The Slave Trade and the Middle Passage Dec 16 2021 "Traces the history of the transatlantic slave trade and the development of slavery in the New World"--Provided by publisher.

Reimagining the Middle Passage Jul 31 2020 Examines how contemporary Black artists envision the Middle Passage as an original site of social death and a space of potential rebirth.

Glissant and the Middle Passage Oct 02 2020 A reevaluation of Édouard Glissant that centers on the catastrophe of the Middle Passage and creates deep, original theories of trauma and Caribbeanness While philosophy has undertaken the work of accounting for Europe's traumatic history, the field has not shown the same attention to the catastrophe known as the Middle Passage. It is a history that requires its own ideas that emerge organically from the societies that experienced the Middle Passage and its consequences firsthand. Glissant and the Middle Passage offers a new, important approach to this neglected calamity by examining the thought of Édouard Glissant, particularly his development of Caribbeanness as a critical concept rooted in the experience of the slave trade and its aftermath in colonialism. In dialogue with key theorists of catastrophe and trauma—including Aimé Césaire, Frantz Fanon, George Lamming, Gilles Deleuze, Félix

Guattari, Derek Walcott, as well as key figures in Holocaust studies—Glissant and the Middle Passage hones a sharp sense of the specifically Caribbean varieties of loss, developing them into a transformative philosophical idea. Using the Plantation as a critical concept, John E. Drabinski creolizes notions of rhizome and nomad, examining what kinds of aesthetics grow from these roots and offering reconsiderations of what constitutes intellectual work and cultural production. *Glissant and the Middle Passage* establishes Glissant's proper place as a key theorist of ruin, catastrophe, abyss, and memory. Identifying his insistence on memories and histories tied to place as the crucial geography at the heart of his work, this book imparts an innovative new response to the specific historical experiences of the Middle Passage.

Encyclopedia of the Middle Passage Oct 14 2021 Features over two hundred entries on people, places, and other topics related to the slave trade, contains alphabetical and topical lists of entries, and includes a timeline extending from the fifteenth through the late twentieth century.

The Middle Passage Nov 15 2021 V. S. Naipaul's first travel book, *The Middle Passage*, takes us on a rich and emotional journey to a place of the greatest interest – his birthplace. In 1960, Dr Eric Williams, the first Prime Minister of independent Trinidad, invited V. S. Naipaul to revisit his native country and record his impressions. In this classic of modern travel writing he created a deft and remarkably prescient portrait of Trinidad and the Caribbean societies of four adjacent countries, Guyana, Surinam, Martinique and Jamaica. Haunted by the legacies of slavery and colonialism, and so thoroughly defined by the norms of Empire that it can scarcely comprehend its end, Naipaul catches this poor, topsy-turvy world at a critical

moment, a time when racial and political assertion had yet to catch up – a perfect subject for the acute understanding and dazzling prose of this great writer. ‘Naipaul travels with the artist’s eye and ear and his observations are sharply discerning.’ Evelyn Waugh ‘Belongs in the same category of travel writing as Lawrence’s books on Italy, Greene’s on West Africa and Pritchett’s on Spain’ New Statesman

The Middle Passage. The Roles of Ramón Ferrer and Theodore Canot in the Transatlantic Slave Trade Nov 03 2020 Seminar paper from the year 2016 in the subject History Europe - Other Countries - Middle Ages, Early Modern Age, grade: 2,0, University of Freiburg, language: English, abstract: The transatlantic slave trade from the early fifteenth to the second half of the nineteenth century played a major role for the development of the modern world. It enabled Europe's transition to capitalism, the nation-state, and imperialism, and fostered the growth of western European nations and empires. Slave ships were the most important link between Europe, Africa and America and enabled the development of the Americans. All this, as well as the creation of a higher standard of living for many Europeans and Americans, happened at the expense of millions of enslaved people and was connected to inconceivable suffering. Talking about the transatlantic slave trade means talking about the biggest case of forced migration in recorded human history. Over the course of four centuries, slave ships continued to cross the Atlantic. It is estimated that between the years of 1500 and 1900 approximately 11,7 million Africans were forcefully deported into slavery, mainly from West, Central and South Africa. A mere 9,8 to 10 million of these abducted prisoners reached their intended destinations alive. The other 1,7 million prisoners were not

able to endure the torments of the transatlantic crossing - the middle passage -, or died shortly after their arrival as a result of the deprivations they suffered whilst on the slave ships. Due to the immense importance of the middle passage for the slave trade between Africa and the Americas, this paper investigates the topic further. A transatlantic slave trade will serve as background for further analysis. The macrostructure of the slave trade will be examined using the example of the 18th century French slave ship "Diligent". Concerning the microstructure, the historical records of Captain Theodore Canot and additional secondary literature will serve as the basis for an analysis of the conditions on slave ships at the time. In a final step, the life of Ramón Ferrer - captain of the slave ship "Amistad" - will be reconstructed with the aid of newly released documents and by using the chronicles of Canot as a guideline to speculate about gaps in Ferrer's biography.

The Middle Passage Sep 25 2022 Herbert Klein's book makes several distinctive contributions to our understanding of the slave trade. It offers us the first systematic comparative study of major European slave traders based exclusively on archival sources. The author's minimization of the effect of overcrowded slave ships contributes to a longstanding debate regarding the mortality rate of the slaves. His emphasis of the African influences on the character of the slave trade offsets the more frequent emphasis placed on the European influences. Furthermore, Klein maintains that basic similarities existed among the slave-trading practices of all nations, with no one nation being any better than another. Using demographic and other quantitative data, Professor Klein describes the trans-Atlantic slave trade as it was practiced by all of the major European powers during the period of its

maximum development. His work spans a century and a half of European trading activity and an area from Senegal to Mozambique in Africa and from the Chesapeake to Guanabara Bay in the Western hemisphere. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Middle Passage and the African Slave Trade | History of Early America Grade 3 | Children's American History Dec 04 2020 With this book, you will be learning about the Middle Passage. What was the condition of the captured Africans when they were packed onto ships and transported across the Atlantic? A discussion on the Middle Passage also focuses on the slave trade in the Southern Colonies. Build your knowledge on history. Get a copy today.

Physics of Blackness Mar 07 2021 What does it mean to be Black? If Blackness is not biological in origin but socially and discursively constructed, does the meaning of Blackness change over time and space? In *Physics of Blackness: Beyond the Middle Passage Epistemology*, Michelle M. Wright argues that although we often explicitly define Blackness as a “what,” it in fact always operates as a “when” and a “where.” By putting lay discourses on spacetime from physics into conversation with works on identity from the African Diaspora,

Physics of Blackness explores how Middle Passage epistemology subverts racist assumptions about Blackness, yet its linear structure inhibits the kind of inclusive epistemology of Blackness needed in the twenty-first century. Wright then engages with bodies frequently excluded from contemporary mainstream consideration: Black feminists, Black queers, recent Black African immigrants to the West, and Blacks whose histories may weave in and out of the Middle Passage epistemology but do not cohere to it. Physics of Blackness takes the reader on a journey both known and unfamiliar—from Isaac Newton's laws of motion and gravity to the contemporary politics of diasporic Blackness in the academy, from James Baldwin's postwar trope of the Eiffel Tower as the site for diasporic encounters to theoretical particle physics' theory of multiverses and superpositioning, to the almost erased lives of Black African women during World War II. Accessible in its style, global in its perspective, and rigorous in its logic, Physics of Blackness will change the way you look at Blackness.

Many Middle Passages Jan 17 2022 "Extends the concept of the Middle Passage to encompass the expropriation of people across other maritime and inland routes. No previous book has highlighted the diversity and centrality of middle passages, voluntary and involuntary, to modern global history."—Kenneth Morgan, author of *Slavery and the British Empire* "This volume extends the now well-established project of 'Atlantic World Studies' beyond its geographic and chronological frames to a genuinely global analysis of labour migration. It is a work of major importance that sparkles with new discoveries and insights."—Rick Halpern, co-editor of *Empire and Others: British Encounters with Indigenous*

Peoples, 1600-1850

A German Barber-Surgeon in the Atlantic Slave Trade Jul 19 2019 As he traveled across Germany and the Netherlands and sailed on Dutch and Brandenburg slave ships to the Caribbean and Africa from 1682 to 1696, the young German barber-surgeon Johann Peter Oettinger (1666–1746) recorded his experiences in a detailed journal, discovered by Roberto Zaugg and Craig Koslofsky in a Berlin archive. Oettinger's journal describes shipboard life, trade in Africa, the horrors of the Middle Passage, and the sale of enslaved captives in the Caribbean. Translated here for the first time, *A German Barber-Surgeon in the Atlantic Slave Trade* documents Oettinger's journeys across the Atlantic, his work as a surgeon, his role in the purchase and branding of enslaved Africans, and his experiences in France and the Netherlands. His descriptions of Amsterdam, Curaçao, St. Thomas, and Suriname, as well as his account of societies along the coast of West Africa, from Mauritania to Gabon, contain rare insights into all aspects of Europeans' burgeoning trade in African captives in the late seventeenth century. This journeyman's eyewitness account of all three routes of the triangle trade will be invaluable to scholars of the early modern world on both sides of the Atlantic.

Surviving the Middle Passage Aug 12 2021 This book is about the close historical and linguistic relationship between the languages of Surinam and Benin, a relationship which can be viewed in terms of a Trans Atlantic Sprachbund or linguistic area. It consists of a detailed analysis of various possible substrate and adstrate effects in a number of components of the grammar, in the Surinam Creole languages, primarily from the Gbe languages of Benin but also from Kikongo.

Middle Passages Mar 27 2020 Penguin announces a prestigious new series under presiding editor Arthur Schlesinger, Jr. Many works of history deal with the journeys of blacks in bondage from Africa to the United States along the "middle passage," but there is also a rich and little examined history of African Americans traveling in the opposite direction. In *Middle Passages*, award-winning historian James T. Campbell vividly recounts more than two centuries of African American journeys to Africa, including the experiences of such extraordinary figures as Langston Hughes, W.E.B. DuBois, Richard Wright, Malcolm X, and Maya Angelou. A truly groundbreaking work, *Middle Passages* offers a unique perspective on African Americans' ever-evolving relationship with their ancestral homeland, as well as their complex, often painful relationship with the United States.

The Middle Passage Apr 20 2022 Title #59. Why do so many go through so much disruption in their middle years? Why then? Why do we consider it to be a crisis? What does the pattern mean and how can we survive it? *The Middle Passage* shows how we may pass through midlife consciously, rendering our lives more meaningful and the second half of life immeasurably richer.

From the Middle Passage to Black Lives Matter Jun 17 2019 In this narrative rooted in autoethnography, the author juxtaposes her personal story with that of international stories of resistance to oppression and calls on educators to include children's personal stories as critical pedagogy to honor their funds of knowledge and foster their historical consciousness. With a focus on eighteenth-century freedom fighter Nanny of the Maroons, *From the Middle Passage to Black Lives Matter* emphasizes the historical connections between Indigenous

people worldwide who have harnessed their ancestral roots to disrupt cultural hegemony. The book emphasizes the imaginative and radical assertions of the enduring resistance of the formerly colonized, going back to the era of slavery through to the Civil Rights Movement and Black Lives Matter, and calls for a radical shift in the global curriculum to include these stories. Storytelling is acknowledged as an intergenerational teaching methodology rooted in Indigenous Epistemology which serves to honor our common humanity. The essential message of the text is conveyed through the socio-educational and cultural interventions that are asserted as transformational pedagogy that will serve to elevate students' voices and promote their academic achievement. This book bears witness to the ways in which the history and sociocultural background of Indigenous people have been ignored and at times rendered invisible or inconsequential, and offers innovative strategies to correct history and write Indigenous people into the literature with creativity and sensitivity. From the Middle Passage to Black Lives Matter is a narrative of social justice that seeks to raise the reader's historical consciousness and provide authentic strategies to decolonize the global curriculum. *The Middle Passage and the African Slave Trade | History of Early America Grade 3 | Children's American History* Oct 22 2019 With this book, you will be learning about the Middle Passage. What was the condition of the captured Africans when they were packed onto ships and transported across the Atlantic? A discussion on the Middle Passage also focuses on the slave trade in the Southern Colonies. Build your knowledge on history. Get a copy today.

The Middle Passage May 29 2020

The Middle Passage Feb 06 2021 In 1960 the government of Trinidad invited V. S. Naipaul to revisit his native country and record his impressions. In this classic of modern travel writing he has created a deft and remarkably prescient portrait of Trinidad and four adjacent Caribbean societies—countries haunted by the legacies of slavery and colonialism and so thoroughly defined by the norms of Empire that they can scarcely believe that the Empire is ending. In *The Middle Passage*, Naipaul watches a Trinidadian movie audience greeting Humphrey Bogart's appearance with cries of "That is man!" He ventures into a Trinidad slum so insalubrious that the locals call it the Gaza Strip. He follows a racially charged election campaign in British Guiana (now Guyana) and marvels at the Gallic pretension of Martinique society, which maintains the fiction that its roads are extensions of France's routes nationales. And throughout he relates the ghastly episodes of the region's colonial past and shows how they continue to inform its language, politics, and values. The result is a work of novelistic vividness and dazzling perspicacity that displays Naipaul at the peak of his powers.

The Middle Passage Sep 20 2019 In 1960 the government of Trinidad invited V. S. Naipaul to revisit his native country and record his impressions. Rutherford Calhoun, a puckish rogue and newly freed slave, spends his days loitering around the docks of New Orleans, dodging debt collectors, gangsters, and Isadora Bailey, a prim and frugal woman who seeks to marry him and curb his mischievous instincts. When the heat from these respective pursuers becomes too much to bear, he cons his way on to the next ship leaving the dock: the Republic. Upon boarding, to his horror he discovers that he is on an illegal slave ship embarking on the Middle Passage, the portion of the triangular trade route that saw slaves transported from Africa to the US. Staffed by a crew of criminals and degenerates, the Republic is on a mission to enslave members of the legendary Allmuseri tribe, while the sadistic yet philosophical Captain Falcon has a secondary objective: securing a mysterious cargo that possesses a terrifying and otherworldly power. What follows is a story of Rutherford's battle for survival, as he finds himself juggling loyalties between the ship's crew and the enslaved passengers, and is forced to use every ounce of the charm and cunning that he possesses to endure the desperate conditions and battle the myriad deadly forces on the high seas. A masterful blend of allegory, black comedy, naval adventure and

supernatural horror, Charles Johnson's wildly inventive *Middle Passage* is a true modern classic. Part of the Picador Collection, a series showcasing the best of modern literature. [Black Imagination and the Middle Passage](#) May 21 2022 This volume of essays examines the forced dispossession caused by the Middle Passage. The book analyzes the texts, religious rites, economic exchanges, dance, and music it elicited, both on the transatlantic journey and on the American continent. The totality of this collection establishes a broad topographical and temporal context for the Passage that extends from the interior of Africa across the Atlantic and to the interior of the Americas, and from the beginning of the Passage to the present day. A collective narrative of itinerant cultural consciousness as represented in histories, myths, and arts, these contributions conceptualize the meaning of the Middle Passage for African American and American history, literature, and life.

From Capture to Sale Aug 20 2019 Based on exceptionally rich private papers of Portuguese slave traders, this study provides unique insight into the diet, health and medical care of slaves during their journey from Africa to Peru in the early seventeenth century.

The Middle Passage Nov 22 2019 A look at Trinidad, British Guiana, Surinam, Martinique, and Jamaica focuses on the influence of European colonization

Many Middle Passages Aug 24 2022 "Extends the concept of the Middle Passage to encompass the expropriation of people across other maritime and inland routes. No previous book has highlighted the diversity and centrality of middle passages, voluntary and involuntary, to modern global history."—Kenneth Morgan, author of *Slavery and the British Empire* "This volume extends the now well-established project of 'Atlantic World Studies'

The Middle Passage Sep 01 2020 Naipul's first work of travel writing is an account of his journey in 1950 from London to his birthplace, Trinidad. He offers a record of his impressions there and elsewhere in the West Indies and South America, and examines their common heritage of colonialism and slavery.

The Last Slave Ship Apr 27 2020 The incredible true story of the last ship to carry enslaved people to America, the remarkable town its survivors founded after emancipation, and the complicated legacy their descendants carry with them to this day—by the journalist who discovered the ship's remains. Fifty years after the Atlantic slave trade was outlawed, the *Clotilda* became the last ship in history to bring enslaved Africans to the United States. The ship was scuttled and burned on arrival to hide evidence of the crime, allowing the wealthy perpetrators to escape prosecution. Despite numerous efforts to find the sunken wreck, *Clotilda* remained hidden for the next 160 years. But in 2019, journalist Ben Raines made international news when he successfully concluded his obsessive quest through the swamps of Alabama to uncover one of our nation's most important historical artifacts. Traveling from Alabama to the ancient African kingdom of Dahomey in modern-day Benin, Raines recounts the ship's perilous journey, the story of its rediscovery, and its complex legacy. Against all odds, Africatown, the Alabama community founded by the captives of the *Clotilda*, prospered

in the Jim Crow South. Zora Neale Hurston visited in 1927 to interview Cudjo Lewis, telling the story of his enslavement in the New York Times bestseller *Barracoon*. And yet the haunting memory of bondage has been passed on through generations. *Clotilda* is a ghost haunting three communities—the descendants of those transported into slavery, the descendants of their fellow Africans who sold them, and the descendants of their American enslavers. This connection binds these groups together to this day. At the turn of the century, descendants of the captain who financed the *Clotilda*'s journey lived nearby—where, as significant players in the local real estate market, they disenfranchised and impoverished residents of Africatown. From these parallel stories emerges a profound depiction of America as it struggles to grapple with the traumatic past of slavery and the ways in which racial oppression continue to this day. And yet, at its heart, *The Last Slave Ship* remains optimistic—an epic tale of one community's triumphs over great adversity and a celebration of the power of human curiosity to uncover the truth about our past and heal its wounds.

Crossings Jun 10 2021 We all know the story of the slave trade—the infamous Middle Passage, the horrifying conditions on slave ships, the millions that died on the journey, and the auctions that awaited the slaves upon their arrival in the Americas. But much of the writing on the subject has focused on the European traders and the arrival of slaves in North America. In *Crossings*, eminent historian James Walvin covers these established territories while also traveling back to the story's origins in Africa and south to Brazil, an often forgotten part of the triangular trade, in an effort to explore the broad sweep of slavery across the Atlantic. Reconstructing the transatlantic slave trade from an extensive archive of new

research, Walvin seeks to understand and describe how the trade began in Africa, the terrible ordeals experienced there by people sold into slavery, and the scars that remain on the continent today. Journeying across the ocean, he shows how Brazilian slavery was central to the development of the slave trade itself, as that country tested techniques and methods for trading and slavery that were successfully exported to the Caribbean and the rest of the Americas in the following centuries. Walvin also reveals the answers to vital questions that have never before been addressed, such as how a system that the Western world came to despise endured so long and how the British—who were fundamental in developing and perfecting the slave trade—became the most prominent proponents of its eradication. The most authoritative history of the entire slave trade to date, *Crossings* offers a new understanding of one of the most important, and tragic, episodes in world history.

The Middle Passage Mar 19 2022 Herbert Klein's book makes several distinctive contributions to our understanding of the slave trade. It offers us the first systematic comparative study of major European slave traders based exclusively on archival sources. The author's minimization of the effect of overcrowded slave ships contributes to a longstanding debate regarding the mortality rate of the slaves. His emphasis of the African influences on the character of the slave trade offsets the more frequent emphasis placed on the European influences. Furthermore, Klein maintains that basic similarities existed among the slave-trading practices of all nations, with no one nation being any better than another. Using demographic and other quantitative data, Professor Klein describes the trans-Atlantic slave trade as it was practiced by all of the major European powers during the period of its

maximum development. His work spans a century and a half of European trading activity and an area from Senegal to Mozambique in Africa and from the Chesapeake to Guanabara Bay in the Western hemisphere. Originally published in 1978. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Saltwater Slavery Feb 18 2022 This bold, innovative book promises to radically alter our understanding of the Atlantic slave trade, and the depths of its horrors. Stephanie E. Smallwood offers a penetrating look at the process of enslavement from its African origins through the Middle Passage and into the American slave market. *Saltwater Slavery* is animated by deep research and gives us a graphic experience of the slave trade from the vantage point of the slaves themselves. The result is both a remarkable transatlantic view of the culture of enslavement, and a painful, intimate vision of the bloody, daily business of the slave trade.

The Making of African America Dec 24 2019 A leading historian offers a sweeping new account of the African American experience over four centuries Four great migrations defined the history of black people in America: the violent removal of Africans to the east coast of North America known as the Middle Passage; the relocation of one million slaves to the

interior of the antebellum South; the movement of more than six million blacks to the industrial cities of the north and west a century later; and since the late 1960s, the arrival of black immigrants from Africa, the Caribbean, South America, and Europe. These epic migrations have made and remade African American life. Ira Berlin's magisterial new account of these passages evokes both the terrible price and the moving triumphs of a people forcibly and then willingly migrating to America. In effect, Berlin rewrites the master narrative of African America, challenging the traditional presentation of a linear path of progress. He finds instead a dynamic of change in which eras of deep rootedness alternate with eras of massive movement, tradition giving way to innovation. The culture of black America is constantly evolving, affected by (and affecting) places as far away from one another as Biloxi, Chicago, Kingston, and Lagos. Certain to garner widespread media attention, *The Making of African America* is a bold new account of a long and crucial chapter of American history.

Saltwater Slavery May 09 2021 Stephanie Smallwood offers a penetrating look at the process of enslavement from its African origins through the Middle Passage and into the American slave market. Her story is animated by deep research and gives us a startlingly graphic experience of the slave trade from the vantage point of the slaves themselves.

Murder on the Middle Passage Jan 05 2021 How the death of a fifteen-year-old girl aboard the slave ship *Recovery* shook the British establishment.

The Middle Passage and the Revolt on the Amistad Jun 29 2020 The transport of Africans across the Middle Passage to be sold as slaves is a shameful and unsettling piece of history. The story of the revolt on the *Amistad* is truly an inspirational one, and its presentation in the

graphica format will attract reluctant readers. Includes a timeline and character key.

Fate & Freedom Jan 25 2020 Torn from their homeland in Africa by brutal slave traders Margaret and John are shipped four thousand miles away to the silver mines of Mexico. Unexpectedly, the slaver is pirated at sea and the Calvinist Reverend turned Privateer, Captain Jope, takes Margaret and John to the shores of Virginia instead. Based on exhaustive genealogical and historical research, this epic novel traces the fate of the passengers on what has since become known as the "Black Mayflower." Margaret and John brave disease, Indian attacks, and political intrigue in England and America, as they are among the first Africans to settle in Virginia, long before slavery became institutionalized there. Set against the backdrop of warfare between Spain and England and the power struggles within the Virginia Company in London and Jamestown, Margaret and John's journey to freedom is a powerful saga of courage and survival at the dawn of America's history.

Slavery at Sea Jul 23 2022 Most times left solely within the confine of plantation narratives, slavery was far from a land-based phenomenon. This book reveals for the first time how it took critical shape at sea. Expanding the gaze even more widely, the book centers on how the oceanic transport of human cargoes--known as the infamous Middle Passage--comprised a violently regulated process foundational to the institution of bondage. Sowande' Mustakeem's groundbreaking study goes inside the Atlantic slave trade to explore the social conditions and human costs embedded in the world of maritime slavery. Mining ship logs, records and personal documents, Mustakeem teases out the social histories produced

between those on traveling ships: slaves, captains, sailors, and surgeons. As she shows, crewmen manufactured captives through enforced dependency, relentless cycles of physical, psychological terror, and pain that led to the making--and unmaking--of enslaved Africans held and transported onboard slave ships. Mustakeem relates how this process, and related power struggles, played out not just for adult men, but also for women, children, teens, infants, nursing mothers, the elderly, diseased, ailing, and dying. As she does so, she offers provocative new insights into how gender, health, age, illness, and medical treatment intersected with trauma and violence transformed human beings into the most commercially sought commodity for over four centuries.

the United States. In 1927, Zora Neale Hurston went to Plateau, Alabama, just outside Mobile, to interview eighty-six-year-old Cudjo Lewis. Of the millions of men, women, and children transported from Africa to America as slaves, Cudjo was then the only person alive to tell the story of this integral part of the nation's history. Hurston was there to record Cudjo's firsthand account of the raid that led to his capture and bondage fifty years after the Atlantic slave trade was outlawed in the United States. In 1931, Hurston returned to Plateau, the African-centric community three miles from Mobile founded by Cudjo and other former slaves from his ship. Spending more than three months there, she talked in depth with Cudjo about the details of his life. During those weeks, the young writer and the elderly formerly enslaved man ate peaches and watermelon that grew in the backyard and talked about Cudjo's past—memories from his childhood in Africa, the horrors of being captured and held in a barracoon for selection by American slavers, the harrowing experience of the Middle Passage packed with more than 100 other souls aboard the *Clotilda*, and the years he spent in slavery until the end of the Civil War. Based on those interviews, featuring Cudjo's unique vernacular, and written from Hurston's perspective with the compassion and singular style that have made her one of the preeminent American authors of the twentieth-century, *Barracoon* masterfully illustrates the tragedy of slavery and of one life forever defined by it. Offering insight into the pernicious legacy that continues to haunt us all, black and white, this poignant and powerful work is an invaluable contribution to our shared history and culture.

The Last Slave Ships Sep 13 2021 A stunning behind-the-curtain look into the last years of the illegal transatlantic slave trade in the United States "A remarkable piece of scholarship,

sophisticated yet crisply written, and deserves the widest possible audience."--Eric Herschthal, New Republic "Engrossing. . . . Astonishingly well-documented. . . . A signal contribution to U.S. antebellum historiography. Highly recommended for U.S. Middle Period, African American, and Civil War historians, and for all general readers."--Library Journal, Starred Review Long after the transatlantic slave trade was officially outlawed in the early nineteenth century by every major slave trading nation, merchants based in the United States were still sending hundreds of illegal slave ships from American ports to the African coast. The key instigators were slave traders who moved to New York City after the shuttering of the massive illegal slave trade to Brazil in 1850. These traffickers were determined to make Lower Manhattan a key hub in the illegal slave trade to Cuba. In conjunction with allies in Africa and Cuba, they ensnared around two hundred thousand African men, women, and children during the 1850s and 1860s. John Harris explores how the U.S. government went from ignoring, and even abetting, this illegal trade to helping to shut it down completely in 1867.

The Middle Passage Jun 22 2022 A brutally frank and stunningly illustrated history of the slave trade shows the horrors of the middle passage, the tragic journey that captive Africans endured on their way to be sold as slaves in the New World.

Final Passages Apr 08 2021 This work explores a neglected aspect of the forced migration of African laborers to the Americas. Hundreds of thousands of captive Africans continued their journeys after the Middle Passage across the Atlantic. Colonial merchants purchased and then transshipped many of these captives to other colonies for resale. Not only did this

trade increase death rates and the social and cultural isolation of Africans; it also fed the expansion of British slavery and trafficking of captives to foreign empires, contributing to Britain's preeminence in the transatlantic slave trade by the mid-eighteenth century. The pursuit of profits from exploiting enslaved people as commodities facilitated exchanges across borders, loosening mercantile restrictions and expanding capitalist networks. Drawing on a database of over seven thousand intercolonial slave trading voyages compiled from port records, newspapers, and merchant accounts, O'Malley identifies and quantifies the major routes of this intercolonial slave trade. He argues that such voyages were a crucial component in the development of slavery in the Caribbean and North America and that trade in the unfree led to experimentation with free trade between empires.

Before Middle Passage: Translated Portuguese Manuscripts of Atlantic Slave Trading from West Africa to Iberian Territories, 1513-26 Jul 11 2021 On the 20th of January 1526, the Santiago left Lisbon bound for Africa with a cargo of iron and cloth; by early October the ship was back in Portugal with a very different cargo, 108 enslaved Africans. This volume consists of a translation into English of the receipt book from the customs office of the Cape Verde Islands. In it, Portuguese customs agents recorded import duties on over 3,000 slaves transported from nearby West Africa in 36 ships. The book also provides details of export taxes paid on c.600 African slaves by merchants from Portugal, Spain, and the Spanish Canary Islands, when they exchanged European merchandise for slaves. The final chapter of the volume translates the Santiago's log, providing an example of an actual slave trading expedition. Taken together these documents open a rare window into the workings and

scope of the early Atlantic slave trade.
