Research Handbook on Asian Competition Law Jun 15 2021 This timely Research Handbook provides a comprehensive overview and discussion of the substantive competition law provisions of the ASEAN Plus Three region, including Hong Kong and Taiwan. Taking a unique comparative perspective, chapters examine Asian competition laws in relation to the existing laws that served as models for them, analysing how and why they deviate.

[The Psychology Research Handbook](#) Jun 27 2022 This research guide includes practical instructions for graduate students and research assistants on the process of research planning and design, data collection and analysis and the writing of results. It also features chapters co-written by advanced research students providing real-world examples.

[The Social Work Student's Research Handbook](#) Nov 28 2019 This second edition of The Social Work Student's Research Handbook provides an essential guide for social work students beginning to participate in research. Practical and easy to use, this comprehensive handbook provides instant access to the nuts and bolts of social work research. Each chapter in this second edition has been updated to reflect the dynamic and changing nature of social work research, and three new topical chapters have been included that offer new food for thought on research context and ethics and on the role of evidence in professional practice. The book is intended as a resource to complement the dense and heavy research books available. This text provides the tools students need to fully engage with their research and is an essential reference aid for use alongside professional literature for selecting a problem for social work study with consideration of context and ethics; identifying a design type; developing or selecting an instrument; developing a sampling strategy; collecting and analyzing data; and organizing, writing, disseminating, and utilizing results in a politically sensitive way. The Social Work Student's Research Handbook is an invaluable resource for undergraduate and graduate social work students as well as practitioners new to the field as they apply what they've learned in research courses toward consuming research effectively, implementing original research projects, and ultimately, toward becoming an evidence-based practitioner.

Research Handbook on Information Policy Sep 30 2022 This comprehensive and innovative Research Handbook tackles the pressing issues confronting us at the dawn of the global network society, including freedom of speech, government transparency and the digital divide. Representing a milestone in information policy research, this new volume edited by Alistair Duff brings together leading contributors from a wide range of disciplines to discuss important topics such as genetic information, news and privacy, and provides case studies on cyber harms, freedom of information and national digitization policy. Engaging with controversial problems of public policy including freedom of expression, copyright and information inequality, the Research Handbook on Information Policy offers a well-rounded exploration of the history and future of this vital field. Systematically addressing both general theory and specific issues, as well as providing international perspectives, this Research Handbook will be of particular interest to academics and students in the disciplines of information science, journalism and media studies, politics, sociology, philosophy and law.

[Research Handbook on Law and Religion](#) Jul 05 2020 Offering an interdisciplinary, international and philosophical perspective, this comprehensive Research Handbook explores both perennial and recent legal issues that concern the modern state and its interaction with religious communities and individuals.

Research Handbook on Human Rights and Humanitarian Law Mar 13 2021 'This volume by Robert Kolb and Gloria Gaggioli, contributed by some of the most renowned experts in the field, devotes an impressive amount of legal analysis to the most diverse aspects of the interplay between international humanitarian law and international human rights law in situations of violence, in theory and practice. It is bound to become an indispensable tool for scholars and practitioners alike.' Marco Pedrazzi, University of Milan, Italy This fascinating Handbook explores the interplay between international human rights law and international humanitarian law, offering expert analysis on the increasingly complex issues surrounding their application in conflict areas across the world. Contributors to this volume provide a comprehensive treatment of the ongoing relationship between human rights law and humanitarian law, from the historical background and origins of the two bodies of law to their various applications today. Divided into four parts Historical Background, Common Issues, The Need for a Combined Approach, and Monitoring Mechanisms the Handbook presents a rich and varied spectrum of original research and thought from some of the brightest minds in the field. This groundbreaking volume will surely have great appeal for anyone with a professional or academic interest in human rights law and humanitarian law, from students to professors to practitioners in the field.

Research Handbook on the Sociology of the Family Sep 26 2019 Exploring how family life has radically changed in recent decades, this comprehensive Research Handbook tracks the latest developments and trends in scholarly work on the family. With a particular focus on the European context, it addresses current debates and offers insights into key topics including: the division of housework, family forms and living arrangements, intergenerational relationships, partner choice, divorce and fertility behaviour.

[Research Handbook on the Future of EU Copyright](#) Sep 06 2020 'Estelle Derclaye's book is indeed a Handbook on EU copyright law, since practically every aspect of copyright law is examined through the lens of EU law by foremost European specialists. But it goes further than providing an understanding of what has been and ought to be happening in EU copyright law: each chapter can touch a raw nerve in the copyright law of any country in the world. Rarely has it been so obvious that EU copyright law can be considered a laboratory for copyright law in general.' - Ysolde Gendreau, Université de Montréal, Canada

[Research Handbook on the Economics of Property Law](#) Aug 18 2021 Leading scholars in the field of law and economics contribute their original theoretical and empirical research to this major Handbook. Each chapter analyzes the basic architecture and important features of the institutions of property law from an economic point of view, while also providing an introduction to the issues and literature. Property rights and property systems

vary along a large number of dimensions, and economics has proven very conducive to analyzing these patterns and even the nature of property itself. The contributions found here lend fresh perspectives to the current body of literature, examining topics including: initial acquisition; the commons, anticommons, and semicommons; intellectual property; public rights; abandonment and destruction; standardization of property; property and firms; marital property; bankruptcy as property; titling systems; land surveying; covenants; nuisance; the political economy of property; and takings. The contributors employ a variety of methods and perspectives, demonstrating the fruitfulness of economic modeling, empirical methods, and institutional analysis for the study of both new and familiar problems in property. Legal scholars, economists, and other social scientists interested in property will find this Handbook an often-referenced addition to their libraries.

Corporate Social Responsibility Sep 18 2021 This volume sets the agenda for a developing field of thought from a variety of perspectives from academia, policy, business and the professions. Articulating current thinking, each subject is represented by a scholarly presentation, together with responses from other researchers and practitioners in the field. The book explores and critiques corporate social responsibility (CSR) goals and national, organizational and managerial strategies, whilst reviewing the importance, sustainability and long term value of CSR practice to corporations and civil society.

Research Handbook on Quality, Performance and Accountability in Higher Education Jul 17 2021 As higher education becomes a key determinant for economic competitiveness, institutions face increasing pressure to demonstrate their fitness to meet the needs of society and individuals. Blending innovative research with richly contextualised examples this unique Research Handbook provides authoritative insights from around the globe on how best to understand, assess and improve quality, performance and accountability in higher education.

Research Handbook on Art and Law Jun 03 2020 Featuring international contributions from leading and emerging scholars, this innovative Research Handbook presents a panoramic view of how law sees visual art, and how visual art sees law. It resists the conventional approach to art and law as inherently dissonant – one a discipline preoccupied with rationality, certainty and objectivity; the other a creative enterprise ensconced in the imaginary and inviting multiple, unique and subjective interpretations. Blending these two distinct disciplines, this unique Research Handbook bridges the gap between art and law.

Research Handbook on Torture Aug 06 2020 This Research Handbook is of great importance in an era where torture, whilst universally condemned, remains endemic. It explores the nature of the international prohibition of torture and the various means and mechanisms which have been put in place by the international community in an attempt to make that prohibition a reality. Edited by Chairs of the UN Committee against Torture and of the Subcommittee for the Prevention of Torture, this Research Handbook considers both the legal and medical dimensions of torture, as well as societal and philosophical perspectives. Contributions from experts with personal experience of working with torture victims and survivors in medical, legal and political settings survey practice within the UN and regional human rights systems, international criminal and domestic legal settings, and in medical and rehabilitative contexts. These expert perspectives combine to offer a unique range of insights into the realities of tackling torture in the contemporary world. Critical and timely, the Research Handbook on Torture will prove compulsive reading for students and scholars of human rights. Its practical dimension will also engage practitioners in the field, as well as legal and medical professionals working on torture-related issues.

Research Handbook on Political Economy and Law Dec 10 2020 Events such as the global financial crisis have helped reveal that the drivers and contours of governance on a national and international level remain a mystery in many respects. This is so despite the ever-increasing complexity and sophistication in the management and understanding of economic, legal and political spheres of global society. Set in this context, this timely Research Handbook is the first to explicitly address the constitutive relationship between law and political economy. With scholarly contributions from diverse disciplinary and geographic backgrounds, this authoritative book provides an expansive overview of the legal architecture of the global political economy. It covers, in three parts, topics surrounding money and markets, the relations of organization, and commodities, land and resources. Scholars and policymakers as well as undergraduate and postgraduate law students interested in the intersection of socio-political, economic, and legal dynamics of governance will find this book a thought-provoking and insightful resource.

Research Handbook on Torture May 15 2021 This Research Handbook is of great importance in an era where torture, whilst universally condemned, remains endemic. It explores the nature of the international prohibition of torture and the various means and mechanisms which have been put in place by the international community in an attempt to make that prohibition a reality.

Research Handbook on Gender and Negotiation Mar 01 2020 In this groundbreaking Research Handbook, leading international researchers analyse how negotiators' gender shapes their behaviour and outcomes at the bargaining table, in both work and non-work contexts. World-class experts from the field of negotiation present cutting-edge research on gender and negotiation, highlighting controversies, and generating new questions for consideration. In so doing, this Research Handbook offers helpful insights to negotiators and forges a path for future research.

Taxation Nov 20 2021 Taxation is a subject of enquiry that cuts across a range of disciplines, including law, economics, politics, psychology, history and accountancy, to name a few. However, research into taxation as a social and institutional phenomenon – rather than as abstraction from the real world – is largely neglected. Taxation: A Fieldwork Research Handbook opens up new avenues of enquiry in the research of taxation by offering suggestions on how research might be conducted into actual tax practice, rather than abstract models. This book: Introduces tax as a field of enormous potential for research to all social scientists Explains the methodological issues relating to tax research Provides new opportunities for tax researchers to widen the scope of their enquiries Encourages researchers to think differently about this subject Given the importance of taxation to modern society, not only as a revenue raising mechanism, but also as a tool of governance used to influence social actors, this unique text is a vital read for any social science researcher interested in this subject.

Research Handbook on Territorial Disputes in International Law May 03 2020 Territorial disputes remain a significant source of tension in international relations, representing an important share of interstate cases brought before international tribunals and courts. Analysing the international law applicable to the assessment of territorial claims and the settlement of related disputes, this Research Handbook provides a systematic exposition and in-depth discussions of the relevant key concepts, principles, rules, and techniques. Combining extensive knowledge from across international law, Marcelo Kohen and Mamadou Hébié expertly unite a multinational group of contributors to provide a go-to resource for the settlement of territorial disputes. The different chapters discuss the process through which states establish sovereignty over a territory, and review the different titles of territorial sovereignty, the relation between titles and effectivities, as well as the relevance of state conduct. Select chapters focus on the impact of foundational principles of international law such as the principle of territorial integrity, the right of self-determination and the prohibition of the threat or use of force, on territorial disputes. Finally, technical rules that are crucial for the assessment of territorial claims, especially the techniques of intertemporal law and critical date, as well as evidentiary rules, are presented. An essential resource for practitioners, international law academics and public officials including judges and arbitrators, this Research Handbook is a highly original collection of scholarship and research on territorial disputes and their settlement.

The Undergraduate Research Handbook Oct 27 2019 A practical, research-informed text providing student researchers with models, tasks and activities to enable them to think through, plan, action, write up and present their research.

Research Handbook on Human Rights and Investment Aug 30 2022 The interplay between human rights and investments is a key and complex issue in today's world. To take stock of this importance and to tackle this complexity, this Research Handbook offers a unique multi-faceted approach. It gathers in-depth contributions which focus on the interplay between human rights and investments in various international legal regimes, economic sectors and regions. It also provides thorough analyses of the various types of accountability that may result from the activities of multinational corporations in relation to human rights. This Research Handbook is intended for practitioners, policy-makers, academics and students eager to understand the interaction between human rights and investments in all its dimensions.

Research Handbook on Climate Change and Agricultural Law Apr 01 2020 Research Handbook on Climate Change and Agricultural Law

Research Handbook on the Ombudsman Nov 01 2022 The public sector ombudsman has become one of the most important administrative justice institutions in many countries around the world. This international and interdisciplinary Research Handbook brings together leading scholars and practitioners to discuss the state-of-the-art of ombudsman research. It uses new empirical studies and competing theoretical explanations to critically examine important aspects of the ombudsman's work. This comprehensive Handbook is of value to academics designing future ombudsman studies and practitioners and policymakers in understanding the future challenges of the ombudsman.

Research Handbook in Data Science and Law Mar 25 2022 The use of data in society has seen an exponential growth in recent years. Data science, the field of research concerned with understanding and analyzing data, aims to find ways to operationalize data so that it can be beneficially used in society, for example in health applications, urban governance or smart household devices. The legal questions that accompany the rise of new, data-driven technologies however are underexplored. This book is the first volume that seeks to map the legal implications of the emergence of data science. It discusses the possibilities and limitations imposed by the current legal framework, considers whether regulation is needed to respond to problems raised by data science, and which ethical problems occur in relation to the use of data. It also considers the emergence of Data Science and Law as a new legal discipline.

Social Partnerships and Responsible Business Nov 08 2020 Cross-sector partnerships are widely hailed as a critical means for addressing a wide array of social challenges such as climate change, poverty, education, corruption, and health. Amid all the positive rhetoric of cross-sector partnerships though, critical voices point to the limited success of various initiatives in delivering genuine social change and in providing for real citizen participation. This collection critically examines the motivations for, processes within, and expected and actual outcomes of cross-sector partnerships. In opening up new theoretical, methodological, and practical perspectives on cross-sector social interactions, this book reimagines partnerships in order to explore the potential to contribute to the social good. A multi-disciplinary perspective on partnerships adds serious value to the debate in a range of fields including management, politics, public management, sociology, development studies, and international relations. Contributors to the volume reflect many of these diverse perspectives, enabling the book to provide an account of partnerships that is theoretically rich and methodologically varied. With critical contributions from leading academics such as Barbara Gray, Ans Kolk, John Selsky, and Sandra Waddock, this book is a comprehensive resource which will increase understanding of this vital issue.

Research Handbook on Design Law May 27 2022 Written by expert scholars and practitioners, this unique Research Handbook presents the state of the art in research on, and the practice of, international design law. Combining cutting-edge research with a practical approach, it examines key trends and covers key cases, regional and national laws, as well as concepts of international design protection. In particular, the U.S. framework is compared with the regime of the EU, and issues relating to the Hague Agreement are also covered.

Research Handbook on Directors' Duties Dec 30 2019 The 2008 financial crisis brought increased scrutiny to the ways in which the directors of the world's major financial institutions handle their duties and how they impact investors, shareholders and consumers. In this comprehensive Handbook, leading

Research Handbook on International Drug Policy Jan 29 2020 Analysing arguably one of the most controversial areas in public policy, this pioneering Research Handbook brings together contributions from expert researchers to provide a global overview of the shifting dynamics of drug policy. Emphasising connections between the domestic and the international, contributors illustrate the intersections between drug policy, human rights obligations and the 2030 Sustainable Development Agenda, offering an insightful analysis of the regional dynamics of drug control and the contemporary and emerging problems it is facing.

Research Handbook on the Economics of Antitrust Law Oct 08 2020 One might mistakenly think that the long tradition of economic analysis in antitrust law would mean there is little new to say. Yet the field is surprisingly dynamic and changing. The specially commissioned chapters in this landmark volume offer a rigorous analysis of the field's most current and contentious issues. Focusing on those areas of antitrust economics that are most in flux, leading scholars discuss topics such as: mergers that create unilateral effects or eliminate potential competition; whether market definition is necessary; tying, bundled discounts, and loyalty discounts; a new theory of predatory pricing; assessing vertical price-fixing after Leegin; proving horizontal agreements after Twombly; modern analysis of monopsony power; the economics of antitrust enforcement; international antitrust issues; antitrust in regulated industries; the antitrust-patent intersection; and modern methods for measuring antitrust damages. Students and scholars of law and economics, law practitioners, regulators, and economists with an interest in industrial organization and consulting will find this seminal Handbook an essential and informative resource.

Research Handbook on Nationalism Feb 21 2022 Assembling scholarship on the subject of nationalism from around the world, this Research Handbook brings to the attention of the reader research showcasing the unprecedented expansion of the scholarly field in general and offers a diversity of perspectives on the topic. It highlights the disarray in Western social sciences and the rise in the relative importance of previously independent scholarly traditions of China and post-Soviet societies. Nationalism is the field of study where the mutual relevance of these traditions is both most clearly evident and particularly consequential.

The Palgrave Handbook of Survey Research Jun 23 2019 This handbook is a comprehensive reference guide for researchers, funding agencies and organizations engaged in survey research. Drawing on research from a world-class team of experts, this collection addresses the challenges facing survey-based data collection today as well as the potential opportunities presented by new approaches to survey research, including in the development of policy. It examines innovations in survey methodology and how survey scholars and practitioners should think about survey data in the context of the explosion of new digital sources of data. The Handbook is divided into four key sections: the challenges faced in conventional survey research; opportunities to expand data collection; methods of linking survey data with external sources; and, improving research transparency and data dissemination, with a focus on data curation, evaluating the usability of survey project websites, and the credibility of survey-based social science. Chapter 23 of this book is open access under a CC BY 4.0 license at link.springer.com.

Research Handbook on the Law of Artificial Intelligence Apr 25 2022 The field of artificial intelligence (AI) has made tremendous advances in the last two decades, but as smart as AI is now, it is getting smarter and becoming more autonomous. This raises a host of challenges to current legal doctrine, including whether AI/algorithms should count as 'speech', whether AI should be regulated under antitrust and criminal law statutes, and whether AI should be considered as an agent under agency law or be held responsible for injuries under tort law. This book contains chapters from US and international law scholars on the role of law in an age of increasingly smart AI, addressing these and other issues that are critical to the evolution of the field.

Research Handbook on Private Law Theory Feb 09 2021 This comprehensive Research Handbook provides an unparalleled overview of contemporary private law theory. Featuring original contributions by leading experts in the field, its extensive examinations of the core areas of contracts, property and torts are complemented by an exploration of a breadth of topics that cross the divide between private and public law, including labor law and corporate law.

Research Handbook on International Law and Cities Oct 20 2021 This groundbreaking Research Handbook provides a comprehensive analysis and assessment of the impact of international law on cities. It sheds light on the growing global role of cities and makes the case for a renewed understanding of international law in the light of the urban turn.

Research Handbook on Law and Marxism Aug 25 2019 This Research Handbook offers unparalleled insights into the large-scale resurgence of interest in Marx and Marxism in recent years, with contributions devoted specifically to Marxist critiques of law, rights, and the state.

Research Handbook on Shareholder Power Apr 13 2021 Much of the history of corporate law has concerned itself not with shareholder power, but rather with its absence. Recent shifts in capital market structure require a reassessment of the role and power of shareholders. These original, specially commiss

Research Handbook on Human Rights and Poverty Jan 23 2022 This important Research Handbook explores the nexus between human rights,

poverty and inequality as a critical lens for understanding and addressing key challenges of the coming decades, including the objectives set out in the Sustainable Development Goals. The Research Handbook starts from the premise that poverty is not solely an issue of minimum income and explores the profound ways that deprivation and distributive inequality of power and capability relate to economic, social, cultural, civil and political rights.

Research Handbook on Digital Transformations Jan 11 2021 The digital transition of our economies is now entering a phase of broad and deep societal impact. While there is one overall transition, there are many different sectoral transformations, from health and legal services to tax reports and taxi rides, as well as a rising number of transversal trends and policy issues, from widespread precarious employment and privacy concerns to market monopoly and cybercrime. They all are fertile ground for researchers, as established laws and regulations, organizational structures, business models, value networks and workflow routines are contested and displaced by newer alternatives. This Research Handbook offers a rich and interdisciplinary synthesis of some of the current thinking on the digital transformations underway.

Research Handbook on University Rankings Jul 29 2022 Gathering unique and thoughtful contributions from leading international scholars, this timely Research Handbook offers diverse perspectives on university rankings twenty years after the first global rankings emerged. It presents an in-depth analysis that reflects the current state of research on rankings, their influence and impact.

Research Handbook on Work-Life Balance Jul 25 2019 This innovative and thought-provoking Research Handbook explores the theoretical debate surrounding work-life balance, and provides a reflection on the opportunity to adopt multilevel research approaches and perspectives, along gender and temporal axes. The Research Handbook is an international overview of current research on work-life balance, considered in macro, meso and micro perspectives. Offering both theoretical reflections and empirical research examples illustrating the multiple strategies through which the different articulations that characterize the work-life intersection can be analysed, this Research Handbook includes analyses of gendered labour, generational assets and technological changes. Contributors provide translation and actualization of specific research practices and methodological choices, focused on different national contexts. The empirical analysis ranges from comparative research based on quantitative methods, to qualitative approaches centered on longitudinal, discursive and narrative perspectives, and mixed-method studies. Further contributions adopt innovative research methods based on the use of digital and visual technologies. This Research Handbook will be an inspiring read for both undergraduate and postgraduate sociology and social policy students. The book is also addressed to researchers, consultants and policy makers interested in work-life balance issues.

Research Handbook on the Law of Treaties Dec 22 2021 Offering a unique conceptual approach to the Law of Treaties this insightful Research Handbook not only sets out the foundational issues, but identifies tensions within the field, including formalism vs flexibility, integrity vs flexibility, and unifor
