Middlemarch Oct 26 2019 In Middlemarch, George Eliot draws a character passionately absorbed by abstruse allusion and obscure epigraphs. Casaubon's obsession is a cautionary tale, but Adam Roberts nonetheless sees in him an invitation to take Eliot's use of epigraphy and allusion seriously, and this book is an attempt to do just that. Roberts considers the epigraph as a mirror that refracts the meaning of a text, and that thus carries important resonances for the way Eliot's novels generate their meanings. In this lively and provoking study, he tracks down those allusions and quotations that have hitherto gone unidentified by scholars, examining their relationship to the text in which they sit to unfurl a broader argument about the novel – both this novel, and the novel form itself. Middlemarch: Epigraphs and Mirrors is both a study of George Eliot and a meditation on the textuality of fiction. It is essential reading for specialists and students of George Eliot, the nineteenth century novel, and intertextuality. It will also richly reward anyone who has ever taken pleasure in Middlemarch.

Between the Acts Sep 29 2022 WITH INTRODUCTIONS BY JACKIE KAY AND LISA JARDINE A village pageant is to take place at Pointz Hall, the country home of the Oliver family for time beyond memory. Written and directed by the energetic Miss La Trobe, the pageant will take in the history of England from the Middle Ages. The past blends with the present and art blends with life in a narrative full of invention, affection and lyricism. Between the Acts was Virginia Woolf's final novel, and this edition contains the original text that she was working on when she died.

Radio Modernisms Apr 12 2021 This collection interrogates and stimulates deep, cross-disciplinary engagement with the various understandings and interplays of 'radio modernisms' from the early decades of the twentieth century through to the 1950s. Academics from a range of different disciplines explore their common interests in the richness and heterogeneity of BBC Radio's imaginative programming – in terms of sound; as cultural events from specific moments in time; as team creations; as something experienced live in the domestic context; and as cultural works that, in many cases, attracted a certain canonical pedigree. Radio modernisms are, as these chapters demonstrate, a combination of the particular, the contingent, and the contextual. More than a decade after the publication of the first scholarly works to yoke together 'modernism' and 'radio', this collection emphasises the plurality of 'modernisms' as a defining aspect of contemporary BBC historiography. The authors bring multiple lenses to bear – including race, gender, and transnationalism – in order to (re)locate twentieth-century radio programming in broad, expansive contexts. They also underline the dynamic entanglements of radio – and radiogenic feature programmes, in particular – with other kinds of media and cultural forms and formats, reframing radio as a site of and vehicle for remediation and intermediality. In examining the myriad ways in which radio gave shape to new modernities, and both evolved and constituted new forms of modernism, this collection offers fresh perspectives on the interconnected significance of 'radio modernisms' within the socio-cultural, literary, and political landscapes of twentieth-century Britain. This book was originally published as a special issue of Media History.

[Virginia Woolf in the Age of Mechanical Reproduction](#) Apr 24 2022 First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

[The BBC](#) Jun 14 2021 'Thorough and engaging ... you can't understand England without understanding the BBC' New York Times 'Fascinating and informative' Daily Telegraph 'A dramatic tale of innovation and determination' Guardian In 1922, a tiny group of men and women came together to found the BBC, using what had been a weapon of war - Marconi's wireless - to remake culture for the good of humanity. Twenty years later, when George Orwell famously quit the Corporation, he decided he was done 'doing work that produces no result'. Yet the BBC is now one of Britain's most beloved institutions. Stars once fainted at the microphone, now a select few spend their Saturdays waltzing for the nation's entertainment in front of studio cameras. From Daleks to Desert Island Discs, the BBC has blazed a trail for British entertainment. Yet it has also always been at the forefront of global change, both breaking and covering the most important stories of the century on Panorama and BBC News. This is a stirring and monumental history of the British cultural stalwart which created modern broadcasting one hundred years ago.

Virginia Woolf, the Intellectual, and the Public Sphere Jul 04 2020 Virginia Woolf, the Intellectual, and the Public Sphere relates Woolf's literary reviews and essays to early twentieth-century debates about the value of 'highbrow' culture, the methods of instruction in universities and adult education, and the importance of an educated public for the realization of democratic goals. By focusing on Woolf's theories and practice of reading, Melba Cuddy-Keane refutes assumptions about Woolf's modernist elitism, revealing instead a writer who was pedagogically oriented, publicly engaged and committed to the ideal of classless intellectuals working together in reciprocal exchange. Woolf emerges as a stimulating theorist of the unconscious, of dialogic reading, of historicist criticism and of value judgments, while her theoretically informed but accessible prose challenges us to reflect on academic writing today. Combining a wealth of historical detail with a penetrating analysis of Woolf's essays, this 2003 study will alter our views of Woolf, of modernism and of intellectual work.

You're Not Listening Sep 25 2019 'BRILLIANT' Chris Evans, Virgin Radio Breakfast Show When was the last time you listened to someone, or someone really listened to you? This life-changing book will transform your conversations forever. At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Now more than ever, we need to listen to those around us. New York Times contributor Kate Murphy draws on countless conversations she has had with everyone from priests to CIA interrogators, focus group moderators to bartenders, her great-great aunt to her friend's toddler, to show how only by listening well can we truly connect with others. Listening has the potential to transform our relationships and our working lives, improve our self-knowledge, and increase our creativity and happiness. While it may take some effort, it's a skill that can be learnt and perfected. When all we crave is to understand and be understood, You're Not Listening shows us how. \* With a new afterword by the author \* 'This book couldn't be more timely. Inspiringly profound...smart and playful' Observer 'I'll be adopting Murphy's advice' Sunday Times, Style

[Virginia Woolf, Europe, and Peace](#) Jul 16 2021 Virginia Woolf, Europe, and Peace: Transnational Circulations enlarges our understanding of Virginia Woolf's pacifist ideology and aesthetic response to the World Wars by re-examining her writings and cultural contexts transnationally and comparatively through the complex interplay between modernism, politics, and aesthetics. The "transnational" paradigm that undergirds this collection revolves around the idea of transnational cultural communities of writers, artists, and musicians worldwide who were intellectually involved in the war effort through the forging of pacifist cultural networks that arose as a form of resistance to war, militarism, and the rise of fascism. The book also offers philosophical approaches to notions of transnational pacifism, anti-war ethics, and decolonization, examining how Woolf's prose undermines center/edge or self/other bifurcations. Breathing new life into Woolf's anti-war writings through a transnational lens and presenting us with the voices and perspectives of a range of significant scholars and critics, the chapters in this volume engage with mobile and circulatory pacifisms, calling attention to the intersections of modernist inquiries across the arts (art, music, literature, and performance) and transnational critical spaces (Asia, Europe, and the Americas) to show how the convergence of different cultural and linguistic horizons can significantly expand and enrich our understanding of Woolf's modernist legacy.

Color Theory Nov 27 2019 Giving an overview of the history of color theory from ancient and classical cultures to contemporary contexts, this book explores important critical principles and provides practical guidance on the use of color in art and design. Going beyond a simple recitation of what has historically been said about color, artist and educator Aaron Fine provides an intellectual history, critiquing prevailing Western ideas on the subject and challenging assumptions. He analyses colonialist and gendered attitudes, materialist and romanticist perspectives, spiritualist approaches to color, color in the age of reproduction, and modernist and post-modernist color strategies. Highlighted throughout are examples of the ways in which attitudes towards color have been impacted by the legacy of colonialism and are tied up with race, gender, and class. Topics covered include color models, wheels and charts, color interaction and theories of perception, with over 150 images throughout. By placing under-examined tenets of color theory such as the color wheel and color primaries within the Western industrial context that generated them, Fine helps you to connect color choices to color meanings and apply theory to practice.

Virginia Woolf and the Discourse of Science Sep 17 2021 Table of contents

Leonard and Virginia Woolf, The Hogarth Press and the Networks of Modernism Mar 31 2020 This multi-authored volume focuses on Leonard and Virginia Woolf's Hogarth Press (1917-1941). Scholars from the UK and the US use previously unpublished archival materials and new methodological frameworks to explore the relationships forged by the Woolfs [The Feminist Aesthetics of Virginia Woolf](#) Oct 19 2021 Jane Goldman offers a revisionary, feminist reading of Woolf's work. Focusing on Woolf's engagement with the artistic theories of her time, Goldman analyzes Woolf's fascination with the Post-Impressionist exhibition of 1920 and the solar eclipse of 1927 by linking her response to a much wider literary and cultural context. Illustrated with color pictures, this book will appeal not only to scholars working on Woolf, but also to students of modernism, art history, and women's studies.

[Crises of the Sentence](#) Jan 10 2021 There are few forms in which so much authority has been invested with so little reflection as the sentence. Though a fundamental unit of discourse, it has rarely been an explicit object of inquiry, often taking a back seat to concepts such as the word, trope, line, or stanza. To understand what is at stake in thinking—or not thinking—about the sentence, Jan Mieszkowski looks at the difficulties confronting nineteenth- and twentieth-century authors when they try to explain what a sentence is and what it can do. From Romantic debates about the power of the stand-alone sentence, to the realist obsession with precision and revision, to modernist experiments with ungovernable forms, Mieszkowski explores the hidden allegiances behind our ever-changing stylistic ideals. By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment, Crises of the Sentence offers a new perspective on our love-hate relationship with this fundamental compositional category.

Mourning, Modernism, Postmodernism Oct 07 2020 Mourning, Modernism, Postmodernism traces the emergence of a fundamentally new way of writing about individual and collective mourning, demonstrating how a refusal of consolation and closure succeeds in promoting a progressive cultural politics crucial for reimagining gender, racial, and sexual subjects.

Virginia Woolf and the Politics of Style Nov 07 2020 This readable, informed, and insightful book illustrates the effects Virginia Woolf's feminism had on her art. Woolf's committed

feminism combined with her integrity as an artist and her ability to metamorphose ideology into art make her work particularly suitable for a study of the complex relationship of polemic to aesthetics. There is hardly a more crucial issue for the feminist artist today, who must seek a successful fusion of her principles with her art. For the student of this art Virginia Woolf and the Politics of Style provides a means to evaluate the success or failure of these strategies. While Woolf's essays reflect a strong if somewhat quirky feminism, she was highly critical of didacticism in fiction. For that reason her novels at first glance appear relatively free of polemic. Virginia Woolf and the Politics of Style reveals that her feminism is more accurately described as latent in the novels, having been merged into the aesthetic components of style, structure, point of view, and patterns of imagery.

The Cambridge Companion to Virginia Woolf Jun 22 2019 A revised and fully updated edition, featuring five new chapters reflecting recent scholarship on Woolf.  
**Locating Woolf** Dec 09 2020 This book offers an in-depth treatment of Woolf's representations of space and place. Eleven essays contribute not only to Woolf studies but also to emergent debates concerning modernism's relations to empire and geography. They offer innovative and interdisciplinary readings on topics such as London's imperial spaces and the gendering of space.

Virginia Woolf and the Natural World Aug 29 2022 Virginia Woolf and the Natural World is a compilation of thirty-one essays presented at the twentieth annual international conference on Virginia Woolf. This volume explores Woolf's complex engagement with the natural world, an engagement that was as political as it was aesthetic. The diversity of topics within this collection—ecofeminism, the nature of time, the nature of the self, nature and sporting, botany, climate, and landscape, just to name a few—fosters a deeper understanding of the nature of nature in Woolf's works. Contributors include Bonnie Kime Scott, Carrie Rohman, Diana Swanson, Elisa Kay Sparks, Beth Rigel Daugherty, Jane Goldman, and Diane Gillespie, among many others from the international community of Woolf scholars.

Heterotopic World Fiction Dec 21 2021 After more than a century of genocides and in the midst of a global pandemic, this book focuses on the critique of biopolitics (the government of life through individuals and the general population) and the counterdevelopment of biopoetics (an aesthetics of life elaborating a self as a practice of freedom) realized in texts by Virginia Woolf, Michel Foucault, and Michael Ondaatje. Their world fiction produces transhistorical, transnational experiences offered to the reader for collective responsibility in these critical times. Their books function as heterotopias: spaces and processes that recall and confront regimes of recognized truths to dismantle fixed identities and actualize possibilities for becoming other. Higgins and Lepp define and explore a slant, biopoetic perspective that is feminist, materialist, anti-racist, and anti-war.

Public Opinion Polling in Mid-Century British Literature Mar 12 2021 Whereas modernist writers lauded the consecrated realm of subjective interiority, mid-century writers were engrossed by the materialization of the collective mind. An obsession with group thinking was fuelled by the establishment of academic sociology and the ubiquitous infiltration of public opinion research into a bevy of cultural and governmental institutions. As authors witnessed the materialization of the once-opaque realm of public consciousness for the first time, their writings imagined the potentialities of such technologies for the body politic. Polling opened new horizons for mass politics. Public Opinion Polling in Mid-Century British Literature traces this most crucial period of group psychology's evolution—the mid-century—when "psychography," a term originating in Victorian spiritualism, transformed into a scientific praxis. The imbrication of British writers within a growing institutionalized public opinion infrastructure bolstered an aesthetic turn towards collectivity and an interest in the political ramifications of meta-psychological discourse. Examining works by H.G. Wells, Evelyn Waugh, Val Gielgud, Olaf Stapledon, Virginia Woolf, Naomi Mitchison, Celia Fremlin, Cecil Day-Lewis, and Elizabeth Bowen, this book utilizes extensive archival research to trace the embeddedness of writers within public opinion institutions, providing a fresh explanation for the new "material" turn so often associated with interwar writing.

Virginia Woolf and the World of Books Aug 05 2020 A celebration of the centenary of the founding of Leonard and Virginia Woolf's Hogarth Press.

Outrages Mar 24 2022 From New York Times bestselling author Naomi Wolf, Outrages explores the history of state-sponsored censorship and violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition—a paperback original In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved and was attracted to men, hastily wrote out a seeming renunciation of the long love poem he'd written to another young man. Outrages chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries, including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's Leaves of Grass was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept trying, stubbornly, to find a way to express his message—that love and sex between men were not "morbid" and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay A Problem in Modern Ethics that was secretly shared in his lifetime and would become foundational to our modern understanding of human sexual orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf's Outrages is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It is also critically important for what the book has to say about the vital and often courageous roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With Outrages, Wolf brings us the inspiring story of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

Wolf Hall May 02 2020 In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Virginia Woolf, Science, Radio, and Identity Jul 28 2022 This book offers an extensive analysis of Woolf's engagement with science, tracing the application of scientific concepts to questions of identity.

Radio Modernism Jan 28 2020 Weaving together the BBC's institutional history and developments in ethical philosophy, Todd Avery shows how the involvement of writers like T. S. Eliot, H. G. Wells, E. M. Forster, and Virginia Woolf with radio helped to shape the ethical contours of literary modernism. His book recaptures for a twenty-first-century audience the interest, fascination, excitement, and often consternation that British radio induced in its literary listeners following its inception in 1922.

The Death of the Moth and Other Essays (The Original Unabridged 1942 Edition of 28 Essays) Jan 22 2022 This carefully crafted ebook: "The Death of the Moth and Other Essays (The Original Unabridged 1942 Edition of 28 Essays)" is formatted for your eReader with a functional and detailed table of contents. Virginia Woolf is one of the most important modernist writers of the last century. This is a collection of essays edited after her death by her husband. CONTENTS: The Death of the Moth Evening Over Sussex: Reflections in a Motor Car Three Pictures Old Mrs. Grey Street Haunting: A London Adventure Jones and Wilkinson "Twelfth Night" At the Old Vic Madame de Sévigné The Humane Art Two Antiquaries: Walpole and Cole The Rev William Cole The Historian and "The Gibbon" Reflections at Sheffield Place The Man at the Gate Sara Coleridge "Not One of Us" Henry James: 1. Forster Middlebrow The Art of Biography Craftsmanship A Letter to a Young Poet Why? Professions for Women Thoughts on Peace in an Air Raid

To the Lighthouse & The Waves May 14 2021 "To the Lighthouse" - The Ramsey family arrives to their summer house in the Hebrides, on the Isle of Skye in Scotland. They plan to visit the island's lighthouse one day, but the weather doesn't allow them and that creates some tension between family members. As the Ramsays have been joined at the house by a number of friends and colleagues, the trip to the lighthouse doesn't happen. Passing of the time brings death and grief to the Ramsey family, but the tension is still there. "The Waves" consists of soliloquies spoken by six characters: Bernard, Susan, Rhoda, Neville, Jinny, and Louis. Also important is Percival, the seventh character, though we never hear him speak in his own voice. The soliloquies that span the characters' lives are broken up by nine brief third-person interludes detailing a coastal scene at varying stages in a day from sunrise to sunset. As the six characters or "voices" speak Woolf explores concepts of individuality, self and community. Each character is distinct, yet together they compose a gestalt about a silent central consciousness.

Virginia Woolf Feb 20 2022 As the nephew of Virginia Woolf, Quentin Bell enjoyed an intimacy with his subject granted to few biographers. Originally published in two volumes in 1972, his acclaimed biography describes Virginia Woolf's family and childhood; her earliest writings; the formation of the Bloomsbury Group; her marriage to Leonard Woolf; the mental breakdown of the years 1912-15; the origins and growth of the Hogarth Press; her friendships with T. S. Eliot, Katherine Mansfield and Vita Sackville-West; her struggles to write The Waves and The Years; and the political and personal distresses of her last decade. Compelling, moving and entertaining, Quentin Bell's biography was awarded the James Tait Black Memorial Prize and the Duff Cooper Memorial Prize. It is a fitting tribute to a remarkable and complex woman, one of the greatest writers of the century.

Broadcasting in the Modernist Era Jun 02 2020 The era of literary modernism coincided with a dramatic expansion of broadcast media throughout Europe, which challenged avant-garde writers with new modes of writing and provided them with a global audience for their work. Historicizing these developments and drawing on new sources for research— including the BBC archives and other important collections - Broadcasting in the Modernist Era explores the ways in which canonical writers engaged with the new media of radio and television. Considering the interlinked areas of broadcasting 'culture' and 'politics' in this period, the book engages the radio writing and broadcasts of such writers as Virginia Woolf, W. B. Yeats, Ezra Pound, T. S. Eliot, James Joyce, George Orwell, E. M. Forster, J. B. Priestley, Dorothy L. Sayers, David Jones and Jean-Paul Sartre. With chapters by leading international scholars, the volume's empirical-based approach aims to open up new avenues for understandings of radiogenic writing in the mass-media age.

Bernard Shaw and the BBC Feb 08 2021 George Bernard Shaw's frequently stormy but always creative relationship with the British Broadcasting Corporation was in large part responsible for making him a household name on both sides of the Atlantic. From the founding of the BBC in 1922 to his death in 1950, Shaw supported the BBC by participating in debates, giving talks, permitting radio and television broadcasts of many of his plays - even advising on pronunciation questions. Here, for the first time, Leonard Conolly illuminates the often grudging, though usually mutually beneficial, relationship between two of the twentieth century's cultural giants. Drawing on extensive archival materials held in England, the United States, and Canada, Bernard Shaw and the BBC presents a vivid portrait of many contentious issues negotiated between Shaw and the public broadcaster. This is a fascinating study of how controversial works were first performed in both radio and television's infancies. It details debates about freedom of speech, the editing of plays for

broadcast, and the protection of authors' rights to control and profit from works performed for radio and television broadcasts. Conolly also scrutinizes Second World War-era censorship, when the British government banned Shaw from making any broadcasts that questioned British policies or strategies. Rich in detail and brimming with Shaw's irrepresible wit, this book also provides links to online appendices of Shaw's broadcasts for the BBC, texts of Shaw's major BBC talks, extracts from German wartime propaganda broadcasts about Shaw, and the BBC's obituaries for Shaw.

*Edinburgh Companion to Virginia Woolf and the Arts* May 26 2022 The *Edinburgh Companion to Virginia Woolf and the Arts* is the most authoritative and up-to-date guide to Virginia Woolf's artistic influences and associations. In original, extensive and newly researched chapters by internationally recognised authors, the *Companion* explores Woolf's ideas about creativity and the nature of art in the context of the recent 'turn to the visual' in modernist studies with its focus on visual technologies and the significance of material production. The in-depth chapters place Woolf's work in relation to the most influential aesthetic theories and artistic practices, including Bloomsbury aesthetics, art and race, Vanessa Bell and painting, art galleries, theatre, music, dance, fashion, entertaining, garden and book design, broadcasting, film, and photography. No previous book concerned with Woolf and the arts has been so wide ranging or has paid such close attention to both public and domestic art forms. Illustrated with 16 colour as well as 39 black and white illustrations and with guides to further reading, the *Companion* will be an essential reference work for scholars, students and the general public. **Key Features\*** An essential reference tool for all those working on or interested in Virginia Woolf, the arts, visual culture and modernist studies\* Provides a new intellectual framework for the exciting discoveries of the past decades\* Draws on archival and historical research into Virginia Woolf's manuscripts and her Bloomsbury milieu\* Original chapters from expert contributors newly commissioned by Maggie Humm, widely known for her important work on Virginia Woolf and visual culture\* Combines broad synthesis and original reflection setting Woolf's work in historical, cultural and artistic contexts

*The Virginia Woolf BBC Radio Drama Collection* Oct 31 2022 *The Voyage Out*: A sea voyage to South America turns into a journey of self-discovery for naïve Rachel Vinrace. *Night and Day*: In pre-First World War London, aristocrat Katharine Hilbery and suffragette Mary Datchet have their assumptions about love challenged. *Mrs Dalloway*: Virginia Woolf's masterpiece charts one day in the life of Clarissa Dalloway, as she prepares to host an important party. *To the Lighthouse*: Centring around a summer home on Skye, Virginia Woolf's landmark tale follows the Ramsay family and their guests before and after World War I. *Orlando*: The adventures of time-travelling, gender-swapping poet Orlando, who is born male in Elizabethan England and dies female over 300 years later. *The Waves*: In this radical play-poem, six characters look back on their childhood and first forays into adulthood, and reflect on the loss of their friend Percival. *Between the Acts*: An eccentric artist devises a pageant celebrating English history but it is 1939, and the shadow of war hangs over England's present.

*Virginia Woolf, Science, Radio, and Identity* Dec 29 2019 This book offers an extensive analysis of Woolf's engagement with science. It demonstrates that science is integral to the construction of identity in Woolf's novels of the 1930s and 1940s, and identifies a little-explored source for Woolf's scientific knowledge: BBC scientific radio broadcasts. By analyzing this unstudied primary material, it traces the application of scientific concepts to questions of identity and highlights a single concept that is shared across multiple disciplines in the modernist period: the idea that modern science undermined individualized conceptions of the self. It broadens our understanding of the relationship between modernism and radio, modernism and science, and demonstrates the importance of science to Woolf's later novels.

*The Village in the Jungle* Jun 26 2022

*Bloomsbury Influences* Sep 05 2020 "No poet, no artist of any art, has his complete meaning alone. His significance, his appreciation is the appreciation of his relation to the dead poets and artists." —T. S. Eliot, "Tradition and the Individual Talent", 1921 *Bloomsbury Influences* is an interdisciplinary essay collection developed from papers given at Bath Spa University's Bloomsbury Adaptations Conference. The volume explores the ways that 20th and 21st century art, drama, fiction and philosophy have been influenced and inspired by the work of the Bloomsbury Group and their London milieu. By comparing and contrasting the artistic, philosophical and literary works of the Bloomsbury Group with later artists, writers and thinkers, such as the Singh Twins, Harold Bloom, C. K. Stead, Jeanette Winterson and Ali Smith, amongst many others, each essay examines how, in T. S. Eliot's words, the past has been "altered by the present as much as the present is directed by the past".

*Sri Lanka At Crossroads: Geopolitical Challenges And National Interests* Aug 24 2019 Having celebrated its 70th year of independence in 2018, Sri Lanka, a strategically-positioned island nation, now finds itself with the potential to be a super connector in fast-developing Asia. While carving out a place for itself in the international arena, Sri Lanka has simultaneously had to look inwards to recover and rebuild its potential, bruised by an era of colonial rule and nearly 30 years of a civil war, with two youth insurrections. This book examines these twin dimensions. First, how Sri Lanka is negotiating its international reach and the spheres of influence that extend from other Asian and world powers, and second, how the country is engaging in nation-building, from days of racial riots to ones of peace-building, reconciliation, more robust governance, and the development of cyber security. Written from the perspective of a Sri Lankan academic and the head of the national security think tank, this book offers insights into how the country has addressed its post-conflict as well as geopolitical challenges, navigated through domestic politics, and ramped up peace-building efforts, to now reach a junction where it can put its foot firmly on the road to prosperity in a new Asian world order.

*Essays Virginia Woolf* Vol. 6 Jul 24 2019 With this sixth volume The Hogarth Press completes a major literary undertaking - the publication of the complete essays of Virginia Woolf. In this, the last decade of her life, Woolf wrote distinguished literary essays on Turgenev, Goldsmith, Congreve, Gibbon and Horace Walpole. In addition, there are a number of more political essays, such as 'Why Art To-Day Follows Politics', 'Women Must Weep' (a cut-down version of *Three Guineas* and never before reprinted), 'Royalty' (rejected by *Picture Post* in 1939 as 'an attack on the Royal family, and on the institution of kingship in this country'), 'Thoughts on Peace in an Air Raid', and even 'America, which I Have Never Seen...' ('[Americans are] the most interesting people in the world - they face the future, not the past'). In 'The Leaning Tower' (1940), Virginia Woolf faced the future and looked forward to a more democratic post-war age: 'will there be no more towers and no more classes and shall we stand, without hedges between us, on the common ground?' Woolf stimulates her readers to think for themselves, so she 'never forges manifestos, issues guidelines, or gives instructions that must be followed to the letter' (Maria DiBattista). In providing an authoritative text, introduction and annotations to Virginia Woolf's essays, Stuart N. Clarke has prepared a common ground - for students, common readers and scholars alike - so that all can come to Woolf without specialised knowledge.

*Virginia Woolf, Science, Radio, and Identity* Feb 29 2020

*Recycling Virginia Woolf in Contemporary Art and Literature* Nov 19 2021 *Recycling Virginia Woolf in Contemporary Art and Literature* examines Woolf's life and oeuvre from the perspective of recycling and provides answers to essential questions such as: Why do artists and writers recycle Woolf's texts and introduce them into new circuits of meaning? Why do they perpetuate her iconic figure in literature, art and popular culture? What does this practice of recycling tell us about the endurance of her oeuvre on the current literary, artistic and cultural scene and what does it tell us about our current modes of production and consumption of art and literature? This volume offers theoretical definitions of the concept of recycling applied to a multitude of specific case studies. The reasons why Woolf's work and authorial figure lend themselves so well to the notion of recycling are manifold: first, Woolf was a recycler herself and had a personal theory and practice of recycling; second, her work continues to be a prolific compost that is used in various ways by contemporary writers and artists; finally, since Woolf has left the original literary sphere to permeate popular culture, the limits of what has been recycled have expanded in unexpected ways. These essays explore today's trends of fabricating new, original artefacts with Woolf's work, which thus remains completely relevant to our contemporary needs and beliefs.

*Virginia Woolf & Music* Aug 17 2021 "A truly comprehensive, multi-perspective, and up-to-date survey of the undeniable role of music in Woolf's life and writings" (*Music and Letters*). Through Virginia Woolf's diaries, letters, fiction, and the testimony of her contemporaries, this fascinating volume explores the inspiration and influences of music—from classical through mid-twentieth century—on the preeminent Modernist author of *Mrs. Dalloway*, *To the Lighthouse*, *Orlando*, *A Room of One's Own*, and other masterful compositions. In a letter to violinist Elizabeth Trevelyan, Woolf revealed: "I always think of my books as music before I write them." In a journal entry she compared herself to an "improviser with [my] hands rambling over the piano." Approaching the author's career from a unique perspective, *Virginia Woolf and Music* examines her musical background; music in her fiction and her own critical writings on the subject; its importance in the Bloomsbury milieu; and its role within the larger framework of aesthetics, politics, gender studies, language, and Modernism. Illuminating the rich nature of Woolf's works, these essays from scores of literary and music scholars are "a fascinating and important contribution to scholarship about Virginia Woolf, music, and interdisciplinary art" (*Music Reference Services Quarterly*).
