**An Introduction to the New Testament** Nov 12 2020 A

long-awaited abridgement of Raymond Brown's classic and best-selling introduction to the New Testament Since its publication in 1997, Raymond Brown's Introduction to the New Testament has been widely embraced by modern readers seeking to understand the Christian Bible.

Acknowledged as a paragon of New Testament studies in his lifetime, Brown was a gifted communicator who wrote with ease and clarity. Abridged by Marion Soards, who worked with Brown on the original text, this new, concise version maintains the essence and centrist interpretation of the original without tampering with Brown's perspective, insights, or conclusions. The biblical writings themselves remain the focus, but there are also chapters dealing with the nature, origin, and interpretation of the New Testament texts, as well as chapters concerning the political, social, religious, and philosophical world of antiquity. Furthermore, augmenting Brown's commentary on the New Testament itself are topics such as the Gospels' relationship to one another; the form and function of ancient letters; Paul's thought and life, along with his motivation, legacy, and theology; a reflection on the historical Jesus; and a survey of relevant Jewish and Christian writings. This comprehensive, reliable, and authoritative guidebook is now more accessible for novices, general readers, Bible study groups, ministers, scholars, and students alike.

Sleep in Critical Illness Jan 03 2020 For decades heavily sedated ICU patients were assumed to be asleep. However, in the past 20 years, physiologic and epidemiologic studies have established sleep is frequently disrupted in the ICU. The inter-relationship between ICU sleep, delirium, and survivorship has come to the forefront of ICU practice. We now routinely aim for lighter sedation, delirium assessment has become standardized, and knowledge regarding the ICU factors leading to Post- Intensive Care Syndrome (PICS) has evolved. The importance of sleep in routine ICU management was codified for the first time in SCCMs 2018 PADIS guidelines. This state of the art book summarizes current knowledge regarding sleep during critical illness and recovery and how the risk factors, recognition, and outcomes associated with sleep in the ICU differ from those of healthy adults. Chapters address sleep quality in both the research environment and during routine care, the factors that disrupt sleep architecture and circadian biology in the ICU setting, medications that alter sleep architecture and those that can be used to improve it, the relationship between sleep and sedation and between sleep and delirium, and current strategies that can be used to improve sleep in the vulnerable ICU population. Written by experts in the field, Sleep in Critical Illness is a valuable resource for all members of the ICU interprofessional team including critical care physicians, nurses, physician assistants, pharmacists, and respiratory therapists as well as clinicians who consult in the ICU and

post-ICU settings. .

**Atlas of the Heart** Aug 22 2021 #1 NEW YORK TIMES BESTSELLER • In her latest book, Brené Brown writes, “If we want to find the way back to ourselves and one another, we need language and the grounded confidence to both tell our stories and be stewards of the stories that we hear. This is the framework for meaningful connection.” In *Atlas of the Heart*, Brown takes us on a journey through eighty-seven of the emotions and experiences that define what it means to be human. As she maps the necessary skills and an actionable framework for meaningful connection, she gives us the language and tools to access a universe of new choices and second chances—a universe where we can share and steward the stories of our bravest and most heartbreaking moments with one another in a way that builds connection. Over the past two decades, Brown’s extensive research into the experiences that make us who we are has shaped the cultural conversation and helped define what it means to be courageous with our lives. *Atlas of the Heart* draws on this

research, as well as on Brown's singular skills as a storyteller, to show us how accurately naming an experience doesn't give the experience more power—it gives us the power of understanding, meaning, and choice. Brown shares, "I want this book to be an atlas for all of us, because I believe that, with an adventurous heart and the right maps, we can travel anywhere and never fear losing ourselves."

The Tradition Jul 29 2019 WINNER OF THE PULITZER PRIZE FOR POETRY The Tradition by Jericho Brown, is a cutting and necessary collection, relentless in its quest for survival while revelling in a celebration of contradiction. A Poetry Book Society Choice 'To read Jericho Brown's poems is to encounter devastating genius.' Claudia Rankine Jericho Brown's daring poetry collection The Tradition details the normalization of evil and its history at the intersection of the past and the personal. Brown's poetic concerns are both broad and intimate, and at their very core a distillation of the incredibly human: What is safety? Who is this nation? Where does freedom truly lie? Poems of fatherhood, legacy, blackness, queerness, worship, and trauma are propelled into stunning clarity by Brown's mastery, and his invention of the duplex – a combination of the sonnet, the ghazal, and the blues – testament to his formal skill.

**Decision Sourcing** Aug 02 2022 We are living in the post-information age, the era of so-called 'Big Data'. It is a practical possibility for corporations to report, chart and analyse every action, transaction and click that happens inside and outside their business. In Decision Sourcing Roberts and Pakkiri examine what this means to

organisational decision making. They explode the myth that good decisions need only be informed ones through an examination into how business really make choices. They lay bare the poverty of decision making processes in today's corporate world and offer fresh and fascinating insight into how social tools are providing new sources of information, how they are challenging hierarchy and how they are providing opportunities for growth and agility through aligned and inclusive decision making. This book is for those organisations that want to get beyond the corporate Facebook account and are ready for the next bold step. It is for those businesses that want to engage their workforce and their customers in collaborative relationships that are at the heart of the successful social enterprise.

*Thinking Globally, Composing Locally* Mar 17 2021

Thinking Globally, Composing Locally explores how writing and its pedagogy should adapt to the ever-expanding environment of international online communication.

Communication to a global audience presents a number of new challenges; writers seeking to connect with individuals from many different cultures must rethink their concept of audience. They must also prepare to address friction that may arise from cross-cultural rhetorical situations, variation in available technology and in access between interlocutors, and disparate legal environments. The volume offers a pedagogical framework that addresses three interconnected and overarching objectives: using online media to contact audiences from other cultures to share ideas; presenting ideas in a manner that invites audiences from other cultures to recognize, understand, and convey or act upon them; and

composing ideas to connect with global audiences to engage in ongoing and meaningful exchanges via online media. Chapters explore a diverse range of pedagogical techniques, including digital notebooks designed to create a space for active dialogic and multicultural inquiry, experience mapping to identify communication disruption points in international customer service, and online forums used in global distance education. Thinking Globally, Composing Locally will prove an invaluable resource for instructors seeking to address the many exigencies of online writing situations in global environments. Using Digital Portfolios to Develop Students' Writing May 31 2022 This book equips pre-service teachers, research postgraduate students, teacher educators, and language specialists with specific knowledge and skills about the principles, research, and applications of digital portfolios within the EFL writing contexts. While most digital portfolio scholarship focuses on higher education, this book targets primary-level and secondary-level school audiences, namely pre-service teachers, teacher educators, and Ministry of Education staff members with a focus on EFL writing. The

rationale behind this design is that the published literature on digital portfolios tends to be generic and one-size-fits-all; there has been scant published scholarship about the development of digital portfolio literacy among teachers and pupils, which could enable them to upgrade the teaching and learning of writing in a larger EFL environment. This volume fills this gap by illustrating the why, what, and how aspects of digital portfolios in ten reader-friendly chapters. Guiding educators to enrich their pedagogical repertoire via the portfolio approach, this book emphasises a healthy balance between principles, research, and practice. It is an easy-to-follow guide to setting up digital portfolio systems and coaching pupils to improve writing, ensuring the dissemination of digital portfolios with high fidelity.

“[Brown’s] achievement is in creating an uncomfortably familiar world of flaw, fear, and promise.”—Entertainment Weekly Darrow would have lived in peace, but his enemies brought him war. The Gold overlords demanded his obedience, hanged his wife, and enslaved his people. But Darrow is determined to fight back. Risking everything to transform himself and breach Gold society, Darrow has battled to survive the cutthroat rivalries that breed Society’s mightiest warriors, climbed the ranks, and waited patiently to unleash the revolution that will tear the hierarchy apart from within. Finally, the time has come. But devotion to honor and hunger for vengeance run deep on both sides. Darrow and his comrades-in-arms face powerful enemies without scruple or mercy. Among them are some Darrow once considered friends. To win, Darrow will need to inspire those shackled in darkness to break their chains, unmake the world their cruel masters have built, and claim a destiny too long denied—and too glorious to surrender. Praise for **Morning Star** “There is no one writing today who does shameless, Michael Bay–style action set pieces the way Brown does. The battle scenes are kinetic, bloody, breathless, crazy.
