[No Land to Light On](#) Jan 22 2022 From the author of *The Girls at 17 Swann Street* comes a "masterful story of tragedy and redemption" (Hala Alyan, author of *Salt Houses*) "written in soul-searing prose" (BookPage, starred review) about a young Syrian couple in the throes of new love on the cusp of their bright future when a travel ban rips them apart on the eve of their son's premature birth. Sama and Hadi are a young Syrian couple in love, dreaming of their future in the country that brought them together. Sama came to Boston years before on a prestigious Harvard scholarship; Hadi landed there as a sponsored refugee from a bloody civil war. Now, they are giddily awaiting the birth of their son, a boy whose native language will be freedom and belonging. When Sama is five months pregnant, Hadi's father dies suddenly, and Hadi decides to fly back to Jordan for the funeral. He leaves America, promising his wife he'll be gone only for a few days. On the date of his return, Sama waits for him at the arrivals gate, but he doesn't appear. As the minutes and then hours pass, she becomes increasingly alarmed, unaware that Hadi has been stopped by US Customs and Border Protection, detained for questioning, and deported. Achingly intimate yet poignantly universal, *No Land to Light On* is "a tense, moving novel about the meaning of home, the risks of exile, the power of nations, and the power of love" (Kirkus Reviews).

[An Historical Introduction to the Land Law](#) Jun 14 2021 Holdsworth, Sir William. An Historical Introduction to the Land Law. London: Oxford University Press, 1927. xxiv, 339 pp. Reprinted 2004 by The Lawbook Exchange, Ltd. LCCN 2002025949. ISBN 1-58477-262-X. Cloth. \$95. * Sir William Holdsworth [1871-1944] was one of the most distinguished historians of English common law. Written to provide students of Real Property with a concise history of the field, Holdsworth believed this knowledge necessary as contemporary land law was difficult to understand without an understanding of its roots. Fifoot commends this book in his *English Law and its Background* for its history of the rules against perpetuities (121). The *Law Quarterly Review* noted that "every beginner will certainly have to read [this] book before he reads anything else" (44:105). Both sources cited in Marke, *A Catalogue of the Law Collection at New York University* (1953) 773.

[Saving Quetico-Superior](#) Sep 17 2021 Encompassing the Boundary Waters Canoe Area of Superior National Forest, Voyageurs National Park, and Grand Portage National Monument in Minnesota and Quetico Provincial Park in Ontario, the Quetico-Superior is the only region of its kind in the U.S. and Canada. This book tells the story of the long campaign to secure and preserve it for posterity and also illustrates the development of an American idea -- wilderness preservation.

[Dinotopia: A Land Apart from Time](#) Aug 29 2022 Welcome to James Gurney's fantastic lost world of Dinotopia, where humans and intelligent dinosaurs have lived together in harmony for centuries, undiscovered by the rest of the world. Now these New York Times bestselling books are available from HarperCollins. The Dinotopia books are a celebration of the imagination for readers of all ages. In 1862, biologist Arthur Denison and his young son Will are

washed up on the shore of an uncharted island, where they discover humans and an ancient race of dinosaurs sharing a civilization of wonder and adventure.

Dinotopia, A Land Apart from Time Sep 29 2022 Shipwrecked in the strange, unknown world of Dinotopia, a scientist and his young son, Will, discover a land in which humans and an ancient race of dinosaurs have lived together for centuries.

Tearing Apart the Land Mar 24 2022 Since January 2004, a violent separatist insurgency has raged in southern Thailand, resulting in more than three thousand deaths. Though largely unnoticed outside Southeast Asia, the rebellion in Pattani and neighboring provinces and the Thai government's harsh crackdown have resulted in a full-scale crisis. *Tearing Apart the Land* by Duncan McCargo, one of the world's leading scholars of contemporary Thai politics, is the first fieldwork-based book about this conflict. Drawing on his extensive knowledge of the region, hundreds of interviews conducted during a year's research in the troubled area, and unpublished Thai-language sources that range from anonymous leaflets to confessions extracted by Thai security forces, McCargo locates the roots of the conflict in the context of the troubled power relations between Bangkok and the Muslim-majority "deep South." McCargo describes how Bangkok tried to establish legitimacy by co-opting local religious and political elites. This successful strategy was upset when Thaksin Shinawatra became prime minister in 2001 and set out to reorganize power in the region. Before Thaksin was overthrown in a 2006 military coup, his repressive policies had exposed the precariousness of the Bangkok government's influence. A rejuvenated militant movement had emerged, invoking Islamic rhetoric to challenge the authority of local leaders obedient to Bangkok. For readers interested in contemporary Southeast Asia, insurgency and counterinsurgency, Islam, politics, and questions of political violence, *Tearing Apart the Land* is a powerful account of the changing nature of Islam on the Malay peninsula, the legitimacy of the central Thai government and the failures of its security policy, the composition of the militant movement, and the conflict's disastrous impact on daily life in the deep South. Carefully distinguishing the uprising in southern Thailand from other Muslim rebellions, McCargo suggests that the conflict can be ended only if a more participatory mode of governance is adopted in the region.

A Promised Land Aug 24 2019 THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas! 'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. 'What is unexpected in *A Promised Land* is the former president's candour' David Olusoga, Observer

Changes in the Land Mar 12 2021 Winner of the Francis Parkman Prize *Changes in the Land* offers an original and persuasive interpretation of the changing circumstances in New England's plant and animal communities that occurred with the shift from Indian to European dominance. With the tools of both historian and ecologist, Cronon constructs an interdisciplinary analysis of how the land and the people influenced one another, and how that complex web of relationships shaped New England's communities.

A Land Apart Apr 24 2022 This gripping story of adventure and courage is set in a magnificent wilderness with the French, English, Iroquois, and Wendat just starting to do battle for what would become the US and Canada. The novel begins with the English pitted against the French, both aggressively claiming the land and resources of North America for themselves. The Iroquois align with the English, the Wendat with the French. The warring conflict between Iroquois and Wendat goes back generations, but exists in an uneasy balance. Until the English sell guns to the Iroquois. Etienne Brulé, a historical character, has lived with the Wendat for 25 years. He knows even if he can get guns for the Wendat, the price everyone will pay in the end will be way too much.
