[Performance Design Jan 27 2020](#) Explores the speculative and projective acts of designing performance and performing design. This work offers a range of performative expressions across disciplines, where design artefacts - objects, gestures, images, occasions and environments - are aligned to performance through notions of embodiment, action and event.

[Det ny Danfoss Nov 17 2021](#) Niels B. Christiansen blev udnævnt til leder af Danfoss med 23.000 medarbejdere blot to uger før, finanskrisen brød ud i 2008. Krisen ramte virksomheden hårdt og gjorde det nødvendigt at fyre flere tusinde medarbejdere. Trods krisen lykkedes det at lægge en ny og langsigtet strategi, der har vakt international opmærksomhed, og Danfoss har siden præsteret en større værdiskabelse end konkurrenter som mastodonterne tyske Siemens, amerikanske Emerson Electric og svensk-schweiziske ABB. Erhvervsjournalist og forfatter Niels Lunde fortæller om, hvordan Danfoss fra 2008 arbejdede intensivt med deres strategi for at komme på fode igen. For første gang har en af landets største virksomheder givet en forfatter fri adgang til interne dokumenter fra sin strategiproces. Læseren får et enestående indblik i, hvordan en moderne topchef leder sin virksomhed. Læs om Niels B. Christiansens strategiske overvejelser, om hans fremgangsmåder og værktøjer og om, hvad andre ledere og virksomheder kan lære af Danfoss.

[Nørdrøjsen Jan 07 2021](#) 13-årige Nikolaj er med sin far på legetøjsmesse. Umiddelbart noget af det mest nørdede, han kan forestille sig, men hans mor synes, han skal komme lidt mere ud, så han ikke sidder på sit værelse og gamer hele tiden. På messen er alle nørderne vilde med 80-legetøjet Space Lords, ikke mindst supersamlere Luke, hvis samling får alle til at måbe. Luke viser sig at være en rigtig flink fyr, og han inviterer Nikolaj og hans far med hjem, så de kan se hele hans samling. Men mens faren og Luke er optaget af at snakke, snuser Nikolaj rundt i huset og opdager en vild hemmelighed... en hemmelighed, der forklarer, hvordan Lukes samling kan være så perfekt. Snart er Nikolaj og hans far på et hasblæsende eventyr med tidsrejse, tossede legetøjsamlere og en tre meter høj robot. Og de får hjælp af Lukes datter, den kreative og geniale Lucia, som inspirerer Nikolaj til at være mere end bare en gamingzombie. Jonas Wilmann (f. 1979) er en dansk forfatter, der primært beskæftiger sig med horror og dystre fantasi. [The Psychology of Finance Apr 29 2020](#) There is one constant factor in the chaos of the markets and that constant is human psychology. In the Psychology of Finance readers are shown how the market's characteristics that arise can be interpreted and learnt from. This revised edition contains new examples and updates to charts. There is also a summary of the characteristics of each phase of the equity market, bear bottom, rise, bull peak, and decline. It includes an appendix covering the history of economic psychology Written in an extremely readable and enjoyable style it shows how psychology can drive movements in the prices of financial assets, breakdown key market phenomena, eg, irrational attitude changes in the individual, and their indicators.

[Profit from the Core Sep 03 2020](#) When Profit from the Core was published in 2001, it became an international bestseller, helping hundreds of companies find their way back to profitable growth after the bursting of the Internet bubble. The 2007 global financial meltdown reaffirmed the perils of pursuing heady growth through untested strategies, as firms in industries from finance to retailing to automobiles strayed too far from their core businesses and suffered the consequences. In this updated edition of Profit from the Core, authors Chris Zook and James Allen show that a renewed focus on the core is more critical than ever as firms seek to rebuild their competitive advantage coming out of the downturn—and that a strong core will be the foundation for successful expansion as the economy recovers. Based on more than ten years of Bain & Company research and analysis and fresh examples from firms responding to the current downturn, the book outlines what today's executives and managers need to do now to revitalize their core, identify the next wave of profitable growth, and build on it successfully. Zook and Allen explain how companies can: • Develop a strong, well-defined core and use it to establish a leadership position • Follow the golden rule of strategy: discourage competitors from investing in your core • Assess whether your core is operating at its full potential • Uncover hidden assets in your core that provide the seeds for new growth • Find a repeatable formula to apply core business strengths in adjacent markets Building on powerful and proven ideas to meet today's formidable business challenges, Profit from the Core is the back-to-basics strategy field guide no manager should be without.

[Arvingerne Apr 22 2022](#) Arvingerne er beretningen om de tre styrtende rige familier bag LEGO, ECCO og Bestseller – om hårdt arbejde, held og talent; om familiestridigheder, børnemilliardærer og social opstigning; om vilde investeringer, ekstravagance og formuer i skattely; men ikke mindst om, hvad der sker, hvis danske familievirksomheder mister deres lovhjemmel til at lade arbejdspladser og formuer gå i arv fra en generation til den næste. Seks ud af ti private arbejdspladser i Danmark er i familieej, og op imod 40 procent af omsætningen i den private sektor kommer fra familievirksomheder. Hvordan arv og skifte i disse familievirksomheder foregår, er derfor ikke kun en privatsag, men også et samfundsanliggende.

[Kompleksitet Mar 21 2022](#) Hvad gør toplederen, når kompleksitet æder 40 % af profitten? Typisk ikke noget. Det er nemlig de færreste, der ved, hvad kompleksitet gør ved forretningen – og især hvad man kan gøre ved kompleksiteten. Kompleksiteten er på spil, hvis virksomheden har tusindvis af produkter i porteføljen, mens kun et fåtal er aktive og profitable. Eller hvis organisationen følger i bakgear, fordi kritiske beslutninger drukner i et hav af udvalg med uklare mandater og roller. Toplederen bør tage affære og følge Nørgaard og Lykkes anbefalinger om, hvordan ledelsen sikrer en balance mellem kompleksitet i kerneforretningen og enkelhed i den øvrige organisation. Via erfaringer fra blandt andet LEGO, Danfoss og TDC viser de, at vilkårene for succes opstår, når ledelsen sætter rammer for virksomhedens portefølje, processer og projekter. Undervejs får toplederen en trinvis tilgang til at arbejde strategisk med kompleksitet og derved til at indfri det største potentiale, mange virksomheder uvidende går glip af.

[Questioning Play Aug 26 2022](#) What is play? Why do we play? What can play teach us about our life as social beings? In this critical investigation into the significance of play, Henning Eichberg argues that through play we can ask questions about the world, others and ourselves. Playing a game and asking a question are two forms of human practice that are fundamentally connected. This book presents a practice-based philosophical approach to understanding play that begins with empirical study, drawing on historical, sociological and anthropological investigations of play in the real world, from contemporary Danish soccer to war games and folk dances. Its ten chapters explore topics such as: play as a practice of search playing, learning and progress the light and dark sides of play playing games, sport and display folk sports, popular games, and social identity play under the conditions of alienation. From these explorations emerge a phenomenological approach to understanding play and its value in interrogating ourselves and our social worlds. This book offers a challenging contribution to the interdisciplinary field of the philosophy of play. It will be fascinating reading for any student or researcher interested in social and cultural anthropology, phenomenology, and critical sociology as well as the ethics and philosophy of sport, leisure studies, and the sociology of sport. .

[Stormløb mod grænsen Dec 06 2020](#) Franz Kafka blev berømt i årene efter Anden Verdenskrig, i skyggen af atomtruslen og det 20. århundredes totalitarisme. Dengang lå det lige for at fortolke hans forfatterskab som et budskab fra en "kafkask" verden hvor det magtesløse menneske uvægerligt må bukke under for meningsløse bureaukratiske magter. Men Kafkas litterære værker er ikke "kafkaske". Tværtimod drømte han lige fra sine tidligste år om en politisk begivenhed, om et mirakuløst øjeblik hvor menneskene ikke er passive ofre for uforanderlige skæbnemagter, men selvstændige aktører der er i stand til at røkke ved fundamenterne for det fælles liv. I denne bog om en af modernismens vigtigste forfattere forsøger professor i litteraturvidenskab Isak Winkler Holm at trække Kafka ud af koldkrigstidens skygge og ind i vores tid.

[Hey, Let's Make a Band! Jul 13 2021](#) Hi everyone, This book is pretty much our official story so far. It really does seem only like last week we played our first gig at the Annandale Hotel in Sydney. Since then we've been given the opportunity to turn into the people and

musicians we wanted to be. The people who gave us the opportunity were the fans. So this book is like a thank-you. We want everyone to know the story of how four western Sydney teenagers picked up their instruments and dreamed of being one of the biggest bands in the world. There are also some embarrassing photos of us derping around and some facts that some of us didn't even know. So we hope you enjoy it! Love, cal, luke, ash, and mike x

The idea of the book is simply to try to understand the extraordinary contraption that is us.' Bill Bryson sets off to explore the human body, how it functions and its remarkable ability to heal itself. Full of extraordinary facts and astonishing stories **The Body: A Guide for Occupants** is a brilliant, often very funny attempt to understand the miracle of our physical and neurological make up. A wonderful successor to *A Short History of Nearly Everything*, this new book is an instant classic. It will have you marvelling at the form you occupy, and celebrating the genius of your existence, time and time again. 'What I learned is that we are infinitely more complex and wondrous, and often more mysterious, than I had ever suspected. There really is no story more amazing than the story of us.' Bill Bryson

The New Danfoss Dec 18 2021 The reader gets unique insight into how a modern chief executive manages his enterprise. Read about Niels B. Christiansen's strategy considerations, about his procedures and tools and what other leaders and enterprises can learn from Danfoss. A mere two weeks before the financial crisis broke out in 2008, Niels B. Christiansen was appointed top executive of Danfoss with a staff of 23,000 employees. The crisis hit the enterprise hard, requiring the layoff of several thousands of employees. In spite of the crisis, Danfoss has succeeded in establishing a new, long-term strategy, which has attracted international attention, and Danfoss has since achieved more value creation than its competitors, such as the juggernauts German Siemens, American Emerson Electric and Swedish-Swiss ABB. Here is the book that tells the story.

The Mind of the Leader Oct 04 2020 Join the global movement that's making corporations more people-centric to achieve great results. The world is facing a global leadership crisis. Seventy-seven percent of leaders think they do a good job of engaging their people, yet 88 percent of employees say their leaders don't engage enough. There is also a high level of suffering in the workplace: 35 percent of employees would forgo a pay raise to see their leaders fired. This is an enormous waste of human talent--despite the fact that \$46 billion is spent each year on leadership development. Based on extensive research, including assessments of more than 35,000 leaders and interviews with 250 C-level executives, *The Mind of the Leader* concludes that organizations and leaders aren't meeting employees' basic human needs of finding meaning, purpose, connection, and genuine happiness in their work. But more than a description of the problem, *The Mind of the Leader* offers a radical, yet practical, solution. To solve the leadership crisis, organizations need to put people at the center of their strategy. They need to develop managers and executives who lead with three core mental qualities: mindfulness, selflessness, and compassion. Using real-world inspirational examples from Marriott, Accenture, McKinsey & Company, LinkedIn, and many more, *The Mind of the Leader* shows how this new kind of leadership turns conventional leadership thinking upside down. It represents a radical redefinition of what it takes to be an effective leader--and a practical, hard-nosed solution to every organization's engagement and execution problems.

Life Is Raw Sep 15 2021 This biographical memoir takes an in-depth look into the life of Mutah Beale, formerly known as Napoleon of the legendary Outlawz rap group who was affiliated with the late Tupac Shakur. It examines his life starting from birth after the murder of his parents and growing up in an unforgiving environment where he encountered insurmountable obstacles at a young age. Becoming intimately acquainted with Tupac Shakur, Napoleon rises to stardom as a member of rap's most recognizable groups only to suffer tragedy after tragedy. He becomes embroiled in one of hip hop's fiercest rivalries, trying to navigate life at the height of the East Coast vs. West Coast saga. Throughout the turmoil and tumult, Mutah looks for guidance and ultimately finds his inner peace when he accepts Islam. His life is a vivid walking example of the complexity of America as the book examines timely issues that plague American society such as police brutality, mental health, gang politics/violence, and spirituality. *Life Is RAW* features intriguing stories involving hip hop's most recognizable legends including *The Notorious B.I.G.*, Ice Cube, Nas, Fat Joe, Kurupt and many others. The book presents an authentic, well-documented narrative that includes over 150 research sources and features exclusive interviews from countless friends, family members and industry icons such as Steve Lobel, Young Noble (Outlawz), Storm (Outlawz), H-Ryda (Outlawz), Wack Deuce (Outlawz), Trey Lane, Gonzo, and many more. The book will undoubtedly serve as an important relic for hip hop history and culture. A powerfully meaningful foreword from Professor Awad Ibrahim (with an insightful and comprehensive Afterword by Dr. Othman Barnawi) sets the stage to prepare for the incredible journey of the life of Mutah Beale. With reflection and introspection, *Life Is RAW* is sure to change your perspective on life forever.

Unseen Jun 12 2021 Swedish crime at its best---dark, atmospheric, and chilling *The Island of Gotland* is in the middle of a busy tourist season and getting ready for Midsummer, the 4th of July of Swedish holidays, when a young woman and her dog are found brutally murdered. The dog has been beheaded and is missing a paw; the woman is naked, covered in gruesome axe wounds, and her panties have been stuffed in her mouth. What looks like a crime committed by the victim's jealous husband keeps the local police force on their toes. Then a second victim is found. A serial killer terrorizes tourists and locals alike, and Inspector Anders Knutas has to face additional pressure from the media and local politicians who are worried about bad PR for the island. In his quest for the murderer, he is aided by Johan Berg, an intrepid young journalist from Stockholm who has been sent to cover the incidents and who gets involved with Emma, one of the first victim's close friends. Three women die before Knutas and Berg, each approaching the case in their own way, finally close in on the killer, who has always, until now, been the one unseen by everybody. Jungstedt has written an atmospheric and exciting first mystery in clear, unadorned prose, in the tradition of Henning Mankell, Håkan Nesser, and Karin Fossum.

Guldjyderne Jan 19 2022 Guldjyderne er en overflyvning over det jyske land fra Grenen til grænsen med radaren indstillet på de store jyske formuer. Det er interessant, fordi der de seneste årtier er sket en markant forskydning af formuer fra det østlige Danmark til det vestlige. Troede man, at de danske milliardærer først og fremmest befandt sig i de københavnske velhaverkommuner, må man venne sig til nye tider - de største formuer skabes nemlig af byggetradorer, svinebaroner og kvotekonger i Jylland.

Paradox Management Jun 24 2022 Paradoxes emerge everywhere in organizational theory and management practice. This book is a theoretically grounded presentation of the strategic and historical context of organizational paradoxes, exploring the paradoxes in organizational management and the available tactics to manage them. Based on 700 academic sources in the paradox literature, it presents paradox management as a nuanced and coherent perspective. In presenting and integrating the vast literature on the subject, it contributes new knowledge on how and why the paradox concept was introduced into management theory, how and why conflicting ideals of management can produce organizational contradictions, and how paradoxes can be managed.

Strategi Oct 16 2021 Står I overfor at skulle forny eller opdatere jeres strategi, så er STRATEGI bogen, som kan forsyne jer med en indgående forståelse for, hvad strategi i moderne virksomheder er, den nyeste viden på området og hele 101 strategiske værktøjer samlet på ét sted. Med bogen bringes I direkte ind i det strategiske maskinerum og får svar på spørgsmålene: - Hvorfor er det nødvendigt at arbejde med strategi? - Hvordan kan der arbejdes med strategi? - Hvem skal inddrages i processen? - Hvilke metoder og værktøjer egner sig til forskellige situationer? - Hvordan kan en strategi eksekveres, så der opnås maksimal effekt? Bogens pointer illustreres med masser af eksempler på virksomheders aktuelle strategiske satsninger og udfordringer. For eksempel får du et svar på, hvorfor danske B&O ikke opnåede Apples succes, på trods af at en række kernekompetencer var på plads. STRATEGI er oplagt læsning for ledere, medarbejdere, bestyrelsesmedlemmer og rådgivere, der tager aktiv del i virksomheders strategiproces, og for studerende med interesse for strategisk arbejde og teori.

Den aktive bestyrelse Feb 20 2022 Forandringer i virksomhedernes omgivelser kræver, at bestyrelserne hele tiden udvikler sig. Bestyrelsesledelse bliver en endnu vigtigere del af formandens rolle, og bestyrelsens opgaver - herunder det strategiske arbejde, risikohåndtering samt ledelsesudvikling og succession - skal løses med fornyet styrke. Derfor skal bestyrelsen arbejde endnu bedre sammen. De to erfarne forfattere Steen Ernlund og Lars Bo Hansen deler ud af deres viden om roller, ansvar og kompetencer i samspillet mellem bestyrelsen, ejerne og virksomhedens ledelse, et forhold, der potentielt kan være sprængfarligt. Bogen er fuld af brugbare eksempler på såvel faldgruber som god praksis i bestyrelsesarbejdet. Den viser også, hvordan bestyrelsen bedre kan effektivisere, teste og eksekvere sine beslutninger. Denne nye udgave er gennemskrevet og opdateret og indeholder nye afsnit om bæredygtighed og mangfoldighed. 14 af Danmarks mest fremtrædende bestyrelsesformænd har bidraget til bogen, og DI's administrerende direktør, Lars Sandahl Sørensen, har skrevet forordet.

Supertrends Aug 14 2021 The 2008-2009 market meltdown and house price collapse has reset the credit and property cycles, and smart investors are now looking for the upside. But Where Will the Next Bull Run Come From, and How Can Investors Take Advantage? The world is now facing staggering change, including exponential performance growth in many technologies. We can expect computers that are smarter than people, self-driven cars and a truly intelligent Internet. We are also facing a biotechnological revolution enabling personalized medicine, fourth generation biofuels, radical extension of human life expectancy, exponential growth in farm yields, and even the recreation of extinct species. Furthermore, our energy sector is facing a complete transformation which will eventually make our energy supply limitless.

Meanwhile, our population will grow, age and urbanize, and - largely due to emerging market growth - global purchasing power will have quadrupled by 2050. What will this mean for commodity prices, the environment and growth sectors such as real estate, global finance and luxury? Super Trends explains not only what will happen, but also how and why. Having himself run several hugely profitable funds through seeking out long term opportunities and having set up and sold several award winning technology and new media companies, author Lars Tvede shows readers how to identify and profit from the investment opportunities of the future. If you need to be prepared for the rest of your life, this is the book for you.

Apple Tree Yard Mar 29 2020 'Once you start you can't stop reading. Terrific.' HELEN DUNMORE Yvonne Carmichael has worked hard to achieve the life she always wanted: a high-flying career in genetics, a beautiful home, a good relationship with her husband and their two grown-up children. Then one day she meets a stranger at the Houses of Parliament and, on impulse, begins a passionate affair with him - a decision that will put everything she values at risk. At first she believes she can keep the relationship separate from the rest of her life, but she can't control what happens next. All of her careful plans spiral into greater deceit and, eventually, a life-changing act of violence. *Apple Tree Yard* is a psychological thriller about one woman's adultery and an insightful examination of the values we live by and the choices we make, from an acclaimed writer at the height of her powers.

Misterioso Mar 09 2021 After successfully-but bloodily-dismantling a complicated hostage situation at a bank in the suburbs of Stockholm, Detective Paul Hjelms is faced with the requisite investigation by Internal Affairs. It is a potentially career-ending inquiry, but he is lured out of it by the National Criminal Police commissioner, who drops him into an elite task force of officers assembled from across the country to find an elusive killer with a sophisticated modus operandi and even more sophisticated tastes. Targeting Sweden's high-profile business leaders, the killer breaks into their homes at night, waits for his victims, places two bullets in their heads with deadly precision, and removes the bullets from the walls-a ritual enacted to a rare bootleg recording of Thelonious Monk's jazz classic "Misterioso." As Hjelms, his young, doggedly energetic partner, Jorge Chavez, and the rest of the team follow one lead after another in their pursuit-navigating the murky underworlds of the Russian Mafia and the secretive members-only society of Sweden's wealthiest denizens-they must also delve into one of the country's most persistent ills: a deep-rooted xenophobia that affects both the police and the perpetrator in a small nation that is becoming rapidly internationalized. The first novel in Arne Dahl's gripping Intercrime series-widely considered to be one of Sweden's best-Misterioso is a penetrating, dark, and absorbing introduction to this acclaimed author's world. **BONUS MATERIAL:** This edition includes an excerpt from Arne Dahl's *Bad Blood*.

Norse Gods Jul 01 2020 Johan Egerkrans long dreamed of illustrating the Norse mythology, and when he released *Norse Gods* in Swedish it was an immediate success. Egerkrans re-tells the most exciting and imaginative sagas of the Norse mythology: From the creation myth in which the first giant Ymer is hacked to pieces by Odin and his brothers, to the gods' final destruction in Ragnarök. This is a gorgeously illustrated book in which gods, giants, dwarves, monsters and heroes are presented in all their glory. A book for those who already know and love these stories, as well as for those who have yet to discover Scandinavian mythology. A definitive work for readers of all ages. It is a pleasure to be enchanted by the suggestive visualizations of Angerboda, Hel, Freya, Utgarda-Loki, Mimer and Surt. Dick Harrison, *Svenska Dagbladet* Divine. *LitteraturMagazinet*

The Prophets of Eternal Fjord Aug 22 2019 A gorgeous, strange, dark-edged novel that has garnered critical acclaim throughout Europe and won the prestigious Nordic Council's Literature Prize. Idealistic, misguided Morten Falck is a newly ordained priest sailing to Greenland in 1787 to convert the Inuit to the Danish church. A rugged outpost battered by harsh winters, Sukkertoppen is overshadowed by the threat of dissent; natives from neighboring villages have united to reject Danish rule and establish their own settlement atop Eternal Fjord. As Falck becomes involved with those in his care-his ambitious catechist, a lonely trader's wife, and a fatalistic widow he comes to love-his faith and reputation are dangerously called into question.

LEGO Studies Sep 27 2022 Since the "Automatic Binding Bricks" that LEGO produced in 1949, and the LEGO "System of Play" that began with the release of Town Plan No. 1 (1955), LEGO bricks have gone on to become a global phenomenon, and the favorite building toy of children, as well as many an AFOL (Adult Fan of LEGO). LEGO has also become a medium into which a wide number of media franchises, including *Star Wars*, *Harry Potter*, *Pirates of the Caribbean*, *Batman*, *Superman*, *Lord of the Rings*, and others, have adapted their characters, vehicles, props, and settings. The LEGO Group itself has become a multimedia empire, including LEGO books, movies, television shows, video games, board games, comic books, theme parks, magazines, and even MMORPGs. *LEGO Studies: Examining the Building Blocks of a Transmedial Phenomenon* is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own. Although each essay looks at a particular aspect of the LEGO phenomenon, topics such as adaptation, representation, paratexts, franchises, and interactivity intersect throughout these essays, proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in *Media Studies*.

I'm Afraid Debbie from *Marketing Has Left for the Day* Nov 24 2019 How to Use Behavioural Design to Create Change in the Real World In this ground-breaking book, author Morten Münster presents a set of rules that individuals and companies can follow to bring about necessary change. Using behavioural design and an accessible four-step method, he shows how people can be persuaded to do one thing instead of another and thereby achieve success. By examining an array of examples drawn from business, government, various public groups and institutions he demonstrates how the rules can be learned and applied in different contexts.

Business Cycles Oct 24 2019 From the origins of paper money with Scottish gambler John Law, to the booms and bubbles of the 1990s, this overview of cycles in business and finance uses business cycle theories to explain actual events, showing how theoretical thinking reflects the experiences of hyper-inflations, depressions, liquidity squeezes, and the Internet crash. Appendices offer lists of financial crises in history, indicators, and the typical sequence of events of a business cycle. The first edition was published in 1997 by license under the Harwood Academic Publishers imprint, part of the Gordon and Breach Publishing group. This second edition is distributed by Taylor & Francis. Tvede is involved in global fund management. Annotation copyrighted by Book News, Inc., Portland, OR

The Ice People 8 - Under Suspicion Feb 08 2021 Rumour and suspicion continue to haunt the Ice People. When the bodies of four murdered women are found in the woods, the family with magical powers is immediately suspected. A young girl, Hilde, is also drawn into the investigation and accused of being a witch. She's lived alone with her cruel father for years, and is now threatened with death for witchcraft. But the Ice People are always kind to those in need. The family take Hilde in and protect her. As the mystery of the murders unfolds, new threats - and new loyalties - emerge. The Ice People must once again pull together to survive.

Danish Capitalism in the 20th Century Jul 25 2022 This book outlines the origins of Danish Capitalism and prosperity, from a poor and devastated minor state in the 19th century to a consolidated universal mixed economy welfare state at the end of the 20th century. The book argues that firm-based innovation drove Danish prosperity and redistributive capacity. It is a comprehensive but manageable examination of the institutions and choices that shaped a highly innovative and wealthy nation. The book relies on history and economic theory, presents commonly accepted narratives and theories, and contributes new explanations. Therefore, the book also traces both antecedents and the current state of 20th-century capitalism in Denmark and particular outcomes and critical institutions such as firm age, the labor market, and pension schemes. The book will be of interest to academics in business history and economic policy, as well as policymakers and all those interested in mixed economy studies.

Legoguld May 23 2022 Familien Kirk Kristiansen, som nu i tredje og fjerde generation står i front for Lego, er Danmarks rigeste. Men de holder kortene tæt til kroppen, og det er ikke let at få et overblik over selskabet og familiens finanser. Erhvervsjournalist og tidligere Cavling-vinder Søren Jakobsen har sat sig for at lave gravearbejdet og følge pengestrømmen, og Legoguld giver for første gang et samlet billede af Lego-koncernen og Kirk Kristiansen-familiens økonomi, som den har set ud førhen og ser ud i dag.
