Blue Truth Jan 19 2022 You are deeper than your life shows, and you know it. You are more loving than your relationships allow, more brilliant than your career suggests. In your secret depth of being, you are infinite, creative, boundless and utterly unable to press your full glory into the world. Or so it seems. In Blue Truth, David Deida presents a treasury of skills and insights for uncovering and offering your true heart of purpose, passion, and unquenchable love. In Part One, Deida shows you how to open as the entirety of the moment, feeling as deep inside and as far outside as you can, for as long as now opens. In Part Two, he reveals how to walk this path in the wilderness of intimate relationship, illuminating the art and play of sexual gifting, including how to expertly navigate the tangle of anger, jealousy, fear, lust, and much, much more. "Knowing the truth is fairly useless; feeling it is profound; living it makes all the difference," teaches David Deida. With Blue Truth, you have an unprecedented guide for living your own deep truth, and awakening "as the bare openness you are, in the free offering of love to all." Blue Truth was named by Spirituality & Health Magazine (June 2006 issue) as one of the Best Spiritual Books of 2005, in the Personal Growth category. Praise "Blue Truth is a brilliant book, absolutely gorgeous. Ancient wisdom on sacred sexuality, freed of historical and cultural trappings, glows from these pages in exhilarating, luminous prose. Deida brilliantly lays bare the hidden psychology of feminine and masculine and offers clear instructions for tapping into our deepest core and achieving true harmony through sexual intimacy. I feel that Deida has reached a new level of poetic genius in his writing, and his understanding of feminine psychology astounds me. I am just knocked out by this book." —Miranda Shaw, PhD, author of *Passionate Enlightenment: Women in Tantric Buddhism* "David Deida is in the dynamic living oral tradition of maverick spiritual teachers who, like free-jazz musicians, can riff directly on Reality, outside of established forms. Mark my words: in a future that I hope is not too far off, David Deida's original Western Dharma will be widely known as one of the most sublime and accessible expressions of the essence of spiritual practice that is freely offered today." —Lama Surya Das, bestselling author of *Awakening the Buddha Within* "The openness, the love! What lively new language David Deida finds for the unsayable." —Coleman Barks, author of *The Essential Rumi*

Women are Superior to Men Jun 12 2021 Since I published my book "Sweet and Sour women", I have had a lot questions from both men and women, of who I think is better. I carried out both qualitative, quantitative, social-legal and comparative research include journals, books internet internationally etc. My opinion is that women are superior to men especially in the western countries. However women in communist, Arab, Africa and Asia countries are also show some areas of superiority. In my opinion women do not need men. In fact sometimes men may be hinderance in women life.Despite hardships and numerous challenges, women have emerged better and far superior to men across multiple disciplines. include education politics, Space travelling, sports, music, profession, take over male dominated profession communication, billionaire, won academy award, business, employment, Army, actress movies etc. I propose to research in wide spectrum where women journey from submission to victory, from misery to happiness, from slavery to master. I intend to look at different geography areas include Western countries, (Europe and America) communist countries, Africa Asia Jamaica, Arab different colour of skin, they journey of some women, the hindrance and struggle of women and more. In all these areas women have shown superiority in specific targeted. Of Course due to politics, culture, traditional, the law of the countries national and international laws which sometimes make it difficult to enforce these laws to the detriment of womenCan communicate faster.Some reason women are better than men includeCan have babies without a man sperm, Can have babies without husband or male friend, Enjoy better sexual with orgasm without menlive longer than men, Communication expertscan tolerate pain, Multi-tasking, Female brain has better healing abilityget things done have super powers that get things done"grow" other human beings inside themDetail oriented Psychic powers are smarter than menare more sensual than men. are cleaner than men.have better immune systems than men. have better memory than men.handle stress better than men. are better computer programmers than men.make better doctors than men. make better leaders than men.are better drivers than men. make better cops than menmake better students than men. are better with money than men.Girls mature more quickl

Instant Enlightenment Jun 24 2022 Explore the Other Side of Enlightenment Does enlightenment have a dark side? It does, explains David Deida, but instead of closing to what seems unloving, we can learn to open as what we would rather avoid. In *Instant Enlightenment*, this maverick author and teacher offers a "rude awakening" through a collection of daring exercises and practices intended to provoke, challenge, and immediately reveal the ever-present "love that lives all things." Each pithy chapter encourages readers to blast the light of consciousness on the taboos we hide in shadow, from our ideas about sex and money to emotions and spirituality. *Instant Enlightenment* will surprise and possibly offend you—but it will lead you "fast and suddenly" to the realization of the sacred entirety of your experience. "Dive straight into this book. Open to any page and read for two minutes, and you'll see that you are instant enlightenment."—Ken Wilber, author of *A Brief History of Everything*

A Superior Man Jan 07 2021 For more than thirty years, Paul Yee has written about his Chinese-Canadian heritage in award-winning books for young readers as well as adult non-fiction. Here, in his first work of fiction for adults, he takes us on a harrowing journey into a milestone event of Canadian history: the use of Chinese coolies to help build the Canadian Pacific Railway in British Columbia in hazardous conditions. After the CPR is built in 1885, Yang Hok, a former coolie, treks along the railway to return his half-Chinese/half-Native son to the boy's mother where he confronts the conflicts arising from road-building among the Chinese and Native peoples. Hok's guide on the often perilous trip, Sam Bing Lew, also of mixed Chinese-Native blood, urges Hok to take his son to China, while Hok has dreams of finding fortune in America. The two men agree on little, as many issues fester between Chinese and Natives at a time when both races were disdained as inferior by whites ("redbeards"). This far-reaching novel crackles with the brutal, visceral energy of the time—a period marked by contraband, illegal gambling, disfigurement, and death. It also depicts the bawdy world of Chinese "bachelors," whose families remained in China while they worked in Canada, and who enjoyed more freedom to live their lives without restraint. Yang Hok is not an easy man to like; but through the blood and sweat of his experience, he aspires to become the "superior man" he knows he should be. Boldly frank and steeped in history, *A Superior Man* paints a vivid portrait of the experience of the Chinese in North America in the 19th century. Paul Yee's twenty-seven books for young people include the Governor General's Award-winning *Ghost Train*. This is his first novel for adults.

King, Warrior, Magician, Lover Dec 06 2020 The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). *King, Warrior, Magician, Lover* is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

The Will to Change Apr 29 2020 Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women. A brave and astonishing work, *The Will to Change* is designed to help men reclaim the best part of themselves.

The Sex-Starved Wife Aug 02 2020 In 2003, bestselling author and relationship expert Michele Weiner Davis' groundbreaking book, *The Sex-Starved Marriage* described the problems that occur in marriage when one spouse is vastly more interested in sex than the other and more importantly, what the couple could do to fix things. The book created quite a stir, but no one expected what happened next. Weiner Davis was flooded with e-mails, letters, and phone calls from women, not with "headaches" and other predictable excuses for avoiding sex, but from women who were desperately unhappy because their husbands weren't the least bit interested in sex. Nothing these women said or did got their men to understand the pain and isolation that comes from a sexual void, and despite heartfelt pleas, they were unable to convince their husbands to seek professional help. Add to this the unspoken taboo about discussing low libido in men, and these women were left to believe that they were the only ones dealing with this problem. If this sounds like your situation, Weiner Davis wants to tell you that you are not alone, and it is not your fault: there is a whole host of reasons why your husband might be experiencing low desire. Although Weiner Davis explains reasons men lose interest in sex—biological issues, personal troubles, and relationship problems—she's convinced that understanding the cause of a problem won't make your sex life any juicier; doing something about it will. *The Sex-Starved Wife* gives you the tools you need to present the information in the book so that your husband will not become defensive. You'll even learn methods for overcoming sexual dysfunctions such as performance anxiety, premature ejaculation, and effective ways for dealing with pornography or infidelity. If you and your spouse need additional support, Weiner Davis offers concrete advice on how to get your man to visit his doctor or seek other professional help. When it comes to marriage, Weiner Davis has seen it all. She knows how important loving, satisfying sex is to a healthy marriage. The straightforward, psychobabble-free advice in this book will help you create the intimacy and connection for which you've been longing.

The Cave Girl (????) May 11 2021 The creature dodged back, and the blow that would have crushed its skull grazed a hairbreadth from its face. Waldo struck no second blow, and the cold sweat sprang to his forehead when he realized how nearly he had come to murdering a young girl. "I crave your pardon," he said. "I had no idea that there was a lady here. I am very glad that I did not injure you." But now his attention was required by more pressing affairs -- the cave men were returning to the attack. . . .

Iron John Apr 10 2021 "In this timeless and deeply learned classic, poet and translator Robert Bly offers nothing less than a new vision of what it means to be a man. Bly's vision is based on his ongoing work with men, as well as on reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John"—in which a mentor or "Wild Man" guides a young man through eight stages of male growth—to remind us of ways of knowing long forgotten, images of deep and vigorous masculinity centered in feeling and protective of the young. At once down-to-earth and elevated, combining the grandeur of myth with the practical and often painful lessons of our own histories, *Iron John* is an astonishing work that will continue to guide and inspire men—and women—for years to come"—

Halfway Up The Mountain May 31 2020 Caplan (*TO TOUCH IS TO LIVE*) asserts that "the reality of the present condition of contemporary spirituality in the West is one of grave distortion, confusion, fraud, and a fundamental lack of education." She claims that, as positive as the tremendous rise in spirituality is, there is not any context for determining whether any particular teaching, or teacher, is truly enlightening. Caplan compiles interviews with such noted spiritual masters as Joan Halifax, Llewellyn Vaughan-Lee and Rabbi Zalman Schachter-Shalomi on the nature of enlightenment. In the first section, Caplan examines the motivations people have for seeking enlightenment and contends that very often they seek this state as a means of gratifying the ego. This "presumption of enlightenment," she says, often afflicts teachers masquerading as spiritual leaders. These teachers sometimes look down on their students and gloat over how far they have come and how far the students have to go. A second section focuses on "The Dangers of Mystical Experience," in which Caplan claims that many seekers mistake the mystical experience itself for enlightenment; she and the teachers she interviews all assert that enlightenment always involves gaining some

knowledge about self and others. The third section, "Corruption and Consequence," focuses on the nature of power and corruption; the fourth section, "Navigating the Mine Field: Preventing Dangers on the Path," provides a survey of the ways in which practitioners can avoid the "pitfalls of false enlightenment." A final section, "Disillusionment, Humility and the Beginning of Spiritual Life," concludes that "the Real spiritual life [is] the life of total annihilation and the return to just what is." Caplan's illuminating book calls into question the motives of the spiritual snake handlers of the modern age and urges seekers to pay the price of traveling the hard road to true enlightenment.

(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, *Volume Three*, was wack. People set higher standards for me, and I love it.

Passionate Enlightenment Oct 24 2019 The now-classic exploration of the role of women and the feminine in Buddhist Tantra The crowning cultural achievement of medieval India, Tantric Buddhism is known in the West primarily for the sexual practices of its adherents, who strive to transform erotic passion into spiritual bliss. Historians of religion have long held that this attempted enlightenment was for men only, and that women in the movement were at best marginal and subordinated and at worst degraded and exploited. In *Passionate Enlightenment*, Miranda Shaw argues to the contrary and presents extensive evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality. Including a new preface by the author, this Princeton Classics edition makes an essential work available for new audiences.
