Sonnenfeld somehow went on to become one of Hollywood's most successful producers and directors. Written with poignant insight and real-life irony, the book follows Sonnenfeld from childhood as a French horn player through graduate film school at NYU, where he developed his talent for cinematography. His first job after graduating was shooting nine feature length pornos in nine days. From that humble entrée, he went on to form a friendship with the Coen Brothers, launching his career shooting their first three films. Though Sonnenfeld had no ambition to direct, Scott Rudin
