Towards Vital Wholeness in Theological Education May 31 2020 God's interest in the entirety of our existence and the details of his creation is quite rightly lauded by professing Christians, including those involved in theological education. But what impact does this biblical truth have on the way in which theological education is conducted? Critics are increasingly bringing attention to the shortcomings of theological education in this regard. In this thorough examination of the issue of holistic practices throughout the operations of theological institutions, Dr Jessy Jaison provides sage and actionable solutions where others have merely observed systemic weaknesses. Jaison has applied her expertise and experience of twenty-five years in theological education in India to dissect the issues, diagnose the symptoms and prescribe a way forward that will lead to stronger leaders practicing healthier ministry in God's Kingdom for those who have ears to hear.
