The Street Life Series: Is It Rags or Riches? Dec 12 2020 "When you read the Washington D.C. tabloids, you might surmise that Teco Jackson was slain by a delusional killer, The Paradox. However, Federal Agents are not convinced. A crime spree in Atlanta, Georgia is strikingly similar to that of the Washington, D.C. G-String murders. Atlanta Detective Paul Yeomans tries to keep the south's ""Phoenix City"" safe but is forced to seek help from Washington, D.C.'s quick-witted and statuesque Detective Hanae Troop. Never realizing, until it's too late, the multi-jurisdiction operation is eventually forced into a propitious government mission with international appeal. Atlanta resident Gail Indigo Que (GQ), a former Strictly Business (SB) drug crew member, attempts to achieve legitimate riches by virtue of rags with her signature clothing line. However, The Paradox feels double-

crossed and elevates his deadly game to a new level by trying to sabotage GQ's fashion career and draw her back into the streets. All in the name of lady justice, The Paradox has spread his vigilantly game across the entire metro-Atlanta area. Several weeks after investigating the case, the multi-jurisdiction law enforcement team solicits the assistance of an unlikely bodyguard to take GQ into protective custody. Regardless, GQ is determined to succeed in fashion despite the odds. Leaving the street life, is it rags or riches? Book Review: Library Journal - The Word on Street Lit (November 19, 2009) The Paradox, a psychotic killer who leaves G-strings on his victims' bodies, returns in the latest in Weeks's self-published, award-winning "Street Life" series (after *Is It Suicide or Murder?* and *Is It Passion or Revenge?*). The murderer has moved from DC to Atlanta and is executing members of the Pennsylvanian SB (Strictly Business) crew. He sets his sights on GQ (Gail Que), who is living the rags or riches challenge to make it big in the fashion industry. Hot on The Paradox's trail is Hanae Troop, a DC cop determined to bring him down. Troop's lover, Teco Jackson, is a former member of SB and will fight to the death for her man. Verdict: Weeks's combination of mystery and police procedural will draw in readers as he shows the cops' point of view. The long list of characters and plot tangents may be confusing, but bloody executions and a wild, climatic shoot-out will hold interest. Think of CBS's 48 Hours Mystery set to a street lit riff. [At the African American Pavilion at BookExpo 2009, Weeks's books won the Urban Series of the Year Award.—Ed.] "

My Mystical Past Life Sep 28 2019 This is a highly readable personal journal of how destiny mystically designs circumstances, from planting a seed of Near Death Experience, Reincarnation and such to nurturing these ideas with the conviction of personal experience and finally integrating it all under the expert guidance of Dr. Brian Weiss. felt within my heart, the mystical side of Venu's personality. He is one of the rare individuals, who love to read great books and absorb the noble ideas and ideals contained in them. While the former is for the highly developed right brain, the latter demands an exploding amount of left brain activity! Venu Murthy wonders on how mystical his journey has been—from being a techie who bangs his head on computers, to being a Past Life Regression Therapist, systematically trained by the master on this subject Dr. Brian Weiss M.D, the ever compassionate Masters and his year old cute little daughter!

Children's Past Lives Jul 31 2022 Has your child lived before? In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize. Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield—an account so accurate it was authenticated by an expert historian. Even more astonishing, Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory. Inspired by Chase's dramatic healing, Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives, spontaneously and naturally. In Children's Past Lives, she tells how to distinguish between a true past life memory and a fantasy, offers practical advice to parents on how to respond to a past life memory, and shows how to foster the spiritual and healing benefits of these experiences. Perhaps the most moving, convincing, and best-documented evidence yet for life after death, Children's Past Lives will stand alongside the classics of Betty J. Eadie, Raymond Moody, and Brian Weiss in its power to comfort, uplift, and transform our thinking about life after death *Discovering Your Past Lives* Oct 22 2021 "Describes how to recognize past-life memories as they arise from the subconscious mind." --Fate magazine.

Healing the Mind Jul 07 2020 "This book presents Spinoza as a spiritual psychotherapist. Spiritual, because the goal of Spinoza's

philosophical system is union with God; psychotherapist, because the path to this goal lies through an understanding and ultimate transcendence of our afflictive emotions."

Children Who Remember Previous Lives Jul 27 2019 This is the revised edition of Dr. Stevenson's 1987 book, summarizing for general readers almost forty years of experience in the study of children who claim to remember previous lives. For many Westerners the idea of reincarnation seems remote and bizarre; it is the author's intent to correct some common misconceptions. New material relating to birthmarks and birth defects, independent replication studies with a critique of criticisms, and recent developments in genetic study are included. The work gives an overview of the history of the belief in and evidence for reincarnation. Representative cases of children, research methods used, analyses of the cases and of variations due to different cultures, and the explanatory value of the idea of reincarnation for some unsolved problems in psychology and medicine are reviewed.

Christians Remember Your Past Lives Learn How Nov 22 2021 This book teaches you how to become a Certified Past life Regression Facilitator. Where your interest is for fun, self improvement, a new career or practice, you will find the information contained in this book fascinating and life changing. Who were you in your past life? What personality traits did you bring forward into this lifetime? Christians will especially find this book fascinating, as it allows them to follow Jesus and his belief in reincarnation. Did you know? Reincarnation was part of the early Christian belief system for almost 300 years, until the Church removed reincarnation from the Bible, then eliminated anyone

who didn't follow this strict, revised doctrine, as set forth by the Church. A must read for anyone who strives for the truth about Christianity's original teachings.

Five Lives Remembered Mar 15 2021 THE BEGINNING What do you do when you discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

Past Life Dreamwork Feb 23 2022 The first book to approach reincarnation from the perspective of dreams • Identifies soul bloodlines, the key to past life therapies • Combines the author's own experiences with case studies and dreamwork with empirical research • Reveals how the analyst and client are often karmically linked In *Past Life Dreamwork*, Sabine Lucas examines "soul bloodlines"--character traits, talents, and life issues that are the common elements and circumstances of successive past lives. Found threaded through our dreams, these bloodlines reveal the forces manifesting in this life, and, taken together, they shape individuality as well as destiny within the reincarnation cycle. Though a wealth of past life related material regularly surfaces in dreams, until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences. Using the results of 27 years of personal and professional work, Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level. She distinguishes three types of past life dreams--classic, informatory, and hybrid--and demonstrates how to distinguish these from other dreams. Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind. These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives. Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance

through an understanding of the patterns of our psychic soul inheritance.
