Neuroanatomy and the Neurologic Exam Mar 03 2020 In this book! Neuroanatomy and the Neurologic Exam is an innovative, comprehensive thesaurus that surveys terminology from neuroanatomy and the neurologic examination, as well as related general terms from neurophysiology, neurohistology, neuroembryology, neuroradiology, and neuropathology. The author prepared the thesaurus by examining how terms were used

in a large sample of recent, widely used general textbooks in basic neuroanatomy and clinical neurology. These textbooks were written by experts who received their primary professional training in 13 different countries, allowing the thesaurus to incorporate synonyms and conflicting definitions that occur as a result of variations in terminology used in other countries. The thesaurus contains:

Focus Groups Jul 27 2019 Physicians, health researchers, and nurses make extensive use of focus groups. Thus, researchers and readers need access to the realm of applications of focus group methodology in the wide variety of medical and health sciences. In this second installment of a two-volume examination of ten recent years (1998-2007) of focus group studies and research literature, author Graham R. Walden turns his

attention from the arts, humanities, and non-medical sciences to the medical and health sciences, concentrating on a broad range of studies in books, book chapters, and journal articles that are available in English. Focus Groups, Volume II: A Selective Annotated Bibliography: Medical and Health Sciences covers over 500 articles on a multitude of topics in the medical and health sciences, such as the health profession and the practice of medicine, public health, and several different bodily systems and types of diseases. The annotations in this bibliography describe the content of a source document to help the reader discern whether pursuit of the full text is appropriate or desirable. This book offers significant benefits to all medical personnel; graduate and undergraduate students; professional focus group practitioners; and individuals seeking increased awareness of studies that have been conducted in the health arena.
