[Kiyos Story](#) Nov 12 2020 This is the “unforgettable” memoir of a family’s journey from Japan to California—and through multiple internment camps during World War II (Sacramento News & Review). “First generation Japanese-American Sato chronicles the tribulations her family endured in America through the Great Depression and WWII. Emigrating from Japan in 1911, Sato’s parents built a home and cultivated a marginal plot of land into a modest but sustaining fruit farm. One of nine children, Sato recounts days on the farm playing with her siblings and lending a hand with child-care, house cleaning and grueling farm work. Her anecdotes regarding the family’s devotion to one another despite their meager lifestyle (her father mending a little brother’s shoe with rubber sliced from a discarded tire) gain cumulative weight, especially when hard times turn tragic: in the wake of Pearl Harbor, the Satos find themselves swept up by U.S. authorities and shuffled

through multiple Japanese internment camps, ending up in a desert facility while the farm falls to ruin. Sato's memoir is a poignant, eye-opening testament to the worst impulses of a nation in fear, and the power of family to heal the most painful wounds." —Publishers Weekly

Confinement and Ethnicity Apr 29 2022 Confinement and Ethnicity documents in unprecedented detail the various facilities in which persons of Japanese descent living in the western United States were confined during World War II: the fifteen •assembly centers• run by the U.S. Army's Wartime Civil Control Administration, the ten •relocation centers• created by the War Relocation Authority, and the internment camps, penitentiaries, and other sites under the jurisdiction of the Justice and War Departments. Originally published as a report of the Western Archeological and Conservation Center of the National Park Service, it is now reissued in a corrected edition, with a new Foreword by Tetsuden Kashima, associate professor of American ethnic studies at the University of Washington. Based on archival research, field visits, and interviews with former residents, Confinement and Ethnicity provides an overview of the architectural remnants, archeological features, and artifacts remaining at the various sites. Included are numerous maps, diagrams, charts, and photographs. Historic images of the sites and their inhabitants -- including several by Dorothea Lange and Ansel Adams -- are combined with photographs of present-day settings, showing concrete foundations, fence posts, inmate-constructed drainage ditches, and foundations and parts of buildings, as well as inscriptions in Japanese and English written or scratched on walls and rocks. The result is a unique and poignant treasure house of information for former residents and their descendants, for Asian American and World War II historians, and for anyone interested in the facts about what the authors call these •sites of shame. •

Infamy Sep 22 2021 A LOS ANGELES TIMES BESTSELLER • A NEW YORK TIMES BOOK REVIEW EDITOR'S CHOICE • Bestselling author Richard Reeves provides an

authoritative account of the internment of more than 120,000 Japanese-Americans and Japanese aliens during World War II “Highly readable . . . [A] vivid and instructive reminder of what war and fear can do to civilized people.” —Evan Thomas, *The New York Times Book Review* After Japan bombed Pearl Harbor, President Roosevelt signed an executive order that forced more than 120,000 Japanese Americans into primitive camps for the rest of war. Their only crime: looking like the enemy. In *Infamy*, acclaimed historian Richard Reeves delivers a sweeping narrative of this atrocity. Men we usually consider heroes—FDR, Earl Warren, Edward R. Murrow—were in this case villains. We also learn of internees who joined the military to fight for the country that had imprisoned their families, even as others fought for their rights all the way to the Supreme Court. The heart of the book, however, tells the poignant stories of those who endured years in “war relocation camps,” many of whom suffered this injustice with remarkable grace. Racism and war hysteria led to one of the darkest episodes in American history. But by recovering the past, *Infamy* has given voice to those who ultimately helped the nation better understand the true meaning of patriotism.

Farewell To Manzanar Oct 04 2022 During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. *Farewell to Manzanar* has become a staple of curriculum in schools and on campuses across the country. Last year the *San Francisco Chronicle* named it one of the twentieth century’s 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

Snow Falling On Cedars Aug 02 2022 Winner of the PEN/Faulkner Award ? American Booksellers Association Book of the Year Award "Haunting....A whodunit complete with courtroom maneuvering and surprising turns of evidence and at the same time a mystery, something altogether richer and deeper."—*Los Angeles Times* San Pedro Island, north of Puget Sound, is a place so isolated that no one who lives there can afford to make enemies. But in 1954 a local fisherman is found suspiciously drowned, and a Japanese American named Kabuo Miyamoto is charged with his murder. In the course of the ensuing trial, it becomes clear that what is at stake is more than a man's guilt. For on San Pedro, memory grows as thickly as cedar trees and the fields of ripe strawberries—memories of a charmed love affair between a white boy and the Japanese girl who grew up to become Kabuo's wife; memories of land desired, paid for, and lost. Above all, San Pedro is haunted by the memory of what happened to its Japanese residents during World War II, when an entire community was sent into exile while its neighbors watched. Gripping, tragic, and densely

atmospheric, *Snow Falling on Cedars* is a masterpiece of suspense—one that leaves us shaken and changed. "Compelling...heart-stopping. Finely wrought, flawlessly written."—New York Times Book Review

The Boys in the Boat Apr 05 2020 The #1 New York Times–bestselling story about the American Olympic rowing triumph in Nazi Germany—from the author of *Facing the Mountain*. For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington's eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys' own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

Silence, Screen, and Spectacle Jun 19 2021 In an age of information and new media the relationships between remembering and forgetting have changed. This volume addresses the tension between loud and often spectacular histories and those forgotten pasts we strain to hear. Employing social and cultural analysis, the essays within examine mnemonic technologies both new and old, and cover subjects as diverse as U.S. internment camps for Japanese Americans in WWII, the Canadian Indian Residential School system, Israeli memorial videos, and the desaparecidos in Argentina. Through these cases, the contributors argue for a re-interpretation of Guy Debord's notion of the spectacle as a conceptual apparatus through which to examine the contemporary landscape of social memory, arguing that the concept of spectacle might be developed in an age seen as dissatisfied with the present, nervous about the future, and obsessed with the past. Perhaps now "spectacle" can be thought of not as a tool of distraction employed solely by hegemonic powers, but instead as a device used to answer Walter Benjamin's plea to "explode the continuum of history" and bring our attention to now-time.

Paper Wishes Dec 26 2021 Ten-year-old Manami did not realize how peaceful her family's life on Bainbridge Island was until the day it all changed. It's 1942, after the attack on Pearl Harbor, and Manami and her family are Japanese American, which means that the government says they must leave their home by the sea and join other Japanese Americans at a prison camp in the desert. Manami is sad to go, but even worse is that they are going to have to give her and her grandfather's dog, Yujiin, to a neighbor to take care of. Manami decides to sneak Yujiin under her coat and gets as far as the mainland before she is caught and forced to abandon Yujiin. She and her grandfather are devastated, but Manami clings to the hope that somehow Yujiin will find his way to the camp and make her family whole again. It isn't until she finds a way to let go of her guilt that Manami can reclaim the piece

of herself that she left behind and accept all that has happened to her family.

When The Emperor Was Divine Dec 14 2020 Longlisted for the Orange Prize for Fiction It is four months after Pearl Harbour and overnight signs appear all over the United States instructing Japanese Americans to report to internment camps for the duration of the war. For one family it proves to be a nightmare of oppression and alienation. Explored from varying points of view - the mother receiving the order to evacuate; the daughter on the long train journey; the son in the desert encampment; the family's return home; and the bitter release of their father after four years in captivity - it tells of an incarceration that will alter their lives for ever. Based on a true story, Julie Otsuka's powerful, deeply humane novel tells of an unjustly forgotten episode in America's wartime history.

Children of Manzanar Mar 29 2022 Eleven tumultuous weeks after Pearl Harbor, President Franklin Delano Roosevelt signed Executive Order 9066, an act that authorized the U.S. Army to undertake the rapid removal of more than one hundred thousand Japanese and Japanese Americans from the West Coast. With only a few weeks' (and sometimes only a few days') notice, families were forced to abandon their homes and, under military escort, be removed to remote and hastily erected compounds, such as Manzanar War Relocation Center in the California desert. *Children of Manzanar* captures the experiences of the nearly four thousand children and young adults held at Manzanar during World War II. Quotes from these children, most now in their eighties and nineties, are accompanied by photographs from both official and unofficial photographers, including Ansel Adams, Dorothea Lange, and Toyo Miyatake, himself an internee who for months secretly documented daily life inside the camp, and then openly for the remaining years Manzanar operated.

Born Free and Equal Jan 03 2020 There are three editions of this book: 1. The facsimile edition, a photocopy of the original book (this edition). 2. A re-created edition, newly typeset and with high-quality images scanned from Adams's original prints. 3. An eBook, based on the re-created edition. Ansel Adams visited Manzanar at the invitation of his friend, Ralph Merritt, its second director. He published about 65 of his photographs in a 1944 book, "Born Free and Equal," which was generally reviled, even burned, as the War was still ongoing. Adams didn't renew the copyright on the book and turned all of his

Manzanar negatives and prints over to the Library of Congress. The LoC website has digital images of all 112 pages of the book, but the scanning was poorly done. I straightened the pages and cropped them slightly to fit the page size of this edition, but did not otherwise alter them in any way. This edition is exactly the same as the original, although it may be of a different physical size, as I don't know the size of the original. Copies of the original book are extremely rare and, judging from the one that the LoC scanned, even their copy is in terrible condition. This edition will make the book more accessible. To keep the cost of this book as low as possible, the resolution of the printed pages is fairly coarse, but it's still quite readable and provides the same reading experience as the original book. The re-created edition, at a higher price, is of correspondingly higher quality.

Life After Manzanar Jul 01 2022 “A compelling account of the lives of Japanese and Japanese Americans incarcerated during World War II . . . instructive and moving.”—Nippon.com From the editor of the award-winning *Children of Manzanar*, Heather C. Lindquist, and Edgar Award winner Naomi Hirahara comes a nuanced account of the “Resettlement”: the relatively unexamined period when ordinary people of Japanese ancestry, having been unjustly imprisoned during World War II, were finally released from custody. Given twenty-five dollars and a one-way bus ticket to make a new life, some ventured east to Denver and Chicago to start over, while others returned to Southern California only to face discrimination and an alarming scarcity of housing and jobs. Hirahara and Lindquist weave new and archival oral histories into an engaging narrative that illuminates the lives of former internees in the postwar era, both in struggle and unlikely triumph. Readers will appreciate the painstaking efforts that rebuilding required and will feel inspired by the activism that led to redress and restitution—and that built a community that even now speaks out against other racist agendas. “Through this thoughtful story, we see how the harsh realities of the incarceration experience follow real lives, and how Manzanar will sway generations to come. When you finish the last chapter you will demand to read more.”—Gary Mayeda, national president of the Japanese American Citizens League “An engaging, well-written telling of how former Manzanar detainees played key roles in remembering and righting the wrong of the World War II incarceration.”—Tom Ikeda, executive director of Densho

Clark and Division Jan 15 2021 A New York Times Best Mystery Novel of 2021 Set in 1944 Chicago, Edgar Award-winner Naomi Hirahara’s eye-opening and poignant new mystery, the story of a young woman searching for the truth about her revered older sister's death, brings to focus the struggles of one Japanese American family released from mass incarceration at Manzanar during World War II. Chicago, 1944: Twenty-year-old Aki Ito and her parents have just been released from Manzanar, where they have been detained by the US government since the aftermath of Pearl Harbor, together with thousands of other Japanese Americans. The life in California the Itos were forced to leave behind is gone; instead, they are being resettled two thousand miles away in Chicago, where Aki’s older sister, Rose, was sent months earlier and moved to the new Japanese American neighborhood near Clark and Division streets. But on the eve of the Ito family’s reunion, Rose is killed by a subway train. Aki, who worshipped her sister, is stunned. Officials are ruling Rose’s death a suicide. Aki cannot believe her perfect, polished, and optimistic sister would end her life. Her instinct tells her there is much more to the story, and she knows she

is the only person who could ever learn the truth. Inspired by historical events, Clark and Division infuses an atmospheric and heartbreakingly real crime with rich period details and delicately wrought personal stories Naomi Hirahara has gleaned from thirty years of research and archival work in Japanese American history.

Facing the Mountain Aug 22 2021 A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." – Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring.

Remembering Manzanar May 31 2022 Uses firsthand accounts, oral histories, and essays from school newspapers and yearbooks to tell the story of the Japanese Americans who were sent to live in government-run internments camps during World War II.

Final Report, Japanese Evacuation from the West Coast, 1942 Mar 05 2020

The Managed Casualty Mar 17 2021 THIS STUDY is an assessment of one major aspect of the adjustment of Japanese Americans to the series of events comprising their removal from the communities of the Pacific Coast early in World War II, their sequestration in temporary centers under governmental control, and their eventual release. It is in a sense an "impact" study in that attention is directed toward the effects administrative policies had on family groups and the resources these groups commanded to adapt to and ameliorate the conditions imposed upon them. The preoccupation of the present study is easily justified. The importance of the family, in Japan as well as in the organization of the Japanese communities in the United States, makes this aspect of the social organization of the minority group a major concern for a rounded understanding of the evacuation. The relevance of the family as the unit of study is also indicated by the administrative policy which explicitly directed that family units be maintained in the processing of the population through the evacuation and relocation programs.

Famous Suicides of the Japanese Empire Apr 17 2021 A sweeping tale of fathers and sons, of secrets and shame, and of unsung heroism.

This Light Between Us: A Novel of World War II May 07 2020 Winner of the American Library Association's Asian/Pacific American Award for Literature For readers of The Librarian Of Auschwitz, *This Light Between Us* is a powerfully affecting story of World War II about the unlikeliest of pen pals—a Japanese American boy and a French Jewish girl—as they fight to maintain hope in a time of war. “I remember visiting Manzanar and standing in the windswept plains where over ten thousand internees were once imprisoned, their voices cut off. I remember how much I wanted to write a story that did right by them. Hopefully this book delivers.”—Andrew Fukuda In 1935, ten-year-old Alex Maki from Bainbridge Island, Washington is disgusted when he’s forced to become pen pals with Charlie Lévy of Paris, France—a girl. He thought she was a boy. In spite of Alex’s reluctance, their letters continue to fly across the Atlantic—and along with them, the shared hopes and dreams of friendship. Until the Japanese attack on Pearl Harbor and the growing Nazi persecution of Jews force them to confront the darkest aspects of human nature. From the desolation of an internment camp on the plains of Manzanar to the horrors of Auschwitz and the devastation of European battlefields, the only thing they can hold onto are the memories of their letters. But nothing can dispel the light between them. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Japanese American Incarceration Jan 27 2022 "Japanese American Incarceration argues that the incarceration of Japanese Americans created a massive system of prison labor that blurred the lines between free and forced work during World War II"--

American Sutra Nov 24 2021 The mass incarceration of Japanese Americans during World War II is not only a tale of injustice; it is a moving story of faith. In this pathbreaking account, Duncan Ry?ken Williams reveals how, even as they were stripped of their homes and imprisoned in camps, Japanese-American Buddhists launched one of the most inspiring defenses of religious freedom in our nation's history, insisting that they could be both Buddhist and American.--

Manzanar to Mount Whitney Sep 30 2019 This intimate memoir offers a poignant, at times humorous account of Japanese American life in California before and after WWII. In 1942, fourteen-year-old Hank Umemoto gazed out a barrack window at Manzanar Internment Camp, saw the silhouette of Mount Whitney against an indigo sky, and vowed that one day he would climb to the top. Fifty-seven years and a lifetime of stories later, at the age of seventy-one, he reached the summit. As Umemoto wanders through the mountains of California’s Inland Empire, he recalls pieces of his childhood on a grape vineyard in the Sacramento Valley, his time at Manzanar, where beauty and hope were maintained despite the odds, and his later career as proprietor of a printing firm—sharing it all with grace, honesty, and unfailing humor.

Impounded Oct 12 2020 "Unflinchingly illustrates the reality of life during this extraordinary moment in American history."—Dinitia Smith, *The New York Times*
Censored by the U.S. Army, Dorothea Lange's unseen photographs are the extraordinary photographic record of the Japanese American internment saga. This indelible work of visual and social history confirms Dorothea Lange's stature as one of the twentieth century's greatest American photographers. Presenting 119 images originally censored by the U.S. Army—the majority of which have never been published—*Impounded* evokes the horror of a community uprooted in the early 1940s and the stark reality of the internment camps. With poignancy and sage insight, nationally known historians Linda Gordon and Gary Okihiro illuminate the saga of Japanese American internment: from life before Executive Order 9066 to the abrupt roundups and the marginal existence in the bleak, sandswept camps. In the tradition of Roman Vishniac's *A Vanished World*, *Impounded*, with the immediacy of its photographs, tells the story of the thousands of lives unalterably shattered

by racial hatred brought on by the passions of war. A San Francisco Chronicle Best Book of 2006.

Redress Jul 09 2020 "This is the unlikely but true story of the Japanese American Citizens League's fight for an official government apology and compensation for the imprisonment of more than 100,000 Japanese Americans during World War II. Author John Tateishi, himself the leader of the JACL Redress Committee for many years, is first to admit that the task was herculean in scale. The campaign was seeking an unprecedented admission of wrongdoing from Congress. It depended on a unified effort but began with an acutely divided community: for many, the shame of "camp" was so deep that they could not even speak of it; money was a taboo subject; the question of the value of liberty was insulting. Besides internal discord, the American public was largely unaware that there had been concentration camps on US soil, and Tateishi knew that concessions from Congress would only come with mass education about the government's civil rights violations. Beyond the backroom politicking and verbal fisticuffs that make this book a swashbuckling read, Redress is the story of a community reckoning with what it means to be both culturally Japanese and American citizens; how to restore honor; and what duty it has to protect such harms from happening again. This book has powerful implications as the idea of reparations shapes our national conversation."--

Moving Images May 19 2021 When the American government began impounding Japanese American citizens after Pearl Harbor, photography became a battleground. The control of the means of representation affected nearly every aspect of the incarceration, from the mug shots criminalizing Japanese Americans to the prohibition of cameras in the hands of inmates. The government also hired photographers to make an extensive record of the forced removal and incarceration. In this insightful study, Jasmine Alinder explores the photographic record of the imprisonment in war relocation centers such as Manzanar, Tule Lake, Jerome, and others. She investigates why photographs were made, how they were meant to function, and how they have been reproduced and interpreted subsequently by the popular press and museums in constructing versions of public history. Alinder provides calibrated readings of the photographs from this period, including works by Dorothea Lange, Ansel Adams, Manzanar camp inmate Toyo Miyatake (who constructed his own camera to document the complicated realities of camp life), and contemporary artists Patrick Nagatani and Masumi Hayashi. Illustrated with more than forty photographs, Moving Images reveals the significance of the camera in the process of incarceration as well as the construction of race, citizenship, and patriotism in this complex historical moment.
