**Honorita: A Novel in Sonata Form** Aug 25 2019 A story about classical music, painting, New Hollywood, music television, horticulture, joy, trauma, and a young girl's audition at Juilliard. It's 1993 in San Francisco and Honorita, the only child of a family of classical musicians, is the sole inheritor of a beautiful upper-middle-class home located in St. Francis Wood. Living alone after having been recently bereft of her godfather, she dwells in a state of despair while she aimlessly embarks on a college career. However, a visit by a person from her godfather's past, a new best friend at school, and the competing interests of two tumultuously enamored boys reignite her sense of direction, which culminates in a whirlpool of perseverance, euphoria, tragedy, and rage revolving around a life-changing audition at Juilliard. The novel itself is woven into a tapestry of allusions and asides to art history, cinema, pop culture, painting, music theory, and gardening. In-depth references to Baroque, Classical, Romantic, Impressionist, and Modernist periods of music along with their composers abound. The Zeitgeist of popular music in 1993, namely the catapulting alternative rock and grunge scenes, also figures significantly into the events that unfold.

**Abstract Reality** Apr 01 2020 Rick Ironside, a young cop by profession and a heavy metal band member by passion, meanders down his own winding life path as he struggles to balance his social life on one hand and his private one on the other day in, day out. Scars left by a traumatic childhood and a broken family taint his view of inescapable social life, urging him to find solace in his own intimate reveries and in his sister. Ricks communal and professional life experiences speak for themselves, as if automated, while he strives to stay afloat and keep his instincts at bay. His inner struggles are given expression to through his own inner voice, taking shape as his intimate reveries that are at one and the same time an attempt to exorcise his own psychological demons as much as a signalling of a state of psychological deterioration, which, although being a mere internal whisper, howl fiercely in the readers ear. Things spiral out of control as Rick is suddenly summoned on to the scene of an ongoing crime. He is tossed into a living nightmare, where he is reunited with his sister, whose safety he takes upon himself to keep at all costs. Together, they must delve deeper into a darkly abysmal reality while reacquainting themselves with haunting memories from the past that manifest themselves as monstrosities. But whose is the other voice that appears in Ricks mind? Why is it vying with Rick in a struggle of wits? Can Rick stay sane and see himself and his sister out of this mess? Abstract Reality is an intimate story of a young man who toils with the different faces of his own reality as well as with the ghosts of his own past: a journey through the dark plains of the human psyche, weaving together memory and present external encounters and experiences into a dark veil that barely separates insanity from reality, if at all.

**Unpacking IKEA** Apr 25 2022 This book represents the first anthropological ethnography of Ikea consumption and goes to the heart of understanding the unique and at times frantic popularity of this one iconic transnational store. Based on a year of participant observation in Stockholm's Kungens Kurva store – the largest in the world - this book places the retailer squarely within the realm of the home-building efforts of individuals in Stockholm and to a lesser degree in Dublin. Ikea, the world's largest retailer and one of its most interesting, is the focus of intense popular fascination internationally, yet is rarely subject to in-depth anthropological inquiry. In Unpacking Ikea, Garvey explores why Ikea is never 'just a store' for its customers, and questions why it is described in terms of a cultural package, as everyday and classless. Using in-depth interviews with householders over several years, this ethnographic study follows the furniture from the Ikea store outwards to probe what people actually take home with them.

**Jolly Lad** Aug 18 2021 A memoir about the recovery from alcoholism, habitual drug use and mental illness, from broadcaster, and co-founder and editor of The Quietus website, John Doran. Jolly Lad is a memoir about the recovery from alcoholism, habitual drug use and mental illness. It is also about the healing power of music, how memory defines us, the redemption offered by fatherhood and what it means to be working class. "This is not a 'my drink and drug hell' kind of book for several reasons—the main one being that I had, for the most part, had a really good time drinking. True, a handful of pretty appalling things have happened to me and some people that I know or used to know over the years. But I have, for the most part, left them out of this book as they are not illuminating, not edifying and in some cases concern other people who aren't here to consent to their appearance. Instead this book concentrates on what you face after the drink and the drugs have gone." Jolly Lad is about gentrification; being diagnosed bipolar; attending Alcoholics Anonymous; living in a block of flats on a housing estate in London; the psychological damage done by psychedelic drugs; depression; DJing; factory work; friendship; growing old; hallucinations; street violence and obsessive behaviour—especially regarding music and art.

**Marine Geochemistry** Apr 13 2021 The past two or three decades have seen many important advances in our knowledge of the chemistry, physics, geology and biology of the oceans. It has also become apparent that in order to understand the manner in which the oceans work as a 'chemical system', it is necessary to use a framework which takes account of these interdisciplinary advances. Marine geochemistry has been written in response to the need for a single state-of-the-art text that addresses the subject of treating the sea water, sediment and rock reservoirs as a unified system. In taking this approach, a process-orientated framework has been adopted in which the emphasis is placed on identifying key processes operating within the 'unified ocean'. In doing this, particular attention has been paid to making the text accessible to students from all disciplines in such a way that future advances can readily be understood. I would like to express my thanks to those people who have helped with the writing of this volume. In particular, I wish to put on record my sincere appreciation of extremely helpful suggestions made by Professor John Edmond, FRS. In addition, I thank Dr S. Rowlett for his comments on the sections covering the geochemistry of oceanic sediments, and Dr G. Wolff for his invaluable advice on the organic geochemistry of biota, water and sediments. It is a great pleasure to acknowledge the help of Dr K. J. T.

**Dark Around the Edges** Jul 25 2019 Who Is Tulovski? It still hurt. One week, two days and fourteen hours after the momentous event it still hurt like hell. The object of her misery was coming around that night to collect the last of his stuff. She felt sick when she thought of the hussy's hands all over him, touching him, caressing him, wanting him. Damn the thoughts that wouldn't go away. Day and night they pestered her, prying at the edges of sleep and forcing it back so that her wilting eyes flew open under a barrage of painful images that she'd rather not imagine. And that was how the plot came to be hatched. It shot across her thought process as she lovingly ironed along the seam of his fly on the dark grey boxer shorts, the ones with the tiny hole in the material of the left buttock. "I'll tell him I've met somebody else," she said aloud. She actually enjoyed doing the rest of the ironing and by the time she had pressed the last of his fourteen shirts she had invented, built and fleshed out, the 'perfect' partner.

**Spiritual Assessment and Intervention with Older Adults** May 03 2020 *Spiritual Assessment and Intervention: Current Directions and Applications* examines current state-of-the-art efforts in the development and implementation of spiritual interventions for older adults.
