Majestic Dec 26 2021 It is time for the truth to be told... On July 2, 1947 something crashed in the desert outside of Roswell, New Mexico. An explosion of light and sound made the sheep wail, the chickens squawk, and the children scream. And then the ranchers heard a noise they thought could only have come from the devil himself. For forty years, Majestic Agency director Wilfred Stone helped the CIA pretend the landing never happened. Then his conscience got the better of him. This is the real story, told to reporter Nicholas A. Duke by the guilt-racked shell of the man who once worked tirelessly to cover it all up. It is a truth so terrifying that Whitley Strieber had to call it fiction.

The Communion Letters Oct 12 2020 THE HEART OF THE MYSTERY They are called Others, Visitors, Grays, Friends, or Strangers. No one knows who or what they are. But due to intense investigations of the past few years, resulting from the publication of the controversial bestseller *Communion*, their reality is no longer a question. THEY ARE AMONG US. These letters, often awkward, sometimes incredulous, and always searingly honest, document the fact that hundreds of thousands have experienced the *Communion* phenomena: childhood visitations, the "nine knocks," mysterious scars and implants, abductions, sexual encounters, and "black sedans." It's all here. Unvarnished and irrefutable. Assembled for the first time, these letters lead us to the heart of the greatest mystery of our age. For it is in these authentic personal encounters of ordinary men and women that we come closest to the truth about who They are and what They want with us. In the dramatic words of Whitley Strieber, these letters report—a courtship.

Miraculous Journey Jun 07 2020 Since she had a brain hemorrhage in 2004, Anne Strieber, the wife of famed writer Whitley Strieber, has lived a life of miracles, and in this book Anne and Whitley share their stories of her near death experience, her miraculous recovery and the life of miracles that has followed. Now Anne faces an even greater challenge, a brain tumor. Excellent care and a holistic, joyous approach to the challenge has given her a real chance against what is usually a devastating disease. The Striebers, who have been happily married for 42 years, bring the wisdom and the love of their long marriage to their new challenge, and find that, in adversity like this, it is possible to find the true miracle of why we live our lives in the first place. Life is the miraculous journey, death at once an end and a joyous new beginning. For anyone facing serious illness, or just wondering how to cope when they enter this inevitable stage of life, *Miraculous Journey* offers wisdom and support, and for those dealing with strokes and brain tumors, it is full of treatment insights, valuable knowledge and comfort.

Breakthrough Jul 09 2020 This account of Whitley Strieber's five-year struggle to understand the alien beings he had encountered, reveals the questions he asked the visitors, and the astounding and extensively witnessed journey of revelation the alien beings took him on.

Solving the Communion Enigma Sep 22 2021 The bestselling author probes the ultimate significance behind today's increasing reports of UFOs, alien abductions, crop circles, and other unexplained phenomena—and what they mean for humanity's immediate future. In 1987 writer Whitley Strieber exposed the world to the truth about alien abduction in his landmark memoir, *Communion*. For the first time in years, Strieber revisits his encounter with alien intelligences—but now dramatically widens his search to explore how "the visitors" connect with today's persistent and globe-spanning reports of anomalous phenomena, such as crop circles, cattle mutilations, UFO sightings, alien abductions, near-death experiences, close encounters, and unexplained bodily implants. In his magisterial style, Strieber contextualizes these bizarre and unsettling reports with his own childhood memories of strange schools, sinister experiments, and family secrets. In exploring today's most convincing cases of unexplained phenomena, Strieber reasons that they are not unrelated events. Nor are they the result of mass delusion. In some of his most persuasive writing, Strieber argues that the wave of mysterious episodes marks a transition that humanity is undergoing right now. Against all conscious understanding, we are experiencing a broadened awareness of dimensions of reality that exist beyond our current perceptions.

The Secret School Jul 29 2019 'We forget so much of childhood, but why? And why does at least some of it seem like such an important loss?' In this ground-breaking book, Strieber explores the

strangeness of childhood and posits that the essential innocence of children is 'unearthly' and that this must be because of alien visitation and education in our early years. He presents an argument, using his own research and experiences of alien visitation, to support his theory that we are being 'invaded' by alien communities from other planets which are essentially good and that they leave us when we become adults leaving us with a constant sense of their missing presence.

Communion Aug 02 2022 The author of "The Wolfen" and "The Hunger" tells the true story of his encounters with intelligent nonhuman beings and explains how his initial skepticism turned into a frightened but clear and open curiosity

The Day After Tomorrow Jan 03 2020 The planet is warming up and as the ice caps melt, the great currents of the oceans shift and the Northern Hemisphere is plunged into a new ice age. One scientist has the key to turning back the clock of global warming. But as Western civilisation succumbs to blizzards and tidal waves and the population of the Northern hemisphere begins a mass exodus south, mankind's only saviour is making a lonely, terror-filled trip north. To a New York disappearing under snowdrifts hundreds of feet high. The city where his son was last heard of.

A New World Oct 24 2021 In September of 2015 the visitors in Whitley Strieber's immortal bestseller Communion returned to his life. A New World details their powerful message: A new world is coming...if we can take it. In 2018, the US Navy admitted that videos taken off the carrier Nimitz by pilots using ultra-sophisticated cameras were of unknown objects with incredible flight characteristics. Add to this the past seventy years of UFO evidence, and it is now undeniable that something unknown is flying around in our skies. But why are they here? There are millions of close encounter witnesses who would say that they are here for us, and have already been in contact with us for two generations, while the official world and the media have been in denial. In 1987, author Whitley Strieber published Communion about his own close encounter. It was met with brutal skepticism...but not from other close encounter witnesses, who wrote him in the hundreds of thousands, telling of their own experiences. With these overwhelming accounts of alien encounters, Rice University in Houston, Texas, has archived these letters as a testimony that we are not alone. After thirty-three years of having them in his life, and an entirely new group of encounters starting in 2015, Whitley Strieber returns with a new vision of contact that will shatter all of our previous theories and beliefs and reveal the experience for what it is: the strangest, most powerful, and potentially most important thing that has ever happened to mankind.

The Wolfen Mar 17 2021

The Key Jul 01 2022 From the bestselling author of Communion comes the mysterious true story of how an unknown visitor barged into Strieber's hotel room late one night--and imparted extraordinary lessons in personal development and man's fate that challenge us to rethink every assumption about the meaning of life. At two-thirty in the morning of June 6, 1998, Whitley Strieber was awakened by somebody knocking on his hotel room door. A man came in, and everything he said was life-altering. This is the unsettling and ultimately enlightening narrative of what happened that night. Strieber was never really sure who this strange and knowing visitor was--a "Master of Wisdom"? A figure from a different realm of consciousness? A preternaturally intelligent being? He called him the Master of the Key. The one thing of which Strieber was certain is that both the man and the encounter were real. The main concern of the Master of the Key is to save each of us from self-imprisonment. "Mankind is trapped," the stranger tells Strieber. "I want to help you spring the trap." In a sweeping exchange between Strieber and the stranger--which takes the form of a classical student- teacher dialogue in pursuit of inner understanding--the unknown man presents a lesson in human potential, esoteric psychology, and man's fate. He illuminates why man has been caught in a cycle of repeat violence and self-destruction--and the slender, but very real, possibility for release. In its breadth and intimacy, The Key is on par with contemporary metaphysical traditions, such as A Course in Miracles, or even with the dialogues of modern wisdom teachers, such as D.T. Suzuki and Carl Jung.

Jesus: a New Vision Oct 31 2019 "Jesus: A New Vision is at once a magisterial work of scholarship

and a completely new approach to the meaning and message of Jesus. It comes at a time when the western world is divided between a declining number of believers in Christian doctrine and an ever-increasing number of people who feel that Jesus was nothing more than a religious zealot who was executed for the crime of sedition. What if neither of these approaches is right? What if Jesus really did perform miracles, including the resurrection, but that this says not that he was a deity, but that he was exercising human powers which are buried within us all, and which we do not suspect are there? By exploring the life of Jesus and his teachings in an entirely new way, *Jesus: A New Vision* sheds fresh light on the meaning and power of his parables, explores the mysteries of the gospels of Thomas and Mary with fresh insight, and explains why, as Strieber puts it, he “ committed suicide by crucifixion. ” It also addresses the questions that continue to surround the Shroud of Turin, exploring both the science that concluded that it was a medieval forgery and the more recent studies that have shown it to be something very different. It explores what happened after Jesus ’ s death that led to the ultra-violence that destroyed the entire polytheistic culture of the Roman Empire, and explains why this greatest of all human revolutions happened, relating it to the pandemics and uncontrollable migrations that resulted from a climate change event that began around 150 A.D. and led to extraordinary disruptions that the Romans, knowing nothing of solar variability, blamed on their gods.”--Amazon.com

*Confirmation* Apr 05 2020 The sequel to the international bestseller: *COMMUNION*. In this enthralling book, Strieber attempts to posit hard evidence for the reality of his own abduction

experience and close encounters that many he has been in contact with have experienced. Strieber feels that something truly earth-shattering is going on and that mankind has been rendered vulnerable. This is his quest for understanding but also a thorough and rational examination of facts, particularly of what may be tangible evidence including explosive new detail on implants removed from people's bodies and material from crash sites.

Hybrids Dec 14 2020 For years, people have feared that sexual material removed from victims of alien abductions might lead to the creation of something that modern science considers impossible: hybrids of the alien and the human. They would think like aliens, but appear human, and be able to do something that full-blooded aliens can't--walk the earth freely. In *Hybrids*, Whitley Strieber unleashes his unparalleled skills as a thriller writer and his unique knowledge of the abduction phenomenon to explore, what might happen if hybrids invaded the earth--not from the stars, but from exactly where the aliens told him they would emerge, when one of them said, "We will come from within you." Report on Communion Jun 19 2021 Presents an investigation of the claims presented in "Communion," Whitley Strieber's account of an extraterrestrial abduction, discussing the significance of this event, and other "visitor" experiences

The Super Natural Jan 27 2022 Two of today's maverick authors on anomalous experience present a perception-altering and intellectually thrilling analysis of why the paranormal is real, but radically different from what is conventionally understood. Whitley Strieber (*Communion*) and Jeffrey J. Kripal (J. Newton Rayzor professor of religion at Rice University) team up on this unprecedented and intellectually vibrant new framing of inexplicable events and experiences. Rather than merely document the anomalous, these authors--one the man who popularized alien abduction and the other a renowned scholar and "renegade advocate for including the paranormal in religious studies" (*The New York Times*)--deliver a fast-paced and exhilarating study of why the supernatural is neither fantasy nor fiction but a vital and authentic aspect of life. Their suggestion? That all kinds of "impossible" things, from extra-dimensional beings to bilocation to bumps in the night, are not impossible at all: rather, they are a part of our natural world. But this natural world is immeasurably more weird, more wonderful, and probably more populated than we have so far imagined with our current categories and cultures, which are what really make these things seem "impossible." *The Super Natural* considers that the natural world is actually a "super natural world"--and all we have to do to see this is to change the lenses through which we are looking at it and the languages through which we are presently limiting it. In short: The extraordinary exists if we know how to look at and think about it.

The Afterlife Revolution Nov 24 2021 Can love endure even after death? The Afterlife Revolution, written by Whitley and Anne Strieber, is among the most convincing stories of afterlife communication ever told, and is a ringing endorsement not only of the fact that we do not die, but also that the power of love can create an actual bridge between the physical and nonphysical worlds. After Anne Strieber died in August 2015, she returned to her husband, Whitley, in an ingenious and convincing way. Whitley began to communicate with her, and The Afterlife Revolution began out of this exchange of love from both worlds. Whitley's grief at her loss has transformed into a warm and deeply satisfying new form of love. After a near-death experience in 2004, Anne Strieber became an expert in afterlife studies and created an ingenious plan of contact, which, to her husband Whitley's amazement, she proceeded to carry out, starting just an hour and a half after she died. As verified by famed afterlife researcher Dr. Gary Schwartz, who wrote the foreword, The Afterlife Revolution is among the most convincing stories of afterlife communication ever told, and is a ringing endorsement not only of the fact that we do not die, but also that the power of love can create an actual bridge between the physical and nonphysical worlds. The book points the way to a new relationship between the living and, as Anne puts it, "what you call the dead." Anne tells of her experience on the other side, saying that "we are light, alive," and that "enlightenment is what comes when there is nothing left of us but love." Her descriptions of the afterlife, communicated to Whitley from the afterlife, are brilliantly articulate and nuanced, at once deeply familiar and uniquely her own. The Afterlife Revolution shows how to use basic tools such as what Anne describes as "objective love" combined with a simple but special form of meditation to build a relationship between physical and nonphysical worlds. It is intended to help us find that sweet point at which the souls of the living touch those of the dead. As Anne says, "Mankind is divided, not so much between the sexes as between the living and what are called the dead. It isn't natural and it isn't necessary. We can become whole." The Afterlife Revolution is about the joy of doing just that, and the magnificent new human experience that will unfold as more and more of us learn to live in this way.

Lilith's Dream Feb 02 2020 An ancient vampire, beautiful beyond words, a vulnerable young man drawn to her by a power beyond his understanding, two desperate parents searching across the world for the son they love -- these are the riveting, unexpected elements of Whitley Strieber's extraordinary new novel. Lilith, the ages-old mother of the dying race of vampires, has been forced to come out of her cave deep in the Egyptian desert in search of food -- human blood. But she knows nothing about the modern world. She can't drive a car, rent a room, turn on a TV. She struggles to New York, penniless, vulnerable, and starving, protected only by her beauty and her power to capture men with desire...especially certain very special men. The instant she sees young Ian Ward, she knows that he is part vampire himself. She knows that Ian, if he ever tastes human blood, will belong to her forever. And she needs him desperately, to help her survive and live in this harsh new world of jets and credit cards and guns. She sets out on a campaign of seduction -- as sensuous as it is terrifying -- to touch human blood to Ian's lips, which will then become for him a drug a thousand times more addictive than heroin. Ian's father, Paul Ward, part vampire turned expert and obsessive hunter of vampires, knows that if the blood transforms Ian, Paul will have to kill his own son. The titanic conflict between father and son and seductress, hunter and hunted and huntress, comes to its surprise conclusion in the secret chambers beneath the great pyramids, where the hidden truths of all human history are stored. From its beginning in the dark back alleys of Cairo to its totally unexpected ending, Lilith's Dream draws the reader down seductive new paths of discovery, into places where no novel has ever before. With Lilith's Dream Whitley Strieber has created a vampire so original and a story so new that he has virtually invented a new genre.
