I Love You, Daddy May 03 2020 This wonderful book looks at the journey a father took looking for answers after his daughter, Sarah, was killed at the age of fifteen years and ten months old in an automobile accident "trying not to leave any stone unturned as grief and the pain of losing a child engulfed his emotions. This journey took many years and made the author come face-to-face with his own understanding of God. People search their entire lives trying to decide what they truly believe or what so many people they know have proclaimed the truth to be. The final conclusions found in this book will hopefully let you see how great a God we worship, but most of all, how a man or woman can never really understand the awesomeness of the God who created everything. Trying to accept that the God who is beyond all understanding could let a parent's worst fear be realized took the author on a mission to find his version of the truth. The reality was hard to find, and the author spoke with many righteous people who gave their reasoning behind God's plan. Listening to all those who truly believed they know the truth sent the author on a quest for answers that could only be found by coming face-to-face with what the author perceived as God's version.
