Divine Presence in Spain and Western Europe 1500–1960 Aug 05 2020 This study addresses the relation of people to divine beings in contemporary and historical communities, as exemplified in three strands. One is a long tradition of visions of mysterious wayfarers in rural Spain who bring otherworldly news and help, including recent examples. Another treats the seeming vivification of religious images—statues, paintings, engravings, and photographs apparently exuding blood, sweat and tears in Spanish homes and churches in the early modern period and the revival of the phenomenon throughout Europe in the twentieth century. Of special interest is the third strand of the book: the transposition of medieval and early modern representations of the relations between humans and the divine into the modern art of photography. Christian presents a pictorial examination of the phenomenon with a large number of religious images, commercial postcards and family photographs from the first half of past century Europe.

Abelard Jun 02 2020 To lure pretty Epily, little chick Abelard sees only one solution: to catch the moon for her. So off he goes to America, the country that invented flying machines. Armed with his banjo and his proverb-sharing hat, he launches out on the country roads, where he meets Gaston, a grumpy bear with whom he shares his plan. As opposed to dreamer Abelard, Gaston has his feet firmly planted on the ground. This humorous comic, where the absurd becomes poetry, explores philosophical ideas through a simple, fanciful story.

Oral Literature in Africa Dec 29 2019 Ruth Finnegan's Oral Literature in Africa was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's ground-breaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on poetry, prose, "drum language" and drama, and an overview of the social, linguistic and historical background of oral literature in Africa. This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.
