Born to Run Jul 23 2022 At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Son of Sedonia Mar 07 2021 Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but sick and weak since childhood, he is painfully dependent on Jogun: loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. Son of Sedonia is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours.

Back to Venice Apr 08 2021 Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Tears Mar 27 2020 A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget when dealing with grief. Contained within this collection *Heaven's Calling BOY: Built to Love The Missing Years of Thomas Pritchard* (unpublished short story) *Alone Heaven's Calling Josh and Holly* could face anything thrown at them all the time they had each other. Their love would conquer anything and the world was their oyster. But when a tragic accident tears Josh away from Holly she realises that, without her husband, she cannot cope and her world begins to crumble; her loss being more than she can handle. Until, that is, she receives a phone call. Her late husband. The same time every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? *Boy: Built to Love* No parent should have to bury their own child and yet that was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create *A Boy: Built to Love*? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? *The Missing Years of Thomas Pritchard August 3rd. 6:03am.* The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. * * * * August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking

woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home.

A Damn Close-Run Thing Oct 26 2022 "It was a damn close-run thing" — Major-General Moore, commander of the British land forces in the South Atlantic In 1982, the average Briton didn't know the Falkland Islands existed, let alone their status as a disputed British territory just off the coast of Argentina. That changed when the Argentinians invaded the islands and overwhelmed the small defending force. Both nations claimed the islands were theirs, but now Argentina thought the British would give them up without a fight. They were wrong. Britain sent a task force into the South Atlantic to re-take the islands, and the short, intense war that followed was—in the words of Major-General Sir John Jeremy Moore—"a damn close-run thing." This short history sums up the events leading up to the war and its major military actions including details of an Argentinian plan to sink a Royal Navy ship in Gibraltar harbour (foiled at the last minute by Spanish police) and an audacious British plan to land SAS soldiers in Argentina to destroy Exocet-carrying aircraft while they were still on the ground.

Fight to the Finish May 29 2020 'Mallinson . . . combines the authority of a soldier-turned-military historian with the imaginative touch of the historical novelist.' Lawrence James, THE TIMES We remember months, because months have names, because they are linked to the seasons, and because they have their own character. Looking at the First World War month by month reveals its complexity while preserving a sense of time. From the opening shots to the signing of the armistice, the First World War lasted almost 52 months. It was fought on land, sea and in the air. It became industrial, and unrestricted: poison gas, aerial bombing of cities, and the sinking without warning of merchantmen and passenger ships by submarines. Casualties, military and civilian, probably exceeded 40 million. Four empires collapsed during the course of the war – the German, Austro-Hungarian, Russian and Ottoman. The First World War is almost impossible to comprehend. Day-by-day narratives can be dizzying for the reader wanting to make sense of the conflict as a whole. Freer-flowing accounts, while helping to understand the broader trends and factors, can give less of a sense of the human dimension of time. The month is a more digestible gauge. Based on the Allan Mallinson's monthly commentaries in The Times throughout the centenary, *Fight to the Finish* is a new and original portrait of "The War to End War."

Turning This Thing Around Oct 02 2020 *Turning This Thing Around* is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles—a debilitating arthritic disease, narcolepsy, anxiety and depression—the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, *Turning This Thing Around* has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so—and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in *The Glass Castle*, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in *Eat, Pray, Love*. Rather, *Turning This Thing Around* is a story of a normal young man's resiliency when battling extraordinary circumstances.

***** January 1830, and one of the hardest winters in memory... *The prime minister, the Iron Duke, is resisting growing calls for parliamentary reform, provoking scenes of violent unrest in the countryside. Against this inflammable backdrop Lieutenant-Colonel Matthew Hervey, recently returned from an assignment in the Balkans, takes command of his regiment, the 6th Light Dragoons. His fears that things might be a little dull are quickly dispelled by the everyday business of vexatious officers, NCOs promotions and incendiaries on the doorstep of the King himself. But it's when the Sixth are sent to Brussels for the fifteenth anniversary celebrations of the battle of Waterloo and find themselves caught up in the Belgian uprising against Dutch rule that the excitement really starts. Will Hervey be able to keep out of the fighting - a war that would lead, nearly a century later, to Britain's involvement in an altogether different war - while safeguarding his country's interests? Not likely!*
