[Unashamed Study Guide with DVD](#) [Sep 18 2021](#) Shame has no place in the purpose, plan, and destiny God has for us because shame lies to us, robs us of the freedom we long for, and shackles us in the prison of our past. In this five-session video Bible study, author and teacher [Christine Caine](#) weaves examples from her life with those of biblical characters who failed but overcame their shame to show how God heals us and redeems us. In her passionate style, she explains that if we want to change our futures, we have to believe God is bigger than our mistakes, our inadequacies, our pasts, and our limitations. We have to believe God created us for a unique purpose, has a specific plan for us, and has a powerful destiny he wants us to fulfill. God has already won the victory over sin and its shame, and we do not need to spend our lives believing the lies of the deceiver. Instead, we can allow ourselves to be defined by God's truth and choose to see ourselves the way God does--through the lens of his eternal perspective. So join the journey. Stop merely existing and start thriving. Lay hold of the power of [Jesus Christ](#) today and step into his future--a beautiful, full, life-giving future filled with purpose. You can live unashamed! PgMP (R) Exam Practice Test and Study Guide Oct 08 2020 PgMP Exam Practice Test and Study Guide, Fourth Edition is the book you need to pass the Program Management Professional (PgMP) exam the first time around. It reflects recent revisions based on PMI's Standard for Program Management - Third Edition (2013). Based on best practices that complement PMI's standards, this is the most comprehensive and up-to-date resource available to help you prepare for the exam with new and changed terminology. It includes a list of the major topics covered on the exam organized by the five performance domains: strategic program management, program life cycle, benefits management, stakeholder management, and governance as presented in the Program Management Professional Examination Content Outline. It also includes helpful tips on how to make the most of the time you have available to prepare for the exam. Just like its bestselling predecessors, this indispensable study guide includes 20 multiple-choice practice questions for each domain along with a comprehensive answer key. The program life cycle domain includes 20 questions for each of the five phases. Each question also has a plainly written rationale for each correct answer with bibliographic references for further study. Two challenging, 170-question practice tests that simulate the actual exam are included in the book and online, so you can retake them as many times as necessary. They also include a rationale and reference. Scores for the online tests are presented as if each question is rated similarly, but this edition also includes a new component: the authors own weighting system for the level of difficulty for each question. This system will show you what they feel meets the exam's criteria for Proficient, Moderately Proficient, and below Proficient. You then will see your scores by domain in both approaches. Chapter assignment tables at the beginning of chapters guide you through textbook and study guide assignments, and make it easy to track your progress. Laboratory assignment tables list the procedures in each chapter, including study guide page number references, and indicate the procedures shown on the DVDs. A pretest and posttest in each chapter measure your understanding with 10 true/false questions. Key term assessments include exercises to help in reviewing and mastering new vocabulary. Evaluation of Learning questions let you assess your understanding, evaluate progress, and prepare for the certification examination. Critical thinking activities let you apply your knowledge to real-life situations. Practice for Competency sections offer extra practice on clinical skills presented in the book. Evaluation of Competency checklists evaluate your performance versus stated objectives and updated CAAHEP performance standards. Updated content includes exercises for topics such as electronic medical records, advanced directives, HIPAA, emergency preparedness, ICD-10 coding, documentation, medical office technology, medical asepsis, vital signs, pediatrics, colonoscopy, IV therapy, and CLIA waived tests. New activities provide practice for the Today's Medical Assistant textbook's newest and most up-to-date content. New Emergency Protective Practices for the Medical Office chapter includes procedures, critical thinking questions, and other activities to help you understand emergency preparedness. New Wheelchair Transfer Procedure and Evaluation of Competency checklist includes a step-by-step guide to this important procedure. New video evaluation worksheets on the Evolve companion website reinforce the procedures demonstrated on the textbook DVDs. New practicum and externship activities on Evolve provide practice with real-world scenarios.
