*Performing Mexicanidad* Feb 25 2022 Using interdisciplinary performance studies and cultural studies frameworks, Laura G. Gutiérrez examines the cultural representation of queer sexuality in the contemporary cultural production of Mexican female and Chicana performance and visual artists. In particular, she locates the analytical lenses of feminist theory and queer theory in a central position to interrogate Mexican female dissident sexualities in transnational public culture. This is the first book-length study to wed performance studies and queer theory in examining the performative/performance work of important contemporary Mexicana and Chicana cultural workers. It proposes that the creations of several important artists—Chicana visual artist

Alma López; the Mexican political cabareteras Astrid Hadad, Jesusa Rodríguez, Liliana Felipe, and Regina Orozco; the Chicana performance artist Nao Bustamante; and the Mexican video artist Ximena Cuevas—unsettle heterosexual national culture. In doing so, they are not only challenging heterosexist and nationalist discourses head-on, but are also participating in the construction of a queer world-making project. Treating the notion of dis-comfort as a productive category in these projects advances feminist and queer theories by offering an insightful critical movement suggesting that queer worlds are simultaneously spaces of desire, fear, and hope. Gutiérrez demonstrates how arenas formerly closed to female performers are now providing both an artistic outlet and a powerful political tool that crosses not only geographic borders but social, sexual, political, and class boundaries as well, and deconstructs the relationships

images by María Hesse. "Feet, why do I want you if I have wings to fly?" Frida was more than pain and anguish. She tried to be true to her big personality and she became an artist who was full of life. Her paintings are party, color, blood, and life. She was a fighter who decided to take the world by storm and a passionate woman who wasn't content with being in the shadow of her great friend, painter Diego Rivera. Frida decided to live with intensity, both in the misfortunes and in the joys that life brought her. Inspired by the experiences of the iconic Mexican painter, this book offers a beautifully illustrated tour through her life and work.

**Latin American Women Artists, Kahlo and Look who Else** Jul 01 2022 This volume is a unique contribution to Latin American studies because it underscores the essential role that women have played in the arenas of modern and contemporary art. [This book] provides valuable and much-needed assistance to the

researcher. (From the foreword by Elizabeth Ferrer) With more than 1,500 references on nearly 800 women Latin American Women Artists, Kahlo and Look Who Else pays tribute to the rich and multifaceted artistic accomplishments of women in and from 20th-century Latin America. Frida Kahlo has until recently dominated the interest of scholars, curators, and the public to the point of almost eclipsing the achievements of other artists from the region. This selectively annotated bibliography begins systematically to identify other women -- painters, sculptors, printmakers, photographers, performance artists, and others -- who have made significant contributions to the history of art in the region. The first section, the main part of the work, consists of individual artists grouped in an alphabetical country arrangement. Artists in each country are listed A-Z, as are the citations about them. Annotations are descriptive and highlight, among other

details, the presence of biographical and professional development information in the analyzed materials. A section of general works arranged by country follows, consisting principally of periodical and monographic literature that deals with numerous women, and a listing of the women mentioned in the cited materials. The volume has two appendices. The first is an analyzed list of 77 collective exhibitions in which works by these women have been presented. The second appendix groups the artists by country, allowing for an in-brief look at all of the artists identified in the bibliography. The name index references artists to the main section by country code and also includes entries for authors, curators, and exhibition catalogue essayists.

**Troubled Memories** Aug 22 2021 Analyzes literary and cultural representations of iconic Mexican women to explore how these reimaginings can undermine or perpetuate gender norms in contemporary Mexico. In *Troubled Memories*, Oswaldo Estrada traces the literary and cultural representations of several iconic Mexican women produced in the midst of neoliberalism, gender debates, and the widespread commodification of cultural memory. He examines recent fictionalizations of Malinche, Hernán Cortés's indigenous translator during the Conquest of Mexico; Sor Juana Inés de la Cruz, the famous Baroque intellectual of New Spain; Leona Vicario, a supporter of the Mexican War of Independence; the soldaderas of the Mexican Revolution; and Frida Kahlo, the tormented painter of the twentieth century. Long associated with gendered archetypes and symbols, these women have achieved mythical status in Mexican culture and continue

to play a complex role in Mexican literature. Focusing on contemporary novels, plays, and chronicles in connection to films, television series, and corridos of the Mexican Revolution, Estrada interrogates how and why authors repeatedly recreate the lives of these historical women from contemporary perspectives, often generating hybrid narratives that fuse history, memory, and fiction. In so doing, he reveals the innovative and sometimes troublesome ways in which authors can challenge or perpetuate gendered conventions of writing women's lives. Oswaldo Estrada is Professor of Latin American Literature at the University of North Carolina at Chapel Hill and the author of *Ser mujer y estar presente: Disidencias de género en la literatura mexicana contemporánea* and *La imaginación novelesca: Bernal Díaz entre géneros y épocas*.

Now available in ePub format. The Covarrubias Circle Aug 29 2019 New York in the 1920s and 1930s was a modernist mecca that drew artists, writers, and other creators of culture from around the globe. Two such expatriates were Mexican artist and Renaissance man Miguel Covarrubias and Hungarian photographer Nickolas Muray. Their lifelong friendship gave Muray an entrée into Covarrubias's circle of fellow Mexican artists—Frida Kahlo, Rufino Tamayo, Juan Soriano, Fernando Castillo, Guillermo Meza, Roberto Montenegro, and Rafael Navarro—whose works Muray collected. This outstanding body of Mexican modernist art, now owned by the Harry Ransom Humanities Research Center (HRC) at the University of Texas at Austin, forms the subject of this beautifully illustrated volume. Produced in conjunction with the Ransom Center's exhibition "Miguel Covarrubias: A Certain Clairvoyance," this volume contains color plates of virtually all the items in

Nickolas Muray's collection of twentieth-century Mexican art. The majority of the works are by Covarrubias, while the excellent works by the other artists reflect the range of aesthetic shifts and modernist influences of the period in Mexico. Accompanying the plates are five original essays that establish Covarrubias's importance as a modernist impresario as influential in his sphere as Ezra Pound, T. S. Eliot, and Jean Cocteau were in theirs. Likewise, the essays reestablish the significance of Nickolas Muray, whose success as a master of color photography, portraiture, advertising imagery, and commercial illustration has made him difficult to place within the history of photography as a fine art. As a whole, this publication of the Nickolas Muray Collection vividly illustrates the transgression of generic boundaries and the cross-fertilization among artists working in different media, from painting and photography to dance and ethnography, that

gave modernism its freshness and energy. It also demonstrates that American modernism was thoroughly infused with a fervor for all things Mexican, of which Covarrubias was a principal proponent, and that Mexican modernists, no less than their American and European counterparts, answered Pound's call to "make it new."

**María Izquierdo and Frida Kahlo** Oct 04 2022 María Izquierdo (1902-1955) and Frida Kahlo (1907-1954) were the first two Mexican women artists to achieve international recognition. During the height of the Mexican muralist movement, they established successful careers as easel painters and created work that has become an integral part of Mexican modernism. Although the iconic Kahlo is now more famous, the two artists had comparable reputations during their lives. Both were regularly included in major exhibitions of Mexican art, and they were invariably the only women chosen for the most important professional activities and

honors. In a deeply informed study that prioritizes critical analysis over biographical interpretation, Nancy Deffebach places Kahlo's and Izquierdo's oeuvres in their cultural context, examining the ways in which the artists participated in the national and artistic discourses of postrevolutionary Mexico. Through iconographic analysis of paintings and themes within each artist's oeuvre, Deffebach discusses how the artists engaged intellectually with the issues and ideas of their era, especially Mexican national identity and the role of women in society. In a time when Mexican artistic and national discourses associated the nation with masculinity, Izquierdo and Kahlo created images of women that deconstructed gender roles, critiqued the status quo, and presented more empowering alternatives for women. Deffebach demonstrates that, paradoxically, Kahlo and Izquierdo became the most successful Mexican women artists of the modernist period

while most directly challenging the prevailing ideas about gender and what constitutes important art.

Frida Jul 09 2020 The beautifully illustrated and utterly absorbing biography of one of the twentieth century's most transfixing artists Frida is the story of one of the twentieth century 's most extraordinary women, the painter Frida Kahlo. Born near Mexico City, she grew up during the turbulent days of the Mexican Revolution and, at eighteen, was the victim of an accident that left her crippled and unable to bear children. To salvage what she could from her unhappy situation, Kahlo had to learn to keep still so she began to paint. Kahlo 's unique talent was to make her one of the century 's most enduring artists. But her remarkable paintings were only one

element of a rich and dramatic life. Frida is also the story of her tempestuous marriage to the muralist Diego Rivera, her love affairs with numerous, diverse men such as Isamu Noguchi and Leon Trotsky, her involvement with the Communist Party, her absorption in Mexican folklore and culture, and of the inspiration behind her unforgettable art.

**Frida Kahlo** Oct 12 2020 Step into the world of Frida Kahlo: behind the portraits and the surrealist art discover the fascinating woman who has transfixed the world. Fridamania has made Frida Kahlo's image ubiquitous: she has been reborn as a Halloween costume, Barbie doll, children's book character, textile print, phone cover and the inspiration for everything from cocktails to fashion shoots. But it is more difficult to get a clear vision of this bold and brilliant, foul-mouthed, heavy-drinking, hard-smoking, husband-stealing, occasionally bisexual, often bed-bound, wheelchair-using, needy,

forthright and passionate woman. Hettie Judah sets out to correct that with this superb biography of one of the most charismatic artists of the last hundred years. Follow Frida's life through tumultuous love and life-altering accidents, towards recognition in the art world from the likes of André Breton and Marcel Duchamp, to becoming the first Mexican artist held at the Louvre. Judah delves into Kahlo's experiences and how these came together to inspire the art that has been described as an uncompromising depiction of the female experience and form. From an early battle with Polio, to a debilitating bus accident at 18, through love and heart ache, the life of Frida Kahlo was one of pain but a pain that bore great beauty. Hettie Judah is a contributing writer for publications including the Guardian, Vogue, The New York Times, Frieze and Art Quarterly. Lives of the Artists is a new series by Laurence King. Concise, highly readable biographies of some of the world's greatest artists

written by authoritative and respected names from the world of art. Learn about the artist behind the masterpieces. Currently available: Andy Warhol and Artemisia Gentileschi

*The Heart: Frida Kahlo in Paris*  
Jul 29 2019 This intimate account offers a new, unexpected understanding of the artist's work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first

time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings.

**Frida** Apr 05 2020 La mejor biografía que se ha escrito sobre Frida Kahlo, la pintora mexicana por excelencia. Edición revisada con prólogo de Valeria Luiselli Frida fue una figura mítica creada por sí misma, el centro exótico de una esfera que incluía a amigos como León Trotski y Nelson Rockefeller, Isamu Noguchi y André Breton, Dolores del Río y Paulette Goddard. Fue esposa del gran muralista Diego Rivera y artista brillante por derecho propio. Esta edición

ampliamente revisada de la biografía de la pintora mexicana por excelencia nos revela a una mujer con un magnetismo y una originalidad legendarios, cuya vida fue tan dramática y obsesiva como las imágenes que pintaba. La sensualidad de sus cuadros, el ambiente extraño y denso que los impregna, surgieron directamente de sus propias experiencias: su infancia durante la Revolución, el devastador accidente sufrido a los dieciocho años, su vínculo con el Partido Comunista a través de Diego Rivera, su pasión por el folclore y la cultura de México... Frida realizó una fascinante obra autobiográfica plasmada en la pintura: una irresistible serie de autorretratos que representaban el desarrollo de su urgente necesidad de conocerse a sí misma, creados entre 1926 y 1954, fecha en que murió. Quienes la conocieron relatan la historia de su vida como una novela llena de encanto y joie de vivre, hasta el trágico final. Pese a que la verdad es más

desoladora, la historia de Frida Kahlo sigue siendo tan extraordinaria como la leyenda que creó. Reseñas: «Una biografía íntima fruto de una concienzuda investigación e ilustrada con numerosas imágenes de sus cuadros. Ya era hora de que se recuperara.» Sunday Times «Herrera no solo nos regala una descripción detallada del carácter sensual y apasionado de Frida Kahlo, sino que comenta sus cuadros con la destreza crítica de una verdadera experta. Insuperable.» Janet Kaplan «Frida pasará a la historia como la primera gran biografía de una de las artistas más viscerales de todos los tiempos.» The Observer «Es admirable como Hayden Herrera rehúye del mito y a la vez logra capturar a esta desdichada mujer en toda su grandeza.» The Independent «Una historia cautivadora sobre el arte radical, una visión romántica de la política, los grandes amores y un profundo dolor.» TIME Magazine

This provocative reassessment of Frida Kahlo's art and legacy presents a feminist analysis of the myths surrounding her. In the late 1970's, Frida Kahlo achieved cult heroine status. Her images were splashed across billboards, magazine ads, and postcards; fashion designers copied the so-called "Frida" look in hairstyles and dress; and "Fridamania" even extended to T-shirts, jewelry, and nail polish. Margaret A. Lindauer argues that this mass market assimilation of Kahlo's identity has detracted from appreciation of her work, leading to narrow interpretations based solely on her tumultuous life. Kahlo's political and feminist activism, her stormy marriage to fellow artist Diego Rivera, and her progressively debilitated body made for a life of emotional and physical upheaval. But Lindauer questions the "author-equals-the-work" critical tradition that assumes a "one-to-one association of life events to the meaning of a painting." In Kahlo's case, such assumptions created a

devouring mythology, an iconization that separates us from the real significance of the oeuvre. Accompanied by twenty-six illustrations and deep analysis of Kahlo's central themes, this provocative, semiotic study recontextualizes an important figure in art history. At the same time, it addresses key questions about the language of interpretation, the nature of veneration, and the truths within self-representation.

### **Revolutionary Women of Texas and Mexico**

May 07 2020 Much ink has been spilled over the men of the Mexican Revolution, but far less has

been written about its women. Kathy Sosa, Ellen Riojas Clark, and Jennifer Speed set out to right this wrong in *Revolutionary Women of Texas and Mexico*, which celebrates the women of early Texas and Mexico who refused to walk a traditional path. The anthology embraces an expansive definition of the word revolutionary by looking at female role models from decades ago and subversives who continue to stand up for their visions and ideals. Eighteen portraits introduce readers to these rebels by providing glimpses into their lives and places in history. At the heart of the portraits are the women of the Mexican Revolution (1910-1920)—women like the *soldaderas* who shadowed the Mexican armies, tasked with caring for and treating the wounded troops. Filling in the gaps are iconic godmothers like the Virgin of Guadalupe and La Malinche whose stories are seamlessly woven into the collective history of Texas and Mexico. Portraits of artists

Frida Kahlo and Nahui Olin and activists Emma Tenayuca and Genoveva Morales take readers from postrevolutionary Mexico into the present. Portraits include a biography, an original pen-and-ink illustration, and a historical or literary piece by a contemporary writer who was inspired by their subject's legacy. Sandra Cisneros, Laura Esquivel, Elena Poniatowska, Carmen Tafolla, and other contributors bring their experience to bear in their pieces, and historian Jennifer Speed's introduction contextualizes each woman in her cultural-historical moment. A foreword by civil rights activist Dolores Huerta and an afterword by scholar Norma Elia Cantú bookend this powerful celebration of women who revolutionized their worlds.

key works across different mediums by major Mexican artists, including Diego Rivera, Frida Kahlo, and Jos✦ Clemente Orozco, as well as by lesser-known figures and women artists. The catalogue showcases Mexican modern art as its own distinct avant-garde, fundamentally different from that of Europe. Although many Mexican artists lived and practiced in Paris during the early decades of the 20th century, they eventually returned home and drew extensively from themes surrounding nationhood and Mexico's rich, mythical past, poignantly articulating their country's revolutionary ideals, traditions, and aspirations. Over 250 illustrations foreground this wholly original and sweeping study of Mexico as a hotbed for modernism and artistic achievement.

oltre un milione e mezzo di dollari. A Hollywood si girano film sulla sua vita e i giornali di tutto il mondo la chiamano «la grande Frida» o «la regina di New York». Come se non bastasse, anche il mondo del glamour ne va pazzo: vengono stampate magliette, cartoline, poster con la sua immagine, abiti e gioielli che ne ricalcano lo stile. Ma chi era veramente Frida Kahlo e perché si parla ancora così tanto di lei? Nata nel 1910 a Coyoacan, in Messico, Frida sembra un personaggio uscito dalla penna di Gabriel García Márquez: piccola, fiera, sopravvissuta alla poliomielite a sei anni e a un brutto incidente stradale a diciotto che la lascerà invalida, con tremendi dolori alla schiena che la perseguiteranno fino alla morte. Nella vita privata e nella produzione artistica, Frida è combattuta tra due anime: il candore, da un lato, e la ferocia, dall'altro; la poeticità della natura contro la morte del corpo. La vita di Frida è un viaggio che affonda nella pittura tradizionale dell'800, nei retablos

messicani, in Bosch e Bruegel, ma che subisce prepotentemente il fascino degli uomini più potenti del suo secolo: come il muralista Diego Rivera (marito fedifrago che le rimarrà accanto fino alla fine) o Trockij (di cui diverrà l'amante) o Pablo Picasso (che un giorno, al cospetto del marito, disse: «né tu né io sappiamo dipingere una testa come Frida Kahlo»). La biografia di Hayden Herrera - la massima esperta vivente di Frida - non è soltanto un'indagine poetica su una delle più grandi pittrici del Novecento. È soprattutto un libro di passione politica, d'amore, di sofferta ricerca artistica. Quella stessa sofferenza che porterà Frida a dipingere ossessivamente autoritratti spietati e nature morte sensuali, quasi volesse, mettendole sulla tela, strapparsi di dosso le proprie cicatrici e vivere finalmente una vita libera dal passato e felice. L'incidente che la rese invalida, la passione per il folclore messicano, i viaggi, l'ossessione per gli autoritratti, l'adesione al Partito comunista,

i tradimenti del marito Diego Rivera, l'amicizia con Picasso, Trockij, Breton... «Una vita tormentata, estremamente intensa». Ms. magazine **Anita Brenner** Jan 03 2020 Journalist, historian, anthropologist, art critic, and creative writer, Anita Brenner was one of Mexico's most discerning interpreters. Born to a Jewish immigrant family in Mexico a few years before the Revolution of 1910, she matured into an independent liberal who defended Mexico, workers, and all those who were treated unfairly, whatever their origin or nationality. In this book, her daughter, Susannah Glusker, traces Brenner's intellectual growth and achievements from the 1920s through the 1940s. Drawing on Brenner's unpublished journals and autobiographical novel, as well as on her published writing, Glusker describes the origin and impact of Brenner's three major books, *Idols Behind Altars*, *Your Mexican Holiday*, and *The Wind That Swept Mexico*. Along the way, Glusker

traces Brenner's support of many liberal causes, including her championship of Mexico as a haven for Jewish immigrants in the early 1920s. This intellectual biography brings to light a complex, fascinating woman who bridged many worlds—the United States and Mexico, art and politics, professional work and family life.

Frida Íntima Mar 17 2021 Isolda P. Kahlo, única sobreviviente de la familia Kahlo, ha dejado estas memorias: de la mano de sus duendes infantiles recorre de nuevo la "Casa Azul" de Coyoacán, entre sombras crecidas: su infancia ha sido un mar turbulento. Abre puertas cerradas, pasajes ocultos... No puede llevarse toda esa carga de silencios a cuestas, ni es posible apostarle por más tiempo al espejismo engañoso. Ofrece su álbum de fotografías inéditas al ojo de los lectores y documentos que avalan lo dicho. Al caer las piezas que lo maquillaban surge una verdad clave en la interpretación de los hechos. relatada en este libro, es una nueva verdad que se suma a otras historias subjetivas e investigaciones hechas en torno a la figura de Frida Kahlo. Ya se sabe: No hay una sola verdad ni existe un criterio universal para juzgar, con justeza, a un personaje. Sin embargo, una nieta se cansa de ver rodar las lágrimas de su abuela, quien no encuentra en tantos libros publicados, a esa Frida que ella conoció y quiso; a la que vivió a su lado y compartió con ella tantos momentos."

libro: «En realidad, Frida Kahlo es una de las artistas más enigmáticas que existen, una de las más íntimas, como abrasada por sus opciones políticas, su dolor físico, su amor por Diego. Esto es lo que interesa de su pintura. Pero más allá de lo que Carlos Fuentes llama sus «treinta y nueve años de sufrimiento», tenemos a una mujer que crea un universo pictórico vigoroso y colorido, cuyo grito adopta una forma emocional y visible. Es ese viaje hacia un mundo impresionante, muy particular, muy vivo, único en la historia de la pintura, lo que he tratado de describir en este libro, que no es ni un ensayo ni una biografía en el sentido clásico de la palabra, sino más bien un recorrido por los meandros de una obra y una vida, que descubrimos detrás de una falsificación en la que el creador siempre nos abre su diario auténtico. En algunos bocetos y en algunas pinturas de Frida Kahlo aparece un verde a veces profundo, un amarillo desvaído, color éste último al que ella le da una

definición particular: Locura y misterio. Esa locura y ese misterio son exactamente lo que me emociona de Frida Kahlo.» Esta obra nos adentra en la vida de aquella joven mexicana que en septiembre de 1925 sufre un accidente que trastornará por completo su porvenir. Bella e independiente, se casa en 1929 con Diego Rivera, el célebre pintor muralista. Esa joven era Frida Kahlo y este libro es su historia, que nos cuenta cómo una de las máximas de su vida fue no cerrar jamás los ojos a la fealdad, sino, por el contrario, abrirlos para presenciar así el nacimiento de una belleza terrible, para la que ella inventa otra realidad. Torturada por el dolor físico, pero arrebatada por sus compromisos políticos y amores tumultuosos, con el paso de los años construyó una obra pictórica poderosa y singular. La última de sus obras, Viva la vida, es un canto a la luz y a la alegría de vivir.

rare until the 1980s and 1990s, when women began to direct feature films in unprecedented numbers. Their films have won acclaim at home and abroad, and the filmmakers have become key figures in contemporary Mexican cinema. In this book, Elissa Rashkin documents how and why women filmmakers have achieved these successes, as she explores how the women's movement, film studies programs, governmental film policy, and the transformation of the intellectual sector since the 1960s have all affected women's filmmaking in Mexico. After a historical overview of Mexican women's filmmaking from the 1930s onward, Rashkin focuses on the work of five contemporary directors—Marisa Sistach, Busi Cortés, Guita Schyfter, María Novaro, and Dana Rotberg. Portraying the filmmakers as intellectuals participating in the public life of the nation, Rashkin examines how these directors have addressed questions of national identity through their films, replacing

2020 When Frida Kahlo, died, her husband Diego Rivera asked the poet Carlos Pellicer to turn the Blue House into a museum that the people of Mexico could visit to admire the work of the artista. Pellicer selected those of Frida's paintings which were in the house, along with drawings, photographs, books, and ceramics, maintaining the spaces just as Frida and Diego had arranged them to live and work in. The rest of the objects, clothing, documents, drawings, and letters, as well as over 6,000 photographs collected by Frida in the course of her life, were put away in bathrooms converted into storerooms.
