The Nursing Mother's Quick Reference Guide and Planner Dec 03 2019 This is a shorter version of the best-selling book on breastfeeding, The Nursing Mother's Companion by Kathleen Huggins. This concise, easy-to-use-on-the-fly version of that classic book is ideal for busy, time-pressed new moms (and their helpers and partners). It also includes planner pages to help keep track of nursing and pumping sessions and other important details. Breastfeeding is natural, but it

is not always instinctive for either mothers or babies. Kathleen Huggins's The Nursing Mother's Companion has been a top-selling book on breastfeeding for more than 7 editions over 30 years, with more than 1.1 million copies sold. It is respected and recommended by professionals, including The International Lactation Consultant Association, Dr. T. Berry Brazelton, and The American Academy of Pediatrics, and it is well loved by new parents for its encouraging and accessible style. Now, in this shorter

quick-reference version, moms and their partners can get the answers they need in a flash,without sacrificing the breadth and accuracy of the original book. Plus, this edition adds a planner component, for scheduling nursing sessions, pump rentals and pumping sessions, weight and wellness checks, anticipated dates for weaning, and more. Kathleen Huggins equips breastfeeding mothers with all the information they need to overcome potential difficulties and nurse their babies successfully. This up-to-date book covers: Expressing, storing, and feeding breast milk How to cope with breastfeeding obstacles and challenges Managing pumping and nursing when you return to work New-mom care for the postpartum period Introducing solid foods How to choose a breast pump Deciding when to wean—and how to do it

The NSTA Quick-Reference Guide to the NGSS, K-12 Jan 16 2021 Since the release of the first draft of the Next Generation Science Standards (NGSS), NSTA has been at the forefront in promoting the standards and helping science educators become familiar with and learning to navigate this exciting but complex document. Later, when the final version was released and states began adopting the standards, NSTA started to develop resouces that would assist educators with their implementation. Along the way, NSTA learned that even the simplest of resources, like a

one-page cheat sheet, can be extremely useful. Many of those tools are collected here, including: a two-page "cheat sheet" that describes the practices, core ideas, and crosscutting concepts that make up the three dimensions described in A Framework for K-12 Science Education; an "Inside the Box" graphic that spells out all of the individual sections of text that appear on a page of the NGSS; a Venn diagram comparing the practices in NGSS, Common Core State Standards, Mathematics, and Common Core State Standards, English Language Arts; and matrices showing how the NGSS are organized by topic and disciplinary core idea. This guide also provides the appropriate performance expectations; disciplinary core ideas; practices; crosscutting concepts; connections to engineering, technology, and applications of science; and connections to nature of science. The book's emphasis is on easy. Find the parts of the standards most relevant to you,

acquaint yourself with the format, and find out what each of the differenct parts means. Indispensable to science teachers at all levels, as well as to administrators, curriculum developers, and teacher educators.

Maybe that's why you feel like everywhere you go, you keep overhearing other moms say to their misbehaving children, 'That's one. That's two. That's three.' And then you watch in disbelief as their kid actually stops!" — PopSugar Moms Are you the parent of a strong-willed child? Is bedtime a nightly battle? Are you looking to discipline without stress? Since kids don't come with a manual, 1-2-3 Magic is the next best thing. Dr. Thomas Phelan has developed a quick, simple and scientifically proven way to parent that actually works! Using his signature 1-2-3 counting method, Dr. Phelan helps parents to curb obnoxious behaviors like tantrums and meltdowns, whining and pouting, talking back, sibling rivalry and more

in toddlers, preschoolers and middle schoolers. He guides parents through drama-free discipline methods that include handling time outs in public, the appropriate length of a time out, and what to do if your child resists the time out. Dr. Phelan also covers how to establish positive routines around bedtime, dinnertime, homework and getting up and out in the morning, and tips for strengthening your relationship with your kids. For decades, millions of parents from all over the world have used the award-winning 1-2-3 Magic technique to raise happier families and put the fun back into parenting. 1-2-3 Magic is one of Healthline's Best Parenting Books of 2017, a 2016 Mom's Choice Award Winner, a 2016 National Parenting Product Award Winner and a 2016 Family Choice Award Winner.

Docs for Developers Sep 11 2020 Learn to integrate programming with good documentation. This book teaches you the craft of documentation for each step in the software development lifecycle, from understanding your users' needs to publishing, measuring, and maintaining useful developer documentation. Well-documented projects save time for both developers on the project and users of the software. Projects without adequate documentation suffer from poor developer productivity, project scalability, user adoption, and accessibility. In short: bad documentation kills projects. Docs for Developers demystifies the process of creating great developer documentation, following a team of software developers as

they work to launch a new product. At each step along the way, you learn through examples, templates, and principles how to create, measure, and maintain documentation—tools you can adapt to the needs of your own organization. What You'll Learn Create friction logs and perform user research to understand your users' frustrations Research, draft, and write different kinds of documentation, including READMEs, API documentation, tutorials, conceptual content, and release notes Publish and maintain documentation alongside regular code releases Measure the success of the content you create through analytics and user feedback Organize larger sets of documentation to help users find the right information at the right time Who This Book Is For Ideal for software developers who need to create documentation alongside code, or for technical writers, developer advocates, product managers, and other technical roles that create and

contribute to documentation for their products and services. *The Quick-Reference Guide to Marriage & Family Counseling* Feb 03 2020 We all know of families or marriages in crisis. MCT Quick Reference Guide Nov 06 2022 This handy book is a working reference for practitioners using the MCT metric. MCT is a time-based metric that supports continuous improvement projects, since it quantifies an organization's total system-wide waste. Properly used, MCT does not need to be data-intensive and can be relatively easy to apply. Thus, by comparing "before" and "after" values, MCT provides a simple yet powerful metric with which to measure improvement.Although the origins of MCT are in manufacturing - the acronym stands for Manufacturing Critical-path Time - the metric can be used in many other contexts including insurance, banking, health care, and other industries.This Guide provides the key rules and guidelines for using MCT. It serves as a reminder of the main points as well as a checklist to ensure that you have taken into account the major items needed for MCT calculation and use.Practitioners will appreciate the concise and easy-to-follow format. In particular, the formatting and binding of the Guide allows you to lay the Guide flat and easily reference all the points for a given topic at one time.This Guide is a "must-have" for anyone using MCT in continuous improvement projects!
