Professional Development of English Language
Teachers in Asia Jan 11 2021 Why has English language
proficiency in Japan remained so low in comparison to
other Asian countries? Has Vietnam attempted to improve

English language teaching because ASEAN has adopted English as its working language? Why do English language teachers struggle with curriculum changes imposed by governments in order to make them competitive in the international community? Do professional development (PD) programs actually meet the needs of teachers? This book addresses issues surrounding these questions by examining how the Japanese and Vietnamese governments have approached and defined the PD of English language teachers and how such PD programs have been delivered. It further analyses the impact of policy changes on individual teachers and explores how PD can help teachers to implement such changes effectively at the micro-level. PD of language teachers or language teacher education is relatively new as a field of inquiry in Applied Linguistics. By including case studies of Japan and Vietnam in the one volume, this book embarks on the challenging task of demonstrating that PD is an essential element of the successful implementation of language policies in Asia, where World Englishes have been shaped by distinct local contexts.

Cambridge IGCSE® First Language English Language and Skills Practice Book May 15 2021 Fully updated, flexible resources taking an active-learning approach that encourages students to aim higher in the 0500, 0524 and 0990 syllabuses. Explore the mysterious River Congo in Joseph Conrad's Heart of Darkness, meet Noppakhoa - the

elephant who loves to paint, and learn fiery facts about rockets. Through interesting topics and exam-style questions, this write-in language skills and practice book provides students with the grammar practice they need for the course and beyond. The clear layout of the book makes focussing on particular grammatical concepts easy, allowing teachers to tailor lessons to their class. Suggested answers to questions are at the back of the book.

Mysteries of English Grammar Jul 25 2019 Despite a history of hundreds of years of research analysing aspects of English grammar, there are still open problems which continue to baffle language researchers today. Such 'grammar mysteries' arise for a number of reasons: because the language is changing; because different speakers of the language adhere to distinct norms and thus introduce and maintain variation in the system; because there are differences between the grammar of spoken and written English. This book illuminates some of the complexities of the subject, the areas where new discoveries await and why it matters. Through a series of accessible and engaging case studies on various aspects of grammar, from multiple negation to possession, the authors present grammar as an intellectual challenge. This book brings out into the open questions about language usage to which we still do not have good answers in a bid to make variation overt and to revel in the mystery of the English language. Both aimed at the interested general

reader and the beginning student of English language and linguistics, this is a fresh take on grammar.

Teaching English Language and Literature 16-19 Jul 17 2021 This book offers both a scholarly and practical overview of an integrated language and literature approach in the 16-19 English classroom. Providing a comprehensive overview of the identity of the subject, it outlines the pedagogical benefits of studying a unified English at post-16 and provides case studies of innovative classroom practice across a range of topics and text types. Including contributions from practising teachers and higher education practitioners with extensive experience of the post-16 classroom and drawing on a range of literature, this book covers the teaching of topics such as: Mind style in contemporary fiction Comparative poetry analysis Insights from linguistic cohesion Criticality through creative response Written to complement the two other Teaching English 16–19 titles in the NATE series, Teaching English Language and Literature 16–19 is the ideal companion for all practising A-level English teachers, of all levels of experience.

The Routledge Companion to English Language Studies Sep 06 2020 The Routledge Companion to English Language Studies is an accessible guide to the major topics, debates and issues in English Language Studies. This authoritative collection includes entries written by well-known language specialists from a diverse range of backgrounds who examine and explain established

knowledge and recent developments in the field. Covering a wide range of topics such as globalization, gender and sexuality and food packaging, this volume provides critical overviews of: approaches to researching, describing and analyzing English the position of English as a global language the use of English in texts, practices and discourses variation and diversity throughout the English-speaking world. Fully cross-referenced throughout and featuring useful definitions of key terms and concepts, this is an invaluable guide for teachers wishing to check, consolidate or update their knowledge, and is an ideal resource for all students of English Language Studies.

Literacy Instruction for English Language Learners

Oct 08 2020 Literacy Instruction for English Language Learners turns hundreds of ELL studies into dozens of strategies for regular classroom instruction. Nancy Cloud, Fred Genesee, and Else Hamayan have examined the research evidence to determine what works for ELLs. They recommend best practices for teaching English learners to read and write from emergent literacy to primary school and on through middle school and include helpful features that make the research directly accessible to all teachers.

Second Language Pragmatics and English Language Education in East Asia

Apr 13 2021 This edited collection addresses the link between second language pragmatics (including interlanguage and intercultural)

research and English language education. The chapters use different contemporary research methods and theoretical frameworks such as conversation analysis, language-learners-as-ethnographers, discourse and interactional approaches and data in contexts (either in the region or overseas). The content explores and discusses the significance of learning and teaching of second language (L2) pragmatics in language education for learners who use English as a lingua franca for academic and intercultural communication purposes with native and non-native speakers of English, focusing on pragmatic actions, social behaviours, perceptions and awareness levels in three regions in East Asia – China, Japan and South Korea. It is an important contribution to the area of second language pragmatics in language education for East Asian learners. It recommends research-informed pedagogies for the learning and teaching of interlanguage or intercultural pragmatics in regions and places where similar cultural beliefs or practices are found. This is an essential read for researchers, language educators, classroom teachers, readers who are interested in second language pragmatics research and those interested in second language acquisition and English language education in the East Asian context.

Introducing English Language Nov 01 2022 Routledge
English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer

an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible ‘two-dimensional’ structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained.

Introducing English Language: is the foundational book in the Routledge English Language Introductions series, providing an accessible introduction to the English language contains newly expanded coverage of morphology, updated and revised exercises, and an extended Further Reading section comprehensively covers key disciplines of linguistics such as historical linguistics, sociolinguistics and psycholinguistics, as well as core areas in language study including acquisition, standardisation and the globalisation of English uses a wide variety of real texts and images from around the world, including a Monty Python sketch, excerpts from novels such as Virginia Woolf’s *To the Lighthouse*, and news items from Metro and the BBC provides updated classic readings by the key names in the discipline, including Guy Cook, Andy Kirkpatrick and Zoltán Dörnyei is accompanied by a website with extra activities, project ideas for each unit, suggestions for further reading, links to essential English language resources, and course templates for lecturers. Written by two

experienced teachers and authors, this accessible textbook is an essential resource for all students of the English language and linguistics.

Interculturality and the English Language Classroom Mar 25 2022 This book examines the concept of interculturality in English Language Teaching (ELT), using examples from diverse international and educational settings to demonstrate different approaches. Increased contact between multilingual speakers from different cultural backgrounds means that linguistic and intercultural competence must be taught hand in hand, and the approaches featured here will: encourage learners to develop intercultural sensitivity and a critical intercultural attitude; mitigate the limitations of textbooks and extend the learning to global issues, intercultural citizenship, and media literacy; show the potential of telecollaboration and popular culture as pedagogical resources; and demonstrate the value of interculturality in English as lingua franca situations and English for Academic Purposes. The chapters feature empirical studies from around the world, and include questions for reflection and recommended reading so that readers can engage more closely with key concepts, compare and adapt the practices most relevant to them. This book contributes to the literature on (inter)cultural pedagogy, English as a lingua franca, language pedagogy, and teacher professional development, and will be an invaluable tool for English language teachers, teacher trainers and educators seeking

to enrich their practice. It will also be of interest to students and scholars of Applied Linguistics, especially language education.

Approaching English Language Research Nov 28 2019

This book is designed to help students and other interested readers approach research in English Language studies.

Its concerns include project, dissertation and thesis research and writing.

Working with English Language Learners Dec 30 2019

Cary takes on the big questions in Working with English Language Learners. He answers them with examples drawn from actual classes that demonstrate outstanding ELL practices; coaching commentary that highlights key teaching strategies and ties together theory and practice; and professional reflection questions and action items, new to the second edition, that encourage strong, responsive ELL practices. Also includes updated and expanded lists of teacher resources, ELL references and acronyms, new samples of student work, helpful tools, templates, and self-assessment rubrics for teachers. -- From publisher's description.

The Sociopolitics of English Language Teaching Jul 05

2020 The sociopolitical dimensions of English language teaching are central to the English language professional. These dimensions include language policies, cultural expectations, and the societal roles of languages. This book aims to present these issues to practicing and aspiring teachers in order to raise awareness of the

sociopolitical nature of English language teaching.
Colloquial English Nov 08 2020 Colloquial English teaches English as currently spoken and written in the UK. The audio material will help perfect pronunciation and listening skills.

Men and Masculinities in Global English Language Teaching Jun 23 2019 This book draws on a range of sources, including tales of castaways, fictional narratives, and interviews with teachers in conversation schools and universities in Japan, to explore many current concerns around teacher identity, gender, and intercultural sexuality in global English language teaching.

English Language Teaching Today Aug 25 2019 English Language Teaching Today: Linking Theory and Practice provides an up-to-date account of current principles and practices for teaching English in the world today. The chapters, written by internationally recognized language teacher educators and TESOL specialists, introduce the reader to key language skill areas (i.e., listening, speaking, reading, writing, pronunciation, grammar and vocabulary) and explain how each skill area can be taught in a principled manner in diverse language learning contexts. Throughout the book, the link between theory and practice is explicitly highlighted and exemplified. This reader-friendly book is suitable for undergraduate and graduate students enrolled in TESOL and other second language education programmes as well as for TESOL professionals who wish to stay current with recent

developments in ELT.

The Infographic Guide to Grammar Jan 29 2020

Mastering grammar is now easier than ever with this fully illustrated guide that covers the most important rules in grammar and punctuation—making even the most confusing rules easy to understand. This illustrated guide to English grammar gives you everything you need for a better understanding of how to write and punctuate correctly. From proper comma usage to the correct form of there, their, or they're—understanding grammar has never been easier. Is it who or whom? Affect or effect? And what is a prepositional phrase? With The Infographic Guide to Grammar, you'll learn the answers to all of these questions, and so much more. Filled with colorful, easy-to-understand entries, this book includes topics like:

- Basic sentence structure
- The parts of speech
- Common mistakes and how to avoid them

Featuring 50 vibrant infographics explaining everything from subject-verb agreement to the Oxford comma and verb tenses this book breaks down the complicated rules and guidelines for writing the English language and makes them clear and straightforward.

Grammar for English Language Teachers Apr 01 2020 An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It

encourages teachers to appreciate factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference materials.

The Routledge International Handbook of English, Language and Literacy Teaching Feb 21 2022 Edited by three authorities in the field, this Handbook presents contributions from experts across the world who report the cutting-edge of international research. It is groundbreaking in its holistic, evidence-informed account that aims to synthesize key messages for policy and practice in English, language and literacy teaching. A comprehensive collection, the Handbook focuses on the three key areas of reading, writing, and language, and issues that cut across them. The international emphasis of all the chapters is extended by a final section that looks directly at different countries and continents. The authors address many key issues including: why pupil motivation is so important the evidence for what works in teaching and learning the place of Information Technology in the twenty-first century the status of English and other languages globalisation and political control of education. This definitive guide concludes by discussing the need for better policy cycles that genuinely build on research evidence and teachers' working knowledge in order to engage young people and transform their life chances. A

powerful account that will be of interest to students, researchers and academics involved with education.

A Comprehensive Grammar of the English Language Sep 26 2019

Advancing English Language Education Nov 20 2021
Advancing English Language Education Edited by Wafa Zoghbor & Thomai Alexiou This volume contains a selection of nineteen articles that focus on skills and strategies for advancing English language teacher education in several contexts where English is taught to speakers of other language. The volume focuses on the teachers and learners as the prime participants in the learning process. The papers selected for inclusion represent the diverse backgrounds, experiences, and research interests of EFL educators and showcase contribution that document theory, research and pedagogy. The volume comprises six sections: Teacher Education and Professional Development; Young Learners; Testing and Assessment; Teaching of Writing Skills; Context-Specific Issues in EFL; Teaching, Learning, and Pedagogy Contributors: Alessandro Ursic, Alison Larkin Koushki, Athanasios Karasimos, Daria Grits, David Rear, Irshat Madyarov, Ivan Ivanov, James Milton, Laila Khalil, Larysa Nikolayeva, Mariam Al Nasser, Marianthi Serafeim, Marielle Risse, Marta Tryzna, Mher Davtyan, Michael M. Parrish, Nikita Berezin, Nour Al Okla, Peter Davidson, Richard D. Miller, Syuzanna Torosyan, Talin Grigorian, Thomai Alexiou, Wafa

Zoghbor, Zainab Rashed Aldhanhani

The Future of English in Asia Jun 03 2020 This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia. Many of the contributors are themselves responsible for important sub-genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly. The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia. This volume is also ground-breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context. The Future of English in Asia includes studies on the following subject areas: Cultural Translation in World Englishes, Multilingual Education, English Futures and the function of Literature, English Literary Studies in Japan, and English and Social Media in Asia. Well into this century, it appears that it is still very difficult to know what to expect when it comes to the future of English. The future of English will continue to be determined by complex local contexts. As it has in other parts of the world, the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status. This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia. The collection

will be a welcome resource for scholars and students of English linguistics, English literary studies, and topics related to the teaching of English in Asia.

A/AS Level English Language for AQA Student Book Jul 29 2022 A new series of bespoke, full-coverage resources developed for the 2015 A Level English qualifications. Endorsed for the AQA A/AS Level English Language specifications for first teaching from 2015, this print Student Book is suitable for all abilities, providing stretch opportunities for the more able and additional scaffolding for those who need it. Helping bridge the gap between GCSE and A Level, the unique three-part structure provides essential knowledge and allows students to develop their skills through a deeper study of key topics, whilst encouraging independent learning. An enhanced digital version and free Teacher's Resource are also available.

The Spirit of the English Language Jan 23 2022 John Wulsin approaches the English language not as a conventional linguist, but as a poet interested in the spirit and evolution of our language. To show "how sound works in English and American poetry," the author traces the many changes, both subtle and radical, in how English has sounded over the past thirteen centuries, while also showing how those changes are related to the evolution of human consciousness in Western, English-speaking peoples. *The Spirit of the English Language* is never dry but filled with the textures of the lives and works of the

great English-language poets. Wulsin describes the evolving activity of poetry in the biography of each poet, beginning with the Old Anglo-Saxon in Beowulf and the later works of Chaucer, and following the spirit of the English language through to the nineteenth century's "primal/modern" language of Gerard Manley Hopkins and Dickinson's diamond-distilled language. Along the way, we discover how the very sounds of English have changed the ways in which not only poets think and express themselves, but, more important, how sound works and changes our human consciousness. The author also discusses specifically how, in teaching poetics, stages of the developing English language quicken corresponding stages of thinking in maturing adolescents. Twelve years in the making, *The Spirit of the English Language* is the fruit of John Wulsin's thirty years of teaching language and literature to adolescents. The book is further informed and fructified by the author's fifteen years of teaching poetics to adults, as well as decades of writing poetry and participating in numerous poetry workshops. This practical guide will become a classic for all poets, teachers of poetry and language, and students. It is a truly valuable resource for anyone interested in English, its development, its effects on consciousness, and how sound works in poetry. Contents: Introduction Part I A Language Is Born Old Anglo-Saxon Evolving Language in Evolving Adolescents: Ninth and Tenth Grades The Norman Conquest Chaucer's Middle English The Language Wakes

Asian English Language Classrooms Jun 27 2022 The
teaching of English in the Asian context is always
challenging and dynamic because both teachers and
learners have diverse linguistic and cultural backgrounds.
Equally important, where English is not widely used
outside the classroom, English language classrooms are
an authentic site of learner engagement. For these reasons,
for all those concerned with contemporary English
language teaching (ELT) in Asia, Asian English
Language Classrooms: Where Theory and Practice Meet,
provides an account of theoretical orientations and
practices in the teaching of English to multilingual
speakers whose primary language is not English. While
covering the fundamental ELT areas (e.g., the teaching of
language skills, educational literature, the use of
technology in ELT, the role of pragmatics in ELT, social
psychology of the language classroom, and language

classroom management) with which every language teacher and teacher trainer must be concerned, this volume showcases how particular orientations shape ELT practices. We believe that practicing English teachers must have a heightened awareness of the theory behind their practice. At the same time, the theoretical stance must be firmly anchored in actual classrooms. Containing newly commissioned chapters written by well-regarded and emerging scholars, this book will appeal not only to beginning teachers or teachers in training but also to established teachers around Asia where English is used as a lingua franca. If you are a student teacher of English or an English teacher who would like to see what other progressive teachers like you are doing across Asia, this is the book you have been looking for.

The History of the English Language Apr 25 2022 A new edition of this comprehensive guide to the history of the English language. The book contains carefully chosen extracts to illustrate the development of English, looking particularly at the stylistic and dialectal variety of English. For the new edition Professor Burnley has expanded the introductory sections, added new selections and increased the number of illustrations. He has also included a new section covering newspaper advertisements from the 18th Century to the present. A popular guide which explores the development of English from Aelfric to Darwin.

The Changing English Language Oct 20 2021 Experts

from psycholinguistics and English historical linguistics address core factors in language change.

Studies in English Language and Literature Dec 10 2020

TEACHING ENGLISH, LANGUAGE AND

LITERACY Sep 30 2022 This fully updated second edition of *Teaching English, Language and Literacy* is an essential introduction for anyone learning to teach English at primary school level. Designed for students on initial teacher training courses, but also of great use to those teachers wanting to keep pace with the latest developments in their specialist subject. The book covers the theory and practice of teaching English, language and literacy and includes comprehensive analysis of the Primary National Strategy (PNS) Literacy Framework. Each chapter has a specific glossary to explain terms and gives suggestions for further reading. This second edition covers key areas that students, teachers and English co-ordinators have to manage, and includes advice on: developing reading, including advice on choosing texts, and the role of phonics improving writing skills, including advice on grammar and punctuation planning and assessing speaking and listening lessons working effectively with pupils who are multilingual understanding historical developments in the subject the latest thinking in educational policy and practice, the use of multimedia maintaining good home-school links. gender and the teaching of English language and literacy All these chapters include clear examples of practice,

coverage of key issues, analysis of research, and reflections on national policy to encourage the best possible response to the demands of the National Curriculum.

Teaching English, Language and Literacy Sep 18 2021

Are you looking for one book that gives a comprehensive account of primary and early years English, language and literacy teaching? This fully revised fourth edition of Teaching English, Language and Literacy includes up-to-date research and updated discussion of effective teaching. Throughout the book there is guidance on England's new National Curriculum and its impact. Rooted in research evidence and multidisciplinary theory, this book is an essential introduction for anyone learning to teach English from the early years to primary school level. The authors draw on their research, scholarship and practice to offer advice on: inclusion and equality, including working effectively with multilingual pupils speaking and listening developing reading, including choosing texts, and phonics teaching improving writing, including grammar and punctuation planning and assessing the latest thinking in educational policy and practice the use of multimedia maintaining good home--school links All the chapters include examples of good practice, coverage of key issues, analysis of research and reflections on national policy to encourage the best possible response to the exciting challenges of teaching. Each chapter also has a glossary to explain terms and

gives suggestions for further reading. This authoritative book is for all those who want to improve the teaching of English, language and literacy in schools. Designed to help inform trainee teachers and tutors, but also of great use to those teachers wanting to keep pace with the latest developments in their specialist subject, this is an indispensable guide to the theory and practice of teaching English, language and literacy.

Multimodality in English Language Learning Oct 27 2019 This edited volume provides research-based knowledge on the use, production and assessment of multimodal texts in the teaching and learning of English as an Additional Language (EAL). The book reflects growing interest in research on EAL, with increasing numbers of learners of English worldwide and the growing relevance of EAL to numerous education systems. The volume examines different aspects of English from a multimodal perspective, showcasing empirical research from across five continents and all three levels of education. Applying frameworks based on Multimodal Social Semiotics and Systemic Functional Linguistics, chapters focus on the use and affordances of multimodal texts in pedagogy, literature, culture, text production, assessment and curriculum development connected to EAL. Directing attention to the significance of modes beyond speech and writing in EAL, the volume provides a wide range of perspectives and experiences that can be applied more widely and inspire other

practices in the global and diverse field of EAL teaching, learning and assessment. This collection will be of interest to scholars in multimodality, language education, and teacher education.

English Language Teaching and Teacher Education in East Asia Aug 18 2021 This book uncovers the challenges posed by globalization to Asian jurisdictions in English language teaching and teacher education.

Advocacy in English Language Teaching and Learning Mar 01 2020 Appropriate for those new to the topic and established scholars, this holistic text examines the nexus of advocacy and English-language teaching, beginning with theories of advocacy, covering constraints and challenges in practice, and offering a range of hands-on perspectives in different contexts and with different populations. Bringing together wide-ranging and diverse viewpoints in TESOL, this volume examines the role of advocacy through a social justice lens in a range of contexts, including K-12 classrooms and schools, adult and higher education settings, families and communities, and teacher-education programs and professional organizations. Advocacy in English Language Teaching and Learning offers readers a deeper understanding of what advocacy is and can be, and gives teacher candidates and educators the tools to advocate for their students, their families and communities, and their profession.

Key Concepts of English Language and Linguistics Aug 30 2022

English Language Arts Mar 13 2021 English Language Arts offers both undergraduates and starting-graduate students in education an introduction to the connections that exist between language arts and a critical orientation to education. Because language influences all aspects of education, English teachers have a unique responsibility to create opportunities for learners to cultivate literacy practices that will empower them to reach their potential. Applying critical and theoretical perspectives to teaching English language arts, this primer considers how meanings are made in intersecting spaces of learners, teachers, and texts. Julie Gorlewski shows future and current teachers how critical English language arts education can be put into practice with concrete strategies and examples in both formal and informal educational settings. With opportunities for readers to engage in deeper discussion through suggested activities, English Language Arts' pedagogical features include: Model Classroom Scenarios Extension Questions Glossary of Key Terms

World Englishes in English Language Teaching Dec 22 2021 This book provides an in-depth exploration of World Englishes and their place in the English as a Foreign Language (EFL) classroom. It opens with a critical assessment of the research to date that includes analysis of competing and complementary terms such as English as an International Language (EIL), Global English, English as a Lingua Franca (ELF) and 'Glocal

English'. Here, and throughout the work, the author problematizes the terminologies used to define and describe Englishes, arguing for example for the need to distinguish between Chinglish and China English. The book then turns to an examination of three case study varieties of non-inner circle English: Konglish, Singlish and Indian English; before exploring the results of an original empirical study into language attitudes concerning several varieties of English among language teachers and learners. Finally, sample exercises for the classroom are provided. This book will be of particular interest to language teachers and teacher trainers, and to students and scholars of EFL and applied linguistics more broadly.

Worldwide English Language Education Today Jun 15 2021 This book explores the ideologies, policies, and practices of English language education around the world today. It shows the ways in which ideology is a constituent part of the social realities of English language teaching (ELT) and how ELT policies and practices are shaped by ideological positions that privilege some participants and marginalize others. Each chapter considers the multiple ideologies underlying the thinking and actions of different members of society about ELT and how these inform overt and covert policies at the national level and beyond. They examine the implications of investigating ELT ideologies and policies for advancing socio-political understandings of practical

aspects such as instruction, materials, assessment, and teacher education in the field. Introducing new perspectives on the theory and practice of language teaching today, this book is ideal reading for researchers and postgraduate students interested in applied linguistics and language education, faculty members of higher education institutions, English language teachers, and policy makers and planners.

Standards of English in Higher Education Feb 09 2021

A frank and critical appraisal of English language proficiency as a key issue in higher education today.

The Routledge Handbook of English Language Studies

May 27 2022 The Routledge Handbook of English Language Studies provides a comprehensive overview of English Language Studies. The book takes a three-pronged approach to examine what constitutes the phenomenon of the English language; why and in what contexts it is an important subject to study; and what the chief methodologies are that are used to study it. In 30 chapters written by leading scholars from around the world, this Handbook covers and critically examines: English Language Studies as a discipline that is changing and evolving in response to local and global pressures; definitions of English, including world Englishes, contact Englishes, and historical and colonial perspectives; the relevance of English in areas such as teaching, politics and the media; analysis of English situated in wider linguistics contexts, including psycholinguistics,

sociolinguistics and linguistic ethnography. The Routledge Handbook of English Language Studies is essential reading for researchers and students working in fields related to the teaching and study of the English language in any context.

The Evolution of English Language Learners in Japan

May 03 2020 This book seeks a better understanding of the sociocultural and ideological factors that influence English study in Japan and study-abroad contexts such as university-bound high schools, female-dominant English classes at college, ESL schools in Canada, and private or university-affiliated ESL programs in Singapore and Malaysia. The discussion is based not only on data garnered from Japanese EFL learners and Japanese/overseas educators but also on official English language policies and commercial magazine discourses about English study for Japanese people. The book addresses seemingly incompatible themes that are either entrenched in or beyond Japan's EFL context such as: Japan's decades-long poorly-performing English education vs. its equally long-lived status as an economic power; Japanese English learners' preference for native English speakers/norms in at-home Japanese EFL contexts vs. their friendship with other Asian students in western study-abroad contexts; Japanese female students' dream of using English to further their careers vs. Japanese working women's English study for self-enrichment; Japanese society's obsession with

globalization through English study vs. the Japanese economy sustained by monolingual Japanese businessmen; Japanese business magazines' frequent cover issues on global business English study vs. Japanese working women's magazines' less frequent and markedly feminized discourses about English study.

Researching English Language Aug 06 2020 Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. **Researching English Language**: provides comprehensive support for readers tackling their first independent research projects offers advice about research methods with reference to an extensive range of English Language topics including variation in accents, news discourse, forensic linguistics, child language development and many more guides readers step-by-step through the research process, from initial ideas to the submission of the dissertation includes an extensive range of activities and points for discussion illustrates each topic with

examples from actual student projects and published studies includes key readings from leading English language researchers, including Ronald Carter; Jennifer Coates; Ruqaiya Hasan; Roz Ivanic; Ben Rampton; John Sinclair. This title will be essential reading for students undertaking research within the areas of English Language, Linguistics and Applied Linguistics.
