[The Jacob Street Mystery](#) Aug 06 2020 A peaceful, pleasant afternoon in the woodland scene of Linton Green is disturbed when a brutal murder takes place. But thanks to an unseen witness, the killer may be caught, and the witness turns out to be a blessing in disguise. This is the story of Thomas Pedley, a gifted artist who paints what he sees from memory.

[A Life on the Lines](#) Jul 29 2022 During much of his early career, from 1944 through to the early 1960s, Richard Hardy took hundreds of pictures of life on the railways and the men he knew and worked with on a daily basis, using his trusty Brownie 620 box camera. These unique behind the scenes images form a fascinating and hugely evocative portrayal of Britain at the height of the era of steam, during the time of the 'Big Four', and after 1947 when the sprawling nationalised network known as British Railways came of age. The second edition contains many new unseen photos which capture the railways in wartime, providing a valuable social record of the nation at war. In addition there is a sequence of rare photographs of French engines, railways and railwaymen, offering a superb contrast to the British rail network (it quickly becomes evident that the British rail system ran on tea, whereas the French system ran on wine). Great characters are the unifying theme of the pictures, and they include famous figures associated with the railways, such as the poet John Betjeman. This wonderfully illustrated book sets Richard's personal photographs and text alongside a carefully collated selection of ephemera, artworks and photographs drawn from the National Railway Museum in York. Collectively these images and artefacts tell the stories of the great brotherhood of railwaymen, brilliantly evoking the speed, heat and dust of the footplate.

Shortlisted for the William Hill Sports Book of the Year Award The Sunday Times Sports Book of the Year The Times Sports Book of the Year Telegraph Football Book of the Year 'Ferris's wonderful memoir represents a twin triumph. He has endured every kind of setback in life but has invariably reinvented himself; and his writing is a pure pleasure.' The Sunday Times 'Enough depth and humanity to make your average football autobiography look like a Ladybird book.' Telegraph 'A masterpiece of the genre' Brian McNally 'Football memoirs rarely produce great literature but Ferris's *The Boy on the Shed* is a glistening exception.' Guardian 'Fascinating and stylishly told.' David Walsh, The Sunday Times *The Boy on the Shed* is a story of love and fate. At 16, Paul Ferris becomes Newcastle United's youngest-ever first-teamer. Like many a tricky winger from Northern Ireland, he is hailed as 'the new George Best'. As a player and later a physio and member of the Magpies' managerial team, Paul's career acquaints him not only with Kevin Keegan, Kenny Dalglish and Bobby Robson, Ruud Gullit, Paul Gascoigne and Alan Shearer but also with injury, insecurity and disappointment. Yet this autobiography is more than a tale of the vagaries of sporting fortune. It begins during 'The Troubles' in a working-class Catholic family in the Protestant town of Lisburn, near Belfast. After a childhood scarred by his mother's illness and sectarian hatred, Paul meets the love of his life, his future wife Geraldine. Talented and carefree on the pitch, shy and anxious off it, he earns a tilt at stardom. His first spell at Newcastle turns sour,

as does his return as a physio, although obtaining a Masters degree shows him what he could achieve away from football. When Paul qualifies as a barrister, a career in Law beckons. Instead, a craving to prove himself in the game draws him back to St James' Park as part of Shearer's management triumvirate - with unfortunate consequences. Written with brutal candour, dark humour and consummate style, *The Boy on the Shed* is a riveting and moving account of a life less ordinary

*The Great Escape from Stalag Luft III* May 15 2021 The true story of one of the most heroic feats of World War II...the daring prison camp breakout that inspired the classic film *The Great Escape* Stalag Luft III was one of the Germans' "escape-proof" prison camps, specially built by Hermann Göring to hold Allied troops. But on March 24, 1944, in a courageous attempt by two hundred prisoners to break out through a series of tunnels, seventy-six Allied officers managed to evade capture -- and create havoc behind enemy lines in the months before the Normandy Invasion. This is the incredible story of these brave men who broke free from the supposedly impenetrable barbed wire and watchtowers of Stalag Luft III -- and who played an important role in Allied intelligence operations within occupied Europe. The prisoners developed an intricate espionage network, relaying details of military deployment, bombings, and raids. Some of them were involved in other daring escape attempts, including the famous Wooden Horse episode, also turned into a classic film, and the little-known Sachsenhausen breakout, engineered by five Great Escapers sent to die in the notorious concentration camp on Hitler's personal orders. Tragically, fifty of those involved in the Great Escape were murdered by the Gestapo. Others were recaptured; only a few made it all the way to freedom. This dramatic account of personal heroism is a testament to their ingenuity and achievement -- a stirring tribute to the men who never gave up fighting. Includes eight pages of photographs and illustrations, excerpts from Göring's testimony during postwar investigations, and a list of the men who escaped.

**The Magic in the Tin** Oct 20 2021 From the author of the critically acclaimed memoir, *The Boy on the Shed*, comes a powerful tale of grit and resilience, told with great humour, openness and profound bravery. 'All men should read this book - important and brilliantly written.' - Alan Shearer 'A triumph ... A worthy follow-up to *The Boy on the Shed*.' - Jeff Stelling Former Newcastle United winger Paul Ferris was 51. He had successfully forged a post-football career as a physio, barrister and then a CEO, and his award-winning memoir, *The Boy on the Shed*, was just about to be published. But then he was diagnosed with prostate cancer. This honest, sometimes brutal and frequently funny book tells the story of what happened next. Prostate cancer. It's a phrase that strikes fear into the heart of every man. It's the most common male cancer, but treatable if it's caught early enough. Paul doesn't shy away from describing that treatment. And neither does he hold back on its life-changing consequences - from harrowing surgery, humiliating procedures and excruciating consultations - as he strives to become the man he once was again. The mental challenges and psychological impact of living with this acute condition are explored in Paul's revealing and riveting narrative that represents rare male honesty, but this is never a 'poor me' book or not in any way self-pitying. Courageous, inspirational and beautifully written, *The Magic in the Tin* is a rare thing: deeply moving yet rich in humour, written by a true sportsman in every sense of the word. 'I believe anyone who enjoyed *The Boy on the Shed* will love *The Magic in the Tin*. Together, they tell my whole story.' - Paul Ferris

May We Shed These Human Bodies Jun 23 2019 May We Shed These Human Bodies peers through vast spaces and skies with the world's most powerful telescope to find humanity: wild and bright and hard as diamonds. Here is humanity building: families reconstruct themselves, mothers fashion babies from two-by-fours and nails, boys make a mother out of leaves and twigs and wishes. Here is humanity tearing down: a wife sets her house on fire in revenge, a young girl plots to kill the ghosts that stalk her, a dying man takes the whole human race with him. Here is humanity transforming: feral children, cannibalistic seniors, animal wives—a whole sideshow's worth of oddballs and freaks.

**The Greatest Footballer You Never Saw** Jan 11 2021 Robin Friday was an exceptional footballer who should have played for England. He never did. Robin Friday was a brilliant player who could have played in the top flight. He never did. Why? Because Robin Friday was a man who would not bow down to anyone, who refused to take life seriously and who lived every moment as if it were his last. For anyone lucky enough to have seen him play, Robin Friday was up there with the greats. Take it from one who knows: 'There is no doubt in my mind that if someone had taken a chance on him he would have set the top division alight,' says the legendary Stan Bowles. 'He could have gone right to the top, but he just went off the rails a bit.' Loved and admired by everyone who saw him, Friday also had a dark side: troubled, strong-minded, reckless, he would end up destroying himself. Tragically, after years of alcohol and drug abuse, he died at the age of 38 without ever having fulfilled his potential. *The Greatest Footballer You Never Saw* provides the first full appreciation of a man too long forgotten by the world of football, and, along with a forthcoming film based on Friday's life, with a screenplay by co-author Paolo Hewitt, this book will surely give him the cult status he deserves.

My Shed And How It Was Built Oct 08 2020 This book offers those who may be thinking of building their own own shed practical constructional advice and use of materials; all of the sheds in the book have actually been built, and are not just ideas. It contains interesting stories about the shed owners and how they overcame problems or how they found unusual, cheap solutions (such as the use of old printing plates for roofing). Each shed, and its contents, gives an interesting insight into its owner's character.

**The Shed That Fed a Million Children** Feb 09 2021 In 1992, Magnus MacFarlane-Barrow was enjoying a pint with his brother when he got an idea that would change his life and radically change the lives of others. After watching a news bulletin about war-torn Bosnia, the two brothers agreed to take a week's hiatus from work to help. What neither of them expected is that what began as a one-time road trip in a beaten-up Landrover rapidly grew to become Magnus's life's work leading him to leave his job, sell his house and direct all his efforts to feeding thousands of the world's poorest children. Magnus retells how a series of miraculous circumstances and an overwhelming display of love from those around him led to the creation of Mary's Meals; an organisation that could hold the key to eradicating child hunger altogether. This humble, heart-warming yet powerful story has never been more relevant in our society of plenty and privilege. It will open your eyes to the extraordinary impact that one person can make."
