, overcame. Maria was born in Northern Saskatchewan, her father the grandson of a Scottish businessman and Métis woman—a niece of Gabriel Dumont whose family fought alongside Riel and Dumont in the 1885 Rebellion; her mother the daughter of a Cree woman and French-American man. This extraordinary account, originally published in 1973, bravely explores the poverty, oppression, alcoholism, addiction, and tragedy Maria endured throughout her childhood and into her early adult life, underscored by living in the margins of a country pervaded by hatred, discrimination, and mistrust. Laced with spare moments of love and joy, this is a memoir of family ties and finding an identity in a heritage that is neither wholly Indigenous or Anglo; of strength and resilience; of indomitable spirit. This edition of *Halfbreed* includes a new introduction written by Indigenous (Métis) scholar Dr. Kim Anderson detailing the extraordinary work that Maria has been doing since its original publication 46 years ago, and an afterword by the author looking at what has changed, and also what has not, for Indigenous people in Canada today. Restored are the recently discovered missing pages from the original text of this groundbreaking and significant work.

Full-Blood Half-Breed Mar 27 2022 In Cleve Lamison's hard-hitting debut, two young men divided by an intense hatred—yet marked with a common destiny—have the power to save the world . . . or destroy it. It's been two thousand years since the bastard spawn of the god Creator lost their war to enslave humankind, transforming the Thirteen Kingdoms into a violent world where the martial arts are exalted as sacred gifts from the gods—and honor is won through arena blood sport. Paladin Del Darkdragón, a sixteen-year-old warrior-in-training, is a "half-breed." His battle against pure-blood bullies like Fox the Runt has forced him to master the four fighting forms. But when he blends them, he is condemned as a heretic by authorities and banished from the training temples. Seeking redemption, he enrolls in the arena games, savage trials that end in death. This year's games mask an old plot driven by a new prophet. With a horde of Creator's Bastards and an army of fanatics led by Fox the Runt at his command, the Prophet will bend the world to his will or burn it to ash. Paladin faces an impossible choice: redeem his honor in a fight he can't hope to survive, or abandon his loved ones to perish in the sweeping holy war consuming the Kingdoms.

Halfbreed May 29 2022 Halfbreed is the true story of one man's struggle with his identity. Being half native and half non native presents a unique set of circumstances beginning at birth. The reader will travel through several decades detailing epic historical events such as Mount St Helen's, the Space Shuttle and 09/11/01. The reader will also experience Marine Corps Boot Camp and what it's like to be in Law Enforcement as a Patrol Officer, Narcotics Undercover Agent, a Federal Special Agent and Chief of Police. Halfbreed will be released in three separate books and part three will detail how I dealt with the ultimate betrayal's both personnel and professional while battling the Federal Government in an epic 7 year court battle. Halfbreed will also in part three detail the covenant truth of the Historical Jesus and how the Native Americans in general are of the 10 scattered tribes of Ephraim using both circumstantial and direct evidence to support this theory. I am betting there are literally hundreds of thousands or maybe even millions of people of all races who call the United States of America home who have been told by their parents or grandparents at one time or other that they have connections to the Native Americans somewhere in their family tree. Halfbreed will inspire the reader to seek truth while outlining a basic simple non religious way to be in a daily relationship with our Creator Yod Hey Wav Hey (YHWH) Yahweh aka "God" as shown to us by the Historical Jesus.

The Half Breed Tracts in Early National America Feb 23 2022 In 1824 and 1830, over one hundred thousand acres across Iowa, Minnesota and Nebraska were set aside as a home for descendants of Native American women and white traders and trappers. The treaties that established these so-called Half Breed Tracts left undefined exactly who held claim to the land, and by the end of the 1850s, settlers and speculators had appropriated virtually every acre for themselves. But in an era of ravenous westward expansion, why did the process of dispossession require three decades of debate and legal maneuvering? As David Ress argues, the fate of the Half Breed Tracts complicates longstanding ideas about land tenure and community in early national America.

Half-Breed Apr 27 2022 Maria Campbell's biography is a classic, vital account of a young Métis woman's struggle to come to terms with the joys, sorrows, loves and tragedies of her northern Saskatchewan childhood. Maria was a strong and sensitive child who lived in a community robbed of its pride and dignity by the dominant culture. At 15 she tried in vain to escape by marrying a white man, only to find herself trapped in the slums of Vancouver -- addicted to drugs, tempted by suicide, close to death. But the inspiration of her Cree great-grandmother, Cheechum, gives her confidence in herself and in her people, confidence she needs to survive and to thrive. Half-Breed offers an unparalleled understanding of the Métis people and of the racism and hatred they face. Maria Campbell's story cannot be denied and it cannot be forgotten: it stands as a challenge to all Canadians who believe in human rights and human dignity

The Oxford Handbook of Indigenous American Literature Jan 31 2020 Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical, and tribal nation contexts from which these Indigenous literatures emerge. The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction, and other forms of Indigenous American writing from the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing, for example, analyses of Inuit, Chicana/o, Anishinaabe, and Métis literary practices. Part II draws on early disciplinary and historical contexts to focus on specific genres, as authors discuss Indigenous non-fiction, emergent trans-Indigenous autobiography, Mexicanoh and Spanish poetry, Native drama in the U.S. and Canada, and

even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism, trans-Indigenism, Native rhetoric, and the power of Indigenous writing to communities of readers. A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory, the Red Atlantic, the far North, Yucatán, Amerika Samoa, and Francophone Quebec. Together, the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date. It is the first to fully take into account the last twenty years of recovery and scholarship, and the first to most significantly address the diverse range of texts, secondary archives, writing traditions, literary histories, geographic and political contexts, and critical discourses in the field.

Search of identity Aug 08 2020 Seminar paper from the year 2011 in the subject American Studies - Literature, Ernst Moritz Arndt University of Greifswald, language: English, abstract: In this paper I will discuss the facts about finding the own identity as a mixed race woman in Canada through out two books: ? Halfbreed by Maria Campbell ? In Search of April Raintree by Beatrice Culleton Maria Campbell's Halfbreed is the story of her own life and with it the book can be seen as a biography, whereas In Search of April Raintree by Beatrice Culleton is a novel about mixed blood sisters living in Winnipeg. This essay will compare and contrast these two books as illustrations of life as a "half-breed" in western Canada. Most importantly, attention will be directed to their conclusions in finding the own identity. While reading this essay, you will notice that I have put my main focus on the book by Beatrice Culleton. For many Canadians the distinction is taken to be white or black, between 'Status Indians' legally recognized as native and the remainder of the population. Indians carry a status card and are entitled to exemption from sales tax, special education funding, a vote in band council elections and other legal rights that differentiate them from other Canadians. There are a lot of individuals who do not fall into either of these categories, while the legal divisions between these two groups are clear. As a group the Métis are neither Europeans nor Natives, but in their bloodlines they contain the blood, of both of these two ethnic groups. Similar, with fur traders working throughout the Canadian wilderness for centuries, there are many people who share European and Native ancestry. Both books end with a form of "healing", finding their own identity, for the main characters, April and Maria. The roots and origins of these characters developments will be examined.

Half Breed's Bride Oct 29 2019 In Sioux Slave, Nevada Nights, Quicksilver Passion, and Apache Caress, Georgina Gentry captivated readers with her thrilling tales of action-packed romance, lusty adventure and sizzling passion. Teaming with the colorful history and vivid excitement of the American west, her stories are breathtaking journeys into a distant place and time—sure to capture your heart forever! HALF-BREED'S BRIDE Born dirt-poor, Sassy Malone had only her wits and wiles to get her by in life. Though the all-too-virile Hunter made it all too clear that she was not the blushing bride he'd imagined, Sassy saw the searing desire in his eyes. Before the Country Nov 10 2020 In the context of Northrop Frye's theories of myth, and in light of the attempts of social critics and early anthropologists to define Canada and Canadian literature, McKenzie discusses the ways in which our decidedly fractured sense of literary nationalism has set indigenous culture apart from the mainstream.

A Mind Spread Out on the Ground Feb 11 2021 "In her raw, unflinching memoir . . . she tells the impassioned, wrenching story of the mental health crisis within her own family and community . . . A searing cry." —New York Times Book Review The Mohawk phrase for depression can be roughly translated to "a mind spread out on the ground." In this urgent and visceral work, Alicia Elliott explores how apt a description that is for the ongoing effects of personal, intergenerational, and colonial traumas she and so many Native people have experienced. Elliott's deeply personal writing details a life spent between Indigenous and white communities, a divide reflected in her own family, and engages with such wide-ranging topics as race, parenthood, love, art, mental illness, poverty, sexual assault, gentrification, and representation. Throughout, she makes thrilling connections both large and small between the past and present, the personal and political. A national bestseller in Canada, this updated and expanded American edition helps us better understand legacy, oppression, and racism throughout North America, and offers us a profound new way to decolonize our minds.

From the Ashes Jan 01 2020 This #1 internationally bestselling and award-winning memoir about overcoming trauma, prejudice, and addiction by a Métis-Cree author as he struggles to find a way back to himself and his Indigenous culture is "an illuminating, inside account of homelessness, a study of survival and freedom" (Amanda Lindhout, bestselling coauthor of *A House in the Sky*). Abandoned by his parents as a toddler, Jesse Thistle and his two brothers were cut off from all they knew when they were placed in the foster care system. Eventually placed with their paternal grandparents, the children often clashed with their tough-love attitude. Worse, the ghost of Jesse's drug-addicted father seemed to haunt the memories of every member of the family. Soon, Jesse succumbed to a self-destructive cycle of drug and alcohol addiction and petty crime, resulting in more than a decade living on and off the streets. Facing struggles many of us cannot even imagine, Jesse knew he would die unless he turned his life around. Through sheer perseverance and newfound love, he managed to find his way back into the loving embrace of his Indigenous culture and family. Now, in this heart-wrenching and triumphant memoir, Jesse Thistle honestly and fearlessly divulges his painful past, the abuse he endured, and the tragic truth about his parents. An eloquent exploration of the dangerous impact of prejudice and racism, *From the Ashes* is ultimately a celebration of love and "a story of courage and resilience certain to strike a chord with readers from many backgrounds" (Library Journal).
