Nominalization in Languages of the Americas Apr 28 2022 Recent scholarship has confirmed earlier observations that nominalization plays a crucial role in the formation of complex constructions in the world's languages. Grammatical nominalizations are one of the most salient and widespread features of languages of the Americas, yet they have not been approached as foundational grammatical structures for constructions such as relative clauses and complement clauses. This is due to an imbalance in past scholarship, which has tended to focus on these constructions at the expense of the nominalization structures underlying them. The papers in this collection treat grammatical nominalizations in their own right, and as a starting point for the investigation of their uses in complex grammatical structures. A representative sample of Amerindian languages, with focus on South America, examines properties of grammatical nominalizations such as their multiple functions, their internal and external syntax, and their diachronic development. Among the far-reaching theoretical conclusions reached by the studies in this volume is that the various types of relative clauses recognized in the typological literature are actually no more than epiphenomena arising from the different uses of grammatical nominalizations.

Sounds Like Life Aug 01 2022 Sound-symbolism occurs when words resemble the sounds associated with the phenomena they attempt to describe, rather than an arbitrary representation. For example the word raven is arbitrary in that it does not resemble a raven; cuckoo, however, is sound-symbolic in that it resembles the bird's call. In *Sounds Like Life*, Janis Nuckolls studies the occurrence of sound-symbolic words in Pastaza Quechua (a dialect of Quechua), which is spoken in eastern Ecuador. The use of sound-symbolic words is much more prevalent in Pastaza Quechua than in any other language, and they symbolize a wider range of sensory perceptions including sounds, rhythms, and visual patterns. Nuckolls uses discourse data from everyday contexts to demonstrate the Quechua speakers' elaborate schematic perceptual structure to describe experience through sound-symbolic language. With words for contact with a surface, opening and closing, falling, sudden realizations, and moving through water and space, Nuckolls finds that sound-symbolism is integral to the Quechua speakers' way of thinking about and expressing their experience of the world.

Spanish Poetry of the Twentieth Century Feb 12 2021 Twentieth-century Spanish poetry has received comparatively little attention from critics writing in English. Andrew Debicki now presents the first English-language history published in the United States to examine the sweep of modern Spanish verse. More important, he is the first to situate Spanish poetry in the context of European modernity, to trace its trajectory from the symbolists to the postmodernists. Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories, Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject. He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences. He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern, especially the poetics of text as process rather than as product. By centering his study on major periods and examining within each the work of poets of different ages, Debicki develops novel perspectives. The late 1960s and early 1970s, for example, were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound, intertextual, and often self-referential lyricism. This book will be essential reading for specialists in modern Spanish letters, for advanced students, and for readers interested in comparative literature.

Diccionario Bilingüe Cambridge Spanish-English Paperback Pocket Edition Mar 28 2022 A Spanish-English bilingual dictionary specifically written to meet the needs of Spanish learners of English. Aimed at elementary to intermediate learners, this bilingual dictionary has been written to meet the needs of Spanish speakers learning English and includes over 61,000 words, phrases and examples and over 70,000 translations. It includes extensive notes highlighting the most common mistakes made by Hispanic learners (informed by the Cambridge Learner Corpus). Grammar boxes concentrate on the most difficult and problematic aspects of learning English.

Journey to the United States of North America Jun 18 2021 First published in Paris in 1834, *Journey to the United States of America / Viaje a los Estados Unidos del Norte América*, by Lorenzo de Zavala, is an elegantly written travel narrative that maps de Zavala's journey through the United States during his exile from Mexico in 1830. Embracing U.S., Texas, and Mexican history; early ethnography; geography; and political philosophy, de Zavala outlines the cultural and political institutions of Jacksonian America and post-independence Mexico. de Zavala's commentary rivals Alex de Tocqueville's classic travel narrative, *Democracy in America*, which was published in Paris one year after de Zavala's. The narrative presents the first account of U.S. political culture from a Mexican point of view and constructs the first comparative political and historical framework for the relationship between Mexico and the United States. In passionate prose, de Zavala argues for the incorporation of the true democratic ideals of the enlightenment in the fledgling Republic of Texas. He hoped Texas would meld the best of both Mexican and American cultures. de Zavala believed that if his colleagues who helped frame the Texas Constitution understood the complexities of democracy and the ideals that their state could achieve through a liberal, federal government that gave equal rights to all of its constituents: Native Americans, Mexicans, Euro-Americans, and free African Americans. The original text is accompanied by eight pages of maps and historical photos, John-Michael Rivera's critical introduction, and an English translation

based upon Wallace Woolsey's deft translation, expanded and revised for the purposes of this volume.

Complete Latin American Spanish Beginner to Intermediate Course Dec 01 2019 Are you looking for a complete course in Latin American Spanish which takes you effortlessly from beginner to confident speaker? Whether you are starting from scratch, or are just out of practice, Complete Latin American Spanish will guarantee success! Now fully updated to make your language learning experience fun and interactive. You can still rely on the benefits of a top language teacher and our years of teaching experience, but now with added learning features within the course and online. The course is structured in thematic units and the emphasis is placed on communication, so that you effortlessly progress from introducing yourself and dealing with everyday situations, to using the phone and talking about work. By the end of this course, you will be at Level B2 of the Common European Framework for Languages: Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Learn effortlessly with a new easy-to-read page design and interactive features: NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success, based on the author's many years of experience. GRAMMAR TIPS Easy-to-follow building blocks to give you a clear understanding. USEFUL VOCABULARY Easy to find and learn, to build a solid foundation for speaking. DIALOGUES Read and listen to everyday dialogues to help you speak and understand fast. PRONUNCIATION Don't sound like a tourist! Perfect your pronunciation before you go. TEST YOURSELF Tests in the book and online to keep track of your progress. EXTEND YOUR KNOWLEDGE Extra online articles at: www.teachyourself.com to give you a richer understanding of the culture and history of Latin American Spanish speakers. TRY THIS Innovative exercises illustrate what you've learnt and how to use it.
