The Princess Knight Mar 29 2022 USA Today Bestseller An Amazon Best of the Month Selection “Electrically fun...turns the usual fairy-tale class dynamics upside down...this is a book that encourages trust in people’s goodness, if not their patience or good sense. It’s light on the romance, but prodigiously good for the heart.” —The New York Times In New York Times bestselling author G.A. Aiken’s gripping new fantasy romance series, the Blacksmith Queen must confront armies and pretenders desperate to take her new-won crown. But with the Princess Knight at her side and a centaur warrior clan at her back, she’ll risk everything for victory . . . LONG LIVE THE QUEEN Gemma Smythe dedicated her life to the glory of battle. With her fellow War Monks, she worshipped the war gods, rained destruction on her enemies, and raised the dead when the fancy took her. Until her sister Keeley became the prophesied Blacksmith Queen, and Gemma broke faith with her order to journey to the Amichai Mountain and fight by Keeley’s side. The Amichai warriors are an unruly, never-to-be-tamed lot, especially their leader-in-waiting, Quinn. But when the War Monks declare support for Gemma’s ruthless younger sister Beatrix, the immaturity of her key ally is the least of Gemma’s problems. She has to get to the grand masters, dispel their grudge against her, and persuade them to fight for Keeley and justice. If her conviction can’t sway them, perhaps Quinn’s irritating, irreverent, clearly unhinged, ferocity will win the day . . . Praise for The Blacksmith Queen “It may be laugh-out-loud funny, but at its heart this is a story of a woman who cares deeply for both the family she has and the one she creates.” —Bookpage “Tilting more toward fantasy, this paranormal romance will be a hit with fans of both genres who enjoy tales that are lighthearted and humorous.” —Booklist

[Scarred Wolf](#) Nov 12 2020 Jaxon Imagine witnessing your mother's brutal murder. Imagine not being able to remember a single thing about what happened, even though you were there. It doesn't matter how hard I try. I. Can't. Remember! I was just a small boy when it happened. I must have tried to defend her because I have the scars that prove it. My wounds should have healed completely. I'm a shifter. Son of the alpha. They didn't! My scars are my constant reminder of what the Moones did. What they took away from us. My mother died in agony. A piece of my father died along with her. I'm given the opportunity to right a wrong. To finish the last remaining Moone before they become a fully-fledged wolf. It won't be easy but I've got this. The offspring of that despicable family cannot be allowed to ever reach full power. I'll die before I allow it to happen. I leave my pack and head for the city. Evie I'm just a regular girl, living a regular life. I work hard, living from day to day, trying to make ends meet. Minding my own business. You know, normal stuff. When, from out of nowhere, he crashes into me while I'm on a jog. Quite literally crashes into my clumsy ass. Then again, maybe I crashed into him. I'm not sure how it went down, only that he's a colossal jerk. I wish he wasn't quite so sexy because...back to the part about him being a jerk. I'm being polite since "jerk" is too nice a word. I'm happy to see the back of him. Partly because he has such a nice back but also because he sucks...big time! Only, the sexy jerkface keeps turning up. I can't seem to get rid of him. Do I even want to? Yes. No. Argh! It's annoying. Then I find out that I'm not such a regular girl after all. Not even close. Just like that, everything changes. And I mean everything. Authors note: Scarred Wolf is a standalone shifter romance. It features a sassy heroine who has no idea who she really is and a sexy alpha who'll help her figure things out. No, that's not true, she'll help him figure things out. Okay, maybe a little bit of both. Beware, this book contains super-hot, growly scenes and naughty language that will make you blush!

The Scars We Choose Feb 02 2020 Scarlett Elizabeth Nell Waverly has a story to tell and it's as big as her name. Like most stories, hers is divided into interwoven parts. The first part starts when she's young and her family buys a beach house on the Florida Gulf Coast. That's where she meets and falls in love with Julian Rose, a handsome biracial boy with a scarred face and a whacky, secret-keeping family. Just like her own. But not quite. Young Lizzie Nell's family disapproves of her friendship and budding romance with Julian Rose and they take drastic measures at keeping them apart. Julian also has a story, a story as magical as his haint blue eyes, only he's still trying to figure out where it starts and how it ends. Not long after he turns nine and learns a little about his mother's disappearance, Julian sets out to write her messages, stuffing them inside empty rum bottles and tossing them into the Gulf. Although he doesn't yet know it, there is magic in his words, a magic as remarkable as his connection to the little girl down the beach. As time moves on, and the two blossom into adolescence, Lizzie Nell can no longer live the life her family has chosen for her. She runs away-from school, from her unrelenting mother, and even from her name-setting out for New Orleans where she and Julian have planned to make a life together. But some things have a way of finding us, like our scars, the truth, and

despondent mothers. The first book in a two-part series, *THE SCARS WE CHOOSE* is a coming-of-age story about how we define love, the ways in which we cope when overcoming adversity, and the consequences that can arise when we allow other people, places, and events to affect our decisions, and ultimately, our happiness.

Post-Industrial Landscape Scars Aug 29 2019 Post-industrial landscape scars are traces of 20th century utopian visions of society; they relate to fear and resistance expressed by popular movements and to relations between industrial workers and those in power. The metaphor of the scar pinpoints the inherent ambiguity of memory work by signifying both positive and negative experiences, as well as the contemporary challenges of living with these physical and mental marks. In this book, Anna Storm explores post-industrial landscape scars caused by nuclear power production, mining, and iron and steel industry in Malmberget, Kiruna, Barsebäck and Avesta in Sweden; Ignalina and Visaginas/Sniežkus in Lithuania/former Soviet Union; and Duisburg in the Ruhr district of Germany. The scars are shaped by time and geographical scale; they carry the vestiges of life and work, of community spirit and hope, of betrayed dreams and repressive hierarchical structures. What is critical, Storm concludes, is the search for a legitimate politics of memory. The meanings of the scars must be acknowledged. Past and present experiences must be shared in order shape new understandings of old places.

Scarred Knuckles 2 Jul 21 2021 Scarred Knuckles pt 2 is the continuation of Scarred Knuckles, focusing on the aftermath of Mercy Bondz's murder at the hands of two heartless gunmen. After Beysik Bonds was shot by gung-ho MPD Detective Sadd, his older brother, Noeekol Bonds, current light heavyweight MMA tristate champion, beat the detective within inches of his life. For the beating, Noeekwol was sent to prison, where his loyalty lands him in a hot situation with the heads of the prison gangs. In the free world, Beysik recovers from his gunshot wounds nicely. Upon being released from the hospital, he is forced to quickly regain control of his deceased father's criminal empire. Helped by his girlfriend, Byte, and his brother's girlfriend, Heaven, he is forced to cut ties with a longtime friend who is blinded by greed and power. Due to Sadd's forced early retirement, detective Tabitha Allison has to continue working the growing homicide case load alone. Eager and overworked Tabitha makes a deadly move that lands her with weeks of free time on her hands. The detective uses that time to heal and look deeper into the Bondz murder cases. Tabitha is pushed into working with Beysik by a scheming hitman, Slim, who takes each of their loved ones in the hopes it will force the detective to drop her case against Slim's partner, Fame, and collect a little cash from the young boss. Scarred Faces, as always, is filled with all the hot drama you need from an urban book. Someone will die, someone will live, and someone will end up with scarred faces.

Scarred Sep 10 2020 In 1978, seven-year-old George Molho was kidnapped by his own father. For a year, he survived mental and physical abuse to the point of torture. He found it easier to get used to hell, instead of hoping that heaven was around the corner. George eventually escaped, but surviving the aftermath proved to be much more difficult. Past and present are skillfully woven together to connect the pieces of Molho's childhood and adult life that shaped the man he would become. The old adage 'love conquers all' is splayed open to reveal the inner workings that we all seek to understand. George was lucky to learn how to love from his family before his abduction, before his father's cruel version of love was inflicted upon his young body and psyche. Later in life, love compels him to reveal all that happened on the mountainside where he left his innocence as a boy. It's not about how hard we get hit; it's about how much we can take and keep moving forward. "Scarred" is a memoir written by a survivor, intended to empower and embolden all who have suffered, survived, and are ready to be set free. "This will be known as the book that set the literary genre of memoir free." Scarred "reads like fiction while shattering the facade of make believe... Molho becomes the victor of his past and his triumph is contagious." -Andrea Afra, "Free Press Houston"

White Tears Brown Scars Dec 02 2019 'Powerful and provocative' - Dr. Ibram X. Kendi, author of the Sunday Times bestselling *How to be an Antiracist* 'A MUST read for any white women who consider themselves "feminist"' - Scarlett Curtis, author of the Sunday Times bestselling *Feminists Don't Wear Pink* 'An explosive and revelatory argument for deconstructing and confronting the entrenched notions of white supremacy and superiority that still reign today.' - Mireille Harper 'How is it that we have been so conditioned to privilege the emotional comfort of white people? White tears possess a potency that is rarely acknowledged or commented upon, but they have long been used as a dangerous and insidious tool against people of colour, weaponised in order to invoke sympathy and divert blame. Taking us from the slave era, when white women fought in court to keep 'ownership' of their slaves, through centuries of colonialism, when women offered a soft face for brutal tactics, to the modern workplace, in which tears serve as a defense to counter accusations of bias and micro-aggressions, *White Tears/Brown Scars* tells a charged story of white women's active participation in campaigns of oppression. It offers a long-overdue validation of the experiences of women of colour and an urgent call-to-arms in the need for true intersectionality. With rigour and precision, Hamad builds a powerful argument about the legacy of white superiority that we are socialised within, a reality that we must all apprehend in order to fight.

Scars and Stripes Oct 12 2020 INSTANT NEW YORK TIMES BESTSELLER From decorated Green Beret sniper, UFC headliner, and all around badass, Tim Kennedy, a rollicking, inspirational memoir offering lessons in how to embrace failure and weather storms, in order to unlock the strongest version of yourself. Tim Kennedy has a problem; he only feels alive right before he's about to die. Kennedy, a Green Beret, decorated Army sniper, and UFC headliner, has tackled a bull with his bare hands, jumped out of airplanes, dove to the depths of the ocean, and traveled the world hunting poachers, human traffickers, and the Taliban. In *Scars and Stripes*, Kennedy describes how these failures shaped him into the successful businessman and devoted husband and father he is today. Through unbelievably vivid, wild anecdotes Kennedy reveals all the dumb, violent, embarrassing, and undeniably heroic things he's done in his life, including multiple combat missions in Afghanistan, building a school in Texas for elementary kids, and creating two-multimillion-dollar businesses. You will learn that failure isn't the end—rather it's the first step towards unearthing the best version of yourself and finding success, no matter how overwhelming the setbacks may feel.
