**Rock Star/Movie Star** Sep 10 2020 During the mid-1950s, when Hollywood found itself struggling to compete within an expanding entertainment media landscape, certain producers and studios saw an opportunity in making films that showcased performances by rock 'n' roll stars. Rock stars eventually found cinema to be a useful space to extend their creative practices, and the motion picture and recording industries increasingly saw cinematic rock stardom as a profitable means to connect multiple media properties. Indeed, casting rock stars for film provided a tool for bridging new relationships across media industries and practices. From Elvis Presley to Madonna, this book examines the casting rock stars in films. In so doing, *Rock Star/Movie Star* offers a new perspective on the role of stardom within the convergence of media industries. While hardly the first popular music culture to see its stars making the transition to screen, the timing of rock's emergence and its staying power within popular culture proved fortuitous for a motion picture business searching for its place in the face of continuous technological and cultural change. At the same time, a post-star-system film industry provided a welcoming context for rock stars who have valued authenticity, creative autonomy, and personal expression. This book uses illuminating archival resources to demonstrate how rock stars have often proven themselves to be prominent film workers exploring this terrain of platforms old and new - ideal media laborers whose power lies in the fact that they are rarely recognized as such. Combining star studies with media industry studies, this book proposes an integrated methodology for writing media history that combines the actions of individuals and the practices of industries. It demonstrates how stars have operated as both the gravitational center of media production as well as social actors who have taken on a decisive role in the purposes to which their images are used.

**Tab Hunter Confidential** Jul 21 2021 "Mesmerizing." —The New York Times Book Review *Welcome to Hollywood*, circa 1950, the end of the Golden Age. A remarkably handsome young boy, still a teenager, gets "discovered" by a big-time movie agent. Because when he takes his shirt off young hearts beat faster, because he is the picture of innocence and trust and need, he will become a star. It seems almost preordained. The open smile says, "You will love me," and soon the whole world does. The young boy's name was Tab Hunter—a made-up name, of course, a Hollywood name—and it was his time. Stardom didn't come overnight, although it seemed that way. In fact, the fame came first, when his face adorned hundreds of magazine covers; the movies, the studio contract, the name in lights—all that came later. For Tab Hunter was a true product of Hollywood, a movie star created from a stable boy, a shy kid made even more so by the way his schoolmates—both girls and boys—reacted to his beauty, by a mother who provided for him in every way except emotionally, and by a secret that both tormented him and propelled him forward. In *Tab Hunter Confidential: The Making of a Movie Star*, Hunter speaks out for the first time about what it was like to be a movie star at the end of the big studio era, to be treated like a commodity, to be told what to do, how to behave, whom to be seen with, what to wear. He speaks also about what it was like to be gay, at first confused by his own fears and misgivings, then as an actor trapped by an image of boy-next-door innocence. And when he dared to be difficult, to complain to the studio about the string of mostly mediocre movies that were assigned to him, he learned that just like any manufactured product, he was disposable—disposable and replaceable. Hunter's career as a bona fide movie star lasted a decade. But he persevered as an actor, working continuously at a profession he had come to love, seeking—and earning—the respect of his peers, and of the Hollywood community. And so, *Tab Hunter Confidential* is at heart a story of survival—of the giddy highs of stardom, and the soul-destroying lows when phone calls begin to go unreturned; of the need to be loved, and the fear of being consumed; of the hope of an innocent boy, and the rueful summation of a man who did it all, and who lived to tell it all.

Reprint. 12,500 first printing.

**Pretty People** Feb 25 2022 In the 1990s, American civil society got upended and reordered as many social, cultural, political, and economic

institutions were changed forever. *Pretty People* examines a wide range of Hollywood icons who reflect how stardom in that decade was transformed as the nation itself was signaling significant changes to familiar ideas about gender, race, ethnicity, age, class, sexuality, and nationality. Such actors as Denzel Washington, Andy Garcia, Halle Berry, Angela Bassett, Will Smith, Jennifer Lopez, and Antonio Banderas became bona fide movie stars who carried major films to amazing box-office success. Five of the decade's top ten films were opened by three women—Julia Roberts, Jodie Foster, and Whoopi Goldberg. "Chick flick" entered the lexicon as Leonardo DiCaprio became the "King of the World," ushering in the cult of the mega celebrity. Tom Hanks and Tom Cruise defined screen masculinity as stark contrasts between "the regular guy" and "the intense guy" while the roles of Michael Douglas exemplified the endangered "Average White Male." A fascinating composite portrait of 1990s Hollywood and its stars, this collection marks the changes to stardom and society at century's end.

**Mary Nolan, Ziegfeld Girl and Silent Movie Star** Jul 29 2019 Mary Nolan (1905-1948), also known as Imogene "Bubbles" Wilson, was the subject of two infamous court cases—one with Frank Tinney and the other with Eddie Mannix—in the 1920s. Like many Ziegfeld Follies girls, she had the beginnings of a promising career, but by the 1930s it had been destroyed by adultery, drugs and physical abuse. This biography follows Nolan's life from the backwoods of Kentucky to her death in 1948. Included is a series of newspaper articles published in 1941 that were to be expanded into her memoir, which she was unable to complete before her death.

**How to Be a Movie Star** Nov 05 2022 From her days as a youthful minx at Metro Goldwyn Mayer to her post-studio reign as America's lustiest middle-aged movie queen, Taylor has defined the very essence of Hollywood stardom. How to be a Movie Star is a different kind of book about Elizabeth Taylor: an intimate, up-close look at a girl who grew up with fame, who learned early—and well—how to be famous, and how that fame was used and constructed to carry her through more than sixty years of public life. Indeed, one might say Elizabeth went to school to learn how to be famous, her education courtesy of Metro Goldwyn Mayer, the greatest, most glamorous movie studio of all time.

**Ingrid Bergman** Jan 15 2021 \*Includes pictures of Bergman and important people, places, and scenes. \*Includes Bergman's own quotes about her upbringing, films and relationships. \*Includes a Bibliography for further reading. "Be yourself. The world worships the original." - Ingrid Bergman Since the early 20th century, film has been embraced as arguably the preeminent international art form. Not only is Hollywood cinema immensely popular around the world, but other nationalities (Hollywood being the greatest current example) have their own thriving industries. Major actors and actresses are not only icons in their parent countries but reach tremendous international fame. However, most actors who become internationally famous do so via the success of the films they make in their native land, without actually leaving their country. One of the most famous early examples is Charlie Chaplin, who reached incredible fame in Asia and Western Europe during the silent cinema era despite having never left the confines of Hollywood. Chaplin's example illustrates how the vast majority of film stars who reach international fame do so through the global success of the films they make within a given industry. This dynamic highlights the uniqueness of Ingrid Bergman's career and her significance as an international film star. Not only were films like *Casablanca* (1942) famous around the world, but she made films in five different languages and film industries. In this regard, she was the rare star who was willing to literally act in films produced in different countries. Bergman's fame cannot be doubted, but the international quality of her career has prevented most people from gaining a complete understanding of her filmography. Moreover, the immense success of her most famous films obscured her other achievements; one of Bergman's persistent lamentations late in her career was that even though she appeared in other films she deemed more significant, the only film of hers that people wanted to discuss was *Casablanca*. As a result, her early films in Sweden, the Italian Neorealist films she made with famous director and future husband Roberto Rossellini, and her French film with Jean Renoir have all been relegated to the margins. Bergman is thus recognized as a Hollywood star rather than an actress who should be identified with an array of different film industries, reducing the enormous scope of her career to a relatively small proportion of her filmography. At the same time, Bergman's personal life reflects the dynamics of the film industry and the relationship between celebrities and American culture more generally. At times during her career, Bergman was the darling of Hollywood, but at other times she was literally a pariah. It is all too common to remember Bergman for her performance in *Casablanca*, forgetting the fact that she was effectively exiled

from Hollywood for several years during her romance with Roberto Rossellini. Her life and career amply demonstrated the expectations American culture held for their film stars during the mid-20th century. Ingrid Bergman: The First International Movie Star profiles the life and career of one of the world's most famous actresses and entertainment icons. Along with pictures of important people, places, and events, you will learn about Ingrid Bergman like you never have before, in no time at all.

**I Could Have Been a Movie Star** Apr 17 2021 April 18, 1966 Santa Monica, California A starstruck young woman stands on the red carpet next to the greatest movie stars in the world—Hollywood royalty. It's the most important night of the year in Hollywood and she has just walked out of the Santa Monica Civic Auditorium next to the idols of millions of people around the world. The red carpet is so crowded with stars on this cool night that she is pushed against the right arm of one of the superstars she dreams of marrying. She looks at all the beautiful women surrounding him, listens to the screaming of fans on the other side of the velvet ropes, and wonders how she'll be able to make this gorgeous actor fall in love with her at the glittering Beverly Hills party they are on their way to. How did a college girl who wanted to be a movie star attend Hollywood's ultimate glamour event, the Academy Awards(r), when—just three years before—she was a shy high school student living on an Illinois farm? Surrounded by those who could make her dream come true, she had phenomenal luck and good fortune in California. Why did she ignore these incredible opportunities? Trying to get as far away as she could from a devastating childhood and a shattered family, at seventeen she went to Los Angeles—all alone. She would not speak to her mother until six years had passed. During the next decades Candace Rose went from an elegant ballroom in Beverly Hills to carrying bedpans in hospital cancer wards, from the French Riviera to teaching elementary school, from idyllic Caribbean islands to near-disaster in a California mudslide, from a secluded Adirondack estate—remnant of a decimated family fortune—to an Arizona mobile home park. Courageous, extraordinary people and unforgettable places touch this powerful and adventure-filled memoir as a life takes twists and turns that a lonely dreamer never imagine

**Florence Lawrence, the Biograph Girl** May 19 2021 Florence Lawrence's film career began just as the cinema was being born. She recognized the wonder and appeal of the fledgling industry, and her early work with the Vitagraph company gained her a legion of fans and a reputation as a willing and hard working actress. In 1908 she appeared in *Romeo and Juliet*—America's very first screen Juliet. By 1909, she was working steadily for the Biograph studio—she was dubbed "the Biograph girl"—and was being praised for her "personal attractions" and "very fine dramatic ability." But just as Lawrence was the first movie star in the industry, she was also one of the first to be undone by it. Hindered by setbacks, grueling work schedules, self-imposed retirements, three marriages, repeatedly unsuccessful comeback attempts, Lawrence finally committed suicide in 1938. This impressively researched piece of film history represents the first full-length biography of Florence Lawrence, also called "The Girl of a Thousand Faces." Among the photographs are some never before published. A complete filmography of Lawrence's entire career is provided. A summary chapter includes comments from various critics and historians, addressing how Lawrence is important to film history.
