Il trattato «De assumptione B. Mariae Virginis» dello pseudo-Agostino e il suo influsso nella teologia assunzionistica latina Jan 07 2021 Di fronte alla definizione dogmatica dell'Assunzione, il compito principale della teologia assunzionista dell'epoca sembra consistere nel determinare come e in quali verità rivelate sia contenuto questo privilegio mariano. Dato che questo problema puo essere risolto solo nella luce della tradizione, un aspetto fondamentale della questione sta nel vedere come e in quali verità rivelate la coscienza cristiana, illuminata dalla fede e guidata dallo Spirito Santo, ebbe l'intuizione confusa dell'Assunzione corporea e poi una sempre piu chiara e sistematica certezza del fatto, ed infine anche la prova della sua rivelazione e definibilità. Nella prima parte del libro viene studiato il Trattato nella sua origine, ambiente e contenuto, nella seconda l'influsso sui teologi latini.

The Contested Theological Authority of Thomas Aquinas Sep 03 2020 This book explains how the authority Thomas Aquinas's theological teachings grew out of the doctrinal controversies surrounding it within the Dominican Order. The adoption and eventual promotion of the teachings of Aquinas by the Order of Preachers ran counter to every other current running through the late thirteenth-century Church; most scholastics, the Dominican Order included, were wary of his unconventional teachings. Despite this, the Dominican Order was propelled along their solitary via Thomas by conflicts between two groups of magistri: Aquinas's early Dominican followers and their more conservative neo-Augustinian brethren. This debate reached its climax in a series of bitter polemical battles between Hervaeus Natalis, the most prominent of early defenders, and Durandus of St. Pourçain, the last major Dominican thinker to attack Aquinas's teachings openly. Elizabeth Lowe offers a vivid illustration of this major shift in the Dominican intellectual tradition.

Thomas Aquinas and the Civil Economy Tradition Dec 18 2021 Delving into the history of economic thought, this book presents a picture of the Mediterranean spirit of capitalism, a tradition that has its protagonists in Thomas Aquinas and the eighteenth-century civil economy, and seeks to

understand its presence and relevance for contemporary societies. The book argues that it is reductive to attribute to the 'Protestant ethic' the different formations of capitalism in the Western world. Instead, it is vital to acknowledge the differences in the ways in which the market is lived, enterprises are created and conducted, and civic life in general is understood in different regions. This thought-provoking study demonstrates that in Southern Europe, the legacy of Aquinas and the civil economy adds different terms to those recurring in classical and neo-classical economy: common good, reciprocity, virtue, public trust, mutual assistance, and public happiness. It is these ideas of a market as a place for mutual assistance which can be said to characterize the Mediterranean spirit of capitalism. Thomas Aquinas and the Civil Economy Tradition will be of interest to advanced students and researchers in the history of economic thought, economic philosophy, Christian ethics, and moral theology.

Saint Thomas Aquinas Sep 15 2021 This first volume in Jean-Pierre Torrell's set of books on Thomas Aquinas has been revised to include a new appendix. The appendix consists of additions to the text, the catalogue of Aquinas's work, and the chronology. Each item in the appendix is called out in the original part of the book with an asterisk in the margin.

Thomas Starkey and the Commonwealth Jan 19 2022 Thomas Starkey (c. 1495-1538) was the most Italianate Englishman of his generation. This book places Starkey into new and more appropriate contexts, both biographical and intellectual, taking him out of others in which he does not belong, from displaced Roundhead to follower of Marsilio of Padua. Beginning with his native Cheshire, it traces his career through Oxford, Padua, Paris, Avignon, Padua again, and finally England, where he spent the last four years of his life trying to fulfil his ambition to serve the commonweal. Most of Starkey's career revolved around his patron Reginald Pole, scion of the highest nobility, but Starkey (and many other Englishmen) managed to balance loyalty to Pole with allegiance to Henry VIII. Out of favour with the king's secretary after the middle of 1536, Starkey turned increasingly to religion, continuing to cling to his conciliarist and Italian Evangelical opinions until his death.
