[Joel Meyerowitz: Where I Find Myself](#) Nov 12 2020 Where I Find Myself is the first major single book retrospective of one of America's leading photographers. It is organized in inverse chronological order and spans the photographer's whole career to date: from Joel Meyerowitz's most recent picture all the way back to the first photograph he ever took. The book covers all of Joel Meyerowitz's great projects: his work inspired by the artist Morandi, his work on trees, his exclusive coverage of Ground Zero, his trips in the footsteps of Robert Frank across the US, his experiments comparing color and black and white pictures, and of course his iconic street photography work. Joel Meyerowitz is incredibly eloquent and candid about how photography works or doesn't, and this should be an inspiration to anyone interested in photography.

Piazienza was a revolutionary cartoonist who ushered an underground sensibility to Italian and European comics, breaking from the more staid tradition of genteel adult (and children's) graphic albums.
