Your Body Jan 13 2021 What, exactly, do you know about your body? Do you know how your immune system works? Or what your pancreas does? Or the myriad -- and often simple -- ways you can improve the way your body functions? This full-color, visually rich guide answers these questions and more. Matthew MacDonald, noted author of *Your Brain: The Missing Manual*, takes you on a fascinating tour of your body from the outside in, beginning with your skin and progressing to your vital organs. You'll look at the quirks, curiosities, and shortcomings we've all learned to live with, and pick up just enough biology to understand how your body works.

You'll learn: That you shed skin more frequently than snakes do Why the number of fat cells you have rarely changes, no matter how much you diet or exercise -- they simply get bigger or smaller How you can measure and control fat That your hair is made from the same stuff as horses' hooves That you use only a small amount of the oxygen you inhale Why blood pressure is a more important health measure than heart rate -- with four ways to lower dangerously high blood pressure Why our bodies crave foods that make us fat How to use heart rate to shape an optimal workout session -- one that's neither too easy nor too strenuous Why a tongue with just half a dozen taste buds can identify thousands of flavors Why bacteria in your gut outnumber cells in your body -- and what function they serve Why we age, and why we can't turn back the clock What happens to your body in the minutes after you die Rather than dumbed-down self-help or dense medical text, *Your Body: The Missing Manual* is entertaining and packed with information you can use. It's a book that may well change your life. Reader comments for *Your Brain: The Missing Manual*, also by author Matthew MacDonald: "Popular books on the brain are often minefields of attractive but inaccurate information. This one manages to avoid most of the hype and easy faulty generalizations while providing easy to read and digest information about the brain. It has useful tricks without the breathless hype of many popular books."-- Elizabeth Zwicky, *The Usenix Magazine* "...a unique

guide that should be sought after by any who want to maximize what they can accomplish with their mental abilities and resources."-- James A. Cox, The Midwest Book Review - Wisconsin Bookwatch "If you can't figure out how to use your brain after reading this guide, you may want to return your brain for another."-- The Sacramento Book Review, Volume 1, Issue 2, Page 19 "It's rare to find a book on any technical subject that is as well written and readable as Your Brain: The Missing Manual. The book covers pretty much anything you may want to know about your brain, from what makes it up, through how it develops to how to mitigate the affects of aging. The book is easy reading, fact packed and highlighted notes and practical applications. So if you want to learn more about your brain, how it works, how to get the best out of it or just want to stave off the ravages of Alzheimers (see chapter ten for details of how learning helps maintain your brain) then I can't recommend this book highly enough."-- Neil Davis, Amazon.co.uk "MacDonald's writing style is perfect for this kind of guide. It remains educational without becoming overly technical or using unexplained jargon. And even though the book covers a broad scope of topics, MacDonald keeps it well organized and easy to follow. The book captures your attention with fun facts and interesting studies that any person could apply to their own understanding of human ability. It has great descriptions of the brain and its interconnected parts, as well as

providing full color pictures and diagrams to offer a better explanation of what the author is talking about."-- Janica Unruh, Blogcritics Magazine

Girl Online Dec 12 2020 What happens when a woman goes online? She becomes a girl. The unwritten contract of the internet, that a user is what is used, extends from the well-examined issue of data privacy and consent to the very selves women are encouraged to create in order to appear. Invited to self-construct as “girls online,” vloggers, bloggers and influencers sign a devil’s bargain: a platform on the condition they commodify themselves, eternally youthful, cute and responsibility-free, hiding offline domestic, professional and emotional labour while paying for their online presence with “accounts” of personal “experience.” Told via the arresting personal narrative of one woman negotiating the (cyber)space between her identities as girl, mother, writer, and commodified online persona, *Girl Online* is written in a plethora of the online styles, from programming language to the blog/diary, from tweets to lyric prose, taking in selfies, social media, celebrity and Cyberfeminism.

The Human Body Owners Workshop Manual Sep 01 2022 The Human Body Owner's Workshop Manual explains how some of the fundamental ideas that we take for granted may well be just an incorrect interpretation of observed phenomena and provides a radical and controversial view of the mysterious human body and its integral relationship to the universe it inhabits. It also

proposes convincing alternatives to the dis-empowering theories of nutrition and disease and provides the tools required to operate the body and assist it in eliminating toxic substances and heal itself of any state of bad health. Vagina Love: 10 People Who've Inspired Me Oct 29 2019

When Lili Sohn was diagnosed with breast cancer at age 29, she was confronted with just how little she knew about her own anatomy. What's that, you say? We're born with all of the ova we'll have for our entire lives? Well, that was news to Sohn. And her mom. And all of her friends. In *Vagina Love*, she embarks on a quest for information, busting myths and telling the truth. Sohn's vibrant illustrations and snarky humor along with concrete scientific backing form an easily accessible and comprehensive guide to female reproductive anatomy from periods to masturbation, from orgasms to contraceptives.

YOU: The Owner's Manual, Updated and Expanded Edition Feb 11 2021 Between your full-length mirror and high-school biology class, you probably think you know a lot about the human body. While it's true that we live in an age when we're as obsessed with our bodies as we are with celebrity hairstyles, the reality is that most of us know very little about what chugs, churns, and thumps throughout this miraculous, scientific, and artistic system of anatomy. Yes, you've owned your skin-covered shell for decades, but you probably know more about your cell-phone plan than you do about your own body. When it comes to your longevity and quality of life, understanding your internal systems gives you the power, authority, and ability to live a healthier, younger, and better life. The flagship book of the YOU series, which spawned three subsequent New York Times bestsellers, has now been

expanded and updated to make you understand your body even better—perhaps too well. *YOU: The Owner's Manual, Updated and Expanded Edition* challenges your preconceived notions about how the human body works and ages, then takes you on a tour through all of the highways, back roads, and landmarks inside of you. In this update, the doctors have included a new chapter on the liver and pancreas, which will finally demystify the most exotic parts of our bodies; a new workout chapter that will finally get you moving; and nearly one hundred Q&As asked by you, the reader. It has also been updated throughout to give you up-to-the-minute know-how to not just understand what to do to keep fit, but also why and how. The book opens with a quiz, "How Well Do You Know Your Body?," which sets the stage for the following chapters. After taking the quiz, you'll learn about all of your blood-pumping, food-digesting, and keys-remembering systems and organs, including the heart, brain, lungs, immune system, bones, and sensory organs. Each chapter also contains common myths of the particular body part that the authors will debunk. Just as important, you'll get the facts and advice you need to keep your body running long and strong. You'll find out how diseases start and how they affect your body—as well as advice on how to prevent and beat conditions that threaten your quality of life. Complete with exercise tips, nutritional guidelines, simple lifestyle changes, and alternative approaches, *YOU: The Owner's Manual*,

Updated and Expanded Edition gives you an easy, comprehensive, and life-changing how-to plan for fending off the gremlins of aging. The Body Sep 20 2021 NEW YORK TIMES

BESTSELLER • Bill Bryson, bestselling author of *A Short History of Nearly Everything*, takes us on a head-to-toe tour of the marvel that is the human body—with a new afterword for this edition. Bill Bryson once again proves himself to be an incomparable companion as he guides us through the human body—how it functions, its remarkable ability to heal itself, and (unfortunately) the ways it can fail. Full of extraordinary facts (your body made a million red blood cells since you started reading this) and irresistible Brysonesque anecdotes, *The Body* will lead you to a deeper understanding of the miracle that is life in general and you in particular. As Bill Bryson writes, “We pass our existence within this wobble of flesh and yet take it almost entirely for granted.” *The Body* will cure that indifference with generous doses of wondrous, compulsively readable facts and information. As addictive

as it is comprehensive, this is Bryson at his very best, a must-read owner's manual for every body.

Owner's Manual for the Human Body Dec 24 2021 The technology of Kundalini yoga was brought to the West by Yogi Bajan. Its aim is to maintain and tune up the human body to achieve peak performance at every age and stage of life. Among its effects are: an awakening of the ten bodies; automatic endurance in the body; balancing the vayus; energizing the system; accustoming the body to stress and strain; finding the cause of sickness; working on the lower spine; enhancing circulation and energy; relieving inner anger; empowering the brain; overhauling the nervous system; using the left and right hemispheres of the brain; achieving mental balance; cleansing the colon; removing stress; toning the liver and kidneys; making the skin radiant; maintaining the spleen; achieving equilibrium in the stomach; tuning up the glandular system and inner organs; building stamina; balancing the pineal, pituitary and hypothalamus glands; and a complete workout of the total self.

Fat Apr 03 2020 This book is more than just the story of a

fat woman who managed to win respect and National Championships in the thin-obsessed world of dance. It's more than just a trained researcher's examination of the evidence about weight and health. It's a book about living life in the body that you have now, and making decisions about what you want in the future, and how to get there. Whether you want to change your body, fight for size acceptance, just live your life, or understand and support your fat friends and family, this book provides the insights, aha moments, humor, and hard facts to help.

YOU: The Owner's Manual for Teens Aug 20 2021 A few years ago, we wrote *YOU: The Owner's Manual*, which taught people about the inner workings of their bodies—and how to keep them running strong. But you know what? There's a big difference between an adult's body and your body, between adults' health mysteries and your health mysteries, between their questions and your questions. So, teens, this book is for YOU. We'll talk to you about the biological changes that are happening in your brain and your body. We'll show you how to get more energy, improve your grades, protect your skin, salvage more sleep, get fit, eat well, maximize your relationships, make decisions about sex, and so much more. In fact, in these pages, we answer hundreds of your most pressing health-related questions. And you know what else? We are going to treat you like adults in one very important way: We're not going to preach. We're going to give you straight-up information that you can use

to make smart choices about how to live the good life—and enjoy every second of it. Starting right now. *The Prostate Cancer Owner's Manual* Sep 28 2019 The Prostate Cancer Owner's Manual provides vital information about prostate cancer—its testing, treatment, and, hopefully, remediation. Medical expertise combined with the personal experiences of the authors makes this a necessary read for the three million American men who live with the disease today.

The News Jan 01 2020 Alain de Botton explores our relationship with 'the news' in this book full of his trademark wit and wisdom. Following on from his bestselling *Religion for Atheists*, Alain de Botton turns now to look at the manic and peculiar positions that 'the news' occupies in our lives. We invest it with an authority and importance which used to be the preserve of religion - but what does it do for us? Mixing current affairs with philosophical reflections, de Botton offers a brilliant illustrated guide to the precautions we should take before venturing anywhere near the news and the 'noise' it generates. Witty and global in reach, *The News* will ensure you'll never look at reports of a celebrity story or political scandal in quite the same way again. Praise for *Religion for Atheists*: 'Smart and stimulating . . . a sensitive analysis of the deeply human needs that faith meets' *Financial Times* 'A serious and optimistic set of practical ideas that could improve and alter the way we

live . . . energetic and on the side of the angels' Jeanette Winterson, The Times 'Packed with tantalising goads to thought and playful prompts to action' Independent Alain de Botton's bestselling books include Religion for Atheists, How Proust Can Change Your Life, The Art of Travel, and The Architecture of Happiness. Women's Health Vagina University May 17 2021 Class is in session! From IUDs to UTIs, periods to pregnancy, and menstrual cups to cervical caps, Women's Health Vagina University teaches the modern woman everything you need to know about your most intimate parts—even if you are uncomfortable saying "vagina" out loud. Women's Health Vagina University challenges stigmas directed at women's bodies and sexuality, offers advice and support, and explains how your vagina's health can impact your overall health. It also includes: • A quick overview of all things anatomical and biological that you learned in health class in middle school. The birds and the bees haven't changed, but even the teacher's pet can use a refresher! • Information on choosing the right gynecologist, birth control, period solution, and anything

else a woman might have to choose in any circumstance. It is her right, after all. • Eye-opening and entertaining facts about the history of women's healthcare and vagina-related issues all over the world. • Straightforward guide to all the signs and symptoms that show up when there is something wrong down there and a trip to the OB-GYN is just what the doctor ordered. • Body- and sex-positive discussions about consent, pleasure in its many forms, and achieving the all-important O in a world filled with stereotypes and misinformation. • Myth-busting truth-bombs that separate the cold, hard facts from the old wives tales, distortions, and misleading political rhetoric. Women's Health Vagina University aims to dispel the myths, unpack the lies, explain laws, and define words that confuse and limit women, and empower you to take full control of your health, your bodies, and your futures.

The Startup Owner's Manual Apr 15 2021 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development

method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Body by God Mar 27 2022 Your body is by God. God preprogrammed you to look great, have outrageous health, and experience incredible happiness. In the human body, God created a perfect design, equipped with all the organs, tissues, and cells necessary for health, production, and reproduction. The problem, asserts Dr. Ben Lerner, is when we as humans interfere with God's design for our bodies. Junk food, high-stress living, and neglecting exercise are just a few of the things we do to hinder our bodies' performance. In *Body by God*, Dr. Lerner offers a comprehensive plan for getting in touch with our bodies in four areas: nutrition, exercise, stress management, and time management. His "5-in-5" plan is designed to instill the good habits that will lead to optimum health benefits. Readers will learn how to get in shape with 10-minute workouts, reprogram the way they react to stress, and

more. "Owner's Manual Tips" give specific ways to apply the material to real life. Our bodies are "fearfully and wonderfully made." With the help of Body by God, readers will learn how to achieve the highest level of performance from God's handiwork.
