*The Complete Indian Housekeeper and Cook* Dec 24 2021 'an Indian household can no more be governed peacefully, without dignity and prestige, than an Indian Empire' In *The Complete Indian Housekeeper and Cook* (1888) Flora Annie Steel and her co-author Grace Gardiner provide practical, and often highly opinionated, advice to young memsahibs in India. They explain how to 'make a hold' over servants, how to establish and stock a storeroom, how to plan a menu, manage young children, treat bites from 'mad, or even doubtful dogs', and teach an Indian cook how to make fish quenelles. *The Complete Indian Housekeeper and Cook* promised its reader a comprehensive guide to domesticity in India, even if she found herself living in camps or in the jungle, on the hills or in the plains, whether she was the wife of an influential Indian Civil Servant or a missionary. This new edition, complete with its stimulating introduction and substantial notes, makes available a classic domestic work that in detailing the memsahib's role in the household sheds light on the entire imperial experience. **The Way of a Man with a Maid: A User's Manual for Understanding the Opposite Sex** Sep 01 2022 What is the greatest cause of human unhappiness? It's when men and women don't get along. So why don't men and women get along? It's because they don't understand each other. What is the cure? The cure is better education, starting all the way back to when men and women are boys and girls. So why don't we Americans have that kind of education? Unfortunately, it's because we Americans just aren't very good at that sort of thing. You know, our Puritan historical and cultural heritage, all that. But, is it ever too late, even for grown up men and women? If only there were some sort of instruction manual! Well, guess what? Now, there is!

*In Pursuit of Status* Nov 10 2020 In this ethnography of the everyday life of contemporary Korea, Denise Lett argues that South Korea's contemporary urban middle class not only exhibits upper-class characteristics but also that this reflects a culturally inherited disposition of Koreans to seek high status. Lett shows that Koreans have adapted traditional ways of asserting high status to modern life, and analyzes strategies for claiming high status in terms of occupation, family, lifestyle, education, and marriage.

**A Monk's Guide to a Clean House and Mind** Jan 01 2020 Cleanliness is next to enlightenment. In this Japanese bestseller a Buddhist monk explains the traditional cleaning techniques that will help cleanse not only your house - but your soul. 'We remove dust to sweep away our worldly desires. We scrub dirt to free ourselves of attachments. We live simply and take time to contemplate the self, mindfully living each moment. It's not just monks that need to live this way. Everyone in today's busy world today needs it. The Zen sect of Buddhism is renowned for the cleanliness of its monks, but cleaning is greatly valued in Japanese Buddhism in general as a way to cultivate the mind. In this book, I introduce everyday cleaning methods typically employed in temples, while sharing what it's like to be a monk in training. This book will improve the condition not just of your own mind, but also the people around you. I hope readers will discover that cleanliness is an opportunity to contemplate oneself.'

*Suburban Empire* Jul 27 2019 Suburban Empire takes readers to the US missile base at Kwajalein Atoll in the Marshall Islands, at the matrix of postwar US imperial expansion, the Cold War nuclear arms race, and the tide of anti-colonial struggles rippling across the world. Hirshberg shows that the displacement of indigenous Marshallese within Kwajalein Atoll mirrors the segregation and spatial politics of the mainland US as local and global iterations of US empire took hold. Tracing how Marshall Islanders navigated US military control over their lands, Suburban Empire reveals that Cold War-era suburbanization was perfectly congruent with US colonization, military testing, and nuclear fallout. The structures of suburban segregation cloaked the destructive history of control and militarism under a veil of small-town innocence.

**A Manual for Cleaning Women** Nov 03 2022 The New York Times bestseller. 'This selection of 43 stories should by all rights see Lucia Berlin as lauded as Jean Rhys or Raymond Carver' - Independent Introduced by Lydia Davis, Lucia Berlin's stories in A Manual for Cleaning Women make for one of the most remarkable unsung collections in twentieth-century American fiction. With extraordinary honesty and magnetism, Lucia Berlin invites us into her rich, itinerant life: the drink and the mess and the pain and the beauty and the moments of surprise and of grace. Her voice is uniquely witty, anarchic and compassionate. 'With Lucia Berlin we are very far away from the parlours of Boston and New York and quite far away, too, from the fiction of manners, unless we are speaking of very bad manners . . . The writer Lucia Berlin most puts me in mind of is the late Richard Yates.' - LRB, 1999

**Maids' and Madams' Moral Topographies** Oct 10 2020 This qualitative study asks whether structural transformation brought about by modernization in contemporary urban India can induce growing equality in the sense of mutual respect between the lower and the middle classes. From the idographic context of female domestic workers and their employers in Chennai (Tamil Nadu) a general type of modernity for the periphery is outlined. Even though changes in this relation are apparent and various forms of respect and recognition are developing, the deep hierarchical differences persist despite - or precisely because of - modernity in the form of capitalism. Johanna Vogel (Dr.) studied Intercultural Business Studies at the University of Passau and received 2017 her PhD in Human Geography at the University of Bayreuth.
