*Essays in Life Writing* Dec 24 2021 This book showcases a unique, innovative form for contemporary life narrative scholarship. Life Narrative is a dynamic and interdisciplinary field defined through attention to diverse styles of personal and auto/biographical narration and to subjectivity and ethics in acts of self-representation. The essay is a uniquely sympathetic mode for such scholarship, responsive to diverse methods, genres, and concepts and enabling a flexible, hybrid critical and creative approach. Many of the essays curated for this volume are by the authors of creative works of life writing who are seeking to reflect critically on disciplinary issues connected to practice, ethics, audience, or genre. Others show academics from a variety of disciplinary backgrounds engaged in creative critical self-reflection, using methods of cultural analysis, ethnography, or embodied scholarship to address foundational and emerging issues and concepts in relation to identity, experience, or subjectivity. *Essays in Life Writing* positions the essay as a unique nexus of creative and critical practice, available to academics publishing peer-reviewed scholarly work from a variety of disciplinary backgrounds, and a form of scholarship that is contributing in exciting and vigorous ways to the development of new knowledge in Life Narrative as a field. The chapters in this book were originally published as a special issue of the journal *Life Writing*.

**Essays on the Context, Nature, and Influence of Isaac Newton's Theology** Jun 17 2021 This collection of essays is the fruit of about fifteen years of discussion and research by James Force and me. As I look back on it, our interest and concern with Newton's theological ideas began in 1975 at

Washington University in St. Louis. James Force was a graduate student in philosophy and I was a professor there. For a few years before, I had been doing research and writing on Millenarianism and Messianism in the 17th and 18th centuries, touching occasionally on Newton. I had bought a copy of Newton's Observations upon the Prophecies of Daniel, and the Apocalypse of St. John for a few pounds and, occasionally, read in it. In the Spring of 1975 I was giving a graduate seminar on Millenarian and Messianic ideas in the development of modern philosophy. Force was in the seminar. One day he came very excitedly up to me and said he wanted to write his dissertation on William Whiston. At that point in history, the only thing that came to my mind about Whiston was that he had published a, or the, standard translation of Josephus (which I also happened to have in my library. ) Force told me about the amazing views he had found in Whiston's notes on Josephus and in some of the few writings he could find in St. Louis by, or about, Whiston, who was Newton's successor as Lucasian Professor of mathematics at Cambridge and who wrote inordinately on Millenarian theology.

**Key Essays** Apr 03 2020 Any level of study within literature and culture requires an engagement with a wider scope of themes, issues and discourses, and these debates are often centred around key 'essays'. This book examines a wide range of these essays on topics such as posthumanism, racism, feminism, necropolitics, the Anthropocene, gender, Global North/South, neo- and de-colonialism, universals, borders and limits, interspecies relations, blackness, cosmopolitics, epistemology, addiction. The essays selected represent scholars from a range of disciplines, ethnicities, nationalities and genders, and offer readings relevant across the arts and humanities. Each chapter explains why the essay is of vital importance in our contemporary era, introduces and explains the key themes and theories with which it engages, demystifies any complex content and positions it within wider current debates. Covering all of the essential debates that students and academics must engage with, alongside a close analysis and critique of contemporary seminal essays in the debate, this book will be an essential read for students of literature and culture across the arts and humanities.

*Off Headset: Essays on Stage Management Work, Life, and Career* Jun 25 2019 *Off Headset* is a collection of chapters containing essays by a richly diverse group of stage management professionals and educators covering the challenges stage managers face on the job, in their lives, and

in their careers. The book starts with the intersectional history of stage managers and the actors' union. In "Part 1: Work," the contributors share a wide range of experiences, from regional theatre and Broadway to operas and cruises—and even running with the circus. The essays in "Part 2: Life" explore the relevance of stage managers claiming their identity, their resilience, and practicing self-care. Finally, in "Part 3: Career," readers receive aspirational and business advice for life in the real world: leadership, networking, unemployment, managing demanding calendars, and career planning. The book ends with a moment of pause during tech—a direct response to the absence we have been enduring throughout the COVID-19 pandemic and a tribute to a world we used to take for granted. Intertwining practical advice with personal anecdotes, *Off Headset: Essays on Stage Management Work, Life, and Career* is the perfect accompaniment to students studying stage management in a university setting and professionals working in the field.

*The Appearance of the Form* Jul 07 2020 Originally published in 1985 this book explores, in four interwoven essays, the many ways human life and built form interact and the place that professional designing takes in this interaction. Together, the essays touch on a number of ideas: the idea that our position in space relative to the thing we are designing determines the methods we apply when designing it; the idea that designing is about making proposals, and is therefore a social act first of all; and the idea that agreements, consensus and above all conventions shape the act of designing things independent of their creative qualities.

*Photography and Philosophy* Oct 10 2020 This anthology offers a fresh approach to the philosophical aspects of photography. The essays, written by contemporary philosophers in a thorough and engaging manner, explore the far-reaching ethical dimensions of photography as it is used today. A first-of-its-kind anthology exploring the link between the art of photography and the theoretical questions it raises Written in a thorough and engaging manner Essayists are all contemporary philosophers who bring with them an exceptional understanding of the broader metaphysical issues pertaining to photography Takes a fresh look at some familiar issues - photographic truth, objectivity, and realism Introduces newer issues such as the ethical use of photography or the effect of digital-imaging technology on how we appreciate images

**Change** Oct 02 2022 The Internet has so entirely transformed virtually all aspects of everyday life that it seems almost impossible to assess its impact. Here, 19 esteemed scholars from around the world tackle the topic from different angles. Manuel Castells, David Gelernter, Juan Ignacio Vazquez, Evgeni Morozov, Mikko Hypponen, Yochai Benkler, Federico Casalegno, David Crystal, Lucien Engelen, Patrik Wikstrom, Peter Hirshberg, Paul DiMaggio and Edward Castronova address such matters as the "Internet of things"; the sociology of the Internet; cybercrime and Internet security; the future of work; the Internet and urban-rural sustainability; the "Worldstream and the Cybersphere"; gaming and society; the Internet's influence on languages and new economic systems; the massive changes wrought by the net in the music industry; and other aspects of its many

cultural, social and political ramifications.

*Seventy-nine Short Essays on Design* Jul 31 2022 *Seventy-nine Short Essays on Design* brings together the best of designer Michael Bierut's critical writing—serious or humorous, flattering or biting, but always on the mark. Bierut is widely considered the finest observer on design writing today. Covering topics as diverse as Twyla Tharp and ITC Garamond, Bierut's intelligent and accessible texts pull design culture into crisp focus. He touches on classics, like Massimo Vignelli and the cover of *The Catcher in the Rye*, as well as newcomers, like McSweeney's Quarterly Concern and color-coded terrorism alert levels. Along the way Nabakov's *Pale Fire*; Eero Saarinen; the paper clip; Celebration, Florida; the planet Saturn; the ClearRx pill bottle; and paper architecture all fall under his pen. His experience as a design practitioner informs his writing and gives it truth. In *Seventy-nine Short Essays on Design*, designers and nondesigners alike can share and revel in his insights.

Figuring the Word Jun 29 2022 introduction by Charles Bernstein. Essays by Johanna Drucker.

Essays on Actions and Events Aug 27 2019 Donald Davidson has prepared a new edition of his classic 1980 collection of *Essays on Actions and Events*, including two additional essays. In this seminal investigation of the nature of human action, Davidson argues for an ontology which includes events along with persons and other objects. Certain events are identified and explained as actions when they are viewed as caused and rationalized by reasons; these same events, when described in physical, biological, or

physiological terms, may be explained by appeal to natural laws. The mental and the physical thus constitute irreducibly discrete ways of explaining and understanding events and their causal relations. Among the topics discussed are: freedom to act; weakness of the will; the logical form of talk about actions, intentions, and causality; the logic of practical reasoning; Hume's theory of the indirect passions; and the nature and limits of decision theory. The introduction, cross-references, and appendices emphasize the relations between the essays and explain how Davidson's views have developed.

Essays on the Quality of Life May 05 2020 Since initiating the journal Social Indicators Research in 1974, Alex C. Michalos has been a pioneer in social indicators and quality-of-life research. This collection of nineteen articles provides an overview of nearly 30 years of work, including papers drawn from diverse sources and papers never published before. The final paper, on multiple discrepancies theory (MDT), is the author's unique contribution to an empirically testable new foundation for theories of utility, satisfaction and happiness.

**Essays on Otherness** Mar 03 2020 Since the death of Jacques Lacan, Jean Laplanche is now considered to be one of the worlds foremost psychoanalytic thinkers. In spite of the influence of his work over the last thirty years, remarkably little has been available in English. *Essays On Otherness* presents for the first time in English many of Laplanche's key essays and is the first book to provide an overview of his thinking. It offers an introduction to many of the key themes that characterise his work: seduction,

persecution, revelation, masochism, transference and mourning. Such themes have been increasingly both in psychoanalytic thought and in continental philosophy, social and cultural theory, and literature making *Essays On Otherness* indispensable reading for all those concerned with the implications of psychoanalytic theory today.

*Tooning in : Essays on Popular Culture and Education* Dec 12 2020 The scope and theme of *Tooning In* aim to insert into the debate surrounding so-called 'popular culture' and its role in shaping society specific perspectives regarding popular culture and adolescents' lives. The authors suggest that popular culture is vital to how adolescents make sense of the world and educators should tap into it as a tool for imparting critical thinking skills and generally empowering students. *Tooning In* critically examines and interprets concepts of popular culture, with the ultimate aim of inviting readers to re-examine the fundamental aspects of popular culture as a societal force.

**When I Was A Child I Read Books** Jun 05 2020 From the author of the magnificent, award-winning novels *GILEAD*, *HOME* and *LILA* comes this wonderful, heart-warming collection of essays about reading. 'Grace and intelligence ...[her work] defines universal truths about what it means to be human' Barack Obama Marilynne Robinson is not only a writer of sharp, subtly moving fiction, but also a rigorous thinker and incisive essayist. In this luminous collection she returns to the themes which have preoccupied her bestselling novels: the place literature has in life, the role of faith in modern living, the contradictions inherent in human nature. Clear-eyed and forceful as ever, Robinson demonstrates once

again why she is regarded as one of our best-loved writers.

Self-Gift: Essays on Humanae Vitae and the Thought of John

Paul II Jan 01 2020 Janet E. Smith has been among the world's preeminent voices in the study of the issues raised by Pope Paul VI's 1968 encyclical letter *Humanae vitae*. *Self-Gift: Essays on Humanae Vitae and the Thought of John Paul II* presents Smith's critical collection of essays on the vocation of marriage, human sexuality, contraception, and more. Her groundbreaking scholarship touches on all the areas implicated in *Humanae vitae*: from natural family planning to parenthood and natural law to personalism. This collection not only includes Smith's English translation of the encyclical from the original Latin text, but also helpful background on the development and release of this authoritative magisterial document. With a particular emphasis on the personalist and Thomistic philosophy of Pope St. John Paul II and how it illuminates the two-millennia tradition of Catholic teaching on human sexuality, *Self-Gift* delivers crucial insight into the Creator's plan for human sexuality and our full flourishing in Christ.

**Essays on the Book of Enoch and Other Early Jewish**

**Texts and Traditions** Oct 22 2021 This volume brings together twenty-one essays by Michael Knibb on the Book of Enoch and on other Early Jewish texts and traditions, which were originally published in a wide range of journals, *Festschriften*, conference proceedings and thematic collections. A number of the essays are concerned with the issues raised by the complex textual history and literary genesis of 1 Enoch, but the majority are concerned with the interpretation of specific texts or with themes such as

messianism. The essays illustrate some of the dominant concerns of Michael Knibb's work, particularly the importance of the idea of exile; the way in which older texts regarded as authoritative were reinterpreted in later writings; and the connections between the apocalyptic writings and the sapiential literature.

**Millennials Speak. Essays on the 21st Century** May 17

Essays on Northeastern North America, 17th & 18th Centuries Mar 15 2021 In examining the history of northeastern North America in the seventeenth and eighteenth centuries, it is important to take into account diverse influences and experiences. Not only was the relationship between native inhabitants and colonial settlers a defining characteristic of Acadia/Nova Scotia and New England in this era, but it was also a relationship shaped by wider continental and oceanic connections. The essays in this volume deal with topics such as colonial habitation, imperial exchange, and aboriginal engagement, all of which were pervasive phenomena of the time. John G. Reid argues that these were complicated processes that interacted freely with one another, shaping the human experience at different times and places. Northeastern North America was an arena of distinctive complexities in the early modern period, and this collection uses it as an example of a manageable and logical basis for historical study. Reid also explores the significance of anniversary observances and commemorations that have served as vehicles of reflection on the lasting implications of historical developments in the early modern period. These and other insights amount to a fresh perspective on the region and offer a deeper understanding of North American history.

What Is a Game? Sep 28 2019 What is a videogame? What makes a videogame "good"? If a game is supposed to be fun, can it be fun without a good story? If another is supposed to

be an accurate simulation, does it still need to be entertaining? With the ever-expanding explosion of new videogames and new developments in the gaming world, questions about videogame criticism are becoming more complex. The differing definitions that players and critics use to decide what a game is and what makes a game successful, often lead to different ideas of how games succeed or fail. This collection of new essays puts on display the variety and ambiguity of videogames. Each essay is a work of game criticism that takes a different approach to defining the game and analyzing it. Through analysis and critical methods, these essays discuss whether a game is defined by its rules, its narrative, its technology, or by the activity of playing it, and the tensions between these definitions. With essays on *Overwatch*, *Dark Souls 3*, *Far Cry 4*, *Farmville* and more, this collection attempts to show the complex changes, challenges and advances to game criticism in the era of videogames.

*The Oxford Book of Essays* Apr 15 2021 The essay is one of the richest of literary forms. Its most obvious characteristics are freedom, informality, and the personal touch--though it can also find room for poetry, satire, fantasy, and sustained argument. All these qualities, and many others, are on display in *The Oxford Book of Essays*. The most wide-ranging collection of its kind to appear for many years, it includes 140 essays by 120 writers: classics, curiosities, meditations, diversions, old favorites, recent examples that deserve to be better known. A particularly welcome feature is the amount of space allotted to American essayists, from Benjamin Franklin to John Updike and beyond. This is an

anthology that opens with wise words about the nature of truth, and closes with a consideration of the novels of Judith Krantz. Some of the other topics discussed in its pages are anger, pleasure, Gandhi, Beau Brummell, wasps, party-going, gangsters, plumbers, Beethoven, potato crisps, the importance of being the right size, and the demolition of Westminster Abbey. It contains some of the most eloquent writing in English, and some of the most entertaining.

Essays on Theatre and Change Aug 08 2020 If theatre is a way of seeing, an event onstage but also a fleeting series of moments; not a copy or double but more vitally metamorphosis, transformation, and change, how might we speak to – and of – it? How do we envision and frame a fluid reality that moves faster than we can write? Arranged over two parts, 'Figurations' and 'Translations', *Essays on Theatre and Change* reflects on the animal, history, doubling, translation, and the performative potential of writing itself. Each fictocritical essay weaves between voices, genres and contexts to consider what theatre might be, offering a 'partial object' rather than a complete theory. Leaving the page radically open to its reader, *Essays on Theatre and Change* is a dazzling, multi-lensed account of what it is to think and write on theatre.

Landmark Essays on ESL Writing Nov 10 2020 In recent years, the number of nonnative speakers of English in colleges and universities in North America has increased dramatically. As a result, more and more writing teachers have found themselves working with these English as a Second Language (ESL) students in writing classes that are designed primarily with monolingual, native-English-

speaking students in mind. Since the majority of institutions require these students to enroll in writing courses at all levels, it is becoming increasingly important for all writing teachers to be aware of the presence and special linguistic and cultural needs of ESL writers. This increase in the ESL population has, over the last 40 years, been paralleled by a similar growth in research on ESL writing and writing instruction--research that writing teachers need to be familiar with in order to work effectively with ESL writers in writing classrooms of all levels and types. Until recently, however, this body of knowledge has not been very accessible to writing teachers and researchers who do not specialize in second language research and instruction. This volume is an attempt to remedy this problem by providing a sense of how ESL writing scholarship has evolved over the last four decades. It brings together 15 articles that address various issues in second language writing in general and ESL writing in particular. In selecting articles for inclusion, the editors tried to take a principled approach. The articles included in this volume have been chosen from a large database of publications in second language writing. The editors looked for works that mirrored the state of the art when they were published and made a conscious effort to represent a wide variety of perspectives, contributions, and issues in the field. To provide a sense of the evolution of the field, this collection is arranged in chronological order.
