Voices in the Kitchen Apr 27 2022 “Literally, chilaquiles are a breakfast I grew up eating: fried corn tortillas with tomato-chile sauce. Symbolically, they are the culinary metaphor for how working-class women speak with the seasoning of their food.”—from the Introduction Through the ages and across cultures, women have carved out a domain in which their cooking allowed them to express themselves, strengthen family relationships, and create a world of shared meanings with other women. In *Voices in the Kitchen*, Meredith E. Abarca features the voices of her mother and several other family members and friends, seated at their kitchen tables, to share the grassroots world view of these working-class Mexican and Mexican American women. In the kitchen, Abarca demonstrates, women assert their own sazón (seasoning), not only in their cooking but also in their lives. Through a series of oral histories, or charlas culinarias (culinary chats), the women interviewed address issues of space, sensual knowledge, artistic and narrative expression, and cultural and social change. From her mother’s breakfast chilaquiles to the most elaborate traditional dinner, these women share their lives as they share their savory, symbolic, and theoretical meanings of food. The charlas culinarias represent spoken personal narratives, testimonial autobiography, and a form of culinary memoir, one created by the cooks-as-writers who speak from their kitchen space. Abarca then looks at writers-as-cooks to add an additional dimension to the understanding of women’s power to define themselves. *Voices in the Kitchen* joins the extensive culinary research of the last decade in exploring the importance of the knowledge found in the practical, concrete, and temporal aspects of the ordinary practice of everyday cooking.

Mexican Business Culture Oct 10 2020 Western business owners and managers are increasingly interested in doing business in Mexico. Yet few have thoroughly investigated the country’s business climate and culture. This collection of new essays by contributors who work in and research the business culture of Mexico takes a combined academic and real-world look at the country’s vibrant and dynamic commerce. Topics include business and the government, conceptions of time, Mexican entrepreneurialism and the place of women in business. Instructors considering this book for use in a course may request an examination copy here.

[Celebrating Latino Folklore: An Encyclopedia of Cultural Traditions \[3 volumes\]](#) Dec 24 2021 Latino folklore comprises a kaleidoscope of cultural traditions. This compelling three-volume work showcases its richness, complexity, and beauty. • 300 A-Z entries that describe the myriad topics of Latino folklore • Contributions from distinguished scholars from across the United States • Photographs, paintings, and documents that supplement and enhance the essays • A short bibliography of suggested readings accompanies each essay

[Too Many Tamales](#) Dec 12 2020 This modern classic celebrates the tradition of tamales and family bonding at Christmas. Christmas Eve started out so perfectly for Maria. Snow had fallen and the streets glittered. Maria’s favorite cousins were coming over and she got to help make the tamales for Christmas dinner. It was almost too good to be true when her mother left the kitchen for a moment and Maria got to try on her beautiful diamond ring . . . This is the story of a treasure thought to be lost in a batch of tamales; of a

desperate and funny attempt by Maria and her cousins to eat their way out of trouble; and the warm way a family pulls together to make it a perfect Christmas after all. Also available in Spanish as ¡Qué montón de tamales!

[The Night of Las Posadas](#) Aug 20 2021 Tomie dePaola’s glorious paintings are as luminous as the farolitos that light up on the Plaza in Santa Fe for the procession of Las Posadas, the tradition in which Mary and Joseph go from door to door seeking shelter at the inn on Christmas Eve. This year Sister Angie, who is always in charge of the celebration, has to stay home with the flu, and Lupe and Roberto, who are to play Mary and Joseph, get caught in a snowstorm. But a man and a woman no one knows arrive in time to take their place in the procession and then mysteriously disappear at the end before they can be thanked. That night we witness a Christian miracle, for when Sister Angie goes to the cathedral and kneels before the statue of Mary and Joseph, wet footprints from the snow lead up to the statue.

[Folk Arts & Cultural Traditions of the Delmarva Peninsula](#) Feb 11 2021 [Mexico](#) Jul 27 2019

Chicano popular culture Jul 19 2021 Over the past several decades, Mexican Americans have made an indelible mark on American culture through the music of bands such as Santana and Los Lobos, films such as *Zoot Suit*, and a wide range of literature, such as Sandra Cisneros’s *The House on Mango Street*. Now Charles Tatum introduces students to these and other forms of artistic expression in the first volume to provide a wide-ranging overview of Chicano popular culture. Tatum explores the broad and complex arena of popular culture among Americans of Mexican descent and explains what popular culture can tell them about themselves. Reviewing a range of expressive arts, from traditional forms to electronic media, he explains the differences and similarities between Chicano popular culture and that of other ethnic groups or of Anglo society and shows how Chicano arts reflect a people’s traditions and heritage. The book’s coverage focuses on five areas of popular culture. It explores - Mexican American and Chicano music from the sixteenth century to the present day; - cinema, focusing on Chicano films of the past three decades; - newspapers, radio, and television, explaining the interrelationship between these media; - literature, emphasizing fiction, theater, and poetry of the last thirty years; - and fiestas, celebrations, and art, including mural and graffiti art. Tatum provides a brief overview of Mexican American social history, paying particular attention to changing cultural perspectives over the past 150 years and the evolution of el movimiento chicano. He also introduces theories of popular culture and makes them accessible to students, enabling them to better understand the material covered in the text. No other book offers such a wide-ranging introduction to these cultural expressions of Mexican Americans today. *Chicano Popular Culture* invites readers to share the excitement of these vital arts and, through them, to learn more about the uniqueness of America’s fastest-growing minority. *Chicano Popular Culture* and *Mexican Americans and Health* are the first volumes in the series *The Mexican American Experience*, a cluster of modular texts designed to provide greater flexibility in undergraduate education. Each book deals with a single topic concerning the Mexican American population. Instructors can create a semester-length course from any combination of volumes, or may choose to use one or two volumes to complement other texts.

Cultural Traditions in Australia Sep 08 2020 Examines the holidays and festivals of Australia, including ANZAC Day, Ekka Day, and Melbourne Cup Day.

Mexican American Mojo Oct 29 2019 Stretching from the years during the Second World War when young couples jitterbugged across the dance floor at the Zenda Ballroom, through the early 1950s when honking tenor saxophones could be heard at the Angelus Hall, to the Spanish-language cosmopolitanism of the late 1950s and 1960s, Mexican American Mojo is a lively account of Mexican American urban culture in wartime and postwar Los Angeles as seen through the evolution of dance styles, nightlife, and, above all, popular music. Revealing the links between a vibrant Chicano music culture and postwar social and geographic mobility, Anthony Macías shows how by participating in jazz, the zoot suit phenomenon, car culture, rhythm and blues, rock and roll, and Latin music, Mexican Americans not only rejected second-class citizenship and demeaning stereotypes, but also transformed Los Angeles. Macías conducted numerous interviews for Mexican American Mojo, and the voices of little-known artists and fans fill its pages. In addition, more famous musicians such as Ritchie Valens and Lalo Guerrero are considered anew in relation to their contemporaries and the city. Macías examines language, fashion, and subcultures to trace the history of hip and cool in Los Angeles as well as the Chicano influence on urban culture. He argues that a grass-roots "multicultural urban civility" that challenged the attempted containment of Mexican Americans and African Americans emerged in the neighborhoods, schools, nightclubs, dance halls, and auditoriums of mid-twentieth-century Los Angeles. So take a little trip with Macías, via streetcar or freeway, to a time when Los Angeles had advanced public high school music programs, segregated musicians' union locals, a highbrow municipal Bureau of Music, independent R & B labels, and robust rock and roll and Latin music scenes.

Celebraciones Mexicanas Feb 23 2022 Celebraciones Mexicanas: History, Traditions, and Recipes is the first book to bring the richness and authenticity of the foods of Mexico's main holidays and celebrations to the American home cook. This cultural cookbook offers insight into the traditional Mexican holidays that punctuate Mexican life and provides more than 200 original recipes to add to our Mexican food repertoire. The authors first discuss Mexican eating customs and then cover 25 holidays and festivals throughout the year, from the day of the Virgin of Guadalupe, Carnaval, Cinco de Mayo, to the Day of the Revolution, with family celebrations for rites of passage, too. Each holiday/festival includes historical background and cultural and food information. The lavishly illustrated book is appropriate for those seeking basic knowledge of Mexican cooking and customs as well as aficionados of Mexican cuisine.

Celebrating Latino Folklore Apr 15 2021 Encyclopedia volume A-D of a broad and comprehensive collection of descriptive information regarding all the genres of Latino folklore in the United States, covering the traditions of Americans who trace their ancestry to Mexico, Spain, or Latin America.

Mexico Mar 03 2020 Provides information on the events, people, and issues that have shaped twentieth-century Mexico, covering such topics as history, the economy, art, and culture.

Mexican American Religions Sep 20 2021 A multidisciplinary collection of essays examining the influence of Mexican American religion on Mexican American literature, art, politics, and popular culture.

Culture and Customs of Mexico Apr 03 2020 This book offers a deeper understanding of Mexico's history, institutions, religion, cultural output, leisure, and social customs.

A Treasury of Mexican Folkways Jan 25 2022 The customs, myths, folklore, traditions, beliefs, fiestas, dances, and songs of the Mexican people.

Mexico Mar 27 2022

The African Presence in México Jun 17 2021 For nearly 500 years, the existence and contributions of the African descendants in Mexico have been overlooked. Soon Africans arrived in Mexico in 1519 Yanga, an African leader, founded the first free African township in the Americas (January 6, 1609). Since then Africans have continued to contribute their artistic, culinary, musical, and cultural traditions to Mexican culture through the present day. No exhibition has showcased the history, artistic expressions, and practices of Afro-Mexicans in such a broad scope as this one, which includes a comprehensive range of artwork from 18th Century Colonial Caste Paintings to contemporary artistic expressions.

The Unbroken Thread Jun 05 2020 Housed in the former 16th-century convent of Santo Domingo church, now the Regional Museum of Oaxaca, Mexico, is an important collection of textiles representing the area's

indigenous cultures. The collection includes a wealth of exquisitely made traditional weavings, many that are now considered rare. The Unbroken Thread: Conserving the Textile Traditions of Oaxaca details a joint project of the Getty Conservation Institute and the National Institute of Anthropology and History (INAH) of Mexico to conserve the collection and to document current use of textile traditions in daily life and ceremony. The book contains 145 color photographs of the valuable textiles in the collection, as well as images of local weavers and project participants at work. Subjects include anthropological research, ancient and present-day weaving techniques, analyses of natural dyestuffs, and discussions of the ethical and practical considerations involved in working in Latin America to conserve the materials and practices of living cultures.

Horizons of the Sacred Nov 10 2020 Horizons of the Sacred explores the distinctive worldview underlying the faith and lived religion of Catholics of Mexican descent living in the United States. Religious practices, including devotion to Our Lady of Guadalupe, celebration of the Day of the Dead, the healing tradition of curanderismo, and Good Friday devotions such as the Way of the Cross (Via Crucis), reflect the increasing influence of Mexican traditions in U.S. Catholicism, especially since Mexicans and Mexican Americans are a growing group in most Roman Catholic congregations. In their introduction, Timothy Matovina and Gary Riebe-Estrella analyze the ways Mexican rituals and beliefs pose significant challenges and opportunities for Catholicism in the United States. Original essays by theologians, historians, and ethnographers provide a rich interdisciplinary dialogue on how religious traditions function for Mexican American Catholics, revealing the symbolic world at the heart of their spirituality. The authors speak to the diverse meanings behind these ceremonies, explaining that Mexican American (and other Latino) Catholics use them to express not only religious devotion, but also ethnic identity and patriotism, solidarity, and, in some cases, their condition as exiles. The result is a multilayered vision of Mexican American religion, which touches as well on issues of racism and discrimination, poverty, and the role of women.

Cultural Traditions in Mexico Nov 03 2022 Describes how the blending of native Mexican and Spanish traditions, beliefs, and rituals has resulted in many of the lively and colorful festivals celebrated in Mexico today.

Military Ethos and Visual Culture in Post-conquest Mexico Jan 01 2020 Bringing to bear her extensive knowledge of the cultures of Renaissance Europe and sixteenth-century Mexico, Mónica Domínguez Torres here investigates the significance of military images and symbols in post-Conquest Mexico. She shows how the 'conquest' in fact involved dynamic exchanges between cultures; and that certain interconnections between martial, social and religious elements resonated with similar intensity among Mesoamericans and Europeans, creating indeed cultural bridges between these diverse communities. Multidisciplinary in approach, this study builds on scholarship in the fields of visual, literary and cultural studies to analyse the European and Mesoamerican content of the martial imagery fostered within the indigenous settlements of central Mexico, as well as the ways in which local communities and leaders appropriated, manipulated, modified and reinterpreted foreign visual codes. Military Ethos and Visual Culture in Post-Conquest Mexico draws on post-structuralist and post-colonial approaches to analyse the complex dynamics of identity formation in colonial communities.

Ancient Mexico Sep 01 2022

Breaking the Poverty Cycle Aug 08 2020 "This is a masterly book. The authors have combined vast experience, knowledge of the relevant literature and professional skills with vision, courage and agency. It is a pleasure to read this enthusiastic and at the same time impeaching plea."--Pieter Drenth, Honorary President of All European Academies, The Netherlands

The Oxford History of Mexico Jul 07 2020 The tenth anniversary edition of The Oxford History of Mexico tells the fascinating story of Mexico as it has evolved from the reign of the Aztecs through the twenty-first century. Available for the first time in paperback, this magnificent volume covers the nation's history in a series of essays written by an international team of scholars. Essays have been revised to reflect events of the past decade, recent discoveries, and the newest advances in scholarship, while a new introduction discusses such issues as immigration from Mexico to the United States and the democratization implied by the defeat of the official party in the 2000 and 2006 presidential elections. Newly released to commemorate the bicentennial of the Mexican War of Independence and the centennial of the Mexican Revolution, this

updated and redesigned volume offers an affordable, accessible, and compelling account of Mexico through the ages.

Psychology of the Mexican Jun 29 2022 In his quest to understand and describe the behavior of the Mexican, the distinguished Mexican psychologist R. Díaz-Guerrero combines a strong theoretical interest in the relationship of culture to personality with a pragmatic concern for methodology. This collection of essays is rooted both in studies of Mexican psychology as an independent phenomenon and in cross-cultural comparisons of Mexicans, Mexican-Americans, and Anglo-Americans. Dr. Díaz-Guerrero discusses Mexican attitudes toward sex roles and the family, motivations of the Mexican worker, and other topics. He compares Mexican and American concepts of respect and analyzes the relation between neurosis and the Mexican family structure. He attempts to determine the degree of mental, personal, and social health of urban Mexicans. The importance of basic sociocultural premises, such as "The mother is the dearest person in existence," and "The stricter the parents are, the better the children turn out," is explored. In one essay, Díaz-Guerrero notes the differences in typical reactions to stress in Mexico and the United States, concluding that the American pattern involves active response to stress, whereas the Mexican response tends to be more passive. *Psychology of the Mexican* deals with a variety of historical, psychological, biological, social, economic, and anthropological variables, attempting to treat them in a scientific way through the use of carefully constructed questionnaires, with detailed statistical analyses of the results. On the basis of data obtained in this way, the author formulates broad conceptual schemes with immediate application to the understanding of human behavior in real situations. He is particularly intrigued by the way the individual relates to the significant people in his environment. For the Mexican, he says, such interpersonal relationships are the most important part of life; in contrast to the American insistence on liberty and equality, Mexican culture emphasizes affiliation and love.

Moon Mexico City May 29 2022 Baroque palaces and energetic streets, old-school taquerías and contemporary art: experience this beguiling metropolis with *Moon Mexico City*. Explore the City: Navigate by neighborhood or by activity with color-coded maps or follow a self-guided walk through Mexico City's most interesting neighborhoods See the Sights: Wander the ruins of Tenochtitlán at the Museo del Templo Mayor or visit Frida Kahlo's home. Chicano Folklore Oct 22 2021 A comprehensive overview of the folktales, traditions, rituals, and religious practices of Mexican Americans.

Death Across Cultures May 17 2021 *Death Across Cultures: Death and Dying in Non-Western Cultures*, explores death practices and beliefs, before and after death, around the non-Western world. It includes chapters on countries in Africa, Asia, South America, as well as indigenous people in Australia and North America. These chapters address changes in death rituals and beliefs, medicalization and the industry of death, and the different ways cultures mediate the impacts of modernity. Comparative studies with the west and among countries are included. This book brings together global research conducted by anthropologists,

social scientists and scholars who work closely with individuals from the cultures they are writing about. **Native Peoples of the Gulf Coast of Mexico** Nov 22 2021 For too long, the Gulf Coast of Mexico has been dismissed by scholars as peripheral to the Mesoamerican heartland, but researchers now recognize that much can be learned from this region's cultures. Peoples of the Gulf Coast—particularly those in Veracruz and Tabasco—share so many historical experiences and cultural features that they can fruitfully be viewed as a regional unit for research and analysis. *Native Peoples of the Gulf Coast of Mexico* is the first book to argue that the people of this region constitute a culture area distinct from other parts of Mexico. A pioneering effort by a team of international scholars who summarize hundreds of years of history, this encyclopedic work chronicles the prehistory, ethnohistory, and contemporary issues surrounding the many and varied peoples of the Gulf Coast, bringing together research on cultural groups about which little or only scattered information has been published. The volume includes discussions of the prehispanic period of the Gulf Coast, the ethnohistory of many of the neglected indigenous groups of Veracruz and the Huasteca, the settlement of the American Mediterranean, and the unique geographical and ecological context of the Chontal Maya of Tabasco. It provides descriptions of the Popoluca, Gulf Coast Nahuatl, Totonac, Tepehua, Sierra „Sh-u (Otom'), and Huastec Maya. Each chapter contains a discussion of each group's language, subsistence and settlement patterns, social organization, belief systems, and history of acculturation, and also examines contemporary challenges to the future of each native people. As these contributions reveal, Gulf Coast peoples share not only major cultural features but also historical experiences, such as domination by Hispanic elites beginning in the sixteenth century and subjection to forces of change in Mexico. Yet as contemporary people have been affected by factors such as economic development, increased emigration, and the spread of Protestantism, traditional cultures have become rallying points for ethnic identity. *Native Peoples of the Gulf Coast of Mexico* highlights the significance of the Gulf Coast for anyone interested in the great encounter between the Old and New Worlds and general processes of culture change. By revealing the degree to which these cultures have converged, it represents a major step toward achieving a broader understanding of the peoples of this region and will be an important reference work on these indigenous populations for years to come.

Music in Mexico Mar 15 2021 The complex legacy of Mexico's ethnic past and geographic location have shaped the country and its culture. In *Music in Mexico*, Alejandro L. Madrid uses extensive fieldwork, interviews with performers, eyewitness accounts of performances, and vivid illustrations to guide students through modern-day music practices. Applying three themes - ethnic identity, migration, and media influences - the text explores the music that Mexicans grow up listening to and shows how these traditions are the result of long-standing transnational dialogues. Packaged with a 40-minute audio CD containing musical examples, the text features numerous listening activities that engage students with the music. *Music in Mexico* is one of several case-study volumes that can be used along with *Thinking Musically*, the core book in the Global Music Series. *Thinking Musically* incorporates music from many diverse cultures and establishes the framework for exploring the practice of music around the world. It sets the stage for an array of case-study volumes, each of which focuses on a single area of the world. Each case study uses the contemporary musical situation as a point of departure, covering historical information and traditions as they relate to the present. Visit a <http://www.us.oup.com/us/companion.websites/umbrella/globalmusic/?view=usa> for a list of case studies in the Global Music Series. The website also includes instructional material to accompany each study."

Our Creative Diversity Aug 27 2019

The Mexican Mind! Jul 31 2022 Author Boyé Lafayette De Mente [known internationally known for his books on the business practices, customs and languages of China, Japan, Korea and Mexico] asserts that most people are ignorant of the amazing cultural heritage and character of the Mexican people. He says

that when most people think of great cultural accomplishments they think of Europe and when they think of the exotic and perhaps the erotic they think of the Orient, while unknown to them they have overlooked one of the most unusual and fascinating countries on earth. De Mente uses key words in the Mexican language to identify and explain the contradictions and paradoxes of Mexico—the omnipresent trappings of Catholicism, the macho-cult of Mexican males, the conflicting treatment of females, the savage brutality of the criminal and the rogue cop, the gentle humility of the poor farmer, the warmth, kindness and compassion of the average city dweller and the extreme sensuality of the Mexican mindset. The book also explains why Mexicans are so attached to the culture and why so many foreigners find it so seductive and satisfying that they prefer to live in Mexico.

The Culture Map Nov 30 2019 An international business expert helps you understand and navigate cultural differences in this insightful and practical guide, perfect for both your work and personal life. Americans precede anything negative with three nice comments; French, Dutch, Israelis, and Germans get straight to the point; Latin Americans and Asians are steeped in hierarchy; Scandinavians think the best boss is just one of the crowd. It's no surprise that when they try and talk to each other, chaos breaks out. In *The Culture Map*, INSEAD professor Erin Meyer is your guide through this subtle, sometimes treacherous terrain in which people from starkly different backgrounds are expected to work harmoniously together. She provides a field-tested model for decoding how cultural differences impact international business, and combines a smart analytical framework with practical, actionable advice.

[Cultural Traditions in Mexico](#) Oct 02 2022 Describes how the blending of native Mexican and Spanish traditions, beliefs, and rituals has resulted in many of the lively and colorful festivals celebrated in Mexico today.

The Native Mexican Kitchen Jan 13 2021 A Deep Dive into the Complex and Vibrant Native Culture that is

the Bedrock of Mexican Cuisine, with Over One Hundred Recipes, Including Moles, Pozoles, Chiles en Nogada, and More Mexican cuisine is ubiquitous in the American dining scene, yet it remains far removed from its roots. *The Native Mexican Kitchen* is an homage to the indigenous peoples and their culinary and cultural traditions that create Mexican cuisine, elevating it beyond Americanized tacos and tequila. With recipes by Mexican chef Noel Morales—born of Aztec and Omec blood, grandson to a mezcalero, and raised by native dancers—*The Native Mexican Kitchen* offers its readers the ability to recreate the flavors of centuries-old dishes in a modern kitchen. Morales shares well-known plates such as birria and barbacoa, and beloved market foods like tlayudas and tacos al pastor, as well as a few of his own vegetarian and seafood creations. Signature mezcal cocktails and decadent desserts adorn these pages, while the *Medicinales* section includes teas, tinctures, and baths of traditionally used herbs for a variety of ailments, such as colds, muscle tension, and infertility. Author Rachel Glueck provides rare access and insight into a Mexico that few foreigners or nationals see today, leading you through indigenous festivals with masked dancers, bountiful market places, and sacred pilgrimage sites. Unwrap the philosophies and customs of Mexico's native communities and discover the depth of this magical country and how you can welcome it into your own kitchen. Personal stories of mezcaleros, traditional cooks, and native healers are accentuated by 130 stunning photographs and are woven through with mouth-watering recipes. With pages bursting with color, culture, and wisdom, you'll discover a Mexico you never knew existed.
