The Cornish Village School - Second Chances Mar 13 2021 Ex-ballerina and single mum Sylvie is in trouble. Juggling her ballet classes in the nearest town, preparing

shy Sam for his first day at Penmenna Village school and trying to finally move out from the farm she shares with her cantankerous Uncle Tom means life is anything but easy. Television Journalist Alex is facing challenges of his own. Seeking a calmer environment for his newly adopted daughter, Ellie, he's swapped reporting in war zones for the school PTA in quiet Penmenna, where his best friend Chase has persuaded him to start laying some roots. Fireworks ignite when Sylvie and Alex meet but as Ellie and Sam become instant best friends, will they be able to keep things strictly platonic for the sake of the children? The second book in the feel-good and rib-tickling Cornish Village School series. Perfect for fans of Tilly Tennant, Holly Martin and Cathy Bramley. What others are saying about *The Cornish Village School - Second Chances*: 'A terrific read and I hope there's more to come in this topnotch series. Absolutely recommended to those who enjoy an entertaining rom-com with a bit of substance to the story!' Reader review 'This one hit all my sweet spots!' Reader review 'Really looked forward to reading this one and wasn't disappointed... with a mix of old and new characters this was a charming novel... very easy reading and especially liked the community spirit with the school once again at the heart of the story... excellent read' Reader review 'I love this series!!! Such fun, funny, sweet books :)' Reader review 'This is a first for me by this author but won't be the last... It's a heart-warming, real and yet funny story of two strangers

coming together' Reader review "From an eclectic cast of characters to the charming village setting, the book is feel-good, warm, funny, endearing and thoroughly entertaining!" Curious Ginger Cat 'A really delightful book, laugh out loud and full of autumn... Kitty Wilson tells this heart-warming story of two single parents of reception class children so well. It's not sugary or schmaltzy but real and funny and I think anyone who's ever fallen in love - or in lust - will recognise Sylvie's feelings. The Cornish Village School is a brilliant concept and I can see Penmenna becoming as real to readers of romantic fiction as Heidi Swain's Wynbridge. The recurring characters are beautifully drawn - warts and all - and I can't wait to find out what happens next in their lives.' Reader review "This book is heartwarming, makes you feel good, is entertaining and it's really enjoyable.' Reader review

Commercial Law in the Next Millennium Jun 03 2020 In this book, which reproduces in revised and expanded form the 49th series of Hamlyn Lectures delivered in Oxford and London in 1997, Professor Roy Goode examines some of the key factors shaping commercial law as we move into the next century. This is not a technical exposition but a bold attempt to capture the very essence of commercial law: its philosophical foundations; the perpetual tension between form and substances and between law and equity in commercial transactions, legal controls and self-regulation of market operations, and the development of new concepts of property and obligation. In this wide-ranging study, which combines the prospective with the retrospective, Roy Goode's stimulating re-analysis of fundamental legal principles and policies raises a series of critical questions about the future direction of our commercial law.

Global Tax Fairness Nov 08 2020 This book addresses sixteen different reform proposals that are urgently needed to correct the fault lines in the international tax system as it exists today, and which deprive both developing and developed countries of critical tax resources. It offers clear and concrete ideas on how the reforms can be achieved and why they are important for a more just and equitable global system to prevail. The key to reducing the tax gap and consequent human rights deficit in poor countries is global financial transparency. Such transparency is essential to curbing illicit financial flows that drain less developed countries of capital and tax revenues, and are an impediment to sustainable development. A major break-through for financial transparency is now within reach. The policy reforms outlined in this book not only advance tax justice but also protect human rights by curtailing illegal activity and making available more resources for development. While the reforms are realistic they require both political and an

informed and engaged civil society that can put pressure on governments and policy makers to act.

Scorch May 03 2020 In the future world of *Scorch*, America is run by a “corporacracy.” Three conglomerates have taken control not by force but by manipulating common beliefs and values through the media, and particularly by playing on Americans’ fears of Big Brother. Consumerism and privatization have run amok in this landscape of flashing screens and subtle brainwashing, a world where even city streets and public schools are run by big business. This is a darkly comic first novel of a dystopian future, with echoes of 1984 and *Brave New World*.

Tomcat Tompkins Apr 25 2022 Tomcat Tompkins blames the East Europeans for all the ills in the world - or the UK - as that's all the world he's interested in and he works hard to find them and send them home. This is a tongue-in-cheek look at the UK's Brexit with a detective story at its heart.
