The American People: Volume 2 Nov 03 2020 In *The American People: Volume 2: The Brutality of Fact*, Larry Kramer completes his radical reimagining of his country's history. Ranging from the brothels of 1950s Washington, D.C., to the activism of the 1980s and beyond, Kramer offers an elaborate phantasmagoria of bigoted conspiracists in the halls of power and ordinary individuals suffering their consequences. With wit and bite, Kramer explores (among other things) the sex lives of every recent president; the complicated behavior of America's two greatest spies, J. Edgar Hoover and James Jesus Angleton; the rise of *Sexopolis*, the country's favorite magazine; and the genocidal activities of every branch of our health-care and drug-delivery systems. *The American People: Volume 2* is narrated by (among others) the writer Fred Lemish and his two friends—Dr. Daniel Jerusalem, who works for America's preeminent health-care institution, and his twin brother, David Jerusalem, a survivor of a Nazi concentration camp who was abused by many powerful men. Together they track a terrible plague that intensifies as the government ignores it and depict the bold and imaginative activists who set out to shock the nation's conscience. In Kramer's telling, the United States is dedicated to the proposition that very few men are created equal, and those who love other men may be destined for death. Here is a historical novel like no other—satiric and impassioned and driven by an uncompromising moral and literary vision.

Trekking in Mallorca Sep 01 2020 This guidebook describes the GR221, a 140km (87 mile) long-distance trail through northwestern Mallorca, from Port d'Andratx to Pollença. Also known as the 'Ruta de Pedra en Sec' ('the Drystone Route'), the GR221 is a celebration of Mallorca's limestone heritage, taking in many historic drystone structures as it traverses the rocky peaks of the Serra de Tramuntana. Following old stone-paved paths and mule trails, it showcases the region's beautiful landscape of mountains, forests and cultivated terraces, as well as its spectacular coastline. The GR221 can be walked in 1-2 weeks, although the guide also covers 3 alternative start-points and 3 alternative finishes, which would allow for a shorter trek. The main route is presented in 10 stages of 8.5-20.5km (5-13 miles), with a handful of optional detours to bag neighbouring summits. Detailed route description is accompanied by 1:25,000 mapping and inspirational photography, plus a wealth of information on local points of interest. Accommodation and travel are also thoroughly covered: the trail boasts good transport links and plentiful facilities on route, with accommodation in welcoming mountain villages and the occasional 'refugi'. A comprehensive introduction offers the opportunity to discover more about the region's diverse plants and wildlife and unique history and culture, and an English-Spanish-Catalan glossary can be found in the appendix. With a favourable climate and stunning scenery, the Serra de Tramuntana has much to tempt the walker. The GR221 Drystone Route represents an ideal way to explore this fascinating World Heritage Site.

The Murder of Rosa Luxemburg May 29 2020 On the tracks of the killers of Rosa Luxemburg The cold-blooded murder of revolutionary icons Rosa Luxemburg and Karl Liebknecht in the pitched political battles of post-WWI Germany marks one of the greatest tragedies of the 20th century. No other political assassination inflamed popular passions and transformed Germany's political climate as that killing in the night of 15-16 January 1919 in front of the luxurious Hotel Eden. It not only cut short the lives of two of the country's most brilliant political leaders, but also inaugurated a series of further political assassinations designed to snuff out the revolutionary flame and, ultimately, pave the way for the ultra-reactionary forces that would take power in 1933. To commemorate the 100th anniversary of their untimely deaths, Klaus Gietinger has carefully reconstructed the events on that

fateful night, digging deep into the archives to identify who exactly was responsible for the murder, and what forces in high-placed positions had a hand in facilitating it and protecting the culprits.

Italy Luxury Family Hotels and Resorts Dec 16 2021

The Fassbind Family (2019) Oct 02 2020 Starting in the Late Middle Ages, the Fassbind family history spans across almost a millennium until present day. Family trees go back to the 14th century and serve as orientation. Images and illustrations of personalities show the exponents of the individual Fassbind generations. Postcards of the hotel palaces during the Belle Époque reflect the pioneering spirit of the family and honors from a wide range of European royalties represent its business success. Ancestors' achievements and notable positions in politics and military once brought influence and prestige to the family. The aforementioned appears in the first part of the book («The Golden Age»). With the outbreak of World War I, the Belle Époque ended and turbulent times dawned upon the family. The hotel business, in particular, faced lean years. These lasted until the end of World War II and put a lot of strain upon the family enterprises. The family eventually found economic relief in post-war years. At the same time, however, rapid social and technical change arose, which also took a grip of the Fassbind family and their companies. Family members had to adapt and opened a new chapter with new life and business models. Throughout this period, family ties loosened, and some branches lost contact altogether. Others continued to cultivate their relationships and met each other on a variety of family gatherings. This is especially true for the descendants of the Fassbind family in Arth and Lugano, who kept in touch throughout the decades and corresponded frequently. The second part of the book («Changing Times») focuses on these two branches. The third part of the book («A New Beginning») addresses the latest development of the Fassbind branch in Vitznau. It is the starting point for the further development of my history and that of my siblings and cousins.

Rooms with a View Mar 07 2021 Salvador Dalí once asked room service at Le Meurice in Paris to send him up a flock of sheep. When they were brought to his room he pulled out a gun and fired blanks at them. George Bernard Shaw tried to learn the tango at Reid's Palace in Madeira, and the details of India's independence were worked out in the ballroom of the Imperial Hotel, Delhi. The world's grandest hotels have provided glamorous backgrounds for some of the most momentous - and most bizarre - events in history. Adrian Mourby is a distinguished hotel historian and travel journalist - and a lover of great hotels. Here he tells the stories of 50 of the world's most magnificent, among them the Adlon in Berlin, the Hotel de Russie in Rome, the Continental in Saigon, Raffles in Singapore, the Dorchester in London, Pera Palace in Istanbul and New York's Plaza, as well as some lesser known grand hotels like the Bristol in Warsaw, the Londra Palace in Venice and the Midland in Morecambe Bay. All human life is to be found in a great hotel, only in a more entertaining form.

Nazi Spymaster Jun 10 2021 "The best documented and most reliable biography on one of Third Reich's most mysterious and controversial personalities" (Mark Riebling, author of Church of Spies). Admiral Wilhelm Canaris was the head of the Abwehr, Hitler's intelligence service, from 1935 to 1944. A vehement opponent of the Weimar Republic, Canaris was an early supporter of the Nazi Party who became increasingly disillusioned in the face of its cruelties. As early as 1938—before the outbreak of WWII—Canaris worked to save individuals from persecution and engaged in secret plots to overthrow the Third Reich, all while continuing to carry out vital duties in its service. Near the end of the war, secret documents were discovered that implicated Canaris and hinted at the extent of the activities conducted by his Abwehr against Hitler. In 1945, he was executed as a traitor. But Canaris left little in the way of personal documents, and to this day he remains a figure shrouded in mystery and controversy. Drawing on newly available archival materials, Mueller investigates the double life of this legendary and enigmatic figure in the first major biography of Canaris to be published in German.

The Hotel Eden Sep 25 2022 "Madame Martin will throw back her shutters at eight..." With these

words, Beverley Bie Brahic opens *The Hotel Eden*, a book about seeing the world. She moves through Paris, the French provinces, the American west coast, in the spirit of a flâneur, going about her daily life alert to the variety of human experience: the soup kitchens, the Luxembourg Gardens and the Latin Quarter, the refugees, works of art and areas of damage. The title poem pays a debt to Joseph Cornell, the master of the assemblage, whose "The Hotel Eden" discloses a stuffed parrot and other objects under glass. The eye--the poem--assembles them but cannot tell their intended story. It tells a story all the same. "On the tip of God's tongue, the bird waits to be named." This is a book of revelatory indirections, of unexpected moons, creatures, rituals and histories, of days rich in full disclosures and hints of revelation.

Outside Ethics Nov 22 2019 *Outside Ethics* brings together some of the most important and provocative works by one of the most creative philosophers writing today. Seeking to expand the scope of contemporary moral and political philosophy, Raymond Geuss here presents essays bound by a shared skepticism about a particular way of thinking about what is important in human life--a way of thinking that, in his view, is characteristic of contemporary Western societies and isolates three broad categories of things as important: subjective individual preferences, knowledge, and restrictions on actions that affect other people (restrictions often construed as ahistorical laws). He sets these categories in a wider context and explores various human phenomena--including poetry, art, religion, and certain kinds of history and social criticism--that do not fit easily into these categories. As its title suggests, this book seeks a place outside conventional ethics. Following a brief introduction, Geuss sets out his main concerns with a focus on ethics and politics. He then expands these themes by discussing freedom, virtue, the good life, and happiness. Next he examines Theodor Adorno's views on the relation between suffering and knowledge, the nature of religion, and the role of history in giving us critical distances from existing identities. From here he moves to aesthetic concerns. The volume closes by looking at what it is for a human life to have "gaps"--to be incomplete, radically unsatisfactory, or a failure.

Semblance and Signification Apr 08 2021 The articles assembled in *Semblance and Signification* explore linguistic and literary structures from a range of theoretical perspectives with a view to understanding the extent, prevalence, productivity, and limitations of iconically grounded forms of semiosis. With the complementary examination of large theoretical issues, extensive corpus analysis in several modern languages such as Italian, Japanese Sign Language, and English, and applied close studies across a range of artistic media, this volume brings a fresh understanding of the cognitive underpinnings of iconicity. If primary and secondary modelling systems are rarely studied

in tandem, it is clear from this volume that their fruitful juxtaposition yields striking insight into the cognitive concerns that pervade current semiotic research.

Resilience of Luxury Companies in Times of Change Feb 24 2020 Resilience of Luxury Companies in Times of Change is a book for executives and Masters' level students taking courses in luxury management. It offers an insight into the current and emergent business models and strategies luxury companies apply to remain resilient in times of change. It explores a variety of business models answering the following key questions: What is each brand's value proposition used to attract a consumer's willingness to pay? What is each brand's target audience? How do brands navigate and expand their markets? And how do luxury companies organize their resources to design and develop products and services to continually sell to their customers? The answers to these questions provide the foundation of a luxury company's business strategy and, as a result, its brand architecture. The authors also explore the patterns that have emerged in the ownership, management and the manufacturing in luxury goods companies, where dominance is usually found in certain countries. This book focuses on six key industries in the luxury product sector: fashion, automotive, hospitality, furniture, cosmetics and jewellery. It provides an international perspective with examples drawn from Europe, USA, the Middle East, China and Japan. Through these examples and cases, the authors analyze how luxury companies are facing the challenges posed by external shocks and an extensive need for digitalization. Using concepts and theories from macroeconomics (such as globalisation) and corporate and business strategy, the book aims to connect the dots between theory and practice. Resilience of Luxury Companies in Times of Change provides perspectives of the past, present and future - how luxury companies have evolved over time and managed to stay resilient despite the challenges they have faced through the different eras.

The Future of Nostalgia Jul 19 2019 Can one be nostalgic for the home one never had? Why is it that the age of globalization is accompanied by a no less global epidemic of nostalgia? Can we know what we are nostalgic for? In the seventeenth century, Swiss doctors believed that opium, leeches, and a trek through the Alps would cure nostalgia. In 1733 a Russian commander, disgusted with the debilitating homesickness rampant among his troops, buried a soldier alive as a deterrent to nostalgia. In her new book, Svetlana Boym develops a comprehensive approach to this elusive ailment. Combining personal memoir, philosophical essay, and historical analysis, Boym explores the spaces of collective nostalgia that connect national biography and personal self-fashioning in the twenty-first century. She guides us through the ruins and construction sites of post-communist cities -- St. Petersburg, Moscow, Berlin, and Prague--and the imagined homelands of exiles--Benjamin, Nabokov, Mandelstam, and Brodsky. From Jurassic Park to the Totalitarian Sculpture Garden, from love letters on Kafka's grave to conversations with Hitler's impersonator, Boym unravels the threads of this global epidemic of longing and its antidotes.

Excel Workbook May 21 2022 Excel is the most popular and widely used productivity software in all business environments, and it is an irreplaceable companion in ordinary work as in the analysis of large amounts of complex data. Nevertheless, the majority of users knows and uses only a very limited number of features, often in an elementary way. This workbook shows in practice the use of a wide variety of formulas, functions and features (like pivot tables, macros or the Solver add-in) that allow to effectively and professionally work with Excel. The workbook starts with the basics and gets progressively to deal with very complex cases. It is a valuable support for college students, professionals and managers who want to learn the basics or to improve the knowledge of Excel up to an advanced level. In the dedicated web area, all the initial and solved files are available to carry out the exercises and check the solutions. Over 40 exercises are commented, to highlight the basic concepts and clarify the most complex ones. The authors are all lecturers for the course of Computer skills for economics at Università Bocconi in Milan: Massimo Ballerini, Alberto Clerici, Chiara Debernardi, Davide Del Corno, Maurizio De Pra, Gianluca Salviotti and Marco Sampietro.

Canaris May 09 2021 This biography of the Nazi intelligence chief who spied both for and against Hitler examines the life of one of WWII's most intriguing figures. An early supporter of Adolph Hitler, Wilhelm Canaris became chief of German military intelligence before secretly turning against the Nazi regime at the start of World War II. Throughout his career, few who knew him ever understood his plans. Even today, historians find Wilhelm Canaris a man of mystery among Hitler's top lieutenants. The great protector of German opposition to Hitler, Canaris was also the one who prepared the Third Reich's major expansion plans. While he motivated those who were eager to bring down Hitler, he also hunted them as conspirators—one of the many contradictions he was forced to live with in order to stay in control of the Nazi spy network. This superbly researched biography follows Canaris's career from his first dabbling in the intelligence business during World

War I through his time as head of the Abwehr to his execution in 1945 for his role in the July Plot. A highly readable account, it tells the story of an apparently old-fashioned naval officer, drawn into the web of the Nazi regime.

Billy Wilder Nov 15 2021 The director and cowriter of some of the world's most iconic films—including *Double Indemnity*, *Sunset Blvd.*, *Some Like It Hot*, and *The Apartment*—Billy Wilder earned acclaim as American cinema's greatest social satirist. Though an influential fixture in Hollywood, Wilder always saw himself as an outsider. His worldview was shaped by his background in the Austro-Hungarian Empire and work as a journalist in Berlin during Hitler's rise to power, and his perspective as a Jewish refugee from Nazism lent his films a sense of the peril that could engulf any society. In this critical study, Joseph McBride offers new ways to understand Wilder's work, stretching from his days as a reporter and screenwriter in Europe to his distinguished as well as forgotten films as a Hollywood writer and his celebrated work as a writer-director. In contrast to the widespread view of Wilder as a hardened cynic, McBride reveals him to be a disappointed romantic. Wilder's experiences as an exile led him to mask his sensitivity beneath a veneer of wisecracking that made him a celebrated caustic wit. Amid the satirical barbs and exposure of social hypocrisies, Wilder's films are marked by intense compassion and a profound understanding of the human condition. Mixing biographical insight with in-depth analysis of films from throughout Wilder's career as a screenwriter and director of comedy and drama, and drawing on McBride's interviews with the director and his collaborators, this book casts new light on the full range of Wilder's rich, complex, and distinctive vision.

Eden's Voice Aug 24 2022 Football, mechanical dragons, industrial espionage, sexy romance. Welcome to fall in Ann Arbor. Eden Randall has her life under control. Sure, people call her weird for having a mechanical dragon with her at all times, but she's content. All she needs are her studies and her sports—and for the football team to have another undefeated season. What she doesn't need are nosy men from out-of-town poking into her business. Spending months in a tiny town shadowing the football team is the last thing Boston reporter Bruce Caldwell wants to do, but the tedious job could be his ticket to something bigger and better. When he meets a sports-mad spitfire on the sidelines, he realizes the town may hold stories far more interesting than he expected. With dragons running loose in the laboratory and a ruthless New York industrialist threatening their budding friendship, Eden and Bruce find themselves players in a game far more dangerous than the one on the gridiron. Never ones to quit, they know the only way to emerge as The Victors is to become a team. This football season, winning might mean losing their hearts.

The Report: Algeria 2015 Oct 22 2019 Algeria is a country rich in history and situated in a strategically important region. While its past has at times been turbulent, the last decade has been one of relative peace. Economic growth and development has followed, driven primarily by advances in the hydrocarbons sector. The fall in the international price of oil since mid-2014, however, is having a substantial economic impact, in particular on the country's trade balance and government finances. On the positive side though, the drop in prices is accelerating efforts to further diversify the economy, pushing the government to open up the country to greater private and foreign investment in order to provide alternatives to state spending, in part through measures to render the rigid investment environment more attractive.

Searching for Sebald Apr 27 2020 W.G. Sebald's books are sui generis hybrids of fiction, travelogue, autobiography and historical expos», in which a narrator (both Sebald and not Sebald) comments on the quick blossoming of natural wonders and the long deaths that come of human atrocities. All his narratives are punctuated with images--murky photographs, architectural plans, engravings, paintings, newspaper clippings--inserted into the prose without captions and often without obvious connection to the words that surround them. This important volume includes a rare 1993 interview called "'But the written word is not a true document': A Conversation with W.G. Sebald about Photography and Literature," in which Sebald talks exclusively about his use of photographs. It contains some of Sebald's most illuminating and poetic remarks about the topic yet.

In it, he discusses Barthes, the photograph's "appeal," the childhood image of Kafka, family photographs, and even images he never used in his writings. In addition, *Searching for Sebald* positions Sebald within an art-historical tradition that begins with the Surrealists, continues through Joseph Beuys and blossoms in the recent work of Christian Boltanski and Gerhard Richter, and tracks his continuing inspiration to artists such as Tacita Dean and Helen Mirra. An international roster of artists and scholars unpacks the intricacies of his unique method. Seventeen theoretical essays approach Sebald through the multiple filters of art history (Krauss), film studies (Kluge), cultural theory (Benjamin), psychoanalysis (Freud), and especially photographic history and theory (Barthes, Kracauer), and 17 modern and contemporary art projects are read through a Sebaldian filter. If Sebald's artistic output acts as a touchstone for new critical theory being written on "post-medium" photographic practices, *Searching for Sebald* suggests a model for new investigations in the burgeoning field of visual studies.
