Drama and Reading for Meaning Ages 4-11 Mar 21 2022 Drama and Reading for Meaning Ages 4-11 contains over 40 creative drama ideas to help develop reading for meaning in the primary school. The wide range of clearly explained, structured and engaging drama activities will appeal to all primary practitioners who wish to develop more creative approaches to the teaching of reading. The activities show how drama can develop some of the skills associated with reading for meaning such as empathising with characters' feelings, exploring settings and themes and making inferences based on evidence. The step-by-step activities range from familiar classroom drama strategies such as freeze-frames and hot-seating to less well-known approaches involving whole class drama experiences. The book also serves as an introduction to using drama as a learning medium, with advice on how to set the ground rules and clear explanations of the drama strategies. Each chapter has a detailed explanation of what to do, followed by a number of examples linked to quality texts, including poetry and non-fiction. From bringing books to life in reception and Years 1 and 2, to peeling back the layers of meanings in Years 3 to 6, all the drama activities in this book are designed to improve reading for meaning and help motivate children to read for pleasure, making this an essential resource for all primary settings.

Teaching in the Fourth Industrial Revolution Feb 26 2020 In this visionary book, written by six internationally recognized Global Teacher Prize finalists, the authors create a positive and hope-filled template for the future of education. They address the hard moral, ethical and pedagogical questions facing education today so that progress can serve society, rather than destroying it from within our classrooms. This blueprint for education finally brings forward what has always been missing in education reform: a strong collective narrative with authentic examples from teachers on the front line. It is a holistic, personalized approach to education that harnesses the disruptions of the Fourth Industrial Revolution to better shape the future for the next generation, and ensure that every child can benefit from the ongoing transformations. A great read for anyone who has an interest in educating our youth for these uncertain times, highlighting why teachers will always matter.
