Madoff Nov 05 2022 Take the combined fortunes of Bill Gates, Tiger Woods and Roman Abramovich. Now imagine someone stealing that much money - and being hailed as a financial genius. That man is Bernard Madoff. Backed by governments and global banks, Madoff defrauded \$65 billion from charities and individual investors including Stephen Spielberg. Finally turned in by his own sons, Madoff opened his door in his dressing gown to be arrested by the FBI. Eleven charges and eleven guilty verdicts later he swapped his penthouse for a prison cell. Only \$1 billion was left. Madoff is the first definitive account of the rise and fall of the biggest fraudster ever. It's a story of greed, betrayal and lies, of remorseless risk-taking, family tragedy and financial disaster. Investigative reporter Erin Arvedlund was the first to expose Madoff back in 2001, but Wall Street and the world didn't listen. In this astonishing book she answers the crucial unsolved questions: why and when did Madoff turn his business into a massive fraud? How did he fool so many investors for so long? Who knew the truth? And who, ultimately, is Bernard Madoff?

Controversies in Innocence Cases in America Nov 12 2020 This volume brings together leading experts on the investigation, litigation and scholarly analysis of innocence cases in America, from legal, political and ethical perspectives. The contributors consider the challenges faced by the exoneration movement, causes of wrongful convictions, problems associated with investigating, proving, and defining 'innocence', and theories of reform. These issues are investigated from a multi-disciplinary perspective and with the aim of improving the American criminal justice system when it is faced with its most harrowing sight: an innocent defendant.

Stolen! May 19 2021 The stolen base is one of the most fascinating plays in all of sports. In no other sport is the opportunity present for the offense to literally take away what belongs to the defense. In other sports it is the ball (or puck) that must do the scoring; in baseball, however, it is the runner, and base stealing is the runner's greatest weapon. Not just ball games but entire World Series have turned on a steal. This book traces the history of the stolen base and stealing in the major leagues from its humble beginnings through its current status as an indispensable part of a team's offense. Also covered are the players who were synonymous with base stealing: Ty Cobb, Luis Aparicio, Maury Wills, Lou Brock, Rickey Henderson, and others. The most memorable steals in baseball history are also recalled.

Keeping the Peace Mar 17 2021 According to the author, in order to be a successful police officer, you have to be tough, but you have to be tolerant too. If you don't like the law and fight it rather than enforce it, the police force is the wrong place for you. The book looks at what law and order have meant for the past thirty years to Atlanta, Georgia in general and to the author in particular and what has worked to keep the peace.

The author has been through the police movement from the Ku Klux Klan and the white-racism that contributed to social unrest to sit-in, demonstrations, and protest marches.

Vestments for All Seasons Jul 21 2021 Vestments—the robes, stoles or other items worn by clergy, or cloths used at the altar—not only add beauty to a worship service, but are visual clues to the liturgical season and to the tone of a particular service. The most beautiful and meaningful vestments are often those made for a particular priest, serving in a specific sanctuary. But many shy away from trying to sew vestments, which seem too complicated and difficult to make. In *Vestments for all Seasons*, Barbara Baumgarten demystifies the making of vestments—from designing and fitting patterns, to fabric and color selection, to putting on the finishing touches. She provides patterns and directions for producing special vestments for Advent and Lent, Easter, and Pentecost, and general instructions for designing and making vestments completely from scratch. A history of the development of vestments from Roman times to the present is included, as well as a full glossary describing the various vestments worn by clergy.

Monk's Confession Aug 29 2019 A Monk's Confession is the first completely new English translation of Guibert of Nogent's remarkable memoirs in over seventy years. Written around the year 1115, they offer an unparalleled look at the life of a monk in the Middle Ages. Guibert, who lived his entire life in northern France, called these memoirs his book of monodiae, or solitary songs. Many scholars consider them the first Latin autobiography in the West after Augustine's Confessions. Readers will be stirred and surprised by Guibert's intense preoccupation with the sinfulness of his soul, his visions of demons and necromancy, and his frank struggle to come to terms with his sexuality. But Guibert is also a valuable witness to his age. In addition to his personal history, his memoirs give a brief chronicle of the abbey of Nogent--where he served as abbot for some twenty years--and a vivid account of the bloody uprising of the Laon Commune in 1112. His observations give precious insight into education, monastic life, and the beginnings of the great medieval towns. Paul J. Archambault's translation successfully renders Guibert's Latin--at times stylish, at times rustic--into lively, modern English. He consulted Edmond-René Labande's authoritative 1981 Latin edition with French translation. He provides a complete introduction and annotation that help situate Guibert within the history and literature of the Middle Ages while permitting readers to judge for themselves how to interpret this fascinating voice from the past.
