Italy's Sorrow: A Year of War 1944-45 Nov 23 2021 Today Italy is a land of beauty and prosperity but in 1944-45 it had become a place of nightmares, a land of violence, war, and destruction. James Holland's ground-breaking account expertly documents the German advance to the stalemate of the Gothic line and a segment of Italian history that has been largely neglected.

I Was A Stranger Oct 23 2021 Badly wounded at the battle of Arnhem, and then spirited from his hospital bed by the Dutch Resistance, Brigadier John Hackett spent the winter of 1944 in Nazi-occupied Holland, hidden by a Dutch family, at great risk to their own lives, in a house a stone's throw from a German military police billet. After four months in hiding, Hackett was at last well enough to strap a battered suitcase to an ancient bicycle and set out on a high adventure which would, he hoped, lead him to freedom.

Visions of Empire in the Nazi-Occupied Netherlands Oct 11 2020 *Visions of Empire in the Nazi-Occupied Netherlands* is both a political history of the Nazi-occupied Netherlands and a study of empire, occupation, and decolonization. Focusing on the work of leading anti-Nazi resisters, Jennifer L. Foray explores whether the experiences of domination and oppression led the Dutch to reconsider their historical position as imperial rulers.

On to Victory Feb 12 2021 The eighth Canadian Battle Series volume is

the little-told story of the tense final days of World War II, remembered in the Netherlands as “the sweetest of springs,” which saw the country’s liberation from German occupation. The Liberation Campaign, a series of fierce, desperate battles during the last three months of the war, was bittersweet. A nation’s freedom was won and the war concluded, but these final hostilities cost Canada 6,298 casualties, including 1,482 dead. With his trademark “you are there” style that draws upon official records, veteran memories, and a keen understanding of the combat experience, Mark Zuehlke brings to life this concluding chapter in the story of Canada in World War II. May 4, 2010, will mark the 65th anniversary of the Netherlands’ liberation.

The Escape Line Sep 09 2020 Of all the resistance organizations that operated during the war, about which much has been written, one stands out for its transnational character, the diversity of the tasks its members took on, and the fact that, unlike many of the known evasion lines, it was not directed by Allied officers, but rather by group of ordinary citizens. Between 1942 and 1945, they formed a network to smuggle Dutch Jews and others targeted by the Nazis south into France, via Paris, and then to Switzerland. This network became known as the Dutch-Paris Escape Line, eventually growing to include 300 people and expanding its reach into Spain. Led by Jean Weidner, a Dutchman living in France, many lacked any experience in clandestine operations or military tactics, and yet they became one of the most effective resistance groups of the Second World War. Dutch-Paris largely improvised its operations—scrounging for food on the black market, forging documents, and raising cash. Hunted relentlessly by the Nazis, some were even captured and tortured. In addition to Jews, those it helped escape the clutches of the Nazis included resistance fighters, political foes, Allied airmen, and young men looking to get to London to enlist. As the need grew more desperate, so did the bravery of those who rose to meet it. Using recently declassified archives, *The Escape Line* tells the story of the Dutch-Paris and the thousands of people it saved during World War II. Author Megan Koreman, who was given exclusive access to many of the archives, is herself the daughter of Dutch parents who were part of the resistance.

Abundance of Valor Jun 06 2020 The operation known as “Market Garden”—made famous in the book and film *A Bridge Too Far*—was the largest airborne assault in history up to that time, a high-risk Allied invasion of enemy territory that has become a legend of World

War II, even as it still invites criticism from historians. Now a thrilling and revelatory new book re-creates the operation as never before, revealing for the first time the full adventures of the bold "Jedburgh" paratroopers whose exploits were almost unimaginably risky and heroic. Kicked off on September 17, 1944, Market Garden was intended to secure crucial bridges in the Nazi-occupied Netherlands by a parachute assault conducted by three Allied airborne divisions. Capture of the bridges would allow a swift advance and crossing of the Rhine by British ground forces. Jedburgh teams—Allied Special Forces—were dropped into the Netherlands to train and use the Dutch resistance in support of the larger operation. Based on new firsthand testimony of survivors and declassified documents, *Abundance of Valor* concentrates on the three teams that operated farthest behind enemy lines, the nine men whose treacherous missions resulted in deaths, captures, and hair-breadth escapes. Here in unprecedented detail are the heat and stench of fuel, oil, and sweat in the troop carriers going over, the remarkable (and misleading) initial success of the daylight parachute landings, and the deadly, brutally effective German response, particularly by crack SS armored units in the blood-soaked town of Arnhem. *Abundance of Valor* portrays with stunning verisimilitude the experiences of Lt. Harvey Allan Todd, who fought from a surrounded position against overwhelming numbers of the enemy before surviving capture, near-starvation, interrogation, and solitary confinement in German POW camps, and Maj. John "Pappy" Olmsted, who made a hazardous journey, in disguise, from safe house to safe house through enemy territory until finally reaching friendly lines. With piercing criticism of the mission's ultimate failure from faulty use of intelligence—and Field Marshall Montgomery's distrust of the Dutch underground—*Abundance of Valor* is a brutally honest and truly inspiring account of fighting men in a noble cause who did their jobs with extraordinary honor and courage.

A Traitor Among Us Jan 14 2021 In occupied Holland in 1944, thirteen-year-old Pieter becomes increasingly involved in the work of the Dutch Resistance even though he knows the risk of being discovered by the Nazi informer who lives in his village.

Famine and Death in Occupied Greece, 1941-1944 Jul 20 2021 A pioneering study of the impact of the Greek famine of 1941 and 1942, first published in 2006.

The Hunger Winter Nov 04 2022 Germany invaded the Netherlands in the spring of 1940. Life in occupied Holland was hideous enough, but for the Dutch the worst was yet to come. After the Western Allies lost the Battle of Arnhem in September 1944, the Dutch provinces north of the Rhine and Waal Rivers were in the hands of the Germans, and to the south fighting raged for months. In the winter of 1944-45, just as other parts of Europe were being liberated, the Dutch seemed forsaken by the Allies, who bypassed Holland on their drive to Berlin. That

last winter of the war, with its severe food and fuel shortages, was a terrible one for the Dutch people, who also suffered from episodes of Nazi terrorism. In some provinces there was nothing to eat but tulip bulbs and sugar beets, and eighteen thousand Dutch civilians actually starved to death. Henri van der Zee, who was ten years old that winter, remembers what happened to his people.

The Boy in the Attic Aug 21 2021 Anna opened the letter with trembling hands. 'My darling, if you're reading this, I haven't managed to unravel my parents' secret. But you can. Will you finish the search for me, find out who they were, and who you really are?' Nazi-occupied Holland, 1944. As soldiers patrol the streets, nursing student Ilse is only just surviving the terrible famine and increasingly violent German occupation. Though exhausted by her demanding work at a hospital far from home, she can't help but notice Levi, the young man with the dark eyes watching the world silently from the abandoned house next door. Then, early one morning, she finds him terrified and trembling with cold on the back doorstep. Levi's Jewish family have been arrested and sent to a concentration camp, their likely fate all too clear. And now he needs her help. So Ilse makes the most dangerous decision of her life, and takes Levi in. Hiding him away in her tiny attic room, he must remain concealed or risk almost certain death. But as the war worsens, keeping Levi a secret becomes ever more difficult, even as their mutual affection grows. And when a local German soldier becomes obsessed with Ilse, they fear their time - and luck - has run out... London, present day. When Anna's father dies, he leaves her a ticket to Amsterdam, a bent silver sixpence on a delicate silver chain, and a note begging her to complete the journey he was never able to. To the town where he was born, to find out once and for all who his parents were, and to discover their wartime fate. Based on the author's incredible family history, a totally devastating and ultimately uplifting story about a girl who risked everything, including her life, to save the man she loved. Heart-breaking and timely, this powerful tale will be loved by fans of *The Tattooist of Auschwitz*, *The Nightingale* and *Fiona Valpy*. Readers love Imogen Matthews: 'Literally gave me shivers... Absolutely heart-breaking... Gripping... This one really got to me, I was in tears... Will stay with me for a very long time.' *Echoes in an Empty Room*, [?????](#) 'I couldn't put it down... Operation Chowhound Jan 26 2022 The true story of a little-known, yet remarkable World War II operation, which had all the hallmarks of a suicide mission. Beginning with a crazy plan hatched by a suspect prince, and an even crazier reliance on the word of the Nazis, Operation Chowhound was devised. Between May 1 and May 8, 1945, 2,268 military units flown by the USAAF, dropped food to 3.5 million starving Dutch civilians in German-occupied Holland. It took raw courage to fly on Operation Chowhound, as American aircrews never knew when the German AAA might open fire on them or if Luftwaffe fighters might jump them. Flying at 400 feet, barely above the tree tops, with guns pointed directly at them, they would have no chance to bail out if their B-17s were hit—and yet, over eight days, 120,000 German

troops kept their word, and never fired on the American bombers. As they flew, grateful Dutch civilians spelled out "Thanks Boys" in the tulip fields below. Many Americans who flew in Operation Chowhound would claim it was the best thing they did in the war. In this gripping narrative, author Stephen Dando-Collins takes the reader into the rooms where Operation Chowhound was born, into the aircraft flying the mission, and onto the ground in the Netherlands with the civilians who so desperately needed help. James Bond creator Ian Fleming, Hollywood actress Audrey Hepburn, as well as Roosevelt, Eisenhower, and Churchill all play a part in this story, creating a compelling, narrative read.

Dutch Girl Aug 01 2022 Twenty-five years after her passing, Audrey Hepburn remains the most beloved of all Hollywood stars, known as much for her role as UNICEF ambassador as for films like *Roman Holiday* and *Breakfast at Tiffany's*. Several biographies have chronicled her stardom, but none has covered her intense experiences through five years of Nazi occupation in the Netherlands. According to her son, Luca Dotti, "The war made my mother who she was." Audrey Hepburn's war included participation in the Dutch Resistance, working as a doctor's assistant during the "Bridge Too Far" battle of Arnhem, the brutal execution of her uncle, and the ordeal of the Hunger Winter of 1944. She also had to contend with the fact that her father was a Nazi agent and her mother was pro-Nazi for the first two years of the occupation. But the war years also brought triumphs as Audrey became Arnhem's most famous young ballerina. Audrey's own reminiscences, new interviews with people who knew her in the war, wartime diaries, and research in classified Dutch archives shed light on the riveting, untold story of Audrey Hepburn under fire in World War II. Also included is a section of color and black-and-white photos. Many of these images are from Audrey's personal collection and are published here for the first time.

Hitler's Brudervolk Sep 21 2021 This is the first academic book on Dutch colonial aspirations and initiatives during WWII. Between the summers of 1941 and 1944, some 5,500 Dutch men and women left their occupied homeland to find employment in the so-called German Occupied Eastern Territories: Belarus, the Baltic countries and parts of Ukraine. This was the area designated for colonization by Germanic people. It was also the stage of the "Holocaust by Bullets," a centrally coordinated policy of exploitation and oppression and a ruthless anti-partisan war. This book seeks to answer why the Dutch decided to go there, how their recruitment, transfer and stay were organized, and how they reacted to this scene of genocidal violence. It is a close-up study of racial monomania, of empire-building on the old continent and of collaboration in Nazi-occupied Europe.

Four Centuries of Dutch-American Relations Apr 28 2022 A comprehensive history of bilateral relations between the Netherlands

and the United States.

The Guns at Last Light Feb 01 2020 In the first two volumes of his bestselling Liberation Trilogy, Rick Atkinson recounted how the American-led coalition fought through North Africa and Italy to the threshold of victory. Now he tells the most dramatic story of all - the titanic battle for Western Europe. D-Day marked the commencement of the European war's final campaign, and Atkinson's riveting account of that bold gamble sets the pace for the masterly narrative that follows. The brutal fight in Normandy, the liberation of Paris, the disaster that was Market Garden, the horrific Battle of the Bulge, and finally the thrust to the heart of the Third Reich - all these historic events and more come alive with a wealth of new material and a mesmerizing cast of characters. With the stirring final volume of this monumental trilogy, Rick Atkinson's remarkable accomplishment is manifest. He has produced the definitive chronicle of the war that unshackled a continent and preserved freedom in the West.

The Hunger Winter Sep 02 2022 A pioneering study on the causes and consequences of the Dutch famine of 1944-1945.

The Assault Mar 04 2020 It is the winter of 1945, the last dark days of World War II in occupied Holland. A Nazi collaborator, infamous for his cruelty, is assassinated as he rides home on his bicycle. The Germans retaliate by burning down the home of an innocent family; only twelve-year-old Anton survives. Based on actual events, *The Assault* traces the complex repercussions of this horrific incident on Anton's life. Determined to forget, he opts for a carefully normal existence: a prudent marriage, a successful career, and colorless passivity. But the past keeps breaking through, in relentless memories and in chance encounters with others who were involved in the assassination and its aftermath, until Anton finally learns what really happened that night in 1945—and why.

This cannot happen here Dec 25 2021 This book reviews Jewish resistance in the Netherlands during the Second World War within the context of Jewish integration into the Dutch society.

The Dutch Resistance 1940-45 May 30 2022 Describes and illustrates the full range of Dutch resistance groups and German and collaborationist counter-resistance groups during the Nazi occupation in 1940-45. The Nazi occupation of the Netherlands was a complex, varied and bloody affair. Well-documented is the initial capture by the Gestapo of a secret Dutch Special Operations Executive radio-operator who thereafter lured several parachuted agents to their deaths, but, the actual scope and complexity of the occupation was

much greater than this. Large-scale civil resistance against the occupation began as early as February 1941, and 1943 saw assassinations, reprisals, and the development of various resistance groups - the LKP National Assault Teams and some 'wild' armed groups: the left wing RzV and the conservative OD. In addition, several overlapping Dutch organizations amalgamated in September 1944 into the NBS: 'Netherlands Interior Forces'. In return, the Germans created the collaborationist Landwacht security force. From the start of September 1944, when Allied armies liberated the southern provinces of North Brabant and Limburg, NBS "shocktroop" units were uniformed and armed by both the British and US armies and assisted their further advance, while a bloody underground struggle continued in the still occupied North until final liberation in April 1945. The Dutch authors of this title are long-time researchers of the subject, with family connections to Resistance veterans, a large library of hitherto untranslated local sources, and support from several museums and private photo collections to fully document the groups and fighting involved. Using detailed color illustrations of troops and fighters, this volume provides a comprehensive and in-depth account of one of the lesser-known occupations of WWII.

The Hiding Place Aug 09 2020 The #1 testimony book that every Christian needs to read. Despite the danger and threat of discovery, the ten Boom family courageously offered shelter to persecuted Jews during the Nazi occupation of Holland. Then a trap brought about the family's arrest. Could God's love shine through, even in Ravensbruck?

Struggle and Heroics in Occupied Holland Aug 28 2019 Several years into World War II, a young couple in occupied Holland decided to hide a Jewish medical student in their home to protect him from the Nazis as part of their work with the Resistance. Eventually, they helped smuggle him out of the country to safety. This couple, Johannes and Maria Messinger, were author Hans Messinger's parents. In *Struggles and Heroics in WWII*, he tells their life and family story from their dangerous work with the Resistance, their struggles to survive through the Hunger Winter of 1944-45, their recollections of the liberation of Holland by Canadian forces, and their efforts to build a new life in Canada during some tough economic times. Filled with interesting cultural gems and incredible historical events, this book is a deeply personal and moving story about the life and family of two courageous individuals.

Normandy '44 Dec 01 2019 'A superb account of the invasion that deserves immense praise. To convey the human drama of Normandy requires great knowledge and sensitivity. Holland has both in spades' The Times Renowned World War Two historian James Holland presents an entirely new perspective on one of the most important moments in recent history, unflinchingly examining the brutality and violence that characterised the campaign, and totally recalibrating our

understanding of this momentous event. D-Day and the 76 days of bitter fighting in Normandy that followed have come to be seen as a defining episode in the Second World War. Its story has been endlessly retold, and yet it remains a narrative burdened by both myth and assumed knowledge. In this reexamined history, James Holland challenges what we think we know. Drawing on unseen archives and testimonies from around the world, introducing a cast of eye-witnesses from foot soldiers to bomber crews, sailors, civilians and resistance fighters. What readers are saying: ***** 'The most thorough description I have read so far. Well balanced with a real intelligent understanding of events that have been misread for years.' ***** 'Another excellent James Holland book. One of the best writers of WW2 historical books.' ***** 'A wonderful, passionate account. Painstakingly researched and fantastically written.'

Abundance of Valor Jun 26 2019 Telling the riveting story of history's largest airborne assault, "Abundance of Valor" focuses on the British and American forces who, in September 1944, dropped three parachute divisions into German-occupied Holland.

The Playboy Crew, 1943-1944 Oct 30 2019 The Playboy took a terrible beating that day... The Luftwaffe fighter planes and heavy cannon fire had really done a number on the hardy B-24 Liberator, leaving it about sixty percent plane and forty percent holes. Fortunately, nine of the ten Playboy crew members were able to bail out. But then the real trouble started. Years later, one of these brave air crew members shares his story and relives the year he spent narrowly evading the Germans in occupied Holland-hiding in secret compartments and haymows in the country; aiding the Dutch Underground members in disrupting the enemy forces, all while trying to get to Allied lines with the help of the Dutch Resistance Force. "Our World War II experiences uprooted us from our homes and reshaped us from whatever we had formerly been. Ten specialists were formed into a fighting team-dubbed The Playboy Crew-whose lives, to a great extent, depended on one another. That we functioned as well as we did is a credit not only to our training but to the type of people we were and to those who led us."

Hell's Highway Jul 08 2020 The author of The Battered Bastards of Bastogne does a "superb job of telling the history the 101st Airborne Division during Operation Market Garden" (Kepler's Book Reviews). Hell's Highway is a history, most of which has never before been written. It is adventure recorded by those who lived it and put into context by an author who was also there. It is human drama on an enormous scale, told through the personal stories of 612 contributors of written and oral accounts of the Screaming Eagles' part in the attempt to liberate the Netherlands. Koskimaki is an expert in weaving together individual recollections to make a compelling and uniquely first-hand account of the bravery and deprivations suffered by the troops, and their hopes, fears, triumphs, and tragedies, as well as

those of Dutch civilians caught up in the action. There have been many books published on Operation Market Garden and there will surely be more. This book, however, gets to the heart of the action. The “big picture,” which most histories paint, here is just the context for the real history on the ground.

The Diary of a Young Girl Feb 24 2022 THE DEFINITIVE EDITION •
Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary’s first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Probing the Limits of Categorization Jan 02 2020 Of the three categories that Raul Hilberg developed in his analysis of the Holocaust—perpetrators, victims, and bystanders—it is the last that is the broadest and most difficult to pinpoint. Described by Hilberg as those who were “once a part of this history,” bystanders present unique challenges for those seeking to understand the decisions, attitudes, and self-understanding of historical actors who were neither obviously the instigators nor the targets of Nazi crimes. Combining historiographical, conceptual, and empirical perspectives on the bystander, the case studies in this book provide powerful insights into the complex social processes that accompany state-sponsored genocidal violence.

The Dutch Resistance 1940-45 Nov 11 2020 Describes and illustrates the full range of Dutch resistance groups and German and collaborationist counter-resistance groups during the Nazi occupation in 1940-45. The Nazi occupation of the Netherlands in World War II followed a complex course, whose scope is not widely understood. It was a great deal broader and more varied than the much-reported German counter-espionage success against Dutch agents parachuted in by the Special Operations Executive. From spring 1943 onwards, three Dutch Resistance organizations gained momentum: the Order Service (OD), the

Resistance Council (RVV), and the National Assault Teams (LKP). In response, the Germans raised collaborationist forces to counter the Resistance, including the much-feared Landwacht. In September 1944 the OD, RVV and LKP amalgamated into the Netherlands Interior Forces (NBS), while Allied troops began to liberate the southern provinces. This allowed NBS forces in the south to form Stoottroepen, uniformed and armed by both the British and US armies. These assisted the Allied advance, while a bloody underground struggle continued in the occupied north until final liberation in April-May 1945. Illustrated with rare photos and new colour plates, this book gives a comprehensive account of one of the lesser-known struggles of World War II.

Between Two Homelands Dec 13 2020 In 1920, at the age of thirteen, Irmgard Gebensleben first traveled from Germany to The Netherlands on a "war-children transport." She would later marry a Dutch man and live and raise her family there while keeping close to her German family and friends through the frequent exchange of letters. Yet during this period geography was not all that separated them. Increasing divergence in political opinions and eventual war between their countries meant letters contained not only family news but personal perspectives on the individual, local, and national choices that would result in the most destructive war in history. This important collection, first assembled by Irmgard Gebensleben's daughter Hedda Kalshoven, gives voice to ordinary Germans in the Weimar Republic and the Third Reich and in the occupied Netherlands. The correspondence between Irmgard, her friends, and four generations of her family delve into their most intimate and candid thoughts and feelings about the rise of National Socialism. The responses to the German invasion and occupation of the Netherlands expose the deeply divided loyalties of the family and reveal their attempts to bridge them. Of particular value to historians, the letters evoke the writers' beliefs and their understanding of the events happening around them. This first English translation of *Ik denk zoveel aan jullie: Een briefwisseling tussen Nederland en Duitsland 1920-1949*, has been edited, abridged, and annotated by Peter Fritzsche with the assent and collaboration of Hedda Kalshoven. After the book's original publication the diary of Irmgard's brother and loyal Wehrmacht soldier, Eberhard, was discovered and edited by Hedda Kalshoven. Fritzsche has drawn on this important additional source in his preface.

To Save a Life Jul 28 2019 "The Holocaust takes on a riveting immediacy in these true stories of an everyday, understated heroism that saved thousands of Jews from annihilation at the hands of the Third Reich. Nazi Germany and the Arab World Apr 04 2020 This book investigates the intent and policy of Nazi Germany in the Arab world from 1933 to 1944. It analyzes Germany's support for continued European domination of the Arab states of North Africa and the Middle East and Germany's rejection of truly sovereign Arab states in those regions.

The Silent Heroes Jun 30 2022 Author Hans Moederzoon van Kuilenburg was a 10-year-old girl living in Amsterdam when German soldiers invaded Holland in the spring of 1940. The Dutch had intended to stay neutral at the outbreak of the war, as their military was no match for the Nazi hordes. Within five days, Holland had fallen and the German occupation was underway. The five ensuing years were among the darkest chapters in Dutch history, culminating in the hunger winter of 1944, during which 30,000 Dutch citizens died of hunger and cold. Even today, people like the author, who grew up during that time, are more prone to heart attacks as a result of the physical stress of those years. But despite having capitulated so quickly in the face of the overwhelming might of the German war machine, there were many heroes in Holland during the occupation; people like the author's father, a civilian supervisor of marine supplies, who robbed the Germans blind and gave stolen food and clothing to Dutch people in need. Eventually his activities attracted the attention of the German authorities and he was imprisoned. Thankfully Hans' mother was able to stage a dramatic escape with the help of the family doctor. *The Silent Heroes* is a true story of heroism, survival and resistance during a time of fear, despair, and hardship. Hans Moederzoon van Kuilenburg was born in Amsterdam and immigrated to the U.S. in 1959. She had a distinguished career as a medical assistant before retiring. In addition to writing, she also does photography and sometimes exhibits her work. *The Silent Heroes* is her first book. Publisher's website: <http://sbpra.com/HansMoederzoonVanKuilenbur>

Plants Go to War Mar 28 2022 As the first botanical history of World War II, *Plants Go to War* examines military history from the perspective of plant science. From victory gardens to drugs, timber, rubber, and fibers, plants supplied materials with key roles in victory. Vegetables provided the wartime diet both in North America and Europe, where vitamin-rich carrots, cabbages, and potatoes nourished millions. Chicle and cacao provided the chewing gum and chocolate bars in military rations. In England and Germany, herbs replaced pharmaceutical drugs; feverbark was in demand to treat malaria, and penicillin culture used a growth medium made from corn. Rubber was needed for gas masks and barrage balloons, while cotton and hemp provided clothing, canvas, and rope. Timber was used to manufacture Mosquito bombers, and wood gasification and coal replaced

petroleum in European vehicles. Lebensraum, the Nazi desire for agricultural land, drove Germans eastward; troops weaponized conifers with shell bursts that caused splintering. Ironically, the Nazis condemned non-native plants, but adopted useful Asian soybeans and Mediterranean herbs. Jungle warfare and camouflage required botanical knowledge, and survival manuals detailed edible plants on Pacific islands. Botanical gardens relocated valuable specimens to safe areas, and while remote locations provided opportunities for field botany, Trees surviving in Hiroshima and Nagasaki live as a symbol of rebirth after vast destruction.
