Nov 24 2019 From the blogger behind Sweetphi, this is the first cookbook for the popular baby food maker device, with 125 delicious, wholesome, nourishing recipes that will take baby from first purees to solids and beyond. Every recipe works for each of the popular models of the device and is adaptable for the stovetop plus a food processor, as well! Blogger and new mom Philia Kelnhofer is an expert at cooking up simple and nutritious meals for on-the-go families. But when it came time for her to introduce first foods to her baby, she was surprised by the challenges presented by seemingly simple purees. After making a mass batch of sweet

potatoes that mostly went to waste, she tried out the baby food maker device, which steams and blends in one canister to make small, baby-sized quantities of food. She discovered she could create yummy, nourishing purees in just ten minutes—from Apple Cinnamon to Lemony Zucchini, and everything in between! The Baby Food Maker Cookbook is the complete resource for parents who want to know what to feed the newest eaters in their families.
