Embedded Counselling in the Helping

Professions May 21 2022 **Embedded**

Counselling in the Helping Professions offers a practical framework for understanding how frontline human service practitioners can respond effectively to the emotional support needs of those around them, by incorporating counselling skills and knowledge into their everyday professional work. Taking a broad, interdisciplinary perspective, McLeod and McLeod provide comprehensive coverage of key areas of practice that can lead to improved outcomes for service users, including:

- Capitalising on how embedded counselling complements and builds on other interventions and forms of support
- Developing skills and activities for facilitating helpful counselling episodes that enable clients to move forward in

their lives •Using evidence from research studies to enhance practice •Designing caring services that promote positive practitioner values and attributes, and take account of organisational challenges and opportunities •Ongoing personal reflection, supervision and consultation to consolidate learning and awareness. As well as tackling critical reflections and enforcing ethical practice this new book helps human service practitioners to make sense of frequently occurring client issues including crisis, trauma, emotional pain, life transitions, bereavement and loss, and behaviour change. Embedded Counselling is essential reading for all students entering the human service field. It also acts as a valuable continuing professional development resource for qualified and experienced practitioners and for managers and policy-makers who are committed to creating caring and responsive organisations. Julia McLeod is Lecturer in Counselling at Abertay University, Dundee, UK. She has been a counselling trainer and tutor with students from many different backgrounds, as well as having extensive experience as a therapist and supervisor. John McLeod is Emeritus Professor of Counselling at Abertay University Dundee, and Visiting Professor at the Institute for Integrative Counselling and Psychotherapy in Dublin, Ireland.

Sea Change

Oct 26 2022 'Unsettling and strange, Sea Change, cements Nathan's reputation as one of our most interesting historical novelists.' The Times AS HEARD ON BBC RADIO 4 'I'll be back soon, my love. Tonight, I hope.' The last Eve saw of her mother was a wave from the basket of a rising balloon. A wilful, lonely orphan in the house of her erratic artist guardian, Eve struggles to retain the image of her missing mother and the father she never knew. In a London beset by pageantry, incipient riot and the fear of Napoleonic invasion, Eve must grow into a young woman with no one to guide her through its perils. Far away, in a Norfolk fishing village, the Rev Snead preaches hellfire and damnation to his impoverished parishioners and oppressed wife.

Snead illustrates his sermons with the example of a mute woman pulled from the sea, over whom he keeps a very close watch indeed.

Institutional Change and Globalization Apr 27 2020 This book is about institutional change, how to recognize it, when it occurs, and the mechanisms that cause it to happen. It is the first book to identify problems with the "new institutional analysis," which has emerged as one of the dominant approaches to the study of organizations, economic and political sociology, comparative political economy, politics, and international relations. The book confronts several important problems in institutional analysis, and offers conceptual, methodological, and theoretical tools for resolving them. It argues that the paradigms of institutional analysis--rational choice, organizational, and historical institutionalism--share a set of common analytic problems. Chief among them: failure to define clearly what institutional change is; failure to specify the mechanisms responsible for institutional change; and failure to explain adequately how "ideas" other than self-interests affect institutional change. To demonstrate the utility of his tools for resolving the problems of institutional analysis, Campbell applies them to the phenomenon of globalization. In doing so, he not only corrects serious misunderstandings about globalization, but also develops a new theory of institutional change. This book advances the new institutional analysis by showing how the different paradigms can benefit from constructive dialogue and cross-fertilization.

Socio-Legal Approaches to International

Economic Law Apr 08 2021 This collection

explores the analytical, empirical and normative components that distinguish socio-legal approaches to international economic law both from each other, and from other approaches. It pays particular attention to the substantive focus (what) of socio-legal approaches, noting that they go beyond the text to consider context and, often, subtext. In the process of identifying the 'what' and the 'how' (analytical and empirical tools) of their own socio-legal approaches, contributors to this collection reveal why they or anyone else ought to bother--the many reasons 'why' it is important, for theory and for practice, to take a social legal approach to international economic law.
