2020 As the son of two Jungian therapists, the young Micah Toub got a double dose of insight, ranging from the flaky to the profound. Dreamwork, archetypes, conflict resolution, the mind-body connection-- Toub's childhood was a virtual laboratory of psychology. Enriched with excerpts from Carl Jung's own memoir, and informed by readings and conversations with Jungian gurus and unbelievers alike, *Growing Up Jung* examines the pros and cons of Jungian philosophy while tackling the question: is it possible for the spawn of two shrinks to reach adulthood mentally unscathed?

*StarBriefs 2001* May 21 2022

This compilation probably looks like one of the craziest things a human being could spend his or her time on. Yet nobody would wonder at someone taking a short walk every day - after twenty five years that person would have covered a surprisingly long distance. This

is exactly the story behind this list, which appeared first as a few pages within the directory StarGuides (or whatever name it had at that time) and as a distinct sister publication since 1990. The idea behind this dictionary is to offer astronomers and related space scientists practical assistance in decoding the numerous abbreviations, acronyms, contractions and symbols which they might encounter in all aspects of the vast range of their professional activities, including traveling. Perhaps it is a bit paradoxical, but if scientists quickly grasp the meaning of an acronym solely in their own specific discipline, they will probably encounter

more difficulties when dealing with adjacent fields. It is for this purpose that this dictionary might be most often used. Scientists might also refer to this compilation in order to avoid identifying a project by an acronym which already has too many meanings or confused definitions.

*Boldly Going on Your Inner Voyage* Jul 19 2019 Whether you're a devoted fan of the Star Trek(R) TV series and films, or you've never watched a single episode, you'll find a treasury of inspiration and insight on these pages. After all, the voyages of the Starship Enterprise - along with Star Trek's(R) other sequels and prequels - were never really

about the exploration of space. They were about boldly going into ourselves. About investigating the deeper dimensions that give our lives meaning and purpose, that inspire us to become the best crewmen and women we can be right here on Spaceship Earth. Boldly Going on Your Inner Voyage is the perfect companion for your ongoing explorations. Written in the form of the "daily meditationals" familiar to both seekers of spiritual wisdom and readers in recovery (aren't we all?), the 438 readings all begin with a quotation from one of Star Trek's(R) repertoire of fascinating characters. The words of such icons as Captain

Kirk, Picard and Janeway, Counselor Troi and Spock - and now Star Trek: Discovery's Michael Burnham - are scattered throughout the Manual, along with those of lesser-known luminaries like Neelix, Natira and Cadet Tilly. Each quote sparks an insightful reflection on themes ranging from Acceptance to Transformation, from Forgiveness to Serving Others. A brief affirmation follows, encouraging the reader to continue thinking about-and most importantly, acting on - the issues raised in the meditation. WHAT'S NEW in this 4th print edition (in addition to its larger format), is an expanded Appendix of

meditations that were deleted over the course of three previous editions in order to make room for dozens of new entries from the latest big-screen and small-screen incarnations of Star Trek(R) - including the opening season of Star Trek: Discovery. Also included are expanded Indices that allow readers to easily locate all the quotes from any single Star Trek(R) character, or to find all the meditations related to any single topic from the 200-plus listed. It doesn't matter whether you start your explorations on day 01.01 (Earth's January 1st), or Arroway's mid-year solstice (A-36) - or whatever date you start reading the Manual. For

that matter, you may want to read through all the meditations in only a week or two as you would any other book. Just pick a random page or an inspiring quote, and let your Inner Voyage begin!
