Maid for the Billionaire Aug 29 2019 Maid for the Billionaire (Book 1) (Legacy Collection) Dominic Corisi knew instantly that Abigail Dartley was just the distraction he was looking for, especially since having her took a bit more persuading than he was used to. So when business forces him to fly to China, he decides to take her with him, but on his terms. No promises. No complications. Just sex. Abby has always been the responsible one. She doesn't believe in taking risks; especially when it comes to men - until she meets Dominic. He's both infuriating and intoxicating, a heady combination. Their trip to China revives a long forgotten side of Abby, but also reveals a threat to bring down Dominic's company. With no time to explain her actions, Abby must either influence the outcome of his latest venture and save his company or accept her role as his mistress and leave his fate to chance. Does she love him enough to risk losing him for good? Saving the Sheik (Book 4) (Just because I love romances with Sheiks—coming next year) Secrets of the Millionaire Mind Oct 04 2022 Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too! Happiness and Success - Full Version Mar 05 2020 How do successful people do it? How do they always live life to the fullest, despite numerous obstacles? What do they have that people who fail don't? Are there secrets to their success? Recipes that work? You strive for a better, easier, and happier life. You are fed up with living in gloom, frustration, stress, or discouragement. You want to rediscover motivation, joy, and inner peace. You want to succeed. You think you have tried everything and you have maybe even already read dozens of books in your quest to find answers. The author has read more than a thousand of them. Over 40 years, he has read, tested, observed, and experienced everything. Some books talk only about willingness or positive thinking. Others resemble academic papers or are so philosophical that they are just hot air. Others still offer only illusions, promising happiness and success by using a few mystical formulae. But there are also brilliant books: the ones by Katie Byron that talk about real letting go, the ones by Eckhart Tolle that demonstrate the power of the present moment, and the ones by Anthony Robbins that truly inspire to take action. Many others still have a few nuggets to offer and contribute their own ideas. "Happiness and Success - Full version" is not a mere compilation of the best existing techniques, but the result of 40 years of work and experience that has taken the form of a comprehensive method. You will find inside only formulas that work, and it's the subtle alchemy between all the elements that makes the recipe a good one. You will learn how to use the incredible power of your brain to overcome your worst enemy, the one that lurks within you. You will understand how to make a few tiny adjustments to the way you see things so that everything can start falling into place. You will see how to free yourself from fear, which Napoleon Hill described as the main reason for failure more than 50 years ago. Decide at last to turn your life into a masterpiece. Read, break your chains, come out from Plato's cave ... and succeed. The Millionaire Fastlane Mar 29 2022 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401k match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
