Night of the Living Dead Jun 27 2019 'They're coming for you, Barbara...' With these five words, first heard at a handful of drive-in cinemas in 1968, a terrifying movie classic was born. 'Yeah, they're dead, they're all messed up.' George A. Romero's *Night of the Living Dead*, filmed at nights and weekends on a shoe-string budget of just \$114,000, was the original indie hit. With its graphic, taboo-busting scenes of the living dead feasting on human flesh - including a six-year-old zombie child chowing down on her daddy's severed arm - it broke all the rules, stunning unsuspecting audiences into horrified silence. 'Beat 'em or burn 'em, they go up pretty easy.' Despite visual effects which substituted chocolate syrup for blood, roast ham for flesh and relied on entrails from a butcher's shop owned by one of the cast, the movie kick-started the midnight gore-fest phenomenon, earned hundreds of millions of dollars worldwide and spawned an entire zombie industry. Yet a quirk of copyright law meant the filmmakers never saw a dime. Now, for the first time, Joe Kane presents the story of the ultimate zombie movie's creation and five-decade legacy, one that, via countless remakes, sequels, knock-offs, tributes and spoofs, will haunt cinemagoers for as long as the celluloid undead walk the earth.

Behind-the-scenes Baseball Oct 12 2020 While many baseball fans have ambiguous feelings about the role statistical analysis plays in the game, Behind-the-Scenes Baseball shows how statistics and "sabermetrics" don't have to detract from the passion of the game, but rather can contribute to a better understanding of and love for baseball.

The Making of The Magnificent Seven Aug 22 2021 The story behind *The Magnificent Seven* could have been a movie in itself. It had everything--actors' strike, writers' strike, Mexican government interference and a row between the screenwriters that left one removing his name from the credits, all under the lingering gloom of post-McCarthy era Hollywood. A flop on release, it later became a box office hit. This book tells the behind-the-scenes story: how Yul Brynner became the biggest independent producer in Hollywood; why John Sturges was not the first choice after Brynner surrendered the director's chair; why Sturges quit; the truth about the Mirisch Company (producers); the details of the film's botched release and unlikely redemption; the creation of Elmer Bernstein's classic score; and how internecine fighting prevented the making of the television series in 1963. Myths about Steve McQueen, his feud with Brynner and the scene-stealing antics of the cast are debunked. A close examination of the various screenplay drafts and the writers' source material--Akira Kurosawa's *Seven Samurai*--shows who wrote what. Extensive analysis of Sturges' directorial work is provided.

Mrs. Lincoln and Mrs. Keckly Oct 31 2019 A vibrant social history set against the backdrop of the Antebellum south and the Civil War that recreates the lives and friendship of two exceptional women: First Lady Mary Todd Lincoln and her mulatto dressmaker, Elizabeth Keckly. "I consider you my best living friend," Mary Lincoln wrote to Elizabeth Keckly in 1867, and indeed theirs was a close, if tumultuous, relationship. Born into slavery, mulatto Elizabeth Keckly was Mary Lincoln's dressmaker, confidante, and mainstay during the difficult years that the Lincolns occupied the White House and the early years of Mary's widowhood. But she was a fascinating woman in her own right, Lizzy had bought her freedom in 1855 and come to Washington determined to make a life for herself. She was independent and already well-established as the dressmaker to the Washington elite when she was first hired by Mary Lincoln upon her arrival in the nation's capital. Mary Lincoln hired Lizzy in part because she was considered a "high society" seamstress and Mary, as an outsider in Washington's social circles, was desperate for social cachet. With her husband struggling to keep the nation together, Mary turned increasingly to her seamstress for companionship, support, and advice—and over the course of those trying years, Lizzy Keckly became her confidante and closest friend. Historian Jennifer Fleischnr allows us to glimpse the intimate dynamics of this unusual friendship for the first time, and traces the pivotal events that enabled these two women to forge such an unlikely bond at a time when relations between blacks and whites were tearing the nation apart. *Mrs. Lincoln and Mrs. Keckly* is a remarkable work of scholarship that explores the legacy of slavery and sheds new light on the Lincoln White House.

Director at Large Jan 15 2021 Between his 1962 debut *A Knife in the Water* and the 1968 blockbuster *Rosemary's Baby*, Roman Polanski directed three movies--*Repulsion*, *Cul-de-Sac*, and *Dance of the Vampires* (a.k.a. *The Fearless Vampire Killers*)--that remain a crucial but too often overlooked piece of his filmography. In this remarkable behind-the-scenes look at the director's early output, Jordan Young gives us a revealing look at Polanski at work in the years before his rise to global renown. Drawing on new research and interviews with principals on both sides of the camera--including direct access to the director--Young shares eye-opening, freshly unearthed details. We witness Polanski making movies under some of the worst possible conditions, contending with financing nightmares (both *Repulsion* and *Cul-de-Sac* were underwritten by exploitation-film peddlers), poisonous enmities amongst cast and crew, and collaborators who, in the director's words, did their best to make me feel like a monster. Polanski the provocateur is in full view here, placing actors in physical peril and deploying such unusual methods as slaughtering chickens to provide real blood for a death scene. While never shying away from unflattering or shocking details, Young still provides a nuanced and measured portrait of his subject--a rare look at a controversial artist in the act of creation.

Behind the Scenes Dec 02 2019 "Born into slavery, Elizabeth Hobbs Keckley (ca. 1824-1907) rose to a position of respect as a talented dressmaker and designer to the political elite of Washington, D.C., and a confidante of First Lady Mary Todd Lincoln. In this unusual memoir, Keckley offers a rare, behind-the-scenes view of the formal and informal networks that African Americans established among themselves, as well as an insider's perspective of the men who made Civil War politics and the women who influenced them.As an enslaved young woman, Keckley was moved to the rough frontier city of St. Louis, where she began working as a modiste, or dress designer. She eventually was able to buy her freedom and went to Washington, D.C., where she established herself as modiste to some of the wives and daughters of high-level politicians and officers. Before long, she was supplying not only beautiful clothing but also a sympathetic ear to Mary Todd Lincoln.Keckley's descriptions of the Lincolns at home reveal touching, unguarded moments of laughter, discussion, and affection. She witnessed the grief of both parents at the death of their son Willie and Mary Todd's prostration after the president's assassination. In dire financial straits, Mary Todd turned to Keckley, who spent several months in New York helping the former First Lady sell her elegant clothing.President of the Contraband Relief Association and a friend of Frederick Douglass and other prominent African-American leaders, Keckley emerges as a remarkable, resourceful, and principled woman who helped mediate between black and white communities. Frances Smith Foster's introduction traces the book's reception history and fills in biographical gaps in the text."
